I. FORWARDED MESSAGE INFORMATION

A. GENERAL REGULATIONS

Forwarded Message Information furnishes data about the origin and destination of a message that has been forwarded to a Provider's hunt group arrangement. This information includes:

1. The called station number.
2. The calling station number for intra-office calls.
3. The type of call forwarding feature used by the called station number, such as busy or no answer.

"Provider" in this context is any entity that furnishes answering and/or voice messaging services to clients.

Message Waiting Indication (MWI) is an additional feature included with Forwarded Message Information. This feature provides for an audible interrupted dial tone.

B. CONDITIONS

The Provider must have a hunt group arrangement in the same central office where the data channel terminates.

A 1200 baud full duplex RS232 format data channel is required to provide signaling between the central office and the Provider's equipment. Such a data channel must be provided to each central office providing Forwarded Message Information capability.

When used in conjunction with Message Waiting Indication, the Provider must have compatible message desk customer provided equipment.

I. FORWARDED MESSAGE INFORMATION (Cont'd)

B. CONDITIONS (Cont'd)

Providers will be required to sign an agreement not to disclose the calling party's directory number disclosed as a result of this service, unless permission is given by the calling party.

In addition to the charges and rates associated with Forwarded Message Information, each line must be equipped with one or more of the following Call Forwarding features:

- 1. Call Forwarding
- 2. Call Forwarding-Busy
- 3. Call Forwarding-No Answer

Rates, charges and regulations for these services are as defined in other sections within this tariff.

Forwarded Message Information will be provided where technically feasible.

C. RATES

The rates and charges in this schedule are for Forwarded Message Information only and are in addition to the applicable nonrecurring charges and monthly rates for the associated underlying services.

A nonrecurring charge is applicable to installation and change in service.

	<u>MONTHLY RATE</u>	<u>NONRECURRING CHARGE</u>

COMMUNITY OPTIONAL SERVICE (COS)

**RECEIVED**

SEP 17 1992

I. General

**MISSOURI  
Public Service Commission**

A. Service Description

Community Optional Service (COS) is a plan approved by the Missouri Public Service Commission (PSC) that allows customers in a qualifying Petitioning Exchange to buy intraLATA interexchange calling with customers in designated exchanges, known collectively as their COS Calling Scope, under terms, conditions and rates that differ from those applicable to Extended Area Service and Message Telecommunication Service, as found in the other tariffs of the Telephone Company. The COS Calling Scope consists of the Target Exchange to which Petitioning Exchange customers have qualified for COS calling plus all other exchanges with which customers in the Target Exchange have mandatory Extended Area Service (EAS). Calling scopes may also include other expanded calling areas but only through the application of COS rates deemed appropriate by the Missouri Public Service Commission. Customers to COS service are required to have the basic telephone service that the telephone company offers to its customers in the exchanges from which COS service will be offered.

B. Available Options

COS is provided via three call direction/usage payment options. Rates are specified in III.A and III.B of this section.

1. One-Way Optional Flat Rate COS allows customers to make unlimited calls to their COS Calling Scope for a constant monthly charge.
2. Two-Way Optional Flat Rate COS allows customers to make unlimited calls to and receive unlimited calls from their COS Calling Scope for a constant monthly charge. In addition, this option provides an appearance in and a copy of the white pages directory of the Target Exchange.
3. One-Way Optional Usage Sensitive COS allows customers in exchanges who have qualified for COS to either the St. Louis Metropolitan Area\* (Principal Zone, Tiers 1 and 2, 3rd

B. Available Options (Continued)

- 3. Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) or Kansas City Metropolitan Area\* (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) to make calls to their COS calling scope at a discount of fifty percent (50%) relative to the applicable Message Telecommunication Service charges in all rate periods. In addition to these Usage Charges, a constant monthly charge also applies.

C. Qualification Process

In order to qualify for COS, customers in one exchange, known as the Petitioning Exchange, must demonstrate that a community of interest exists with customers in the exchange with which they desire COS calling, known as the Target Exchange.

