SECTION 4 - END USER NETWORK ACCESS SERVICES**RECEIVED****4.13 Business Local Service****SEP 15 1998**

(N)

4.13.1 Description**MO. PUBLIC SERVICE COMMISSION**

Business Local Service provides a Customer with an analog, voice-grade telephonic communications channel that can be used to originate or terminate one call at a time. Business Local Service lines are provided for connection of Customer-provided single-line terminal equipment such as station sets or facsimile machines.

Business Local Service also provides Customers with the option to select Business Trunks, which are designed to handle high traffic volumes associated with connection to Customer provided Private Branch Exchange (PBX) equipment. The Customer may opt to utilize Business Trunks for outgoing calls only (DOD), incoming to an attendant, incoming calls without utilizing an attendant (DID) or a combination of both inbound and outbound calls. When the Customer elects to utilize Business Trunks for both inbound and outbound calls, they may choose Combo service which allows incoming calls to an attendant only or they can elect to utilize DID/DOD service which allows incoming calls to be terminated directly to an End User behind a PBX or capable Key System. When DID or DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

Customers utilizing Business Local Service must subscribe to a sufficient number of access lines to handle adequately the volume of traffic offered (received or originated) without interfering with any of the services offered by the Company. The number of access lines required to handle adequately such traffic will be determined by Company measurements. In the event that an inadequate number of lines causes interference, the Company shall have the right to discontinue service without prior notification to the Customer.

Business Local Service is offered as a stand-alone product, or in conjunction with an associated interLATA long distance service offering provided by AT&T (Seamless Link offering).

4.13.8 Business Local Service/Digital Link Prime Promotional Program

From October 15, 1998 through March 15, 1999, new retail end user customers who order Business Local Service, Digital Link Prime, and/or Digital Link Prime PRI services will be eligible to receive a credit equal to the standard installation charges for these services. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to the installation charges. Credit will be applied to the first month's bill following installation of service. This promotion is only valid where facilities permit. Service must be installed by April 30, 1999. This promotional program is not valid with any other Company promotional program or in conjunction with services under contract or priced on an Individual Case Basis. If the customer terminates service before the end of the commitment period, the Customer will be responsible to pay any of the installation charges waived under this program. The customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 4 - END USER NETWORK ACCESS SERVICES Missouri Public
Service Commission**4.14 Digital Link Prime**

REC'D APR 09 1999

(Digital Link Prime is only available to current Digital Link Prime Customers as of May 11, 1999)

(N)

A) Description

Digital Link Prime provides trunk connections from an end user's Private Branch Exchange, Key System, or other DS1-capable device to the TCG Switch Port. Digital Link Prime is available as a DS1 (1.544 Mbps) connection providing 24 voice-grade DS0 communications channels. Digital Link Prime is available on a month-to-month basis, or on a 1, 2, or 3 year term commitment.

The Customer may opt to utilize Digital Link Prime for outgoing calls only (DOD), incoming calls only (DID) or a combination of both inbound and outbound calls. When the Customer elects to utilize Digital Link Prime for both inbound and outbound calls, they may choose Combo service which allows incoming calls to an attendant only or they can elect to utilize DID/DOD service which allows incoming calls to be terminated directly to an End User behind a PBX or capable Key System. When DID or DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

Digital Link Prime trunks configured for Inbound and Outbound calling functionality that, upon detection by the Company, exceed 90% utilization for inbound calling will be subject to the rates, terms and conditions for the High Volume Inbound Calling option listed below.

B) Term Discounts

Customers who commit to 1, 2, or 3 year term commitments are eligible to receive the discounts shown in Section 4.14(H)(8) on the monthly recurring charges, local usage charges, and intraLATA toll usage charges associated with their Digital Link Prime service. Discounts are calculated based on the term commitment and total revenue in billing period from qualifying usage and charges. Discounts are applied to the total amount of qualifying revenue in a billing period.

4.14 Digital Link Prime - cont'd.**C) High Volume Inbound Calling Option****MO. PUBLIC SERVICE COMM**

Digital Link Prime can be configured to support high volumes of inbound calling. The High Volume Inbound Calling option is not available with wink start signaling. This option will support a maximum of two rate centers per facility or trunk group within the TCG- designated service area. Rates for the Digital Link Prime High Volume Inbound Calling Option are listed in Section 4.14(H) following.

Per subscribed Rate Center, the Customer is required to subscribe to a sufficient number of trunks so as to not degrade the TCG network below an incoming call completion rate of 99%. The call completion rate is based on an average of the busy hours occurring during the Customer's busiest hours during the billing cycle. Once the service has been established, the Company may require the Customer to increase the number of Digital Link Prime trunks to satisfy the call completion criteria listed above. Subject to the availability of facilities, Customers may request the High Volume Inbound Calling Option to be provisioned from a Rate Center other than that normally assigned by the Company.

D) Monthly Recurring Charges

Digital Link Prime is subject to monthly recurring charges on a per facility basis. Monthly recurring charges are listed in Section 4.14(H)(2) following.

SECTION 4 - END USER NETWORK ACCESS SERVICES **Missouri Public Service Commission****4.15 Digital Link Prime PRI Service**

REC'D APR 09 1999

(Digital Link Prime PRI is only available to current Digital Link Prime PRI Customers as of May 11, 1999) (N)

A) Description

Digital Link Prime PRI service is an optional service arrangement for local exchange access based on the Primary Rate Interface (PRI) arrangement of the Integrated Services Digital Network (ISDN). Digital Link Prime PRI is a high capacity access path for communications providing voice or 64K data transmission over the Company's exchange network..

B) Explanation of Terms

- 1) Circuit Switching -A switching technique in which an entire circuit or, in a digital switch equipped for ISDN, a specific selection of time slots is dedicated to a given call.
- 2) Digital Link Prime Primary Rate Interface (PRI) -Digital Link Prime PRI is an alternative for individual or local exchange access loop services such as Direct Inward Dialing (DID), Direct Outward Dialing (DOD), and business dial tone lines. It can also be used as loop transport for circuit switched data applications. Digital Link Prime PRI is provisioned on the 1.544 megabits per second (Mbps) bandwidth and uses ISDN architecture of 23 B or bearer channels and 1 D or data channel or 24 B channels to provide the Customer with the capabilities or simultaneous access, transmission, and switching of voice, data, and imaging services via channelized transport. In addition, Digital Link Prime PRI provides the Customer with the service capabilities and features described herein.
- 3) Integrated Services Digital Network -Integrated Services Digital Network (ISDN) describes the end-to-end digital telecommunications network architecture that provides for the simultaneous access, transmission, and switching of voice, data, and imaging services. These functions are provided via channelized transport facilities over a limited number of standard user-network interfaces. The ISDN architecture consists of digital switching systems that connect Primary Rate Interfaces lines to their serving central office.

