**Re: Substitute Tariff Filing - Tariff Schedule to Adjust FAC Rate of KCP&L**

Dear Mr. Woodruff:

On January 30, 2017, Kansas City Power & Light Company (“KCP&L” or the “Company”) submitted proposed rate schedules to adjust charges related to the Company’s approved Fuel Adjustment Clause (“FAC”), pursuant to 4 C.S.R. 240-20.090(4) of the regulations of the Missouri Public Service Commission (“Commission”). The Company requested an effective date of April 1, 2017 for the proposed rate schedules.

As a result of discussions held between the Company, Commission Staff (“Staff”) and the Office of Public Counsel (“OPC”), the Company is making a substitute tariff filing to address changes from the Company’s original filing made on January 30, 2017 to the 3<sup>rd</sup> Revised Tariff Sheet No. 50.10 Canceling the 2<sup>nd</sup> Revised Tariff Sheet No. 50.10. This substitute tariff filing reflects changes in: 1) the header; 2) the True-up Amount (T) Line 8; and 3) Interest (I) Line 9. These modifications represent presentation issues within the tariff sheet and do not change the Company’s proposed Fuel Adjustment Rate (“FAR”) to be applied to customers’ bills.

The header on the 3<sup>rd</sup> Revised Tariff Sheet No. 50.10 has been updated to clearly designate when the new FAR will be used for billing. Company has included the following language in the header: “Effective for Customer Usage Beginning April 1, 2017 through September 30, 2017”. In the future, the date will change with each semi-annual FAC true-up filing to coincide with the effective dates that the new proposed FAR’s would be applicable.

As described on page 6 of the Direct Testimony of Lisa Starkebaum submitted on January 30, 2017, the Company included two corrections in the filing, as well as the associated interest amounting to (\$1,079). These two corrections related to prior accumulation periods and fell outside of the current third accumulation period; therefore, the Company included the

corrections and interest on True-Up Line No. 8 of the 3<sup>rd</sup> Revised Sheet No. 50.10. Following discussions with Staff and OPC, and after further review of the FAC tariff language, the Company agrees that interest related to these corrections should be reflected on the Interest (I) Line No. 9. The substitute tariff reflects this change in Lines 8 and 9 of the 3<sup>rd</sup> Revised Tariff Sheet No. 50.10.

Please provide a copy of all correspondence, notices, orders, and other communications that relate to this filing to the following as well as undersigned counsel:
