**Re: Substitute Tariff Schedule to Adjust FAC Rate of
KCP&L Greater Missouri Operations Company**

Dear Mr. Woodruff:

Pursuant to 4 C.S.R. 240-20.090(4) of the regulations of the Missouri Public Service Commission (“Commission”), KCP&L Greater Missouri Operations Company (“KCP&L-GMO” or the “Company”) previously submitted proposed rate schedules on June 29, 2018 to adjust charges related to the Company’s approved Fuel Adjustment Clause (“FAC”). The tariff, as originally submitted, had an incorrect Accumulation Period Ending date of March 2018. This substitute tariff filing corrects the date to May 2018 on the 3rd Revised Sheet No. 127.12, consistent with the rider filing. No further changes have been made to the content of the tariff. The proposed rate schedule bears an issue date of June 29, 2018, and an effective date of September 1, 2018.

Please provide a copy of all correspondence, notices, orders, and other communications that relate to this filing to the following as well as undersigned counsel:

Lisa A. Starkebaum
Manager - Regulatory Affairs
Kansas City Power & Light Company

Kansas City, Missouri 64105
Phone: (816) 556-2209
Fax: (816) 556-2110
Email: lisa.starkebaum@kcpl.com

Copies of the proposed FAC-related rate schedules and all supporting materials described in this letter will be served electronically, this date, on the Commission's General Counsel, the Office of Public Counsel, and each party to Case No. ER-2016-0156.

Respectfully submitted,

FAC net includable costs for the 22nd accumulation period, or six-month period covering December 2017 through May 2018, exceeded the base energy costs included in base rates by approximately \$11.5 million for KCP&L-GMO. In addition, the true-up filing for the 19th accumulation period, or six-month accumulation period from June 2016 through November

2016, is being made in conjunction with this tariff filing and reflects an under-collection of approximately \$137K.

In accordance with the FAC for KCP&L-GMO approved by the Commission, the proposed rate schedules are designed to recover 95 percent of those net cost increases. The proposed residential FAC charge will be \$0.00240 per kWh. Based on usage of 1,000 kWh per month, the customer will see a monthly charge of \$2.40. This represents an increase of \$1.14 to a GMO residential customer's monthly bill above the prior FAC.

Direct Testimony and supporting schedules of Lisa Starkebaum are submitted concurrently herewith along with schedules containing the information required by 4 C.S.R. 240-3.161(7), including all workpapers that support the proposed rate schedules.

Copies of the proposed FAC-related rate schedules and all supporting materials described in this letter will be served electronically, this date, on the Commission's General Counsel, the Office of Public Counsel, and each party to Case No. ER-2016-0156.

Respectfully submitted,
