- A. Page Numbering. Page numbers appear in the upper-right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added, the page appears as a decimal. For example, a new page added between pages 34 and 35 would be 34.1.
- B. Page Revision Numbers. Revision numbers also appear in the upper-right corner of the page. These numbers are used to determine the most current page version on file with the Missouri Public Service Commission. For example, the 4th revised Page 34 cancels the third revised Page 34. ### 2.1 Undertaking of the Company

- 2.1.1 Scope of Service. The Company's voice service herein is offered solely within Company's Missouri Service Area and where Company or MCC Affiliate facilities that are capable of digital transmission are available. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to other cause beyond the Company's control.
- 2.1.2 Obligation to Provide Service. The Company shall exercise reasonable efforts to provide Services to Users pursuant to the terms and conditions of this Tariff. The Company shall exercise reasonable efforts to make such Services available for Users use on either the installation date set forth in a Service Order (or, if no date is specified) as soon as practicable after execution of a Service Order, subject to Customer's compliance with Regulations. In addition to the Service Order, Customer shall also execute such other documents as the Company may reasonably require.

2.1.4 Right to Discontinue or Block Services. The Company reserves the right to block Services to any User location without any liability whatsoever, for the following reasons: (a) to prevent or stop fraudulent or unlawful use of the Services at or by means of said location; (b) nonpayment of bill or deposit, subject to Company's compliance with Regulations; (c) any use that adversely affects the Company's network or others use of the network; or (d) use of Services in excess of the Customer's credit limit (if any).

2.2 Responsibility and Use

2.2.1 To obtain service Customer is required to comply in full with any application process reasonably established by Company. This may include, but is not limited to, the execution of a service order or customer agreement, payment of a deposit or advance payment in some or all circumstances, and submitting to a credit check or other verification of ability to pay for services. Refusal to comply with or complete any of these, or a credit check result which is not satisfactory in the sole discretion of the Company, may result in denial of service. Specifically, Company may refuse service to a potential Customer who has an outstanding past-due debt on any other prior or existing account with MCC or any MCC Affiliate.

2.2.2 Company's services are offered to residential subscribers and certain qualifying business subscribers as permitted by this section and others in this tariff. Customer and any User may not use Service to directly or indirectly violate any such law, regulation or requirement, or violate the legal rights of another person, including but not limited to, laws concerning misappropriation of the funds or property of any person; violation of any person's privacy rights; threatening, harassing, or intimidating any person or creating any nuisance; libel; slander; infringement of any patent, copyright, trademark, trade name or trade secret or intellectual property; the transmission of any indecent, obscene, or otherwise unlawful content.

2.2.4 The Customer has no property right in the telephone number, in any other call number designation, or in any other addressing scheme associated with or used in connection with the Company's Services. The Company may change any such numbers, designation, or addressing scheme that are assigned to the Customer, whenever the Company, in its sole discretion, deems it necessary to do so in the conduct of its business, subject to any restrictions in state or federal law.

2.2.5 The Customer may only use MCC Voice Services at the service address provided to Company. Customer may not move the multimedia terminal adapter to another location or otherwise use or attempt to use service under this Tariff from any other location except as expressly provided by Company.

Customer-provided CPE (including telephones, facsimile machines, and other terminal attachments) is solely the responsibility of the Customer and the Company has no responsibility whatsoever for the installation, operation, and maintenance of such CPE. The Customer is solely responsible for all costs of installing, maintaining or repairing customer-provided CPE, including responsibility for any damages caused to Company CPE or facilities.

2.4.2 Except as otherwise agreed to by Company and Customer, the Customer is responsible for ensuring that all attached customer-provided CPE conforms to the FCC's registration requirements set forth in Part 68 of the Code of Federal Regulations (as amended), and the Company may discontinue the provision of Services to any location where customer-provided CPE fails to conform to such regulations.

2.4.3 The Customer will be responsible for payment of service charges at the Company's standard, hourly rates in effect from time to time for visits by any Company personnel, contractors, agents or personnel of Company Affiliates to the Customer's premises in response to any Service difficulty or trouble report determined to be caused, in whole or in part, by the use of any CPE, Services, facilities, or other equipment which is not provided by the Company.

2.4.4 The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities or equipment installed by the Company, except upon written consent of the Company. The Company is not liable for damages, injury, or loss of service caused by actions in violation of this provision; should violation of this provision

cause damage or loss to Company, Customer will be liable for such damage or loss.