SECTION 4 - END USER NETWORK ACCESS SERVICES**4.15 Digital Link Prime PRI - cont'd.**

(N)

B) Explanation of Terms - cont'd.

- 4) Network Interfaces -ISDN Primary Rate Interface is comprised of a limited set of standard user-network interfaces. The PRI Customer Premises Equipment (CPE) located at the customer premises must be compatible with the network interface, which is a metallic four-wire telephone loop interface between a switch equipped with ISDN and the Network Termination (NT2). The NT2 is customer premises equipment required for providing physical compatibility in terminating telephone facilities at the customer premises.
- 5) PRI Line Group -A PRI Line Group is a group of channels which are designated as one of the following:
- Incoming Business Dial Tone Line Group
 - Outgoing Business Dial Tone Line Group
 - Two-Way Business Dial Tone Line Group
 - Call-by-Call Service Selection Line Group

Only one Call-by-Call line group may be provisioned on a Digital Link Prime PRI Arrangement. Where available, up to two of the other line group types may be provisioned on a Digital Link Prime PRI Arrangement. The total number of line groups per PRI Arrangement is limited to three. The capability to assign other than Call-by-Call line groups varies by central offices switch type.

- 6) Primary Rate Access Facility -Primary Rate Access Facility provides a high capacity access path at a transmission speed of 1.544 megabits per second (Mbps) for communications between the Customer's premises and the serving central office. Each Primary Rate Access Facility supports one Digital Link Prime PRI arrangement.
- 7) Primary Rate Interface Arrangement -Digital Link Prime PRI Arrangement is a service providing ISDN capabilities between the customer premises and the serving central office. The PRI Arrangement consists of 23 "B" channels and one "D" channel or 24 "B" channels, which are defined as follows:

B Channel -The B Channel is a 64 kilobits per second (Kbps) channel used for information transfer between users at 56Kbs/64Kbs. The B channel may be used in conjunction with circuit-switched services (e.g., voice and/or data).

D Channel -The D Channel is a 64 kilobits per second (Kbps) channel that carries signaling and control for the B channels.

FILED OCT 26 1998

SECTION 4 - END USER NETWORK ACCESS SERVICES**4.15 Digital Link Prime PRI - cont'd.**

(N)

B) Explanation of Terms - cont'd.

- 8) Software Defined Lines -Software Defined Lines are lines which are provisioned on the Primary Rate Access Facility by establishing their identity in central office/PBX/ centrex translations. These lines physically ride on the 4-wire ISDN Primary Rate Access Facility.
- 9) Simulated Facility Group -A Simulated Facility Group is a software-defined register used to limit the number of simultaneous calls with specific attributes.

C) Customer Premise Equipment (CPE)

The CPE used by the customers subscribing to Digital Link Prime PRI must comply with ISDN Primary Rate Interface specifications as designated by the Telephone Company or BellCore.

D) Service Capabilities

- 1) Transport Customer information in the form of circuit-switched voice or data up to 64 Kbps over any B channel.
- 2) Allow, where available, one D channel to control up to 20 PRI Arrangements. In such cases, a single D channel in one PRI Arrangement handles all the signaling and control requirements of multiple PRI Arrangements to consist of 24 B channels.
- 3) Allow B channels to be allocated for specific services, such as Direct Inward Dialing (DID) and Direct Outward Dialing (DOD), or configure channels to access multiple services on a Call-by-Call basis. All of the preceding services may be accessed on a Call-by-Call Service Selection basis.
- 4) Allow the user to have access to the directory number of the calling party where the number is provided to the Company by the LEC or IXC.
- 5) Customers may originate or terminate local,intraLATA toll and long distance calls. The Customer will be billed tariffed rates by the Company or the IXC carrier for such usage. For rates and service description of the Company's Local Calling Service that is available for Digital Link Prime PRI service, see Section 4.14 (F) and (H). For rates and service description of the Company's IntraLATA Toll Service that is available for Digital Link Prime PRI service, see Section 4.14 (G) and (H).

(N)

E) Conditions

This service is offered subject to the following conditions:

- 1) Digital Link Prime PRI is only available from serving central offices equipped with the necessary facilities to provide PRI service. Feature availability and service capabilities are dependent on the facilities and digital technology providing the service.
- 2) ISDN-compatible terminal equipment is required for operation. It is the Customer's responsibility to power and obtain such equipment.
- 3) Digital Link Prime PRI service does not preclude customers from originating or receiving circuit-switched voice calls from inside or outside either their serving central office or their Local Exchange Area. Where facilities are available, Customers will be able to originate and receive circuit-switched data calls outside their serving central office.
- 4) This tariff does not provide for the transmission of packet data on the B or D channels. Packet data is not offered on the B or D channels.
- 5) Existing local usage or MTS rates apply to circuit-switched voice and data calls. Circuit-switched data calls will be billed on a local usage-sensitive basis as specified in this tariff. Toll charges will apply when the circuit-switched data calls are made outside the Customer's Local Calling Area.
- 6) All PRI Arrangement configurations must have at least one 23B+D PRI Arrangement for signaling and control functions. A 23B+Backup D PRI Arrangement is required whenever more than 47 B channels are controlled by a single D channel.
- 7) When more than one Company service is accessed over the same Digital Link Prime PRI Arrangement, Call-by-Call Service Selection may be required.
- 8) Each line group is equipped with one telephone number. Additional numbers may be ordered in blocks of 10 or 100 numbers as described herein.

SECTION 4 - END USER NETWORK ACCESS SERVICES**4.15 Digital Link Prime PRI - cont'd.**

(N)

E) Conditions - cont'd.

- 9) At the Company's discretion, the Company may reconfigure the Customer's service from Digital Link Prime PRI to Digital Link Prime High Volume Inbound Calling Option if the Customer's Digital Link Prime PRI usage meets one or more of the following criteria: (1) equals or exceeds 90% utilization for inbound calling, (2) equals or exceeds an average call duration of 10 minutes per call, (3) equals or exceeds CCS loading of 32 CCS, and (4) equals or exceeds 300,000 minutes of use per PRI. The Customer will be charged rates for Digital Link Prime High Volume Inbound Calling Option as shown in Section 4.14 (H). The Company reserves the right to audit the Customer's Digital Link Prime PRI usage for the above conditions.

