REC'D JAN 21 2000

TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new Pages are occasionally added to the tariff. When a new Page is added between Pages already in effect, a decimal is added. For example, a new Page added between Pages 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current Page version on file with the PSCM. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc. the PSCM follows in its tariff approval process, the most current Page number on file with the Commission is not always the tariff page in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to the next higher level:
 - 2.
 - 2.1
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a)

SECTION 1.0 - APPLICATION OF TARIFF (CONT'D)

1.2 Definitions

ANALOG

Analog technology refers to electronic transmission accomplished by adding signals of varying frequency or amplitude to carrier waves of a given frequency of alternating electromagnetic current. Broadcast and phone transmission have conventionally used analog technology.

APARTMENTS

A building or group of buildings used primarily to provide complete residential apartments but not lodging on a day-to-day basis.

ASCII

American Standard Code for Information Interchange. An eight-level code for data transfer adopted by the American Standards Association.

ASYNCHRONOUS

Transmission in which each information character is individually synchronized usually by the use of start-stop elements. The gap between each character is not of a fixed length.

ATTENDANT

An operator of a PBX console or telephone switchboard.

AUTHORIZED USER

A person, firm, corporation, or any other entity that either is authorized by the Customer to use the services that the Customer purchases from the Company or is placed in a position by the Customer, either through acts or omissions, to use the services that the Customer purchases from the Company.

1.2 Definitions (Cont'd)

AUTOMATIC LOCATION IDENTIFICATION ("ALI")

The name and address associated with the calling party's telephone number (identified by ANI as defined below) is forwarded to the PSAP for display. Additional telephones with the same number as the calling party's (secondary locations, off premises, etc.) will be identified with the address of the telephone number at the main location.

AUTOMATIC NUMBER IDENTIFICATION ("ANI")

A system whereby the calling party's telephone number is identified and sent forward with the call record for routing and billing purposes. E911 Service makes use of this system.

BILLING PERIOD

The means a telephone service consumption period of not less than 26 or more than 35 days.

BIT

The smallest unit of information in the binary system of notation.

BUILDING

A structure enclosed within exterior walls or firewalls, built, erected and framed of component structural parts and designed for permanent occupancy.

1.2 Definitions (Cont'd)

BUSINESS SERVICE

A switched network service that provides for dial station communications that is described as a business or commercial rate.

CALL INITIATION

The point in time when the exchange network facility are initially allocated for the establishment of a specific call.

CALL TERMINATION

The point in time when the exchange network facility allocated to a specific call is released for reuse by the network.

CENTRAL OFFICE

An operating office of the Company where connections are made between telephone exchange lines.

CENTRAL OFFICE LINE

A line providing direct or indirect access from a telephone or switchboard to a central office. Central office lines subject to PBX rate treatment are referred to as central office trunks.

CHANNEL

A point-to-point bi-directional path for digital transmission. A channel may be furnished in such a manner as the Company may elect, whether by wire, fiber optics, radio or a combination thereof and whether or not by means of single physical facility or route. One 1.544 Mbps Service is equivalent to 24 channels.

DEMARCATIION POINT

The physical dividing point between the Company Facilities and the Customer's Premises Equipment and/or cabling.

DIGITAL

A method of storing, processing and transmitting information through the use of distinct electronic or optical pulses that represent the binary digits (bits) 0 and 1. Digital transmission/switching technologies employ a sequence of discrete, individually distinct pulses to represent information, as opposed to the continuously variable signal of analog technologies.

DIRECT INWARD DIAL ("DID")

A service attribute that routes incoming calls directly to stations, bypassing a central answer point.

DIRECT OUTWARD DIAL ("DOD")

A service attribute that allows individual station users to access and dial outside numbers directly.

DISCONTINUANCE OF SERVICE

The temporary cessation of telephone service caused by the Company and not voluntary requested by a Customer.

DUAL TONE MULTI-FREQUENCY ("DTMF")

The pulse type employed by tone dial station sets. (Touch tone)

ERROR

A discrepancy or unintentional deviation by the Company from what is correct or true. An "error" can also be an omission in records.

EXCHANGE

A unit established by a utility for communication service in a specific geographic area, which unit usually embraces a city, town or community and its environs. It usually consists of one or more central offices together with the associated plant used in furnishing communication service to the general public within that area.

EXCHANGE ACCESS LINE

A central office line furnished for direct or indirect access to the exchange system.

EXCHANGE SERVICE

The provision to the subscriber of access to the exchange system for the purpose of sending and receiving calls. This access is achieved through the provision of a central office line (exchange access line) between the central office and the subscriber's premises.

SAME PREMISES

All space in the same building in which one subscriber has the right of occupancy, and all space in different buildings on contiguous property when occupied solely by the same subscriber. Foyers, hallways and other space for the common use of all occupants of a building are considered the premises of the operator of the building.

SERVICE COMMENCEMENT DATE

The first day following the date on which the Company makes the requested service available for the Customer's use, unless extended by the Customer's refusal to accept the service which may occur if such service is not in conformance with the standards set forth in the Customer's original Service Order or in this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

SERVICE ORDER

The written request of the Customer for the Company's service(s). The Service Order must be executed by the Customer in a format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

SERVING CENTRAL OFFICE

SECTION 2.0 - GENERAL RULES AND REGULATIONS

REC'D MAY 10 2003

2.1 General

For resold services, the Company concurs in the rules and regulations set forth in the SWBT General Exchange and Local Exchange tariffs on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law, subject however to the additional obligations and regulations found in this tariff. These additional obligations and regulations are set out in subsequent sections of this tariff.

The Company reserves the right to cancel and void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

2.2 Additional Obligations of the Company

2.2.1. E-911

- (A) The Company is obligated to supply the E-911 service provider in the Company's service areas with accurate information necessary to update the E-911 database at the time the Company submits customer orders to the local exchange telecommunications company whose service is being resold pursuant to these tariffs.
- (B) At the time the Company provides basic local service to a customer by means of the Company's own cable pair, or over any other exclusively owned facility, the Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911.
- (C) The Company will be obligated to provide facilities to route calls from the end users to the proper PSAP. The Company recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by the Company.
- (D) The Company will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity pursuant to RSMo. 190.310.

