SECTION II-RULES AND REGULATIONS

1. Description of Service

MO. PUBLIC SERVICE COMM.

- 1.1 For purposes of this tariff, the service provided by Company is the resale of interLATA and intraLATA interexchange telecommunications services within the State of Missouri.
- 1.2 The facilities of the Company will be available as soon as practicable upon receipt of an order between those points in different LATAs as specified. Interconnection of the Company's facilities with the facilities of other duly authorized and regulated communications common carriers, and with International Record Carriers ("IRCs"), will be permitted.
- 1.3 The obligation of the Company to provide service is dependent upon its ability to procure and maintain facilities which are required to meet the subscriber's order for service. The Company will make all reasonable efforts to secure the necessary facilities and will amend its tariff accordingly, providing such new service will not adversely affect the Company's present services.
- 1.4 Company, when acting on the subscriber's request, and as subscriber's authorized agent, will make reasonable efforts to arrange for service requirements which may include terminal equipment, circuit conditioning, or connection access.
- 1.5 To use Company's service, the Customer accesses the Company's system, the Customer's phone number or security code is verified and the call is processed.

In addition, an existing subscriber may be required to make a deposit or increase a deposit presently held.
- 3.2 A deposit is not to exceed the average charges for two (2) months service for that class of service.
- 3.3 A deposit will be returned:
- 3.3.1 When an application for service has been cancelled prior to the establishment of service. The deposit will be applied to any charges applicable in accordance with the tariff and the excess portion of the deposit will be returned within 21 days of final bill.
- 3.3.2 At the end of twelve (12) months of a satisfactory credit history.
- 3.3.3 Or upon the discontinuance of service. The Company will refund the subscriber's deposit or the balance in excess of unpaid bills for the service within 21 days of final bill.
- 3.4 The fact that a deposit has been made in no way relieves the subscriber from complying with the regulations with respect to the prompt payment of bills on presentation.

- 4.3 Service may be arranged for joint use or authorized use. The joint or authorized user shall be permitted to use such service in the same manner as customer, but subject to the following:

4.3.1 One joint or authorized user must be designated as the subscriber. The designated subscriber does not necessarily have to have communications requirements of their own. The subscriber must specifically name all joint or authorized users in the application for service. Orders which involve the start, rearrangement, or discontinuance of joint or authorized use service will be accepted by Company only from that designated subscriber and will be subject to all regulations in this tariff.

4.3.2 All charges for the service will be computed as if the service were to be billed to one subscriber. The joint user or authorized user which has been designated as the subscriber will be billed for all components of the service and will be responsible for all payments to Company. In the event that the designated customer fails to pay the Company each joint user or authorized user shall be liable to the Company for all charges incurred as a result of its use of Company service.

- 4.4 Service may be arranged for use by Other Common Carriers for the purposes of resale subject to the following:

4.4.1 Other Common Carriers will be responsible for charges, costs, etc., incurred by Company with respect to services as referenced in this tariff.

4.4.2 Other Common Carriers are responsible for all interaction and interface with their own subscribers or customers.

- 21.1 The Company will make every effort to reserve "800/888" vanity numbers on behalf of customers, but makes no guarantee or warranty that the requested 800/888 number(s) will be available or assigned to the customer requesting the number.
- 21.2 If a customer accumulates undisputed past-due charges, the Company reserves the right not to honor the customer's request for a change in 800/888 service to another carrier (e.g., "porting" of the 800/888 number), including a request for a Responsible Organization (Resp Org) change, until such time as all charges are paid in full.
- 21.3 800/888 numbers shared by more than one customer, whereby individual customers are identified by a unique Personal Identification Number, may not be assigned or transferred for use with service provided by another carrier. Subject to the limitations provided in this tariff, the Company will only honor customer requests for change in Resp Org or 800/888 service provider for 800/888 numbers dedicated to the sole use of that single customer.
- 21.4 In all cases of assignment or transfer, written acknowledgement of the customer is required prior to such assignment or transfer. All regulations and conditions contained in this tariff shall apply to such assignee or transferee.

3. Calculation of Charges and Distance

MO. PUBLIC SERVICE COMM.

- 3.1 Chargeable time for calls will begin when connection is established between calling party and called party. Chargeable time ends when the calling station "hangs up", thereby releasing the network connection. If the calling station does not hang up, chargeable time ends when the network connection is released by automatic timing equipment in the network.
- 3.2 Charges for Company's service(s) are based on the distance and duration of the call, monthly usage, and the rate period (Day, Evening, Night) when the call is placed.
- 3.3 Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. For the purpose of determining airline mileage, vertical and horizontal grid lines have been established across the United States and Canada. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in statute miles. A vertical (V) and a horizontal (H) coordinate is computed for each local exchange company primary serving office and serving office from its latitude and longitude location by use of appropriate map-projection equations. A pair of V-H coordinates locates a primary serving office or serving office for determining airline mileage, at a particular intersection of an established vertical grid line with an established horizontal grid line. The distance between any two primary serving offices or serving offices is the airline mileage computed as follows:

FORMULA:
$$\sqrt{\frac{(V - V_2)^2 + (H_1 - H_2)^2}{10}}$$

3. Calculation of Charges and Distance

- 3.1 Usage charges are based on the actual usage of Company's Network.
- 3.2 Charges for Company's service(s) are based on the distance and duration of the call, monthly usage, and the rate period (Day, Evening, Night) when the call is placed.
- 3.3 Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. For the purpose of determining airline mileage, vertical and horizontal grid lines have been established across the United States and Canada. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in statute miles. A vertical (V) and a horizontal (H) coordinate is computed for each local exchange company primary serving office and serving office from its latitude and longitude location by use of appropriate map-projection equations.