F) Features

- 1) Backup D Channel: Automatically takes over for a failed D channel in case of trouble. This is provided as part of a 23B+Backup D PRI Arrangement.
- 2) Call-by-Call Service Selection (CBC): Provides an alternative to the Dedicated B Channel Configuration allowing B channels to be configured to access multiple services on a per-call basis. With this feature, separate facilities are not needed for individual services such as DID, DOD, and business dial tone lines. The customer premises equipment signals the local serving central office as to what type of services to access for each call.
- 3) Calling Party Number (CPN): Allows the user to have access to the directory number of the calling party. Provision of per-call and line blocking capabilities is a function of the customer premises equipment and is the responsibility of the customer. CPN will forward the calling party number to the extent that the CPN is forwarded to the Company by the LEC or IXC.
- 4) Multiple Facility Signaling Control: Allows the D channel of one PRI Arrangement to provide signaling for up to 20 PRIs terminating on a switch module.

(N)

G) Application of Rates

- 1) Business dial tone line functionality is included in the Digital Link Prime PRI Service rates and charges.
- 2) When DID numbers are ordered from the preceding, a DID line connection service charge applies for each B channel dedicated to DID service, or DID-simulated facility group member over which DID numbers are transmitted.
- 3) When a Customer converts existing DSI facilities provided under PrimeXpress Service to Primary Rate Access Facilities, installation charges for the Primary Rate Access Facility are waived.
- 4) Hunting Service is included in Digital Link Prime PRI rates.
- 5) Local Calling Service is available with Digital Link Prime PRI service. See Section 4.14 (H)(6) for rates and service description for Local Calling Service.
- 6) IntraLATA Toll Service is available with Digital Link Prime PRI service. See Section 4.14 (H)(7) for rates and service description for IntraLATA Toll Service.

H) Payment Options

A Digital Link Prime PRI is provided on a month-to-month basis or on a one-, two- or three-year term commitment. All PRI services and features at a given premises must be subscribed to the same payment option.

I) Additions to Service

During the contract period, the customer may add PRI services at the same monthly rate as specified in the initial contract. The contract period for these additional services will end coterminous with the initial contract, but in no case will the remaining term be less than one year for all facilities under this contract.

4.16 Prime Digital Trunk

4.16.1 Description

Prime Digital trunk (PDT) is a fractional digital switched service that provides trunk connections from an end user's Private Branch Exchange or capable Key System to the Company Switch Port. Prime Digital Trunk is delivered via a DS1 (1.544 Mbps) facility providing up to 23 voice-grade DS0 communications channels. Prime Digital Trunk is available on a 1, 2, or 3-year term commitment.

The Customer may opt to utilize Prime Digital Trunk service for outgoing calls only (DOD), incoming calls only (DID), or a combination of both inbound and outbound calls. When the Customer elects to utilize Prime Digital Trunk for both inbound and outbound calls, they may choose Two-Way service which allows incoming calls to an attendant only or they can elect to utilize DID/DOD service which allows incoming calls to be terminated directly to an end user behind a PBX or capable Key System. When DID or DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

(D)
|
|
(D)

Per subscribed Rate Center, the Customer is required to subscribe to a sufficient number of trunks or channels so as not to degrade the Company's network below an incoming call completion rate of 99 percent. The call completion rate is based on an average of the busy hours occurring during the Customer's busiest hours during the billing cycle. Once the service has been established, the Company may require the Customer to increase the number of PDT trunks or channels to satisfy the call completion criteria listed above.

SECTION 4 - END USER NETWORK ACCESS SERVICES

4.16 Prime Digital Trunk

4.16.1 Description

Prime Digital trunk (PDT) is a fractional digital switched service that provides trunk connections from an end user's Private Branch Exchange or capable Key System to the Company Switch Port. Prime Digital Trunk is delivered via a DS1 (1.544 Mbps) facility providing up to 23 voice-grade DS0 communications channels. Prime Digital Trunk is available on a 1, 2, or 3-year term commitment.

The Customer may opt to utilize Prime Digital Trunk service for outgoing calls only (DOD), incoming calls only (DID), or a combination of both inbound and outbound calls. When the Customer elects to utilize Prime Digital Trunk for both inbound and outbound calls, they may choose Two-Way service which allows incoming calls to an attendant only or they can elect to utilize DID/DOD service which allows incoming calls to be terminated directly to an end user behind a PBX or capable Key System. When DID or DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company. When PDT is used to provision the Company's CERFtone internet service, each PDT facility can support up to 22 voice switched exchange channels instead of 23.

Per subscribed Rate Center, the Customer is required to subscribe to a sufficient number of trunks or channels so as not to degrade the Company's network below an incoming call completion rate of 99 percent. The call completion rate is based on an average of the busy hours occurring during the Customer's busiest hours during the billing cycle. Once the service has been established, the Company may require the Customer to increase the number of PDT trunks or channels to satisfy the call completion criteria listed above.

4.16 Prime Digital Trunk

AUG 25 1999

4.16.1 Description

Prime Digital trunk (PDT) is a fractional digital switched service that provides trunk connections from an end user's Private Branch Exchange or capable Key System to the Company Switch Port. Prime Digital Trunk is delivered via a DS1 (1.544 Mbps) facility providing up to 23 voice-grade DS0 communications channels. Prime Digital Trunk is available on a 1, 2, or 3 year term commitment.

The Customer may opt to utilize Prime Digital Trunk service for outgoing calls only (DOD), incoming calls only (DID), or a combination of both inbound and outbound calls. When the Customer elects to utilize Prime Digital Trunk for both inbound and outbound calls, they may choose Two-Way service which allows incoming calls to an attendant only or they can elect to utilize DID/DOD service which allows incoming calls to be terminated directly to an end user behind a PBX or capable Key System. When DID or DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company. When PDT is used to provision the Company's CERFtone internet service, each PDT facility can support up to 22 voice switched exchange channels instead of 23.

Per subscribed Rate Center, the Customer is required to subscribe to a sufficient number of trunks or channels so as not to degrade the Company's network below an incoming call completion rate of 99 percent. The call completion rate is based on an average of the busy hours occurring during the Customer's busiest hours during the billing cycle. Once the service has been established, the Company may require the Customer to increase the number of PDT trunks or channels to satisfy the call completion criteria listed above.

4.16.2 Rate Regulations

The following rate elements apply to Prime Digital Trunk service:

- A) Per Active Channel (PAC) charge - monthly recurring charge applicable to each active DS0 channel. A minimum of 12 PACs must be ordered per PDT facility.
- B) Non-recurring installation charges are applicable for each DS0 channel.
- C) See Section 4.3.2 for local calling rates and Section 4.3.3 for intraLATA toll calling rates associated with PDT service.

4.16 Prime Digital Trunk

4.16.1.1 Incoming Call Redirect Option

Incoming Call Redirect (ICR) provides automated redirection of incoming calls to a pre-designated back-up site during T1 or PBX failures or when all trunks are busy. This option is available with PrimeXpress Network Service, PrimePlex PRI Service or Prime Digital Trunk Service only.