2.2.2 Telephone Numbers

The Telephone Company reserves the right to change the telephone number or numbers assigned to a customer or the central office designation associated with such telephone number or numbers, or both, as reasonably appropriate in the conduct of its business. The customer has no property right in any number or central office designation assigned by the Telephone Company in the furnishing of telephone service.

2.2 Additional Obligations of the Company

2.2.1. E-911

- (A) The Company is obligated to supply the E-911 service provider in the Company's service areas with accurate information necessary to update the E-911 database at the time the Company submits customer orders to the local exchange telecommunications company whose service is being resold pursuant to these tariffs.
- (B) At the time the Company provides basic local service to a customer by means of the Company's own cable pair, or over any other exclusively owned facility, the Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911.
- (C) The Company will be obligated to provide facilities to route calls from the end users to the proper PSAP. The Company recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by the Company.
- (D) The Company will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity pursuant to RSMo. 190.310.

* The abbreviation "SWBT" used in the Tariff Reference section of each tariff page refers to Southwestern Bell Telephone Company

SECTION 2.0 - GENERAL RULES AND REGULATIONS, (CONT'D)

REC'D JUL 10 2000

2.3 Advance Payments and Deposits

2.3.1 Advance Payments

To safeguard its interests, the Company may require the Customer to make an advance payment before services and facilities are furnished. The amount of the advance payment will be determined on a case by case basis and will conform to the applicable commission regulations. Advance payments will be applied to first months' billing, second month's billing, etc., until advance payment is exhausted. (C)

2.3.2 Deposits

The Company may require an applicant for service to post a deposit if: The applicant has an undisputed, unpaid bill with any telephone company. In addition to any necessary service connection charges and application fee, the applicant will be required to pay a deposit equal to twice the amount of the average monthly billing for business subscribers.

A deposit will not exceed the estimated charges for two (2) months' usage. The deposit will be returned or applied to the customers account:

- A. When an application of service has been cancelled prior to the establishment of service. The deposit will be applied to any charges applicable including installation charges and the excess portion of the deposit will be returned.
- B. At the end of twelve (12) months of satisfactory credit history, the deposit will be applied to the customers account.
- C. Upon cancellation of service, the Company will refund the customer's deposit or the balance in excess of unpaid bills for service.

The fact that a deposit has been made in no way relieves the Customer from complying with the regulations with respect to the prompt payment of bills on presentation.

On deposits held thirty (30) days or more, simple interest at the rate of nine percent (9%) per annum shall be credited annually to the account of the customer, or paid upon the return of the deposit, whichever occurs first. Interest will not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.

SECTION 2.0 - GENERAL RULES AND REGULATIONS, (CONT'D)

2.4 Billing (Cont'd)

2.4.3 Carrier may, at its election and upon fifteen (15) days written notice, disconnect Service if charges are overdue. For purposes of this Section, the first day to be counted in the fifteen (15) day period shall be the date of the written notice. Carrier may disconnect on the day following the fifteenth (15th) day if any overdue charges described in the written notice remain unpaid. At least 24 hours preceding discontinuance of service, the Company will make reasonable efforts to contact the customer to advise them of discontinuance and of the steps to take to avoid discontinuance.

2.4.4 Notices of Discontinuance shall contain the following information:

- A. The name and address and telephone number of the customer.
- B. The statement of the reason for the proposed discontinuance and the cost (to the customer) for reconnection.
- C. The date after which the service will be discontinued unless the appropriate action is taken.
- D. How a customer may avoid the discontinuance.
- E. The customer's right to enter into a settlement agreement if the claim is for a charge not in dispute and the customer is unable to pay the charge in full.
- F. The telephone number where the customer may make an inquiry.
- G. A statement that this notice will not be effective if the charges involved are part of an unresolved dispute.
- H. A statement of the exception for medical emergencies as follows:

The Company will postpone a discontinuance for a time not in excess of 21 days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the service is provided and where such a person is under the care of a physician. Any person who alleges such an emergency shall, if requested provide company with reasonable evidence of such necessity.

2.8 Operator Services

- 2.8.1 Allegiance will not bill for incomplete calls where answer supervision is available. Allegiance will not bill for incomplete calls and will remove any charges for incomplete calls upon (a) subscriber notification or (b) Allegiance's knowledge.
- 2.8.2 The caller and billed party, if different from the caller, will be advised that Allegiance is the operator service provider at the time of the initial contact.
- 2.8.3 Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
- 2.8.4 Only tariffed rates approved by this Commission for Allegiance shall appear on any local exchange telephone company (LEC) billings.
- 2.8.5 Allegiance shall be listed on the LEC billing if the LEC has multi-company billing ability.
- 2.8.6 Allegiance will employ reasonable calling card verification procedures, acceptable to the telephone company issuing the calling card.
- 2.8.7 Allegiance will route all 0- or 00- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.
- 2.8.8 Upon request, Allegiance will transfer calls to other authorized interexchange companies or to the LEC, if billing can list the caller's actual origination point.
- 2.8.9 Allegiance will refuse operator services to traffic aggregators which block access to other companies.
- 2.8.10 Allegiance will assure that traffic aggregators will post and display information including: (1) that Allegiance is the operator service provider; (2) detailed complaint procedures; and (3) instructions informing the caller on procedures to reach the LEC operator and other authorized interexchange companies.

2.9 Taxes and Surcharges

The customer is responsible for the payment of any sales, use, gross receipts, excise, or other local, state, and federal taxes, charges, or surcharges. Allegiance will itemize taxes and surcharges as separate line items on the customer's bill. All charges and fees except taxes and franchise fees will be submitted to the MO PSC for prior approval.

2.10 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is construction undertaken:

- a) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- b) of a type other than that which the Company would "normally" utilize in the furnishing of its services;
- c) over a route other than that which the Company would normally utilize in the furnishing of its services;
- d) in a quantity greater than that which the Company would normally construct;
- e) on an expedited basis;
- f) on a temporary basis until permanent facilities are available;
- g) involving abnormal costs; or
- h) in advance of its normal construction.

