RE: Request Commission Approval of Tariff Sheets No. 34 through 34I, 34L, 34N, 34P through 34S Net Metering Interconnection Agreement and Tariff Sheets No 46A and 46B Solar Photovoltaic Rebate Program Tariffs.

Dear Secretary:

Kansas City Power & Light Company ("KCPL" or "Company") seeks approval from the Missouri Public Service Commission of the enclosed Net Metering Rider and Solar Photovoltaic Rebate Program Tariffs. The revised tariffs incorporate recent changes instituted by House Bill No. 142 pertaining to the ownership of solar renewable energy credits and the timing of application submittal. Details concerning the solar rebate termination will be included in the Schedule SR, the solar photovoltaic rebate program and referenced within the Net Metering sheets. There are additional changes to the application agreement for further process clarification along with some cosmetic changes (sheets 34, 34B, 34C 34D and 34E) on Customer-Generator to make the spelling more consistent and sixteen variance requests.

Thank you for your consideration of these tariffs. Please contact me directly at (816) 654-1689 or brad.lutz@kcpl.com if you require any additional information.

Sincerely,

A handwritten signature in black ink that reads 'Brad Lutz'. The signature is written in a cursive, flowing style.

Brad Lutz