- 1. Consideration of eligibility for COS calling is initiated by a petition filed with the Missouri Public Service Commission by any or all of the following parties:
  - a. By 25 or more customers in the Petitioning Exchange;
  - b. By the presiding official(s) of the appropriate city, town, village or county, served by the Petitioning Exchange;
  - c. The Office of The Public Counsel on behalf of the customers in the Petitioning Exchange;
  - d. The Telephone Company serving the customers in the Petitioning Exchange.
- 2. Petitions requesting COS must specify the exchange with which COS calling is requested. The Target Exchange may be served by another Local Exchange Telecommunications Company.

COMMUNITY OPTIONAL SERVICE (COS)

SEP 17 1992

I. General (Continued)

**MISSOURI  
Public Service Commission**

C. Qualification Process (Continued)

- 3. Upon issuance of a Missouri Public Service Commission Order directing a Calling Study, the telephone company will conduct a study covering a one-month billing period of long distance Message Telecommunications Service traffic from the Petitioning Exchange to the Target Exchange. These calling studies will be filed with the Missouri Public Service Commission within the time frame established, not to exceed 120 days of the order requesting a calling study be completed.
- 4. The Missouri Public Service Commission has ruled that a community of interest is found to exist when the calling studies show that both of the following criteria are met:
  - a. Customers in the Petitioning Exchange make an average of six (6) calls per access line per month to the Target Exchange;
  - b. Two-thirds (2/3) of the customers in the Petitioning Exchange make two or more calls per month to the Target Exchange.

Note that in calculating these statistics, an adjustment will be made for the number of Foreign Exchange service lines having the open end in the Target Exchange and the closed end in the Petitioning Exchange.

- 5. If the criteria shown in C.4 of this section are found to have been satisfied, the Petitioning Exchange will be certified by the Missouri Public Service Commission as a COS Qualifying Exchange, and the service will be implemented on a time schedule approved by the Missouri Public Service Commission.

II. Regulations

**MISSOURI  
Public Service Commission**

- A. COS Qualifying Exchanges and their corresponding COS Target Exchanges are specified in paragraph IV of this section. COS Target Exchanges are classified as Rural or Metropolitan by the Missouri Public Service Commission. The Kansas City Metropolitan Area\* and the St. Louis Metropolitan Area\* have been classified to be Metropolitan. All other Target Exchanges have been classified Rural.
- B. Unless otherwise specified in these regulations, COS is offered to classes and grades of residence and business customers located in a COS Qualifying Exchange.
- C. COS is not offered in conjunction with Public, Semi-Public, Mobile or Customer-Owned Pay Telephone services.
- D. COS is offered to customers (i.e., hotels/motels, hospitals, and universities) for administrative trunks only.
- E. COS is designed and intended for the exclusive use of the end user customers of the Telephone Company. With the exception of Shared Tenant Service as described in other tariffs of the Telephone Company, COS is not to be shared or resold.
- F. Unless otherwise specified, COS is subject to the Rules and Regulations Applying to All Customer Contracts as specified in Section 25 of this tariff.

Public Service Commission**

G. Access to the Local Calling Scope of the Target Exchange

1. When a Target Exchange has mandatory Extended Area Service (EAS) with one or more exchanges, as defined in other tariffs of the Telephone Company, customers who qualify for COS will be able to access that extra-exchange local calling scope using COS.
2. However, any mandatory Extended Area Service (EAS) additive rate charged to customers in the Target Exchange for that extra-exchange local calling scope shall apply to COS customers in the COS Qualifying Exchange in addition to the COS rates shown in III.A and III.B of this section. Furthermore, if the EAS additive rate is changed by the Missouri Public Service Commission relative to customers in the Target Exchange, the rate change will also apply to COS customers.

H. Rate Application

1. The COS monthly rates specified in III.A and III.B of this section apply on a per line basis and are billed in advance.
2. The Usage Charges assessed under One-Way Optional Usage Sensitive COS are billed in arrears.
3. Customers to COS are required to have the basic telephone service the telephone company offers to its customers from which COS service will be offered. All COS rates and charges apply in addition to all other rates and charges paid by the customer for basic service and other services of the Telephone Company.