2.11 Allegiance Standard Discount Pricing Plan

Service Commission

The Company's pricing structure offers discounts on its monthly recurring charges based upon a non-term plan (month to month) or term plan agreement as specified by the Customer. A Customer may select a monthly, one-year, or two-year plan period, which defines the Customer's fixed percentage discount as follows:

Monthly Plan	10% Discount
One-year Term Plan	15% Discount
Two-year Term Plan	20% Discount

Discounts are applied to the base rates identified in this tariff. The minimum discount rate of 10% applies to Customers utilizing the Company's services on a month to month basis and where a predetermined term plan has not been indicated. Upon selecting a term plan, the Customer agrees to fulfill the minimum time requirement of the contract, which will commence when service is initiated.

A Customer may increase the term period of the contract at any time, thus increasing the rate of the discount applicable to the Customer's service arrangement.

The Company's pricing structure also offers a 25% discount on non-recurring charges applicable to the Customer's specific service options.

Customers who make a monthly revenue commitment for Allegiance services will receive the associated rate indicated within this tariff. All services billed by the Company, including local, long distance and calling card services, will contribute to the monthly revenue commitment. If the customer does not meet their monthly revenue commitment, the customer will be invoiced for the difference.

Customers who terminate services (except Integrated Services) prior to fulfilling their term commitment may be assessed a termination liability fee in an amount equal to the monthly revenue commitment level multiplied by the number of months remaining in their term. Customers who terminate Integrated Services (Integrated Access and Total Communications) prior to fulfilling their term agreement may be assessed a termination liability fee equal to the monthly recurring charges multiplied by the number of months remaining in the term agreement. The termination liability will be billed in one lump sum. Customers will not incur a termination liability fee if they: (1) agree to sign a new term plan agreement for a period equal to or greater than the time remaining in their current plan; and (2) commit to a monthly revenue commitment level equal to or greater than their current minimum monthly commitment level.

2.12 Independence Plan Discount Pricing

Service Commission (N)

The Independence Plan will offer three (3) levels of discounts to its customers based on the number of features, revenue volume and revenue commitments.

Level 1 - Independence Plan Feature Discounts

The Independence Plan Feature Discount will discount features based on the number of features subscribed to a line. List rates will be established for Custom Calling features at the market level. Independence Plan Feature Discounts are determined at a line level based on the number (see Chart 1) of eligible (see Chart 2) features that are subscribed to on the individual line. This discount is applied before any other discounts.

Number of Customer Calling Features on a Line	Feature Discount
2	20%
3	30%
4 or more	40%

Custom Calling Features	Contributory	Eligible
Caller ID options	Yes	Yes
Call Forwarding options	Yes	Yes
Call Waiting	Yes	Yes
Call Return	Yes	Yes
Auto Redial	Yes	Yes
Three Way Calling	Yes	Yes
Speed Dial options	Yes	Yes
Distinctive Ring	Yes	Yes
Anonymous Call Rejection	No	No
Selective Blocking (Per Call)	No	No

2.15 Independence Plan Discount Pricing, Cont'd.

Service Commission

Level 3 - Independence Plan Customer Revenue Commitment Discounts

Customer has the option to make a monthly-billed revenue guarantee, and receive an additional discount off net total billing for the invoice cycle, before the application of any taxing elements.

Customer Level Commitment	
\$500	3%
\$1000	4%
\$1500	5%
\$2000	6%
\$2500	7%

Customer Level Commitments are measured at the Customer Master Account level, governing all invoices and service locations associated with the customer master service agreement. This discount is to be applied to the net total invoiced charges before the application of any taxing elements for the billing cycle, after all other product charges and/or discounts are applied. Any Allegiance Select usage will NOT contribute to the Customer Level Commitment discount.

If customer does not meet the revenue commitment, a shortfall penalty will be assessed, and no further discounting will be applied. At the time a multi-location customer agrees to a customer revenue commitment, the customer must determine which location will be billed the shortfall amount.

If customer's total billing (before application of taxing elements) for the invoice cycle does not meet the revenue commitment after the Independence Plan Customer Revenue Commitment Discounts are applied, NO shortfall penalty will be assessed. For example, a customer agrees to a \$500 revenue commitment and after all the applicable discounts are applied the customer's invoice amount is \$510. Since they reached their minimum revenue commitment they qualify for an additional 3% (\$15.30). When you subtract the discount from the total invoice the customer's billable amount is now \$494.70. Though their total billable amount (after all discounts) falls below their commitment we will not charge them a shortfall since it was the discount that took them below.

(M)

3.1.2.A Service Description

1. Optional Metropolitan Calling Area (MCA) Service is available in St. Louis MCA. (T)
2. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges where Optional MCA service is also available, as described in the section below. (T)
3. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis MCA, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4, or MCA-5. (M)

MAR 24 2000

REC'D JAN 21 2000

SECTION 4.0 - CONNECTION CHARGES

4.1 Connection Charges

4.1.1 General

Connection Charges are nonrecurring charges which may apply to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with the service to which they apply or are provided in this Section.

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge for the underlying service will apply as if the work had been done by the Company.

The Customer may be assessed a charge for any move, add or change of a Company service. Move, Add and Change are defined as follows:

Move: The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

Add: The addition of a service to existing equipment and/or service at one location.

Change: The change, including rearrangement or reclassification, of existing service at the same location.

Premise visit charges apply when a visit to the Customer's premise by a Company technician identifies a problem as either 1) no trouble found according to line testing performed at demarcation point, or 2) trouble found attributable to Customer provided equipment (CPE). Premise visit charges will not apply to customers subscribing to an Inside Wire Maintenance Plan.

The time period for which the Premise Visit charge is applied will commence at Company personnel's arrival at the Customer's premise and end when work is completed.

Charge Per Visit

First hour, or any portion thereof	\$112.00
Each additional 30 minutes, or any portion thereof	\$ 45.00

SECTION 6.0 - ADDITIONAL SERVICES

6.1 Directory Assistance

Local Directory Assistance - Local Directory Assistance is a service where customers may request listing information for areas within their LATA or home NPA.

National Directory Assistance - National Directory Assistance is a service where customers may request listing information for areas outside their LATA or home NPA.

