B. Changes in Minimum Protection Criteria, Operations, or Procedures

The Company is not responsible to any party if a change in its MTS components, Minimum Protection Criteria, operations, or procedures, which are consistent with the Registration Program, (1) affects any facilities, customer premises equipment or communications systems provided by others in any way, or (2) requires their modification in order to be used with MTS. However, if such changes can be reasonably expected to materially affect the operating or transmission characteristics of the MTS or render any customer premises equipment or communications system incompatible with MTS, the Company will make a reasonable effort to notify the customer in writing of the proposed change. A reasonable interval will be allowed before the change is implemented to enable the customer to maintain compatibility of its customer premises equipment or communications system with MTS.

1.6.4 Connection to Service Provided by a Local Exchange Carrier

MTS may be connected to services provided by a Local Exchange Carrier. The connections are subject to the regulations in this Tariff and the appropriate tariff(s) of the Local Exchange Carrier.

1.6.5 Connection of a Communications System or MTS Equivalent Service

When a communications system or MTS equivalent service is connected to the Company's MTS, the customer must make all arrangements concerning the connected systems or service with its provider. The connection does not constitute a joint undertaking between this Company and the provider of the system or service. The system or service must be operated and maintained so it will work satisfactorily with MTS. Connections to MTS will be made in accordance with the following:

A. Answer Supervision

When MTS is connected to a communications system which is connected to switching or terminal equipment, such equipment must provide the necessary answer supervision so that chargeable time begins upon delivery of the MTS message to the equipment and ends upon termination of the message by the calling party. C. Communications System Failures

When a communications system fails and the connection to MTS is not through switching equipment, the communications system must be arranged to promptly return the MTS to an idle (on-hook) state. In addition, the customer must promptly notify the Company when the communications system fails.

D. Use of Satellite Facilities

If a communications system uses satellite facilities (directly or indirectly), and is connected to MTS, there may be two or more satellite links involved in the combined connection. In such cases, the Company will not be responsible for and deterioration in the quality of the through transmission of signals on such a connection. (CT)

MO. PUBLIC SERVICE COMMISSION

(MT)

A. General

Minimum Protection Criteria have been specified so that Company personnel, equipment, and services will be protected from the harmful effects of signal power overload, hazardous voltages and longitudinal imbalance. Minimum Protection Criteria applies to the direct electrical, acoustic, or inductive connections of customer premises equipment and communications systems to MTS.

B. All Connections

Customer premises equipment and communications systems which are connected to MTS on a direct electrical basis or an acoustic or inductive basis, must comply with the following:

1. To protect other Company services, it is necessary that the signal which is applied at the demarcation point meets the following limits:

a. Metallic Voltage

- (1) 4 kHz to 270 kHz

| Center Frequency (f) of 8 kHz Band | Max. Voltage All 8 kHz Bands | Terminating Impedance |
|---------------------------------------|---------------------------------|--------------------------|
| 8 kHz to 12 kHz | - (6.4 / 12.6 log f) dBV* | 300 ohms |
| 12 kHz to 90 kHz | (23 - 40 log f) dBV | 135 ohms |
| 90 kHz to 266 kHz | - 55 dBV | 135 ohms |

*dBV = 20 log₁₀ voltage in volts

- (2) The root-mean-square (RMS) value of the metallic voltage components in the frequency range of 270 kHz to 6 MHz shall, averaged over 2 microseconds, not exceed -15 dBV. This limitation applies with a metallic termination having an impedance of 135 ohms.

C. Rates and Charges - (Continued)

Effective December 15, 1998 and ending October 1, 1999 Customers can also subscribe to Unlimited Weekend Calling as specified in AT&T's Interstate Tariff. The Unlimited Weekend Calling option allows Customers to make Dial Station calls all day Saturday and all day Sunday at no additional per minute charge on an unlimited basis up to 1000 minutes per month. Effective July 1, 1999, weekend minutes that exceed 1000 interstate Dial Station minutes in a billing month will be rated at the Dial Station Saturday and Sunday rates as specified in AT&T's Intrastate Tariff. Prior to July 1, 1999, weekend minutes that exceed 1000 interstate Dial Station minutes in a billing month will not incur a per minute rate.

Customers placing any other type of intrastate calling card calls and/or intrastate operator-handled calls will be rated using the rates in Section 1.4.6,H., of this tariff.

D. Application of Charges

The Customer, upon written or verbal notice to AT&T may discontinue enrollment in this Plan. In addition, AT&T will discontinue a Customer's subscription to the Plan when AT&T is notified that the Customer has changed their PIC to a carrier other than AT&T after the Customer has subscribed to this promotion. Discontinuance will be effective as of the date the Customer changed their PIC.

E. Limitations

To qualify for this Plan, Customers who subscribe to AT&T Wireless Service agree to a single AT&T bill itemizing their AT&T wireless and AT&T wireline charges, where such single bill is available to the Customer.