H. Rate Application (Continued)

4. COS must be purchased on all exchange access lines on accounts that are group billed. A multiline customer may mix one-way and two-way flat rate COS on the same account. However, mixing Optional Usage Sensitive COS and Optional Flat Rate COS on the same account is not permitted.

I. The minimum service period for subscription to COS is one (1) month.

J. COS calling is provided on a Dial Station-to-Station basis, only. For all other types of calls, the appropriate Message Telecommunication Service rates and Service Charges as specified in the Message Telecommunications Service Tariff apply. The appropriate MTS tariff is defined to be the tariff of the Local Exchange Telephone Company acting as the Primary Toll Carrier for intrastate intraLATA services.

K. For application of service charges, see Service Connection Charges, Section 30 II.B of this tariff, except where otherwise stated in this section. These charges are applicable when a customer adds or deletes COS or changes plan options.

These charges will be waived for the first 90 days from the date COS becomes available in an exchange.

III. Rates and Charges

A. Flat Rate COS

1. Rates for one-way and two-way optional flat rate COS are applied on a rural or metropolitan route specific basis. See IV.A and IV.B of this section to determine which routes are classified rural and which are classified metropolitan.
2. One-Way Optional Flat Rate COS

Monthly Rates, per access line:

	<u>S&amp;E</u>	<u>Residence</u>	<u>Business</u>
Rural	ASBEASA(C1)	\$ 5.75	\$12.10
Metropolitan	ASBEASA(CM1)	\$11.05	\$23.55

For application of Service Charges, see Service Connection Charges, Section 30 II.B of this tariff. These charges are applicable when a customer adds or deletes COS or changes plan options.

When multi-line customers choose to mix one-way and two-way flat rate COS options, the One-Way Optional Flat Rate will apply for the one-way lines.

OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE

III. Calling Scope

A. Optional MCA Calling Scopes

1. Kansas City MCA-3 calling scope

The calling scope for MCA subscribers in MCA-3 exchanges includes all customers in the Metropolitan Exchange, all customers in MCA-3 exchanges, and MCA subscribers in MCA-4 and MCA-5 exchanges.

2. Kansas City MCA-4 calling scope

The calling scope for MCA subscribers in MCA-4 exchanges includes all customers in the Metropolitan Exchange, all customers in MCA-3 and MCA-4 exchanges, and MCA subscribers in MCA-5 exchanges.

3. Kansas City MCA-5 calling scope

The calling scope for MCA subscribers in MCA-5 exchanges includes all customers in the Metropolitan Exchange, all customers in MCA-3 and MCA-4 exchanges, and MCA subscribers in MCA-5 exchanges.

B. Extended Area Service (EAS) considerations

EAS additives should not be paid by an MCA subscriber unless the EAS increases the calling scope of the MCA subscriber. MCA subscribers in Kingsville and Holden will continue to pay the mandatory EAS additive since EAS expands the MCA-5 calling scope for both exchanges (refer to III above for MCA calling scopes).

In addition to the MCA calling scopes defined herein, EAS calling scopes and rates, if applicable for MCA subscribers, are defined in Section 16 of this tariff.

Cancels Fifth Revised Page 4

OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE

IV. Regulations (Cont'd)

H. Rate Application

1. The MCA monthly rates specified in V, below, apply on a per-line or per Centrex Service II access line basis, except for other Centrex type services which are billed on a Public Access Line basis, as specified in the General Exchange Tariff.
2. The MCA monthly rates are billed one month in advance.
3. Optional MCA rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Telephone Company.

I. Service Connection Charges – Record Order, as Specified in Section 30 of this tariff, are applicable on a per-line basis when a customer adds or deletes Optional MCA Service. These charges will be waived in an exchange for the first 60 days from the date that MCA Service becomes available in that exchange.