ICR can redirect all or only pre-selected DID numbers, depending on the Customer's application. Calls are redirected to another set of telephone numbers (Destination Numbers), and can route to the LEC trunks at the same location or distant locations. A separate route index will be set up for the redirection of selected DID numbers. Redirected calls will route to a single number at the pre-designated back-up site, and will deliver the original calling number if the back-up site is configured for PRI and Calling Party Number. It is the responsibility of the Customer to obtain any necessary permissions for the use of any Destination Number.

If ICR is ordered in two or more sites that provide back up to one another, the back up telephone number cannot be a number which can be redirected.

ICR is limited to a maximum of ten simultaneous redirected calls per T1, a maximum of twenty-four simultaneous calls for trunk groups of one to four T1's, and a maximum of forty-eight simultaneous calls for trunk groups of five T1's or more. A maximum of two (2) trunk groups per location can be equipped with ICR.

Customers will be responsible for all usage charges associated with redirected calls.

1) Application of Rates

Incoming Call Redirect rates consist of a non-recurring and a monthly recurring charge per T1, a local usage charge per redirected call, and a nonrecurring charge per change or group of changes requested in a Customer's listing of Redirected Numbers or Destination Numbers.

4.17 Integrated Prime Service

A) Description

Integrated Prime Service provides Local Voice Services on a Customer's spare capacity AT&T channelized Static Integrated Network Access (SINA) T1 access channels. The SINA T1 or Frame Relay T1 access arrangement will include Local Prime Services via Integrated PrimePath Lines and Trunks, Integrated PrimePath NBX analog lines and Integrated Prime Digital Trunks.

- * The Integrated PrimePath NBX service component is not available, either under this tariff section or through any TCG Contract Tariff or contract referencing this tariff section, to new or existing Customers who did not have it on order on or before June 28, 2004. Existing term plan customers with contracts for Integrated PrimePath NBX in effect or on order prior to June 28, 2004 may continue under their existing terms and condition, and may move, add or change stations at their existing locations, but may not add new locations unless otherwise specified in their contracts. Customers with contracts that expired on or before June 28, 2004, will be placed on month-to-month tariff rates as of June 28, 2004, subject to the termination schedule stated below. Customers with contracts that expire after June 28, 2004, will be placed on month-to-month tariff rates upon the expiration of their existing contract, unless otherwise specified in the contract, subject to (and unless otherwise provided in) the termination schedule stated below. (N)

Integrated PrimePath NBX services will be terminated based on the schedule set forth below:

- 1) Customers with contracts that expired on or before June 28, 2004, will have two (2) years from this date to migrate to a different service, as their service will be terminated on that date;
- 2) Customers with contracts expiring in 2004 or 2005 will have two (2) years from contract expiration to migrate to a different service, as their service will be terminated on that date;
- 3) Customers with contracts expiring in 2006 will have one (1) year from contract expiration to migrate to a different service, as their service will be terminated on that date;
- 4) Customers with contracts expiring in 2007 or beyond must migrate to a different service on or before contract expiration, as their service will be terminated on contract expiration.

Early termination penalties will be waived for Integrated PrimePath NBX customers wishing to terminate their Integrated PrimePath NBX service and migrate to a different service prior to their contract expiration. (N)

4.17 Integrated Prime Service

REC'D JUN 03 2003

A) Description

Integrated Prime Service provides Local Voice Services on a Customer's spare capacity AT&T channelized Static Integrated Network Access (SINA) T1 access channels. The SINA T1 or Frame Relay T1 access arrangement will include Local Prime Services via Integrated PrimePath Lines and Trunks, Integrated PrimePath NBX analog lines and Integrated Prime Digital Trunks. The service provides direct inward dialing capability as well as outward calling capabilities. Service charges are billed on a monthly basis, and are based on the service area in which the Customer is located. The features and corresponding rates available for use with PrimePath, PrimePath NBX and Prime Digital Trunks are also available for use with Integrated Prime Service. Monthly recurring and non-recurring line charges are shown below. There is no minimum channel size requirement for Integrated Prime Service.

Integrated PrimePath services provide a Customer with one or more analog, voice-grade telephonic communications channel(s) that can be used to place or receive one call at a time. Integrated PrimePath is provided for connection to Customer-provided single-line terminal equipment such as station sets or facsimile machines. Integrated PrimePath is offered as either business lines, key lines, or business trunks. Customers utilizing Integrated PrimePath services must subscribe to a sufficient number of access lines to handle adequately the volume of traffic offered (received or originated) without interfering with any of the services offered by the Company.

Integrated Prime Digital Trunk (PDT) is a fractional digital switched service that provides trunk connections from an end user's Private Branch Exchange or capable Key System to the Company Switch Port. The Customer may opt to utilize Integrated PDT service for outgoing calls only (DOD), incoming calls only (DID), or a combination of both inbound and outbound calls. When the Customer elects to utilize Integrated PDT for both inbound and outbound calls, they may choose Two-Way service which allows incoming to an attendant only or they can elect to utilize DID/DOD service which allows incoming calls to be terminated directly to an end user behind a PBX or capable Key System. When DID or DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company. Per subscribed Rate Center, the Customer is required to subscribe to sufficient number of trunks or channels so as not to degrade the Company's network below an incoming call completion rate of 99 percent. The call completion rate is based on an average of the busy hours occurring during the Customer's busiest hours during the billing cycle. Once the service has been established, the Company may require the Customer to increase the number of Integrated PDT trunks or channels to satisfy the call completion criteria listed above.

4.17 Integrated Prime Service (Cont'd)

A) Description (Cont'd.)

Integrated PrimePath NBX is a central office-based analog communications Centrex service available to customers who do not wish to own and operate a PBX. Features and functions normally resident in the PBX are resident in the central office switch (DMS and 5ESS), and are subscribed to by the customer. Rather than purchasing DID/DOD trunks and numbers between the Local Serving Office (LSO) and a PBX, the customer subscribes to AT&T's CO-based service. The service provides direct inward dialing capability.

- 1) Customers subscribing to this service must have AT&T channelized SINA T1 or Frame Relay T1 with spare channels and M24 Multiplexing, and must have CPE Multiplexor equipment that provides voice trunk and/or channel signaling.
- 2) Channel Bank is not included with Integrated Prime Service.
 - a) For AT&T Integrated Prime Digital Trunks, The Customer's M24/Channel Bank must provide a T1 interface to the Customer's digital trunk interface in the PBX.
 - b) For AT&T Integrated PrimePath Trunks, Customer's M24/Channel Bank must provide DS-0 analog connections to an analog trunk card. The Local Network Service interface to the customer will be the SINA T1 or Frame Relay T1 interface.
 - c) For AT&T Integrated PrimePath Lines and AT&T Integrated PrimePath NBX analog lines, Customer's M24/Channel Bank must provide individual analog line side interface to each of the customer's station equipment such as single line telephone sets. The Local Network Service interface to the customer will be the SINA T1 or Frame Relay T1 interface.