Call allowances are as stated below:

1. A credit will be given for calls to Directory Assistance when:
 1. The Customer experiences poor transmission or is cut-off during the call,
 2. The Customer is given an incorrect telephone number, or
 3. The Customer inadvertently misdials an incorrect Directory Assistance NPA.

To receive a credit, the customer must notify the Company operator or Business Office of the problem experienced.

2. Exemptions

1. The single-line main telephone exchange line of a handicapped user, as defined by the Federal Register, Vol. 35 #126, which has been registered with the Company will be exempt from Directory Assistance charges.
2. Directory Assistance attempts to telephone numbers which are non-listed or non-listed and non-published are exempt from being charged a Directory Assistance charge, and shall not be included in the ten call allowance.

Local Directory Assistance, per call	\$1.25	(1)
National Directory Assistance, per call	\$1.25	(1)

6.2 Local Operator Services

Operator Assisted Surcharges - The following surcharges will be applied on a per call basis.

SECTION 6.0 - ADDITIONAL SERVICES

6.3 ALLEGIANCE SELECT USAGE CALL DETAIL

Description - Call detail records associated with Allegiance's intracompany calling plan will not appear on customer invoices. These usage records will be made available to the customer upon request only and are billed per line, per service location, per billing cycle. Call detail records will be provided for all eligible lines, whether specifically requested or not. Customer must request usage records each month, and requests can be made for up to three months of prior usage.

Rates and Charges

6.4 Busy Verification and Interrupt Service

Service Commission

6.4.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

6.4.2 Rate Application

a) A Verification Charge will apply when:

1. The operator verifies that the line is busy with a call in progress, or
2. The operator verifies that the line is available for incoming calls.

b) Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the Customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.

c) No charge will apply when the calling party advises that the call is from an official public emergency agency.

6.5 Directory Listing Services

6.5.1 Directory Listing Definitions

Primary Listing - One listing, termed the primary listing, is included with each Customer's service with the primary line of a line hunting group and with each Joint User service.

Non-Listed Number (Private Directory Service) - A Non-Listed Number will be furnished at the Customer's request, providing for the omission or deletion of the Customer's listing from the telephone directory. Such listings will be carried in the Company's directory assistance and other records and will be given to any calling party. Charges for a Non-Listed Number are specified in Section 6.5.2.

Non-Published Number (Semi-Private Directory Service) - A Non-Published Number will be furnished at the Customer's request. A Non-Published Number is not listed in the telephone Company's directories, or on directory assistance records. Listing information (name, address and number) on a Non-Published Number is not available to the general public. Charges for a Non-Published Number are specified in Section 6.5.2.

Secretarial Listing - Applies to a customer engaged in furnishing service of a secretarial nature who may contract for telephone secretarial listings for the benefit of patrons.

6.5.1 Directory Listing Definitions (Cont'd)

Foreign Listing - Where available, a listing in a telephone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the tariff published by the specific local exchange carrier providing the Foreign Listing.

Extra/Alternate Call Listing - Where available, a listing which references a telephone number which is not the primary listing for the Customer. The Customer must provide written verification that the alternate telephone number is authorized to accept calls. Charges for Alternate Call Listings are specified in Section 5.5.2, as Additional Listing.

Additional Listing - Where a customer is served by two or more lines in a series completion group arranged for a hunting operation.

Cross Reference Listing - A listing including additional telephone numbers of the same or another Customer to be called in the event there is no answer from the Customers telephone. Charges for reference listings are specified herein as Additional Listing.

Caption Listing - Listings may be indented under a caption or subcaption at no additional charge when in the judgement of the Company; the captions will facilitate the use of the service.

SECTION 6.0 - ADDITIONAL SERVICES

REC'D DEC 31 2001

6.6 Blocking Service

Service Commission

6.6.1 General

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to Customers:

- a) 900 and 976 Blocking - Allows the subscriber to block all calls beginning with the 900 and 976 prefixes (i.e. 900-XXX-XXXX) from being placed.
 - 1. The Company shall provide blocking, where technically feasible, at no charge on a one-time basis to all telephone subscribers.
 - 2. The Company may charge a nonrecurring fee for each subsequent request for blocking or unblocking pay-per-call service.
 - 3. A subscriber who transfers service to a new location and is served by the same local exchange carrier shall be able to maintain blocking of pay-per-call service without any additional charge to establish blocking at the new location.
 - 4. Requests by subscribers to remove pay-per-call blocking must be in writing to the Company.
- b) Involuntary Blocking of 900 and 976 Numbers - Involuntary blocking of 900 and 976 numbers may be implemented by the telephone company for failure to pay legitimate charges.
- c) Toll Restriction (1+ and 0+ Blocking) - Provides the subscriber with local dialing capabilities but blocks any Customer-dialed call that has a long distance charge associated with it.

Toll Restriction will not block the following types of calls: 911 (Emergency), 1+ 8XX (Toll Free), and operator assisted toll calls.

- d) Selective class of call screening - Restricts all toll calls other than collect or 3rd number (N) billing calls.

6.7 ALLEGIANCE WIRE MAINTENANCE PLAN

REC'D OCT 17 2001 (N)

6.7.1 General

Service Commission

The Wire Maintenance Plan (WMP) is an optional plan which provides customers with a diagnosis of their inside wiring problem and any necessary repairs. WMP is only available to single, multi line, analog PBX and Integrated Access customers.

For a monthly fee per line, the WMP customer will receive wiring repairs at no incremental cost. There are no initiation fees. If a customer chooses to order WMP, it must be purchased on all eligible lines per service location. Existing customers purchasing the WMP will experience a 30 day waiting period before the plan is effective. New customers purchasing WMP will benefit from the plan upon initiation of their service.

Customers who do not subscribe to WMP may incur maintenance service charges for all Company premises visits and wiring repairs.

6.7.2 Single-line Telephone Service

Allegiance will diagnose, repair and maintain the inside wiring from the Demarcation Point, as defined in the Voice Service Order/ Integrated Services Order form, to and including the telephone jacks inside Customer's premises associated with each eligible telephone line covered under the WMP (subject to the "Exclusion" listed elsewhere in this section) that became necessary and are reported to Allegiance.