V. Monthly Rates, per line:

1. Residence

Exchange	Flat Rate Option		
	Kansas City MCA-3 ASBEASC(MC3)	Kansas City MCA-4 ASBEASC(MC4)	Kansas City MCA-5 ASBEASC(MC5)

CENTREX SERVICE II

I. GENERAL

Centrex Service II is a central office communications system package provided on individual access lines from Telephone Company central office equipment. The service provides local exchange access, interexchange access, intrasystem communication, and Centrex Service II feature packages. Customers subscribing to Centrex Service II with 26 or more Centrex Service II access lines may subscribe to Centrex Service II as a Special Service Arrangement.

II. DEFINITIONS

ABBREVIATED DIALING

Allows station abbreviated dialing (i.e., 3, 4, or 5 digit dialing) to other station members within the same customer group.

AUTO ANSWER BACK

Allows any incoming call to the Primary Directory Number of the set to be automatically answered after four seconds.

AUTOMATIC CALL DISTRIBUTION (ACD)

Automatic Call Distribution is a digital central office service that provides advanced call distribution and queuing capabilities as an integrated function of Centrex Service II. The customer must subscribe to and maintain a minimum of two ACD positions and at least one ACD group.

AUTOMATIC LINE

Provides an automatic connection between a calling station that goes off-hook and a predetermined terminating number.

CALL FORWARD - UNIVERSAL, BUSY, AND NO ANSWER

Allows a customer to have incoming calls to a station automatically forwarded to a predetermined telephone number, either on all calls and/or busy calls and/or calls not answered.

Original Page 2

CENTREX SERVICE II

II. DEFINITIONS (Cont'd)

CALL HOLD

Allows the station user to hold one call for any length of time provided neither party hangs up. The station user may also place other calls while a call is on hold.

CALL PARK

Allows the station user to park one call against its own directory number. The parked call can be retrieved from any station within the same customer group. Once a call is parked against a directory number, the user is free to make or receive calls on that directory number.

CALL PICK-UP

Allows the station user to answer incoming calls directed to another station within a defined pick-up group by dialing a feature activation code.

CALL TRANSFER

Allows a station to transfer an incoming call to another extension.

CALL WAITING

Informs a station user, while on an established call, that a second call is waiting.

CLASS OF SERVICE RESTRICTIONS

Defines the specific features and calling patterns available to stations and attendants within a customer group. Access code restrictions can be set up to restrict stations and attendants from trunk types such as local, toll, DID, and WATS. The following options are available:

Fully Restricted Service – Allows intragroup dialing only. The station user must dial 9

Toll Restricted Service – Allows intragroup and local dialing only. The station user must dial 9

Unrestricted Service – Allows full access to all facilities. The station user must dial 9

Unrestricted Assume Dial 9 – Same as unrestricted; however, the station user cannot utilize abbreviated dialing.

Note: 900 and 976 block are available with all options.

SPRINT MISSOURI, INC.  
d/b/a SPRINT

Original Page 3

CENTREX SERVICE II

II. DEFINITIONS (Cont'd)

DIRECT INWARD DIALING

Allows for incoming calls from the exchange network to reach a specific station. The calling party dials the seven-digit directory number to reach the station.

DIRECT OUTWARD DIALING

Allows a station user to place external calls to the exchange network by dialing the access code (usually the digit 9), receiving an optional second dial tone, then dialing the external number.

DISTINCTIVE RINGING

Provides the station user the ability to determine whether the call is from a station within the customer group or from the exchange network by the cadence of the ringing of the phone. The ringing cadence will be one (1) long ring for internal calls and two (2) short rings for external calls.

LAST NUMBER REDIAL

Enables the station user to redial the last called number by pressing a single key rather than dialing the entire number.

MEET-ME-CONFERENCE

Allows up to six (6) conferees to hold a conference call by dialing a directory number at a specified time. Meet-Me-Conference is limited to one (1) per Centrex Service II access line.

MULTIPLE APPEARANCE-DIRECTORY NUMBER (MADN)

A directory number that is assigned to more than one station.