 - a) For AT&T Integrated Prime Digital Trunks, The Customer's M24/Channel Bank must provide a T1 interface to the Customer's digital trunk interface in the PBX.
 - b) For AT&T Integrated PrimePath Trunks, Customer's M24/Channel Bank must provide DS-0 analog connections to an analog trunk card. The Local Network Service interface to the customer will be the SINA T1 or Frame Relay T1 interface.
 - c) For AT&T Integrated PrimePath Lines and AT&T Integrated PrimePath NBX analog lines, Customer's M24/Channel Bank must provide individual analog line side interface to each of the customer's station equipment such as single line telephone sets. The Local Network Service interface to the customer will be the SINA T1 or Frame Relay T1 interface.

Customers subscribing to this service are required to pay the monthly recurring rates for Integrated Prime Service as specified below whether or not all implemented, optional, or enhanced features are activated at the time of initial installation of Integrated Prime Service. A non-recurring charge will apply when a customer elects to activate any implemented or optional feature subsequent to initial installation. Optional features carry an additional monthly recurring charge and an additional initial installation fee.

A customer may elect to subscribe to Integrated Prime Service optional features at initial installation or subsequent to initial installation, subject to the applicable recurring and additional non-recurring charges.

SECTION 4 - END USER NETWORK ACCESS SERVICES

4.17 Integrated Prime Service (Cont')

A) Description (Cont'd.)

- 3) Customers subscribing to this service are required to pay the monthly recurring rates for Integrated Prime Service as specified below whether or not all implemented, optional, or enhanced features are activated at the time of initial installation of Integrated Prime Service. A non-recurring charge will apply when a customer elects to activate any implemented or optional feature subsequent to initial installation. Optional features carry an additional monthly recurring charge and an additional initial installation fee. (M)
- A customer may elect to subscribe to Integrated Prime Service optional features at initial installation or subsequent to initial installation, subject to the applicable recurring and additional non-recurring charges. (M)
- 4) If the service is terminated in whole or in part by the customer after initial installation, but prior to the completion of the service period, the customer shall be liable for the charges applicable for the remaining contract period. The formula for such charges is number of lines times number of months remaining times line rate.
- 5) If customer adds lines after initial installation during the time of the contract and these additional lines consist of less than or equal to 50% of the original order, the additional lines are contracted at the same rate as the initial lines, but the contract termination date shall be the original contracted date.
- 6) If customers adds lines after installation during the time of the contract and these additional lines in total consist of more than 50% of the original order, then a new contract must be executed with a new termination date and at the current tariffed rate for all lines.
- 7) Customers relocating within the same TCG metropolitan service area where Integrated Prime Service is available may continue on the same contract, subject to additional installation and service order charges.
- 8) Customers extending service beyond the contract period without a new contract will automatically renew on a month-to-month basis at the highest available line, feature and usage rates associated with Integrated Prime Service.

(M) Material previously displayed on this sheet now appears on Sheet 76.40.1. (N)

4.18 Prime on Integrated Network Connection Service (Prime on INCS)

A. General

Prime on INCS provides one of the following services:
PrimeXpress, PrimePlex, Prime Digital Trunks, or PrimePath lines
over an Integrated Network Connection Service (INCS) access
arrangement. Each individual Customer location must be in an area
where AT&T has the necessary facilities.

B. Provisioning

The INCS access arrangement will connect to the Customer's
premises via a T1 line. Customer must provide compatible customer
premise equipment (CPE), and interfaces to support the local voice
line and trunk applications.

C. Types of Service

Types of service delivery of INCS with the Prime services are as
follows:

1. PrimeXpress - delivered as 24 (twenty four) voice grade
digital channels.
2. PrimePlex - delivers current functionality, excluding the
delivery of Switched Digital Service with 64 KBPS End-To-End
through the network.
3. Prime Digital Trunks - delivered as 5-23 voice grade digital (C)
channels. If 24 digital channels are required, a DS-1 Digital
Facility must be used.
4. PrimePath Lines - delivers switched local exchange service for (C)
customers with 5-24 analog DS0 PrimePath Line needs.

E. Application of Rates

Prime on INCS rates consist of a non-recurring and monthly recurring charge. All voice services delivered over INCS are billed separately.

Prime on INCS is available on a 1, 2 or 3-year term commitment.

SECTION 4 - END USER NETWORK ACCESS SERVICES

4.19 Alternate Enhanced Redirect Solution (AERS)

(N)

4.19.1 General

Alternate Enhanced Redirect Solution (AERS) will provide customers the ability to redirect incoming telephone numbers in the event their primary location is unavailable. AERS also provides the additional capability to redirect incoming traffic to a predefined redirect option within two minutes of completing the control call. Customers will be able to define and control how to route critical calls in the event of an emergency.

AERS provides the capability for the customer to predefine redirect telephone numbers for each incoming telephone number at their location. Calls can be redirected to any ten-digit North America Number Plan (NANP) telephone including toll-free numbers. The customer controls when to invoke and when to restore AERS via a telephone number or control activation number. However, the customer cannot revise the predefined redirect options without a service order.

The customer can create up to nine options including eight redirect options for each Customer Group. A Customer Group is a list of incoming telephone numbers and the customer can have up to 20 Customer Groups per customer location dependent on the total number of telephone numbers being redirected.

When a redirect option is invoked, all incoming telephone numbers within the Customer Group will be redirected to their respective numbers. Customers must use service orders to update Customer Group telephone numbers or redirect options within the Customer Group.

The location that receives the redirected calls must have sufficient lines and associated facilities to handle the estimated or actual number of calls without interfering with the exchange or toll service. In the event that there is interference with exchange or toll service, TCG reserves the right to disconnect any redirect option immediately.

The customer controlled redirect option is available for business lines and trunks as well as incoming telephone numbers to a PBX or other CPE.

SECTION 4 - END USER NETWORK ACCESS SERVICES

4.19 Alternate Enhanced Redirect Solution (AERS) (Cont'd)

(N)

4.19.1 General (Cont'd)

AERS calls must be redirected to a customer designated location or telephone number, an Interexchange carrier's point of presence, a voice mail system, an announcement, or an auto attendant system. A redirected telephone number cannot be used to trigger a call to be redirected to another redirecting telephone number.

It is the responsibility of the customer to obtain, when appropriate, any necessary permission of the party to whom the calls will be redirected. TCG assumes no liability to the customer for the redirecting of calls.

AERS is not to be used by customers to avoid toll charges. If a customer is using this service to avoid such charges, TCG reserves the right to disconnect the service immediately and bill all appropriate toll charges.

