Re: Commercial and Industrial Natural Gas Energy Efficiency Initiatives

Dear Secretary:

Enclosed for filing is P.S.C. MO. No. 6, Original Sheet No. 103.1, which is applicable to the Missouri Gas Energy ("MGE") Service Areas of Laclede Gas Company.

This tariff sheet, which has an issue date of January 4, 2016 and an effective date of February 3, 2016, is being filed to extend MGE's commercial and industrial energy efficiency program rebate limit of \$100,000 per business unit to \$100,000 per full tariffed price meter, for those businesses that have multiple meters under a single account number. This tariff change is being filed with the Commission with the approval of MGE's Energy Efficiency Collaborative.

Please bring this filing to the attention of the appropriate Commission personnel.

Sincerely,

/s/Michael R. Noack
