Dear Secretary of the Commission:

Southwestern Bell Telephone Company, d/b/a AT&T Missouri, is revising Section 9 of its switched access services tariff (P.S.C. Mo.-No. 36) to explain that the company will provide directory assistance requests using an automated directory assistance service. A directory assistance charge will not apply if the automated operator is unable to provide a requested telephone number. The proposed tariff also increases from two to three the number of directory assistance requests allowed per call.

The issued and effective dates of this revision are April 15 and May 15, 2015 respectively.

Please refer any questions on this matter to Craig Unruh on 314.244.9876.

Very truly yours,

/s/ Craig Unruh