Charges for the call between customer numbers equipped with redirection and the number to which the calls are redirected are the responsibility of the customer. The customer will be billed on a usage per call/minutes of use (MOU) basis or flat rates based on MOU.

SECTION 4 - END USER NETWORK ACCESS SERVICES

4.19 Alternate Enhanced Redirect Solution (AERS) (Cont'd)

(N)

4.19.2 Limitations

AERS supports redirection of incoming call traffic only. It does not provide an alternate means for outbound calling in the event there is a failure in the local loop. In addition, AERS will not protect against failures in the local serving office.

Due to technical limitations, AERS cannot redirect calls that are placed within internal company private network.

Example: An AERS customer whose Incoming Telephone Numbers (ITNs) are part of a private network could have calls from outside parties sent to the Redirected Telephone Number (RTN) for that ITN, but calls from other stations on the customer's private network (i.e. and employee in another office) would continue to be completed to the ITN.

Calls to ITNs that have been subscribed to a Terminating Switched Access Arrangement or Access Value arrangement cannot be redirected under AERS. Additionally, AERS may not be able to redirect calls in cases where the ITN is subject to authorization/account codes, Toll Deny, or similar dialing limitations for the origination of calls.

Each AERS Customer Group must be maintained for a minimum of twelve (12) full months of billing. In the event that an AERS Customer Group is terminated for any reason before completing a full twelve (12) months of billing, a Disconnect Charge as stated in 4.19.3 following, shall be applied for each such terminated Customer Group.

SECTION 5 - SUPPLEMENTAL SERVICES**RECEIVED****5.1 Custom Calling Service**

OCT 02 1997

5.1.1 General**MISSOURI
Public Service Commission**

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases. Rates for the below features are set forth in Section 4.7.

5.1.2 Description of Features**A) Three Way Calling/Call Hold**

The Three Way Calling feature allows a customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This allows the customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

B) Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another customer-specific line. The customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding - Busy automatically reroutes an incoming call to a customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer automatically reroutes call.

Call Forwarding - Variable allows the customer to choose to reroute incoming calls to another specified telephone number. The customer must activate and deactivate this feature.

SECTION 5 - SUPPLEMENTAL SERVICES**RECEIVED****5.1 Custom Calling Service (Cont'd.)**

OCT 02 1997

5.1.2 Description of Features (Cont'd.)**MISSOURI
Public Service Commission**Call Waiting/Cancel Call Waiting

Call Waiting provides a tone signal to indicate to a customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the customer disconnects from the call.

Speed Calling

This feature allows a User to dial selected numbers using one or two digits. Up to eight numbers (single digit, or thirty numbers with two digits) can be selected.

5.1.3 Rate Application

- A) Custom Calling Service is currently only offered in conjunction with PrimePath Service. Rates for the combined services are listed in Section 4.7.3.
- B) Connection Charges - Connection charges may apply when a customer requests connection to one or more custom calling features. Orders requested for the same customer account made at the same time for the same premises will be considered one request. These charges may not apply if the features are ordered at the same time as other work for the same customer account at the same premises.

Per Order:

\$10.00

- C) Trial Period - The Company may elect to offer a free or reduced rate trial of any new custom calling feature(s) to prospective customers within 90 days of the establishment of the new feature. All trial offerings must be approved by the Public Service Commission.

SECTION 5 - SUPPLEMENTAL SERVICES

5.2 Directory Assistance Service

5.2.1 Description

This Section applies to Directory Assistance service furnished in Missouri by the Company within the Number Plan Area (NPA) served by the customer.

(D)
(D)

Customers and Users of the Company's End User Network Access Services may obtain directory assistance in determining and obtaining telephone numbers within the NPA in which they subscribe to such service by calling the Directory Assistance operator.

(T)
(T)

5.2.2 Rates

Directory Assistance charges apply for all requests for which the Company's facilities are used. Each number requested is charged as shown below. Requests for information other than telephone numbers will be charged the same rate as shown for the applicable request for telephone numbers.

(T)

<u>Rate Element</u>	<u>Monthly Recurring Rate</u>
Directory Assistance	0.63 per number requested

A Directory Assistance call charged to a calling card or commercial calling card or to a third number will be billed the appropriate operator charge, plus the charge for Directory Assistance.

No charge applies for:

- 1) Calls for Directory Assistance from Users who have requested exemption for the Directory Assistance Charge because they are unable to use telephone directories due to physical or mental limitations. To obtain such exemption, the Customer shall provide the name, address, telephone number and nature of the limitation for each individual requiring the exemption. Information contained on the exemption records shall be treated as confidential by the Company. The Customer shall notify the Company when the need for an exemption no longer exists.

SECTION 5 - SUPPLEMENTAL SERVICES

5.2 Directory Assistance Service

5.2.1 Description

This Section applies to Directory Assistance service furnished in Missouri by the Company within the Number Plan Area (NPA) served by the customer. It does not apply to directory assistance calls for points outside the NPA in which the caller is located.

Customers and Users of the Company's End User Network Access Services may obtain directory assistance in determining telephone numbers within the NPA in which they subscribe to such service by calling the Directory Assistance operator.

5.2.2 Rates

Directory Assistance charges apply for all requests for which the Company's facilities are used. Each number requested is charged for as shown below. Requests for information other than telephone numbers will be charged the same rate as shown for the applicable request for telephone numbers.

<u>Rate Element</u>	<u>Monthly Recurring Rate</u>	
Directory Assistance	0.63 per number requested	(1)

A Directory Assistance call charged to a calling card or commercial calling card or to a third number will be billed the appropriate operator charge, plus the charge for Directory Assistance.

No charge applies for:

- 1) Calls for Directory Assistance from Users who have requested exemption for the Directory Assistance Charge because they are unable to use telephone directories due to physical or mental limitations. To obtain such exemption, the Customer shall provide the name, address, telephone number and nature of the limitation for each individual requiring the exemption. Information contained on the exemption records shall be treated as confidential by the Company. The Customer shall notify the Company when the need for an exemption no longer exists.

