A Term Discount Plan (TDP) provides business Solutions-Business customers who have two or more packages at the same location with discounted rates for the second and each additional package (up to a maximum of eight discounted packages at the same location) when the customers also subscribe to any Embarq Communications, Inc. long distance plan.
- b. Only those Solutions business packages as specified in Section II.C.3.b. are eligible for discounts under this Term Discount Plan. No discount applies on the initial business package subscribed to under this TDP.

- e. Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.

III. CONNECTION CENTRAL BUNDLE (Cont'd) <sup>(1)</sup> (C)

C. TERM DISCOUNT PLAN (TDP)

1. Connection Central Bundle is available under a Term Discount Plan (TDP) for term commitments of one or two years. At the end of the TDP commitment period the customer may renew the TDP for another one or two year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If customers disconnect one or both of the access lines associated with Connection Central Bundle prior to the expiration of the TDP, a termination liability charge will apply for the disconnected line(s). The termination liability charge will be a one-time charge equal to the sum of 50% of the payments that would apply for the remainder of the TDP.
4. If a customer retains the access line(s) associated with Connection Central Bundle, but discontinues any or all of the associated features and services, no termination liability charges will apply. However, all discounts for which the customer was eligible under this TDP will cease as of the date the service(s) and/or feature(s) are discontinued, and the monthly rate for the access lines(s) will default to the applicable tariffed monthly rates.

<sup>(1)</sup> As of July 15, 2011 this service is limited to lines in service for existing customers. (N)

III. CONNECTION CENTRAL BUNDLE (Cont'd)

C. TERM DISCOUNT PLAN (TDP)

1. Connection Central Bundle is available under a Term Discount Plan (TDP) for term commitments of one or two years. At the end of the TDP commitment period the customer may renew the TDP for another one or two year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If customers disconnect one or both of the access lines associated with Connection Central Bundle prior to the expiration of the TDP, a termination liability charge will apply for the disconnected line(s). The termination liability charge will be a one-time charge equal to the sum of 50% of the payments that would apply for the remainder of the TDP.
4. If a customer retains the access line(s) associated with Connection Central Bundle, but discontinues any or all of the associated features and services, no termination liability charges will apply. However, all discounts for which the customer was eligible under this TDP will cease as of the date the service(s) and/or feature(s) are discontinued, and the monthly rate for the access lines(s) will default to the applicable tariffed monthly rates.

C. TERM DISCOUNT PLAN (TDP)

1. MultiLine Bundle is available under a Term Discount Plan (TDP) for term commitments of one, two or three years. At the end of the TDP commitment period the customer may renew the TDP for another one, two or three year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If a customer disconnects any of the access lines associated with MultiLine Bundle prior to the expiration of the TDP, there will be no termination liability charges applicable to MultiLine Bundle regulated services. A termination liability charge is only applicable should the customer also disconnect required non-regulated qualifying companion service(s).
4. Customers must retain a minimum of two MultiLine Bundles. If disconnection of any access line associated MultiLine Bundle(s) prior to the end of the TDP results in only one remaining MultiLine Bundle, that remaining bundle will default to the applicable tariffed rates for the Local Exchange Service access line or key trunk, including Rotary Hunt Service if the line or trunk is so equipped, plus the tariffed rates for the individual features.
5. If a customer retains the access line(s) associated with MultiLine Bundle, but discontinues any or all of the required regulated services then the associated access line(s) will default to the applicable tariffed rates for the Local Exchange Service access line or key trunk, including Rotary Hunt Service if the line or trunk is so equipped, plus the tariffed rates for the individual features.

C. TERM DISCOUNT PLAN (TDP)

1. Hosted MultiLine Bundle is available under a Term Discount Plan (TDP) for term commitments of one or three years. At the end of the TDP commitment period the customer may renew the TDP for another one or three year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If a customer disconnects any or all of the access lines associated with Hosted MultiLine Bundle prior to the expiration of the TDP, a termination liability charge will apply for the disconnected access line(s). The termination liability charge will be a one-time charge equal to the sum of 50% of the remaining payments that would apply for the remainder of the TDP.
4. Customers must retain a minimum of two Hosted MultiLine Bundles. If disconnection of any access line associated Hosted MultiLine Bundle(s) prior to the end of the TDP results in only one remaining Hosted MultiLine Bundle, that remaining bundle will default to the applicable tariffed rates for the Local Exchange Service access line, including Rotary Hunt Service if the line is so equipped, plus the tariffed rates for the individual features.
5. If a customer retains the access line(s) associated with Hosted MultiLine Bundle, but discontinues any or all of the required services prior to the expiration of the TDP, the termination liability charge will be a one-time charge equal to the sum of 50% of the remaining payments that would apply for the remainder of the TDP for each Hosted MultiLine Bundle for which the required services were discontinued, and the associated access line(s) will default to the applicable tariffed rates for the Local Exchange Service access line, including Rotary Hunt Service if the line is so equipped, plus the tariffed rates for the individual features.