6.7.3 Multi-Line or Analog Trunk Telephone Service

Allegiance will diagnose, repair and maintain the inside wiring from the Demarcation Point, as defined in the Voice Service Order/Integrated Services Order form, to the extended Demarcation Point terminating at Customer's key service unit ("KSU"), or analog PBX, associated with each eligible telephone line covered under the WMP (subject to the "Exclusions" listed elsewhere in this section) that become necessary and are reported to Allegiance. Trouble isolation can often be accomplished through office testing facilities. Allegiance reserves the right to dispatch technicians at its sole discretion to isolate any service problems. Customers will be charged a maintenance service charge in accordance with the Allegiance Tariffed List Price for any technician service visit provide by Allegiance or its representatives, if Customer does not subscribe to the Wire Maintenance Plan.

6.7 Allegiance Wire Maintenance Plan, (Cont'd)

Service Commission^(N)

6.7.4 Line Eligibility

WMP is offered to Allegiance customers who have either standard single-line, multi-line or analog trunk telephone service. Customer must subscribe to WMP on all eligible telephone lines provided by Allegiance. WMP does not apply to the items specified under "Exclusions" in this tariff.

6.7.5 Limited 30-Day Warranty

Allegiance warrants for a period of thirty (30) days that the services and products provided under WMP will meet accepted industry practices. Should any failure to conform to this warranty appear and be reported to Allegiance within said thirty (30) day period, Allegiance shall re-perform the nonconforming services, and repair or replace the nonconforming product(s). Such re-performance of work, and repair or replacement of nonconforming products, shall constitute the entire liability of Allegiance and sole remedy of the Customer under this warranty, whether a claim or remedy is sought in contract, tort (including negligence), strict liability, or otherwise. THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN OR IMPLIED, IN FACT OR IN LAW. ALLEGIANCE DISCLAIMS ANY AND ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

REC'D OCT 17 2001

6.7 Allegiance Wire Maintenance Plan, (Cont'd)

Service Commission

6.7.6 Limitation of Liability

THE ENTIRE LIABILITY OF ALLEGIANCE AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR ALL CLAIMS OR DAMAGES OF WHATEVER NATURE ARISING FROM OR IN ANY WAY RELATED TO THIS WIRE MAINTENANCE PLAN OR THE PROVISION OF SERVICE (INCLUDING THE FAILURE TO PROVIDE SERVICE, ANY LOSS OR USE OF WIRING, JACKS OR TELEPHONE EQUIPMENT, AND ANY DAMAGES RESULTING THERE FROM), INCLUDING BUT NOT LIMITED TO MISTAKES, OMISSIONS, INTERRUPTIONS, DELAYS, TORTIOUS CONDUCT, REPRESENTATIONS, ERRORS, OR OTHER DEFECTS, WHETHER CAUSED BY ACTS OF COMMISSION OR OMISSION, WHETHER SUCH DAMAGES ARE ASSERTED IN AN ACTION BROUGHT IN CONTRACT, IN TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR PURSUANT TO SOME OTHER THEORY (INCLUDING DECEPTIVE TRADE PRACTICE CLAIMS) AND WHETHER OR NOT SUCH DAMAGES ARE FORESEEN OR UNFORESEEN SHALL BE LIMITED TO THE LESSER OF (i) AMOUNTS PAID TO ALLEGIANCE UNDER THIS WIRE MAINTENANCE PLAN, OR (ii) REFUNDS IN AN AMOUNT EQUAL TO THE PROPORTIONAL MONTHLY CHARGES UNDER THIS WIRE MAINTENANCE PLAN TO CUSTOMER FOR THE PERIOD OF SERVICE DURING WHICH ANY MISTAKE, OMISSION, INTERRUPTION, DELAY, ERROR, OR DEFECT IN THE SERVICE OR EQUIPMENT, OR ANY OTHER EVENT OR ACTION GIVING RISE TO ANY CLAIM, OCCURS. THIS LIMITATION OF LIABILITY APPLIES TO ALL CLAIMS, DEMANDS, ACTIONS, LIABILITY, COSTS OR ATTORNEYS' FEES ARISING IN WHOLE OR IN PART, FROM WARRANTIES, EXPRESS OR IMPLIED, DEFECTS IN MATERIALS, WORKMANSHIP OR DESIGN, NEGLIGENCE, GROSS NEGLIGENCE, STRICT LIABILITY, BREACH OF CONTRACT, OR ANY OTHER BASIS OF LIABILITY FOR ALLEGIANCE.

CUSTOMER SHALL BE SOLELY RESPONSIBLE FOR ALL LOSSES, DAMAGES, LIABILITIES, CLAIMS, AND EXPENSES ARISING OUT OF USE OF THE SERVICES BY CUSTOMER, ITS USERS, OR ANY OTHER PERSON OR ENTITY USING THE ACCOUNT WITH OR WITHOUT CUSTOMER'S KNOWLEDGE OR CONSENT. SOME JURISDICTION MAY NOT ALLOW A LIMITATION ON LIABILITY FOR NEGLIGENCE THAT CAUSES DEATH OR PERSONAL INJURY, AND ALLEGIANCE LIMITS ITS LIABILITY IN SUCH JURISDICTION ONLY TO THE DEGREE ALLOWED BY APPLICABLE LAW.

by 10-05-27

Service Commission

Public Service Commission
MISSOURI

- Data lines;
- Repairs to riser cables, house cables or cables between buildings;
- problems or malfunctions that exist prior to the commencement of the WMP;
- Malfunctions resulting from the use of voice grade lines to transmit or receive data or signals beyond the operating parameters of the telephone line;
- Repair or replacement of Customer's telephone equipment or instruments and other devices including, but not limited to KSU, telephone sets or station, computer modems and answering machines which are connected to the inside wire jacks;
- No temporary or loaner telephone equipment will be provided;
- Wiring from the extended Demarcation Point to Customer's key service unit;
- Wiring from Customer's key service unit to Customer's key service stations;
- Wiring for ISDN circuits or digital PBX trunks;
- Restoration to premises if asked to repair concealed wire;
- Installation of new telecommunications wiring, jacks or conduit;
- Repair or maintenance of inside wire and jacks for marine activity, recreational vehicles (RVs) and construction trailers, or other temporary or moveable structures;
- Repair of damages caused by Customer's faulty telecommunications equipment;
- Repair of damages due to the negligence, intentional misuse or abuse caused by Customer, its employees or agents;
- Repair of damages due to riots, acts of war, natural disasters such as floods, fire, windstorms and earth quakes, or acts of God; and
- Non-standing wiring, i.e., wiring which does not meet telephone industry standards or the National Electric Code Material Standards for carrying telephone signals. The Wire Maintenance Plan will cover the repair of breaks to non-standard wire, but only to restore the wire to its original condition. The Wire Maintenance Plan does not cover replacement of non-standard wire.