SECTION 5 - SUPPLEMENTAL SERVICES**5.3 Local Operator Services**

OCT 02 1997

A) The following operator services will be provided in applicable situations as listed below:
MISSOURI
Public Service Commission

- 1) Calls made at coin-operated or coinless telephones, both public and semipublic, which require operator intervention or a synthesized message to advise the party of coins to be deposited or when the time has expired.
- 2) Calls made by inmates at penal institutions or other correctional facilities who are not permitted to use coins when placing calls at coin operated or coinless telephones, or who are required to use an operator's services to complete a call because of the rules or regulations of said institutions or facilities.
- 3) Calls made by individuals who identify themselves as disabled to the extent that they are functionally unable to complete a call (for example, unable to use rotary dial or Touch-Tone pad) without operator assistance. These calls include those made with telecommunications devices for the deaf.
- 4) Operator-assisted call reconnection for disconnection or poor transmission, and operator-handled credit requests.
- 5) Directory assistance, including calls to 411.
- 6) Emergency services, including calls made to operators by customers seeking emergency assistance from authorized emergency agencies.
- 7) The Company will not bill for incomplete calls where answer supervision is available. Company will not bill for incomplete calls and will remove any charges for incomplete calls upon (i) subscriber notification or (ii) Company's knowledge.
- 8) The caller and billed party, if different from the caller, will be advised that Company is the operator service provider at the time of initial contact.
- 9) Rate quotes will be given upon request, at no charge, including all rate components and at any additional charges.
- 10) Only tariffed rates approved by the Commission for Company shall appear on any local exchange telephone company (LEC) billings.

SECTION 5 - SUPPLEMENTAL SERVICES**RECEIVED****5.3 Local Operator Services (Cont'd.)**

OCT 02 1997

A) (Cont'd.)**MISSOURI**

- 11) The Company will employ reasonable calling card verification procedures, acceptable to the telephone company issuing the calling card.
- 12) The Company will route all 0- or 00- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.
- 13) Upon request, Company will transfer calls to the other authorized interchange Company or the LEC, if billing can list the caller's actual origination point.
- 14) The Company will refuse operator services to traffic aggregators which block access to other Companies.
- 15) The Company will assure that traffic aggregators will post and display information including: (i) that Company is the operator service provider, (2) detailed complaint procedures; and (3) instructions informing the caller on procedures to reach the LEC operator and other authorized interchange Companies.

- B)** Local calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, to the originating line, or to a valid authorized calling card. Local calls may be placed on a station to station basis or to a specified party (see Person to Person), or designated alternate. In addition to usage charges, an operator assistance charge applies to each call:

Customer Dialed Calling Card	\$1.50
Person to Person	\$3.79
3rd Number Billed	\$1.79
All other Operator Assistance	\$1.50

SECTION 5 - SUPPLEMENTAL SERVICES

5.4 Directory Listings

5.4.1 General

(C)

Customers will provide the Company with information for all Directory Listings.

The Company will include the Customer's Main Listings in the white and yellow page directories, and offer Additional Listings to the Customer at an additional charge(s). The Customer must identify its Non-Published and Non-Listed business telephone numbers for directory purposes.

The Company is not liable for damages arising from errors or omissions in the making up or printing of directories, in the submission or specification of listing information for purposes of Directory Assistance or other industry databases, or in accepting Listings as presented by the Customer.

The Company reserves the right to limit the length of any listing to one in the directory by the use of abbreviations when, in the judgment of the Company, the clearness of the listing and the identification of the subscriber is not impaired in any way.

If a Customer that subscribes to TCG Local Exchange Services under this tariff for the purpose of resale to other Parties wishes to obtain Directory Listings for its end users, the Customer must provide the Company with all information necessary for such listings in the form required by the Company. The Company will not accept such information directly from the Customer's end users, and will not gather such information for the Customer. TCG will not be liable to the Customer's end users for any damages arising from errors or omissions in connection with such Directory Listings.

OCT 02 1997

5.4.1 General**MISSOURI**
Public Service Commission

- A) Directory Listing regulations and charges specified herein apply to listings in the regular alphabetical list of names of customers.
- B) A listing in the alphabetical section of an appropriate directory is provided without extra charge to each customer (or each main station of a service station company) subscribing to local telephone exchange service.
- C) Listings are intended primarily for the purpose of identification and are limited to information which is essential to such identification. Directories are furnished only as an aid to the use of the telephone service facilities and the Company reserves the right to refuse to insert any listing in its directories which does not facilitate directory service.
- D) The length of any listing is limited to one line by the use of abbreviations when the clearness of the listing and the identification of the customer are not impaired thereby. When more than one line is required to properly list the customer, no additional charge is made.
- E) The Company does not list in the alphabetical section of the telephone directory any name unless it is registered, if and as required by law, and, in any event, unless the customer is actually engaged in a business or in a profession under that name or is generally known by that name. It likewise does not so list any name which is likely to mislead or deceive the public as to the identity of the customer, or which is inserted for advertising purposes, or which is more elaborate than is reasonably necessary to identity of the customer. The company will withdraw any listing which found to violate the above rule.

SECTION 5 - SUPPLEMENTAL SERVICES

5.4 Directory Listings (Cont'd.)

5.4.1 General (Cont'd)

(C)

A) Main Listings

The Customer will receive one free Main Listing, per location, in the alphabetical section of the directory that serves the Customer's location. Business Customers will receive a single white page and a single yellow page listing.

B) Additional Listings

The term Additional Listing denotes any white page listing, regardless of form, in addition to the Main Listing. A monthly rate applies for each Additional Listing. Additional Listings may be any of the following:

1. If the Customer is a partnership or a firm, names of partners or members of the firm;
2. If the Customer is a corporation, names of officers of the Corporation;
3. For any business establishment, names of associates or employees of the establishment or other listings as agreed to by the Company.

Additional Listings also may be the bona fide names of firms or corporations, which the Customer owns or controls or is duly authorized to represent, or names under which business is regularly conducted.

5.4.2 Business Service Listings**MISSOURI**
Public Service Commission

- A) Subject to the regulations in Section 5.4.1, preceding, a listing must be the actual name of the individual, partnership, association, corporation, or other organization to whom service is furnished, or the name of a member, officer, employee or representative thereof, or the name of another business which the customer represents, controls or owns. Listings other than those specified herein are available only in connection with Joint User Service or as unregulated Alternate Call Number Listings.
- B) The listing of a service or commodity or of a trade name of either, such as "Coal, 676 Omaha, 635-3560" is not permitted in the alphabetical section of a directory, but such service or commodity may be a part of the name listed if the latter is validly adopted and actually used by the customer.
- C) When a customer is engaged in more than one line of business, only the business by which he is best known will ordinarily be included in the business designation.
- D) Double name listings or the use of titles such as "Pres.", "V-Pres.", "Mgr". etc., as for example, "Garfield Table Supply Co. Walburn Iones, Manager 453-4441" are not permitted.
- E) Listings of telephone in churches will not include in the same listing the name of the church and also that of its pastor or of organizations or societies associated therewith.
- F) A caption listing with indented listings each with its own telephone service different from the main service (or where there is no main service listing) may be provided for names of department, titles, individuals, etc. only if necessary for the efficient use of the service. In such cases no additional charge applies for the caption listing. Unregulated extra listing service charges apply for the indented listings which are provided for service subscribed for by the same customer at the same address. Indented listings which do not materially add to the information contained in the caption or which merely advertise the extent of the customer business are not permitted. In connection with PBX systems equipped with inward dialing the direct inward number for individuals, title, departments, etc., may also be listed under the caption listing for the main service with extra listing charges applicable for the indented listings.