MUSIC-ON-HOLD

Provides the music-on-hold capability to calls that terminate on business sets. When a call is put on hold, the caller hears music, announcement, silence, or a combination of the three treatments. The music source must be provided by the subscriber and requires an additional Centrex Service II access line connecting the customer's music source to the Telephone Company's central office.

Original Page 4

CENTREX SERVICE II

II. DEFINITIONS (Cont'd)

RING AGAIN

Allows a station user encountering a busy station to be notified when the busy station becomes idle and to be placed automatically in a ring-again mode.

SECONDARY DIRECTORY NUMBER

Directory number not associated with a line, but assigned for use with priority hunting. Secondary Directory Numbers are limited to two (2) per Centrex Service II access line.

SPEED CALL LONG (30)

Provides for the calling of up to 30 numbers by dialing an abbreviated code.

SPEED CALL SHORT (10)

Provides for the calling of up to 10 numbers by dialing an abbreviated code.

STATION HUNTING (sequential, circular, multiline)<sup>1</sup>

Allows a call to be routed to another telephone number when the called station is busy.

THREE-WAY CONFERENCE WITH CONSULTATION HOLD AND TRANSFER

Allows a station user to call a third party to conference the third party in, notify the third party of a call being transferred or consult with the third party while the other party is on hold.

TOUCH-TONE

A central office provided tone network signaling arrangement for origination of telephone calling.

UNIFORM CALL DISTRIBUTION (UCD)

Allows for an even distribution of incoming calls to a listed directory number. Each station has its own directory number. Included with this feature is the provision of message announcement for calls in queuing. The customer will be responsible for providing the compatible tape and the announcement.

CENTREX SERVICE II

III. REGULATIONS

- A. Centrex Service II is provided subject to the availability of facilities and central office equipment as determined by the Telephone Company.
- B. Centrex Service II does not include terminal equipment on the customer's premises. Provision of the telephone instruments or other equipment is the responsibility of the customer. Some features require specific customer provided customer premises equipment (CPE). In addition, not all CPE will support all features.
- C. Directory Listings are furnished in accordance with the rates and regulations specified in Section 9 of this tariff.
- D. Service Connection Charges as specified in Section 30 of this tariff apply to the services offered in this section and are in addition to the Service Establishment Translation Charge. For feature changes after the initial installation, the Service Order Charge will apply in addition to applicable nonrecurring charges.
- E. The minimum service period for Centrex Service II is one month.
- F. The quality of transmission for calls utilizing call forwarding or conferencing may vary depending on the distance and routing involved.
- G. Directory Assistance charges, as specified in Section 40 of this tariff, apply to Centrex Service II.
- H. Call Forward-Universal, Busy, and No Answer shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is transferred nor shall it be used to simulate rotary service from the Telephone Company central office. Each Centrex Service II access line allows for the forwarding of one call at a given time.

CENTREX SERVICE II

III. REGULATIONS (Cont'd)

- I. Temporary Suspension of Service (Vacation Service), as specified in Section 34 of this tariff, is not allowed for Centrex Service II.
- J. Not all Centrex Service II features are compatible with one another. Some combinations of features will not work when applied on the same Centrex Service II access line.
- K. Centrex Service II is not offered in conjunction with key or PBX trunk local exchange service.
- L. The assignment of telephone numbers and the sequence of the numbers assigned to a Centrex Service II are made at the discretion of the Telephone Company. The Telephone Company does not guarantee to provide telephone numbers arranged in a consecutive manner. If the customer requests telephone numbers under a special numbering arrangement to be terminated in a Centrex Service II customer group, then additional recurring and non-recurring charges may apply as determined on a Special Service Arrangement as specified in Section 49.VII.
- M. Centrex Service II is not provided in association with Local Measured Service, residential lines, and Payphone Line Service.
- N. All exchange access lines terminating in a Centrex Service II system must be served by the same central office or associated remote switch, and may be extended to a foreign exchange.
- O. The rates and charges applicable to **Optional** Metropolitan Calling Area (MCA) Service, as specified in **Section 48** of this tariff also apply per Centrex Service II access line. (D)
- P. The Telephone Company shall not be liable, directly or indirectly for damages, unless caused by gross negligence of the Telephone Company in failing to maintain reasonable standards of maintenance and inspection and exercise reasonable supervision. (D)