Allegiance, in its sole discretion, reserves the right to exclude other repairs or maintenance other than those set above.

6.7.8 Termination

Customers may terminate participation in the Wire Maintenance Plan at any time by giving notice to Allegiance as set forth under the Notices provision of the Voice Service Order/Integrated Access Order form. Allegiance may terminate Customer's participation in the Wire Maintenance Plan as provided for under the Voice Service Order/Integrated Access Order form.

6.7.9 Effective Date

Commencement of coverage under the Wire Maintenance Plan for existing voice service shall not be effective until thirty (30) days after Allegiance receives Customer's request to commence the Wire Maintenance Plan. Commencement of coverage under the Wire Maintenance Plan for new voice service shall be effective on a date to be determined by Allegiance, which shall not be later than thirty (30) days after the installation of said new voice service. Should Customer subscribe to the Wire Maintenance Plan at the same time Customer request service on an inside wire or jack problem, the Wire Maintenance Plan will not cover service for that particular visit or problem, and Customer will be charged a maintenance service charge in accordance with the Allegiance Tariffed List Price.

6.8 Intercept Services

REC'D DEC 31 2001

6.8.1 General

Service Commission

Intercept Service provides a recorded announcement that states the line number status and a referral number, if available, for calls placed to a disconnected or changed business line number.

Intercept Service is subject to the availability of facilities.

Basic Intercept Service is provided free of charge to business customers for primary and DID numbers upon request for a minimum of 120 days. A charge applies per month per number for Extended Intercept Service in which a request is made for intercept service beyond the initial free time period. The service will be available for a maximum of eight months following the initial free period of Basic Intercept Service.

The charge for this service is billed in advance as a one time charge on the final invoice for that number, and is based on the length of time service is requested.

6.8.2 Rates

REC'D JAN 21 2000

SECTION 7.0 - NETWORK SWITCHED SERVICES

7.1 General

Network Switched Services provide a Customer with a connection to the Company's switching network which enables the Customer to:

- a) receive calls from other stations on the public switched telephone network;
- b) access the Company's local calling service;
- c) access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 8XX NPA; and access 911 service for emergency calling; and
- d) access the service of providers of interexchange service. A Customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive toll free service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (1010XXX).

Network Switched Service is provided via one or more channels terminated at the Customer's premises. Each Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.

Connection charges as described in this tariff apply to all services on a one-time basis unless waived pursuant to this Tariff or a promotional or trial offering.

A. ISDN PRI Trunk Service

MAR 24 2005

16-05-27

Public Service Commission
MISSOURI

1. General

ISDN PRI trunk service provides access to and from the Public Switched Telephone Network (PSTN) for circuit switched voice (CSV) and circuit switched data (CSD) communications. ISDN PRI Trunk Service is provided using Integrated services Digital Network (ISDN) architecture. ISDN services available with ISDN PRI Trunk Service use Primary Rate Interface (PRI) technology. ISDN PRI Trunk Service employs a 1.544 Mbps facility typically divided into twenty-three B channels and one D channel. B channels are used for voice and data communications while the D channel provides out-of-band signaling.

2. Service Components

- (a) Trunk Interface (TI) - Provides the PRI termination and a digital multichannel transmission path between the central office and the customer's premises.
- (b) Backup D-Channel (BD-C) - Allows enhanced survivability of ISDN PRI Trunk links by providing automatic takeover for a failed D-channel.
- (c) Calling Line Identification (CLID) - Allows the number and/or name (where technically capable) of the calling party to be delivered to the called party as part of the called party set up message, i.e., before ringing begins.
- (d) Dynamic Channel Allocation (DCA) - Allows a customer to designate the quantity of call types to be allocated within previously provisioned criteria for either DID or DOD services.

7.2.4.1 Integrated Access Bundled Package

By **LO-05-27**
Public Service Commission
MISSOURI

Integrated Access Bundled Package provides a customer channelized high capacity (1.544 Mbps) facility¹ between a customer premises and its serving office for connection to services provided by Allegiance. Integrated Access Bundled Package allows a customer to integrate voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business service.

The customer selects a package of 12, 16, 20, or 23 voice lines for local exchange access. The balance of the facility's capacity is available for data applications. The rates herein are for the portion of the service dedicated to voice applications. Charges for nonregulated services and options will apply. The charges for voice lines are inclusive of appropriate End User Common Line Charges (EUCL), Touch Tone and Hunting Charges.

Customers must sign a minimum one (1) year term agreement for Integrated Access Bundled Package. Full termination liabilities are assessed for early termination of service.

Monthly Recurring Charges:

	Voice Channels			
	<u>12</u>	<u>16</u>	<u>20</u>	<u>23</u>
Rate Group B	\$373.00	\$435.00	\$505.00	\$559.00

Rate Group D (MCA-2)	\$530.00	\$618.00	\$718.00	\$795.00

¹ Integrated Access Bundled Package will be delivered to customers over T-1 or HDSL access. The decision to use HDSL vs. T-1 is an engineering and provisioning decision made solely at the discretion of the Company and is made based on the availability of HDSL facilities. Customers who fall within reach of an Allegiance HDSL-equipped collocation may have Integrated Access delivered to them via HDSL.

Total Communications Service will be delivered to customers over T-1 or HDSL2 access. The decision to use HDSL2 vs. T-1 is an engineering and provisioning decision made solely at the discretion of the company and is made based on the availability of HDSL2 facilities. Customers who fall within the reach of an Allegiance HDSL2-equipped collocation may have Total Communications delivered to them via HDSL2.