2.4.6 Proper installation of Services may require Company to access, modify, or disconnect the Network Interface Device (NID) installed by Customer's prior provider on the outside of Customer's building. Should Customer subsequently terminate service with the Company, Customer may incur charges from an Other Provider to reconnect or modify the NID. Company is not liable for any such charges incurred as a result of Company's need to access, modify, or disconnect the NID.

### 2.5 Customer Premises

Customer shall provide, without cost to Company, any necessary access, space, conduit, and electric power required to terminate the Services at User's premises. The Customer shall arrange for the Company, or Other Providers as required, to have access to User's premises at all reasonable times for purposes of Service installation, Termination, maintenance, inspection and repair. Customer shall be solely responsible for any damage to or loss of Company equipment while on the premises of User, unless such damage is caused by the gross negligence or willful misconduct of the Company, its employees, subcontractors or agents.

### 2.6 Non-Routine Maintenance and Installation

At the Customer's request, the Company may perform installation or maintenance on weekends or times other than during normal business hours; provided, however, Customer may be assessed reasonable, additional charges based on the Company's actual incurred labor, material or other costs for such non-routine installation or maintenance.

---

**2. RULES AND REGULATIONS (cont.)****2.6 Non-Routine Maintenance and Installation (cont.)****2.6.1 Extension of the Company's Facilities**

Company agrees to provide MCC Voice Service as described in Section 3 to all addresses in the service territory as described in subsection 3.2 subject to the density requirements specified in this subsection except as otherwise limited in this Tariff. Whenever Company receives a request for MCC Voice Service from a potential Customer in an unserved area contiguous to Company's or MCC Affiliate's existing distribution facilities where there are at least ten (10) residences or ten (10) separately-owned business properties within 1320 cable-bearing strand feet (one-quarter cable mile) from the portion of Company or MCC Affiliate's trunk or distribution cable which is to be extended, Company shall extend system to provide service at no additional cost to the Customer other than the applicable installation charge provided in Section 4. Extensions under this paragraph are available only where Company and any necessary affiliate have legal authority and the technical feasibility to construct facilities and provide services.

**2.6.2 Customer Charges for Extensions of the Company's Facilities**

If a potential Customer requests MCC Voice Service in a location where it is unavailable, Company, at its option, may provide such service if the Customer agrees to share in the capital cost of such construction. Specifically, Company shall contribute a capital amount equal to the construction cost per mile multiplied by a fraction, the numerator of which equals the actual number of residences or separately owned business properties within 1320 cable-bearing strand feet from the Company or MCC Affiliate's existing trunk or distribution cable, and whose denominator equals ten (10). Customer(s) who requests MCC Voice Service in the area served by the extension shall bear a pro rata portion of the remaining cost to extend. Company may require that payment of Customer's capital contribution be paid in advance. Charges for new facilities construction are not in lieu of, and Customer remains responsible for, all customary installation charges as provided in Section 4. Extensions under this paragraph are available only where Company and any necessary affiliate have legal authority and the technical feasibility to construct facilities and provide services.

---

## 2. RULES AND REGULATIONS (cont.)

### 2.7 Interruption

The Company, without incurring any liability whatsoever, may make Scheduled Interruptions at any time (i) to ensure compliance by the Customer or User with Regulations (including the provisions of this Tariff); (ii) to ensure proper installation and operation of the Customer's and the Company's equipment and facilities; (iii) to prevent fraudulent use of or access to the Services; or (iv) to perform any other maintenance, testing or inspection reasonably required for the provision of Services hereunder. If a customer's service must be interrupted due to maintenance, the Company will notify the affected customer base via a website prescribed for scheduled outage messages, in advance, if possible.

### 2.8 Service Commencement and Acceptance

Billing for Services will commence as of the Service Commencement Date. The Company shall notify the Customer when Services ordered from a Service Order are ready for use. Customer may refuse to accept such Services only if such Services fail to substantially comply with the specifications (if any) therefore set forth in the Service Order or in this Tariff.

### 2.9 Service Order Cancellation

Except as otherwise set forth herein, Customers who cancel a Service Order prior to Service installation (including cancellation of special construction or Services provided on an individual case basis) will pay the Company's reasonably incurred, actual expenses associated with such cancellation. If a Service Order is cancelled less than one business day prior to scheduled initiation of service, Customer may experience loss of dial tone for which Company is not responsible.

### 2.10 Billing and Payments

2.10.I Except as otherwise limited by Regulation, Customer shall be responsible for payment of all charges for any and all use of or access to Services provided to Users, including any unauthorized, unlawful or fraudulent use or access.

