- .1 200 Block of Time Gold is an outbound only long distance optional calling plan. This optional calling plan is available to new and existing Residential Customers that (1) use Switched Access to reach the long distance network; (2) subscribe to the following products, services or features provided by an Affiliated LEC or Affiliated CLEC: CallerID Name and Number and a minimum of three products, services or features from Group A Large Package as defined in Section 1 of this Tariff; (3) subscribe to an Affiliated LEC's or Affiliated CLEC's Group B Large Package as defined in Section 1 of this Tariff; (4) request to be provisioned under this optional pricing plan; (5) demonstrate to the satisfaction of the Company at the time of subscribing to the plan that the Residential Customer also subscribes to the products, services, and/or features described in Section 3.4.3 (Q).1 (2) and (3) of this Tariff; (6) provide the Company the same billing name and address for all services required to subscribe to 200 Block of Time Gold; and (7) limit the use of Service to that which is of a standard, domestic, residential nature.

Customers or End Users can access the Service by dialing 1 + the area code + the called telephone number. All calls are billed in increments of one (1) minute subject to a minimum connect time (initial period) of one (1) minute. This optional pricing plan is established at the BTN level. If a Customer selects a different price plan for specific WTN(s), the Customer is required to establish a separate BTN for each variation.

All usage in excess of the selected block of time will be billed at a fixed rate per minute. Any minutes not used in a billing cycle will not be carried over to the next billing cycle. No credits will be given for any unused minutes.
- .5 Depending on the block-of-time rate option selected by the Customer, plans are available for night/weekend (off-peak) calling and anytime calling. The night/weekend or off-peak rate period is from 9:00 p.m. to but not including 7:00 a.m. Monday through Friday and 9:00 p.m. Friday to but not including 7:00 a.m. Monday.
- .6 Total monthly usage in a given block of time is determine by measuring each call individually and rounding the call to the next full minute on a per-call basis. Calls are billed based on the rate in effect for the actual time-of-day rate period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rate in effect in that boundary for each portion of the call.