¹ NRC applies only to add additional lines to existing service.

7.2.4.3 Total Communications - 6 Line Total Communications Package

Total Communications is designed for customer that need high-speed Internet Access and have 6-20 voice channels. The base package includes 6 voice channels and 256K of Internet Access. Customers may increase the amount of voice channels in one-channel increments (up to a maximum of 20 total voice channels). Total Communications integrates voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business.

The customer will select a package of 6 lines for local exchange access. The balance of the facilities capacity is available for additional voice or data applications. Charges for nonregulated services and options will apply in addition to the charges referenced below. The charges for voice lines are inclusive of appropriate End User Common Line (EUCL), Hunting, and Touch Tone Charges.

New customers as of November 22, 2002 that select Metro service will be billed a Metro Additive Charge for each Metro line in addition to the Base Package and Incremental Line Charges in their applicable rate group. Existing customers who have Metro lines will be billed the Optional MCA package charges until their contract expires.

Customers must sign a minimum (1) year term agreement for Total Communications. Full termination liabilities are assessed for early termination of service.

Public Service Commission
MISSOURI

Service Commission

Total Communications with Digital Handoff is designed for customers that need high-speed Internet Access and digital signaling on 6-20 voice channels. The base package includes 6 voice channels and 256K of Internet Access. The balance of the capacity is available for additional voice or data applications. Customers may increase the amount of voice channels in one-channel increments (up to a maximum of 20 total voice channels). Total Communications integrates voice and data services on a single high capacity facility.

The customer will be responsible for the connection from the Integrated Access Device to their equipment (no connection block will be provided with this service). Customers must digitally accept all of their channels. No more than two trunk groups will be provisioned for any given circuit. No custom calling features are available with this product. The available features are the same as those available with the company's Digital PBX product.

Charges for non-regulated services and options will apply in addition to the charges referenced below. The charges for voice lines are inclusive of appropriate End User Common Line (EUCL), Hunting, Touch Tone, and LNP charges. DID Pricing is available in Section 7.2.6 of this tariff. Customers must sign a minimum (1) year term agreement for Total Communications. Full termination liabilities are assessed for early termination of service.

 Public Service Commission
 MISSOURI

DID Service provides the Customer with Direct Inward Dialing on designated voice-grade communications channels. DID Service is to be used in connection with the Customer's Private Branch Exchange (PBX) system. Dialed digits are transmitted for all incoming calls thereby allowing the Customer's PBX system to route incoming calls directly to individual stations by Customer-assigned DID telephone number. Each trunk provisioned for DID Service is automatically configured into a Hunting Arrangement. Charges for blocks of telephone numbers assigned pursuant to the North America Numbering Plan.

B. Recurring and Nonrecurring Charges

Charges are in addition to Local Trunk services as described within this tariff. Additional nonrecurring charges may apply as described within this tariff.

	<u>Monthly Recurring</u>	<u>Non-Recurring Installation Charge</u>	<u>Service & Equipment Charge</u>
DID Trunk Termination ¹	\$ 47.10	\$138.00	\$5.50
First 100 DID Numbers (or any fraction thereof)	\$ 23.50	\$165.00	\$5.50
Additional 100 Numbers (or any fraction thereof)	\$ 23.50	\$165.00	\$5.50

REC'D OCT 17 2001

7.2 Service Descriptions and Rates (Cont'd)

7.2.7 Central Office, Line And Trunk Features

Service Commission

A. General

The features in this Section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases. Central Office Calling Features are optional features of central office services furnished to individual line end users. The Company may furnish Central Office Calling Features where there is available central office equipment with the proper program updates as determined by the Company. Central Office Calling Features are only provided for basic access line services. The Customer will be billed a charge for each change made to features or a group of features included in the Customer's service.

B. Description of Line and/or Trunk Features

The following features are for end user lines:

Call Forwarding Busy Line - This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding Busy Line/Don't Answer - This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy or when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding Don't Answer - This feature automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

B. Description of Line and/or Trunk Features (Cont'd)

Call Forwarding Variable - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Simultaneous Call Forwarding - Provides the Customer that also subscribes to an appropriate call forwarding service with the ability to forward multiple incoming calls simultaneously to another telephone number designated by the Customer. Toll charges may apply on forwarded calls.

Call Trace - Allows a Customer to trace the most recent incoming call by dialing a code to automatically request that the Company record a caller's originating telephone number and the date and time of the call as well as the date and time the Customer initiated trace. The information is disclosed only to a law enforcement agency for investigation and case preparation purposes.

Call Waiting/Cancel Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

B. Description of Line and/or Trunk Features (Cont'd)

Caller ID - Allows the subscriber to view the listed telephone number from which the incoming call is dialed before the call is answered. The calling number is displayed on a Customer provided compatible device attached to the Customer's telephone line.

Caller ID Name - Allows the subscriber to view the listed name from which the incoming call is dialed before the call is answered. The calling name is displayed on a Customer provided compatible device attached to the Customer's telephone line.

Caller ID Name and Number - Allows subscriber to view listed name associated with the telephone number before the phone is answered. The calling number and name are displayed on a Customer provided compatible display device attached to the Customer's telephone line.

Caller ID Privacy - Blocks the delivery of customer's Caller ID information on a per trunk group basis. (N)

Anonymous Call Rejection - Allows a Customer to redirect incoming calls for which calling name and number display has been suppressed through the use of Per-Call Blocking or All-Call Blocking, to an announcement indicating that the Customer is not presently accepting such calls. The Customer may activate and deactivate the feature by dialing a code.

Remote Access to Call Forwarding - This feature combines call forwarding with remote access capability. In addition to the current call forwarding feature-access method, the Remote Access Call Forwarding feature provides Customers access from any tone-type address signaling capable telephone. The Customer dials a remote access directory number and then is guided by voice messages to enter their home or office telephone number equipped with the Remote Access Call Forwarding feature, a Personal Identification Number (PIN) and a feature code.

Direct Connection (Hot Line) - Direct Connection (Hot Line) service is an automatic dialing feature, which provides the customer the ability to establish a predetermined number when the customer's telephone goes off-hook. No dialing is required and the call is processed automatically to the predetermined number. Calls cannot be traced and 911 service is not accessible.