This plan will no longer be available to new subscribers.

C. 00 INFO Service Charges

Calling Card service charges specified in Section 1.4.6.B in this tariff, also apply to calls to "00"INFO when these calls are billed to a Consumer Calling Card.

D. Credit Allowance

A credit allowance will be given for calls to "00"INFO when:

- (1) -the Customer experiences poor transmission or is cut-off during the call,
- (2) -the Customer is given an incorrect telephone number or other incorrect information, or
- (3) -the Customer inadvertently reaches "00"INFO and is charged in error.

To receive the credit, the Customer must notify a Company operator or Company Business Office of the problem experienced.

E. Call Completion

After receipt of a listing(s), Customers may request that AT&T complete one domestic Consumer Telecommunications Service(CTS) call to a requested telephone number without hanging up. AT&T will complete this call with no additional connection charge. For the completed long distance call, DMTS usage charges as well as any applicable service charges apply in addition to the "00"INFO charges incurred for the listing(s).

1.4.25 AT&T IntraLATA Overlay Plan

The AT&T IntraLATA Overlay Plan is an Optional Calling Plan that is compatible with a variety of AT&T calling plans. Specifically AT&T will offer this plan to residential customers in Southwestern Bell exchanges who are enrolled in any AT&T residential calling plan as provided in Tariff F.C.C. No. 27, except for the following plans:

Block of time plans (i.e., Reach Out America), Select Saver, 30-Minute Block of Time Plan, Value Block Promotion, etc., are not eligible for this offer.

This plan will be available to residential customers in Southwestern Bell exchanges who are presubscribed to AT&T, as both their primary interLATA Carrier and their primary intraLATA Carrier. Usage on the Overlay plan will apply towards the threshold for certain discounted plans, such as the AT&T CTS Expanded Savings Plan, but will not be discounted.

Customers must enroll in this offer by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number or by enrolling during a marketing contact by AT&T. Enrollment for this offer will begin on July 3, 1999. The rates under this plan will be effective and applied to enrolled customers' accounts beginning July 26, 1999.

Rates - Residential customers in Southwestern Bell exchanges who enroll in this plan will have all intraLATA direct dialed calling priced at nine cents per minute regardless of time of day. Both initial minutes and additional minutes will be priced the same under this plan.

The AT&T IntraLATA Overlay Plan may be discontinued by the customer upon written or telephone notice to AT&T. In addition, AT&T will discontinue a customer's subscription to the plan, when AT&T is notified that the customer has changed his or her primary interLATA or intraLATA carrier, or both, to a carrier other than AT&T.

This plan is available where facilities and billing capabilities permit.

1.4.25 AT&T Seven Sense Plan - Customers of Consumer Telecommunications who have AT&T as their Primary Interexchange Carrier can enroll in this Plan. Customers can enroll in this offer by completing and returning an enrollment form provided by AT&T, calling an AT&T designated 800 number, by enrolling during a marketing contact with AT&T, or via a company-designated Internet address. (AT)

(a) Eligible Calls - AT&T intrastate Dial Station calls are eligible for the plan rates specified in Section (b) below.

(b) Rates and Charges - Within Missouri interLATA dial station rates are \$0.15 and intraLATA dial station rates are \$0.09. Rates and Service Charges for Calling Card Calls and Operator-Handled Calls apply as specified in Section 1.4.6. of this tariff. The duration of a call, which involves a fractional part of a minute, will be rounded up to the next higher full minute.

(c) Applications of Charges - The Customer upon written or verbal notice to AT&T may discontinue enrollment in this plan. In addition, AT&T will discontinue a Customer's subscription to the plan when AT&T is notified that the Customer has changed their primary interexchange carrier to a carrier other than AT&T after the Customer subscribed to this plan. Discontinuance will be effective as of the date the Customer changed their primary interexchange carrier.

(d) Limitations - Usage from conference calls, 900 Services, 800 Plan P Service, calls to Directory Assistance, Calling Card Calls, Operator Handled calls, AT&T DIRECTORY LINK Service calls, mobile, marine, or cellular services, are excluded from this plan.

This Plan is not available to Customers subscribing to AT&T Low Volume Plan Promotion, AT&T Option A Promotion, any AT&T Simplified Calling Plan Promotions, any AT&T Green Option Promotions, any AT&T Green Sense Promotions, AT&T Value Block Promotion, any AT&T Yellow Sense Promotions, AT&T Joint Vendor Promotion, AT&T Blue Sense Promotion, AT&T Sub-Timing Promotion or any of the AT&T Domestic Optional Calling Plans in Section 4.2. except for AT&T Compare Offer.

(e) Availability Customers, who agree to receive and review their bill on-line via the Internet, must choose to have their monthly long distances charges either: 1) automatically charged to a valid commercial credit card accepted by AT&T, or 2) automatically debited to their personal checking account each month.
