

Name of Utility: S.K.& M. Water and Sewer Company

Service Area: Unincorporated Area in Perry Couty, MO

**SCHEDULE OF RATES  
FOR WATER SERVICE**

Rate Schedule No. W-1 – General Service

Availability

Availability to any water customer located on the company's water distribution mains suitable for supplying the service requested.

Minimum Monthly Charge            5/8" Meter    \$6.55  
    1"     Meter    \$16.36

Water Usage Charge                    \$2.76 per thousand gallons used

Emergency Rate, all meter sizes                    \$11.55

The Emergency Rate shall be in effect on a "subject to refund basis" through completion of the Company's pending operating revenue increase request (PSC File No. WR-2019-0158) or 8/27/2019, whichever occurs earlier. To the extent the combination of this interim rate and the regular monthly service charge exceeds the new permanent rates set as a result of the operating revenue increase request, the difference in those rates multiplied by the months collected multiplied by the applicable customers shall be refunded through a reduction in the new permanent rates.

Bulk Sales                                    \$2.75 per 1,000 gallons

Taxes

Any applicable federal, state, or local taxes computed on billing basis shall be added as separate items in rendering each bill.

Meter Replacement/Installation Surcharge:

A monthly surcharge of \$1.50 will be added to the bills of any customer that has a meter replaced or that has a meter installed where one did not previously exist. The total proceeds from this surcharge will be accounted for separately from other Company funds and the portion of the proceeds that is equivalent to \$1.00/month/customer will be used to offset the Company's investment in meter installations for ratemaking purposes. The surcharge proceeds collected will be reviewed annually and the surcharge will be subject to change based upon changes in the cost of replacing or installing meters, billing and collection history, or other such good cause as may exist; provided, however, that the Commission must approve any changes to the surcharge. The surcharge will terminate for each affected meter replacement or installation when the Company's rates change as a result of a rate case, or eight years after the date of the subject replacement or installation, whichever occurs first.

Issue Date:            November 30, 2018  
                                  Month /Day/Year

Effective Date:    December 30, 2018  
                                  Month /Day/Year
