RE: Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty
Case No. GT-2023-0229; Tracking No. YG-2023-0173

Dear Judge Dippell:

On March 17, 2023, Liberty submitted a Verified Infrastructure System Replacement Surcharge (“ISRS”) Application and, separately, a revised ISRS tariff. A cover letter was inadvertently not included with the tariff filing.

Liberty’s current ISRS tariff sheets were established in Commission Case No. GT-2022-0118, effective June 11, 2022. Liberty’s proposed revised ISRS tariff sheets filed under Tracking No. YG-2023-0173 on March 17, 2023, bear a proposed effective date of August 1, 2023.

Please do not hesitate to contact me with any questions or concerns you may have regarding the ISRS submissions.

Sincerely,

Diana Carter