The Telephone Company does not guarantee to provide telephone numbers arranged in a consecutive manner. If the customer requests telephone numbers under a special numbering arrangement to be terminated in a Centrex Service II customer group, then additional recurring and non-recurring charges may apply as determined on a Special Service Arrangement as specified in Section 49.VII.
- M. Centrex Service II is not provided in association with Local Measured Service, residential lines, and Payphone Line Service.
- N. All exchange access lines terminating in a Centrex Service II system must be served by the same central office or associated remote switch, and may be extended to a foreign exchange.
- O. The rates and charges applicable to Extended Area Service (EAS) and Optional Metropolitan Calling Area (MCA) Service, as specified in Section 16 and Section 48 of this tariff also apply per Centrex Service II access line.
- P. The Telephone Company shall not be liable, directly or indirectly for damages, unless caused by gross negligence of the Telephone Company in failing to maintain reasonable standards of maintenance and inspection and exercise reasonable supervision.

CENTREX SERVICE II

IV. SERVICE FEATURES

A. Standard Features

The Centrex Service II access line rate includes the following features, however the customer may select which features are activated on a per line basis.

Abbreviated Dialing  
Auto Answer Back  
Call Forward - Universal, Busy, and No Answer  
Call Hold  
Call Transfer  
Call Waiting  
Direct Inward Dialing  
Direct Outward Dialing  
Last Number Redial  
Speed Call Short (10)  
Station Hunting  
Three-Way Conference with Consultation Hold and Transfer  
Touch-Tone Service

B. Optional Features

The following optional features are available at the monthly rate specified in Section 49.VI.E.

Automatic Call Distribution  
Automatic Line  
Call Park/Call Pick-Up  
Class-of-Service Restrictions  
Distinctive Ringing/Ring Again  
Meet-Me-Conference  
Multiple Appearance Directory Number (MADN)  
Music On-Hold  
Secondary Directory Number  
Speed Call Long (30)  
Uniform Call Distribution

CENTREX SERVICE II

V. TERM DISCOUNT PLAN (TDP)

A. Term Discount Plans (TDPs) are available for Centrex Service II, and provide the customer with discounted rates. The customer must agree to a minimum service commitment period for Centrex Service II when the TDP is established. The customer must order a TDP in writing to the Telephone Company. A TDP may be ordered based on the following plan options:

- Plan A: 1 Year
- Plan B: 3 Year**

(N)

B. The customer must specify the length of the initial service period at the time the service is ordered. When a customer converts to a TDP, no Service Establishment Translation Charge is applied toward Centrex Service II facilities in-service at that time. If a customer moves from a month to month plan to a TDP, **or upgrades from a 1 year TDP to a 3 year TDP**, then no Service Establishment Translation Charge is applied.

(N)

C. If a TDP customer disconnects service prior to the end of the TDP, the customer is liable for 100% of the payments remaining for the remainder of the term plan. If Construction and Installation Charges were applied to the service being terminated, any termination charges associated with those services will also apply.

D. Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the TDP. If Telephone Company initiated rate increases to any rate element or combination of rate elements causes the charges for the entire Centrex Service II under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided that the customer notifies the Telephone Company within 30 days after the effective date of the rate increase.

E. TDP commitment periods can be extended by the customer at any time during the term of the plan, up to a maximum of **3 years**. The number of months accrued in the current plan will apply toward the new plan selected. **However, charges under the new TDP commitment period will apply only on a go-forward basis.**

(C)  
(N)  
(N)

F. Upon expiration of the TDP service commitment period, the customer may subscribe to a new TDP at the prevailing rates set forth in Section 49.VI.a. following. At the end of the TDP service commitment period there is no automatic renewal of the TDP, and the rates will convert to the prevailing month to month rates unless the customer selects a new TDP.