B. Description of Line and/or Trunk Features (Cont'd)

Repeat Call - This Automatic Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

Repeat Call feature also allows Customers, having reached a busy number, to dial a code before hanging up. Repeat Dialing feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be accessed with Repeat Call:

- Calls preceded by an interexchange carrier access code
- Calls to 900 and 976 Service numbers
- Calls to 911
- Calls to Directory Assistance
- Calls to toll free 8XX Service numbers
- International Direct Distance Dialed calls

Return Call - Allows the subscriber to automatically redial the number of the last incoming call whether answered or not.

Caller ID Per-Call Blocking (PCB) - This blocking option will allow callers to block the passage of their telephone numbers and/or names on outgoing calls by dialing a special code, prior to making each call.

Caller ID Per-Line Blocking (PLB) - Caller ID Per-Line Blocking will allow callers to automatically prevent the display of their telephone numbers and/or names on a permanent basis unless the service is deactivated, on a per call basis, by dialing a special code. Only available to domestic violence and federal, state, and local law enforcement agencies.

Service Commission (T)

B. Description of Line and/or Trunk Features (Cont'd)

Special Ring - This feature allows a Customer to have up to three (3) separate telephone numbers assigned to one local exchange line. Each telephone number will provide a distinctive ring on incoming calls to allow for identification of the incoming call. A distinctive call waiting tone for each telephone number will be provided, where facilities permit, to Customers also subscribing to call waiting.

Speed Dial 30 - Allows placing calls to thirty (30) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Speed Dial 8 - Allows placing calls to eight (8) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Three Way Calling/Call Hold - The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Call Transfer Disconnect - Allows business Customers to add another line to an established call creating a three-way call. The Call Transfer Disconnect subscriber may disconnect from the three-way call and allow the other two parties to continue talking.

Hunting - Line hunting which is provided subject to the availability of suitable central office facilities is an arrangement that groups together two or more main telephone exchange lines or trunks from the same central office so that incoming calls are automatically switched from the initial line, if in use, to the first non-busy line.

Touch-Tone Service - Provides for the origination of calls by means of instruments equipped for tone-type address signaling and special central office facilities. Touch-Tone Service is provided at no charge.

D. Caller ID Provisions

**By 10-05-21
Public Service Commission
MISSOURI**

This feature enables the customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls.

When a Caller ID is activated on a customer's line, the CPN of incoming calls are displayed at the called CPE during the first, long silent interval of the ringing cycle.

Per line blocking for the blocking of CPN will be available upon request, at no charge, to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to the Company: a) private, nonprofit, tax exempt, domestic violence intervention agencies and b) federal, state, and local law enforcement agencies. The CPN will not be transmitted from a line equipped with this capability. Per line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call. Line blocking customers can unblock their CPN information on a per call basis, at no charge, by dialing an access code (*82 on their touch tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (*67 on their touch tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer Owned Pay Telephones. If the Caller ID customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

Any customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

7.2.8 Remote Call Forwarding

Service Commission

Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call.

Remote Call Forwarding service is offered subject to availability of suitable facilities. Remote Call Forwarding service is not offered where the terminating station is a coin telephone. The Company will not provide identification of the originating telephone number to the RCF Customer.

Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call. Therefore, the normal grade end-to-end transmission is not guaranteed on such calls. Remote Call Forwarding service is not represented as suitable for satisfactory transmission of data.

One directory listing in the Alphabetical Directory is provided without charge. Each Remote Call Forwarding feature allows for forwarding one call at a given time. An additional path is necessary for each additional call to be forwarded simultaneously.

Remote Call Forwarding service will only be provided when, in the judgment of the Company, the Customer subscribes to sufficient RCF features and facilities at the terminating location to adequately handle calls without interfering with or impairing any services offered by the Company.

REC'D JUN 01 2004

(N)

True Business Total Communications and Digital Total Communications is designed for customers who need high-speed Internet Access and have a minimum of 6 voice channels. True Business Total Communications integrates voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business.

The True Business Total Communications Base Package includes 6 voice channels, 512K of Internet Access, unlimited local calling, 3000 minutes of IntraLATA calling, and choice of 6 features per line from the You Choose Feature Package².

Customers may increase the number of voice channels in one-channel increments (up to a maximum of 23 total voice channels). Incremental voice lines include unlimited local calling, 500 minutes of IntraLATA calling, and choice of 6 features per line from the You Choose Feature Package². The data speed may be increased in 64K increments.

The charges for voice lines are inclusive of appropriate End User Common Line (EUCL), Local Number Portability (LNP), Primary Interexchange Carrier Charges (PICC), Hunting, and Touch Tone charges.

Customers must sign a minimum (1) year term agreement for True Business Total Communications. Package pricing is determined by the contract length (one-year or two-year term). Full termination liabilities are assessed for early termination of service.

True Business Total Communications integrates voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business.

The True Business Total Communications Base Package includes 6 voice channels, 512K of Internet Access, unlimited local calling, 3000 minutes of IntraLATA calling, and choice of 6 features per line from the You Choose Feature Package².

Customers may increase the number of voice channels in one-channel increments (up to a maximum of 23 total voice channels). Incremental voice lines include unlimited local calling, 500 minutes of IntraLATA calling, and choice of 6 features per line from the You Choose Feature Package. The data speed may be increased in 64K increments.

The charges for voice lines are inclusive of appropriate End User Common Line (EUCL), Local Number Portability (LNP), Primary Interexchange Carrier Charges (PICC), Hunting, and Touch Tone charges.

Customers must sign a minimum (1) year term agreement for True Business Total Communications. Full termination liabilities are assessed for early termination of service.

Monthly Recurring Charge	One Year Term	Two Year Term	Three Year Term
Voice Package Price	\$ 191.70	\$ 167.70	\$ 161.70
Incremental Line Price	\$ 31.95	\$ 27.95	\$ 26.95
Non-Recurring Charges			
Base Package Installation Fees			\$ 199.00
Incremental Voice Line Package Installation Fees ³			\$ 20.00