---

2. RULES AND REGULATIONS (cont.)

2.10 Billing and Payments (cont.)

2.10.2 Except as otherwise provided in this Tariff or by Regulation, all amounts stated on each monthly invoice are due and payable within twenty (20) days from the invoice date.

2.10.3 Except as otherwise provided in this Tariff, charges for Services will be billed to Customer on a monthly (30 day) basis or under such other terms as may be agreed to by the Company and the Customer in writing. The MRC is billed in advance and any Nonrecurring charges are billed in arrears.

2.10.4 The Company, at its sole option, may Terminate Services without any liability whatsoever in the event Customer fails to pay any invoice within thirty (30) calendar days after the due date stated thereon, subject to five (5) business days' prior written notice with respect to an unpaid bill and twelve (12) business days' with respect to an unpaid deposit, and to any other applicable Commission Regulations. Termination of Services by the Customer or the Company for any reason whatsoever will not relieve Customer of its payment obligations hereunder for all Service charges incurred by Customer through the date of Termination. Customer will be liable for all costs of collection hereunder, including reasonable attorney's fees and charges for travel.

2.10.5 In the event of a dispute concerning a bill, the Company may require the customer to pay a sum of money equal to the amount of the undisputed portion of the bill. Following payment of the undisputed amount, efforts to resolve the complaint, using the complaint procedures set forth in this Tariff, shall continue and for not less than forty-five (45) days after the rendering of the disputed bill, the service shall not be disconnected for nonpayment of the disputed amount. The forty-five (45) days may be extended by up to sixty (60) days if requested of the Company by the Commission in the event the Customer files a written complaint with the Commission. Any dispute concerning a Customer's bill must be made in writing, in person or by a telephone message to the Company within sixty (60) days of the bill date or any claims regarding such bill will be waived.

2. RULES AND REGULATIONS (cont.)

2.11 Late Payment Charge

A charge of five dollars (\$5.00) will be applied to Customer's invoices for Services if (i) the previous month's invoice has not been paid in full by the billing date of the next invoice; and (ii) the balance due is greater than twenty dollars (\$20.00).

2.12 Deposits

2.12.1 To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit may be required if the financial condition of the Customer is not acceptable to the Company or is not a matter of general knowledge.

No written notice is required to be given of a deposit required as a prerequisite for commencing initial service. Written notice shall be mailed advising the Customer of any new or additional deposit requirement. The Customer shall have no less than twelve (12) days from the date of mailing to comply.

A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. A deposit may be required in addition to an advance payment.

A Customer who fails to comply with the deposit requirements may be disconnected under the provisions of the written notice as stated in this tariff.

2.12.2 The deposit shall be not more in amount than the maximum charge for two (2) months of MCC Voice Service or the total combined amount of the Customer's prior two monthly bills, whichever is greater.

---

2. RULES AND REGULATIONS (cont.)

2.12 Deposits (cont.)

2.12.3 Upon discontinuance of service, the Company shall promptly and automatically refund the Customer's deposit plus accrued interest, or the balance, if any, in excess of the unpaid bills including any penalties assessed for service furnished by the Company.

2.12.4 Deposits will accrue interest annually at the rate set in accordance with requirements set forth by the rules of the Commission. Interest shall be paid for the period beginning with the date of deposit to the date of refund or to the date that the deposit is applied to the Customer's account, or to the date the Customer's bill becomes permanently delinquent.

2.12.5 The Company shall annually and automatically refund the deposits of Customers who have paid bills for twelve (12) consecutive months without having had service discontinued for nonpayment or had more than one occasion on which a bill was not paid within the period prescribed and are not then delinquent in payment.

---

## 2. RULES AND REGULATIONS (cont.)

### 2.15 Taxes

The Customer is responsible for payment of any and all federal, state and local taxes or surcharges applicable to the Services, including any applicable municipal or rights-of-way fees, regulatory fees, charges or surcharges for regulatory mandates, excise taxes, sales taxes, and all other applicable fees and taxes. All such taxes and surcharges will be billed by the Company as separate line items or categories on Customer's invoice and are not included in any rates set forth in this Tariff except as indicated in Section 4 for certain optional, transactionally-priced products or services.

### 2.16 Discontinuation and Suspension

2.16.1 Notice. The notice of a pending disconnection shall be a written notice setting forth the reason for disconnection and the final date by which the account is to be settled or specific action taken. The final date shall be not less than five (5) days after the notice is rendered. 2.16.2.A Without notice in the event of a condition on the Customer's premises determined by the Company to be hazardous.