G. Customers under a TDP who change physical locations will not be subject to termination charges if the customer subscribes to a new Centrex Service II TDP at the new location. **However, the number of months accrued in the current plan will not apply toward the plan selected for the new location.**

CENTREX SERVICE II

VII. SPECIAL SERVICE ARRANGEMENTS

A. Special Service Arrangements are for those customers with a minimum of 26 Centrex Service II access lines. Special Service Arrangements consist of standard equipment and/or services offered under Section 49 of this tariff, Centrex Service II.

B. Computation of Rates

Rates for special service arrangements are equivalent to the estimated costs of furnishing the special service arrangements, plus a contribution to Telephone Company overheads.

Estimated cost consists of an estimate of the total cost to the Telephone Company in providing the service including:

1. Total Investment. Included in this total are cost of equipment, materials, and installation. Added to the equipment and material cost is sales tax and supply expense. Estimated labor hours are applied toward the appropriate labor rates. Should installation be contracted out, allocations would be added to the contractor's rate to recover relevant expenses.
2. Depreciation on the estimated installed cost (total investment) of any facilities used to provide the Centrex service based on the anticipated useful service life of the facilities.
3. An amount for return on investment (calculated as the cost of money) computed on the estimated installed cost of the facilities involved in providing the Centrex Service II.
4. Income taxes associated with return on investment.
5. Cost of maintenance.
6. Other taxes. This would include Ad Valorem (property) tax.
7. Any other directly attributable miscellaneous or unusual items or expenses associated with the particular installation.
8. A minimum level of contribution to Telephone Company overheads at or above 5 1/2%.

CENTREX SERVICE II

VII. SPECIAL SERVICE ARRANGEMENTS (Cont'd)

- C. In the computation of rates for any special service arrangement contract, one of the following rate treatments shall be applied with or without a minimum period termination agreement, in accordance with the judgement of the Telephone Company based on the circumstances involved.
1. A monthly recurring rate with or without an installation charge.
  2. A monthly recurring rate only. Rates for special service arrangements are equivalent to the estimated costs of furnishing the special service arrangements, plus a contribution to Telephone Company overheads.
- D. Review of Rates and Conditions.

The Telephone Company will, upon developing a contract for the customer's acceptance, submit to the Missouri Public Service Commission Staff (Staff) for review:

1. A copy of the contract containing terms, conditions and charges.
2. The name and location of the customer.
3. A costing summary to include (on a total and per line basis):
  - a. Total investment (Material and Installation)
  - b. Annual Capital Costs (Depreciation, Cost of Money, and Income Taxes)
  - c. Annual Operating Expenses (Maintenance, Other taxes)
4. A pricing summary to include, where applicable:
  - a. Total non-recurring charges
  - b. Recurring monthly rate associated with Centrex Service II
  - c. Total Telephone Company contribution (Total price minus total cost)

STATEMENT OF MAXIMUM ALLOWABLE RATES

Presented in this section are the Maximum Allowable Rates that Sprint Missouri, Inc. may charge for its services for the 12 month period beginning January 18, 2005 and ending January 17, 2006, pursuant to Section 392.245 RSMo. Under Section 392.245 RSMo the maximum allowable rates for basic services are adjusted annually by the change in the Telephone Services component of the Consumer Price Index. The maximum allowable rates for non-basic services are adjusted annually by 8%. The Maximum Allowable Rates do not apply to services classified as competitive in Case No. IO-2003-0281. The actual rates for Sprint's services are found in the applicable sections of this tariff as referenced below.

Service	Service Classification	Tariff Reference	Maximum Allowable Rate		
			Monthly	NRC	
1. Telephone Answering Service Pick-Up					
1.1 Extension terminating in TAS Concentrator	Non-Basic	4.II.C.2.a.	\$1.81	N/A	
2. INFO-LINK
