- ae. During the period July 1, 2010 through May 31, 2011, existing business customers will be eligible to receive two bill credits when they contact the Company to inform them that they have received a better priced offer for the same or comparable service(s) from a competitor, or when they contact the Company to disconnect service(s) and agree to retain their service(s) with the Company. To be eligible, the customer's charges for the specific service(s) for which they have received the offer must equal or exceed \$25 (excluding long distance, taxes, surcharges, and other fees).

The credits will be equal to 50% of the monthly charges for the services that were retained after the customer notified the company of the competitive offer or made a disconnect request (excluding long distance, taxes, surcharges, and other fees), not to exceed \$250 per bill credit. The credits will be reflected on the customer's first and second month bills following the customer's acceptance of this promotion.

A customer with multiple locations is eligible for this promotion at each location for which disconnection is requested, either all at the same time or separately, with the further caveat that the maximum credit available under this offer is \$500 per customer, regardless of the number of service locations, accounts or billing telephone numbers the customer has in service.

The benefits awarded under this promotion may not be combined with the benefits of any other currently available promotion.

- af. During the period October 15, 2010 through **May 31, 2013**, business customers may be eligible for a waiver of all nonrecurring charges (excluding charges applicable for inside wiring, construction, or CPE installation) that are otherwise applicable for installation of a new business line or trunk. (C)

To be eligible, business customers who are contacted by the Company or who contact the Company and request this promotion must subscribe to High Speed Internet (1.5 Mbps or greater) with installation of a new business line or trunk. Packaged services (bundles) that include a business line or trunk are eligible for this promotion. There is no limit on the number of times a customer may place orders for new lines or trunks and receive this promotional benefit during the promotional period.