C. TERM DISCOUNT PLAN (TDP)

1. Solutions II is available under a Term Discount Plan (TDP) for term commitments of one, two or three years. At the end of the TDP commitment period the customer may renew the TDP one, two or three year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the monthly rate in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. For Complete Business Bundle II, if a customer disconnects any of the access lines prior to the expiration of the TDP, there will be no termination liability charges applicable to regulated services. A termination liability charge is only applicable should the customer also disconnects the Company's non-regulated High-speed Internet when originally purchased as an accompanying qualifier service prior to the expiration of the associated TDP.

For Connected II and Economy Bundle II B, if a customer disconnects any of the access lines prior to the expiration of the TDP, a termination liability charge will apply for the disconnected access line(s). The termination liability charge will be a one-time charge of \$50.00 for each access line associated with Connected II and/or Economy Bundle II B that is prematurely disconnected.

4. If a customer retains the access line(s) associated with a Solutions II business package, but discontinues any or all of the associated regulated features and services, no termination liability charges will apply. However, all discounts for which the customer was eligible under this TDP will cease as of the date the service(s) and/or feature(s) are discontinued, and the monthly rate for the access lines(s) will default to the applicable tariffed monthly rates.

VIII. BUSINESS ASSIST ADVANTAGE PLANS

A. General

Business Assist Advantage Plans are optional business service enrollment plans that permit customers to receive flat rated Local Exchange Service plus features and services for a flat monthly rate, for each Business Assist Advantage Plan business line provided.

B. Regulations

1. Business Assist Advantage Plan customers may terminate their enrollment in the plan at any time upon notice to the Company.
2. Unless terminated by the Business Assist Advantage Plan customer or the Company, a customer will remain enrolled in the plan, as amended from time-to-time, with any applicable changes in rate, for as long as the plan continues to be offered by the Company.
3. The plan is not available with Business ISDN-BRI Service lines, Payphone Line Service, to customers who are or become toll restricted. Rotary Line Service, as defined in Section 13, is not available in conjunction with the Plan unless Rotary Line Service is included in a specific Business Assist Advantage Plan Package. The Plan cannot terminate to a PBX or any other line trunking device, unless indicated for a specific Business Assist Advantage Plan Package.
4. A customer may subscribe to a maximum of ten (10) Business Assist Advantage Plan business lines for each customer location, except as specified following. There is no per location limit on the number of business lines that can be enrolled with Business Assist Basic Plan or Business Assist Basic Plan Plus.
5. Service Connection Charges, as described in Section 4 of this tariff, apply for new and additional Business Assist Advantage Plan lines, and moves of existing lines.
6. Service Charges do not apply when Business Assist Advantage Plan replaces existing Local Exchange Service. Service Connection charges do apply when Customers request a change from a Business Assist Advantage Plan option back to Local Exchange Service.
7. Business Assist Advantage Plan customers are not eligible for promotional offerings associated with the Custom Calling Services and/or ExpressTouch features included in the plan, unless specifically provided for in a promotional offering.
8. Service Charges will not apply for those existing lines converted, in-place, to business exchange service due to company-initiated toll restrictions. In addition, any optional services not affected by the toll restriction will convert to their applicable tariff rates. Such customers will not be permitted to re-enroll in this Plan until such time as all associated unpaid balances are satisfactorily paid in full.

B. Regulations (Cont'd)

- 9. Prices of the individual services included in the Business Assist Advantage Plan may be higher or lower than the packaged offering. Business Assist Advantage Plan is available for as long as the customer retains all of the required services. IX. PREPAID LOCAL TELEPHONE SERVICE BUNDLES

A. GENERAL

Prepaid Local Telephone Service (PLTS) is a residential payment plan where the Customer agrees to prepay the first month's service for an amount equal to one month's billing. Service includes, but is not limited to, a monthly service fee, optional service fees and applicable taxes. If the Customer wishes to receive service after the first month, the Customer agrees to prepay an amount equal to one month's billing which includes all services contracted for by the Customer at the time of application, taxes, fees and charges. Taxes, fees and charges as well as charges for Optional Services will be itemized separately on the Customer's monthly statement.

Customers will be sent a monthly statement for service during the following month. The statement will be mailed to the customer approximately fifteen days prior to the date on the statement. The customer must pay at the retail location where service was initially established or may call in to pay or pay in advance to avoid disconnection.

B. REGULATIONS

1. Customers who are unable to pay the required charges to maintain their present local service may activate a PLTS plan.
2. New customers who do not qualify for local service due to a poor credit history may subscribe to PLTS.
3. Service Charges do not apply for installation of PLTS.
4. The monthly rate for PLTS shall be in addition to any surcharges and fees established or authorized by a government entity, including but not limited to 911, subscriber line charge, sales tax and municipal fees.
5. Customers are entitled to DA call allowances. All charges for additional Directory Assistance inquiries as specified in Section 40.II. of this Tariff must be paid in full when the next month's prepayment for PLTS is remitted.
6. To prevent any additional charges, subscribers to PLTS will be required to have mandatory toll blocking and pay-per-use blocking placed on their telephone line and will not be permitted to originate direct dialed 1+ or 0-/0+ toll services or caller-paid information services. It is the customer's responsibility not to make or receive calls for which additional charges are billed to the customer's telephone number. Subscribers to PLTS will have access to Directory Assistance, toll-free numbers, 911 service and dual party relay service.
