Rules and Regulations Governing Rendering of  
Water Service

**Rule 15 ADVANCED METERING INFRASTRUCTURE (AMI) OPT-OUT**

- A. Customers receiving Residential Service have the option of refusing the installation of remotely read metering or requesting the removal of previously installed remotely read metering. In such instances, non-standard metering equipment will be installed that requires a manual meter read. Customers requesting non-standard metering service after April 1, 2020, will be charged a one-time setup charge per meter. For all customers requesting non-standard metering services, a monthly recurring Non-Standard Meter Charge will apply. Charges are listed on the Schedule of Service Charges.
- B. For customers that chose to opt-out prior to the AMI meter being set (i.e., there is no additional visit to the premises to install a non-communicating meter): the one-time setup fee would not be assessed because there was no new meter set required, but the ongoing monthly fee would still be applicable.
- C. In circumstances where a customer has multiple meters located at the same premises, the monthly Non-Standard Meter Charge will apply to the first meter, and the monthly Non-Standard Subsequent Meter Charge will apply to all additional meters of that customer located on the same premises.
- D. In the normal course of business, Company replacements of meters may occur. To the extent that a customer denies, either through physical impediments, verbal denial or threats of violence, access to property or metering installation, or fails to establish a suitable time for access, customers will be notified, in writing, that failure to provide access will result in customer being considered an opt-out customer not sooner than 30 days after Company’s notice. Company’s notification will include information for the customer to understand the financial impact of the opt-out status.