SECTION 5 - SUPPLEMENTAL SERVICES

5.4 Directory Listings (Cont'd.)

5.4.2 Non-Published Listings

A) General

Non-Published telephone numbers are not listed in directories or Directory Assistance records available to the general public.

B) Regulations

The Company will enable incoming calls only when the calling party places the call by number. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. The acceptance by the Company of the Customer's request to refrain from publishing his/her telephone number in the directory does not create any relationship or obligation, direct or indirect, to any other person than the Customer.

In addition to, and not in limitation of, the provisions in Section 3.1.4, the Company's liability, if any, for its gross negligence or willful misconduct or the right of the Customer to seek any legal remedy available for the same is not limited by this tariff. In the absence of gross negligence or willful misconduct with respect to any claim or suit brought by, or other legal remedies available to, the Customer for damages associated with publishing the telephone number of a Non-Published Listing in the directory or disclosing said Listing to any person, the Company's liability, if any, shall not exceed the monthly charges which the Customer may have incurred for that Non-Published Listing for the affected period.

Except as provided above, the Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the Non-Published Listing or the disclosing of said Listing to any person.

SECTION 5 - SUPPLEMENTAL SERVICES

5.4 Directory Listings (Cont'd.)

5.4.3 Non-Listed Listings

A) General

Non-Listed telephone numbers are not listed in the directories but are included in Directory Assistance records available to the general public.

B) Regulations

The acceptance by the Company of the Customer's request to refrain from publishing his/her telephone number in the directory does not create any relationship or obligation, direct or indirect, to any other person than the Customer.

In addition to, and not in limitation of, the provisions in Section 3.1.4, the Company's liability, if any, for its gross negligence or willful misconduct or the right of the Customer to seek any legal remedy available for the same is not limited by this tariff. In the absence of gross negligence or willful misconduct with respect to any claim or suit brought by, or other legal remedies available to the Customer for damages associated with publishing the telephone number of Non-Listed Listing in the directory, the Company's liability, if any, will not exceed the monthly charges which the Customer may have incurred for that Non-Listed Listing for the affected period.

Except as provided above, the Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the Non-Listed Listing.

5.4.4 Installation/Change Charge

An Installation/Change Charge is a non-recurring charge applicable to customer-requested changes of a Non-Published or Non-Listed listing. This charge also applies to the installation of a Non-Published or Non-Listed listing after the initial installation of the Customer's local service. Changes to published listings may be subject to an Installation/Change Charge. (T)

SECTION 5 - SUPPLEMENTAL SERVICES

5.4.3 Private Branch Exchange Listings**MISSOURI**

Private Exchange listings for service installed at business and residence locations are furnished under the regulations specified herein for business and residence listings.

5.4.4 Rates and Charges

Each End User Network Access Service provides for a single directory listing, at no charge, of the Company station number which is designated as the customer's main billing number.

The Company will provide each End User Network Access service Customer annually at no charge one copy of a printed directory listing all telephone service subscribers (except for unlisted and unpublished numbers) within the Customer's local calling area.

5.4.5 Directory Errors or Omissions

The Company's liability arising from errors in or omissions of directory listings shall be limited to and satisfied by a refund not exceeding the amount of the charges for such Customers service that is affected during the period covered by the directory in which the error or omission occurs.

The Company, in accepting listings as prescribed by applicants or Customers, will not assume responsibility for the result of the publication of such listings in its directories, nor will the Company be a party to controversies arising between Customers or others as a result of such publication.

In the event of an omission of a Customer alphabetical directory listing from the Yellow Pages, the Company shall, in addition to the refund, if any, and subject to the limitations provided herein credit the Customer's basic business telephone charges during the service life of the directory in which the omission occurred.

Credit to Customer: \$1.00 per month

Intercept services for numbers improperly listed will be provided until the listing has been corrected.

SECTION 5 - SUPPLEMENTAL SERVICES**RECEIVED****5.5 Blocking Service**

OCT 02 1997

5.5.1 Description**MISSOURI**
Public Service Commission

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary services. The following blocking options are available:

- A) 900, 700 Blocking - allows the subscriber to block all calls beginning with the 900 and 700 prefixes (i.e. 900-XXX-XXXX) from being placed.
- B) 900, 971, 974 & 700 Blocking - allows the subscriber to block all calls beginning with the 900, 971, 974 and 700 prefixes from being placed.
- C) Third Number Billed and Collect Call Restriction - provides the subscriber with a method of denying all third number billed and collect calls to a specific telephone number provided the transmitting operator checks their validation data base.
- D) Toll Restriction (1+ and 0+ and 10XXX Blocking) - provides the subscriber with local dialing capabilities but blocks any Customer-dialed call that has a long distance charge associated with it. Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.
- E) Direct Inward Dialing Blocking (Third Party and Collect Call) - provides business Customers who subscribe to DID service to have Third Party and Collect Call Blocking on the number ranges provided by the Company.
- F) International Call Blocking - allows the subscriber to deny access to all outbound international calls beginning with the "011" dialing prefix.
- G) The Company will not be liable for any charge incurred when any long distance carrier or alternative operator service provider accepts third number billed or collect calls.
- H) Blocking Service is available where equipment and facilities permit.

MISSOURI

This feature enables the customer to view on a display unit the Calling Party Directory Name, Street and/or Number (CPN) on incoming telephone calls.

When Caller ID is activated on a customer's line, the CPN of incoming calls are displayed on the called CPE during the first long silent interval of the ringing cycle.

Per line Blocking for the blocking of CPN will be available upon request, at no charge, to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers with Carrier a need for blocking: (a) private, nonprofit, tax-exempt, domestic violence intervention agencies and (b) federal, state and local law enforcement agencies.

Line Blocking customers can unblock their calling name and/or number information on a per call basis, at no charge, by dialing an access code (*82 on their Touch Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

The Company shall not be liable for any claims for damages caused or claimed to have been caused, directly, by the transmission to a Caller ID customer of a name or telephone number which the calling party of the Caller ID customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff.

5.5.3 Rates and Charges

There is no initial charge for blocking service. Subsequent customer initiated changes to blocking options will be assessed a nonrecurring charge of \$8.00 per service order change.

SECTION 5 - SUPPLEMENTAL SERVICES

5.6 Busy Verification and Interrupt Service

5.6.1 General

Upon request of a calling party, the Operator will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

5.6.2 Rate Application

A) A Verification Charge will apply when:

- 1) The operator verifies that the line is busy with a call in progress, or
- 2) The operator verifies that the line is available for incoming calls.

B) Both a Verification Charge and an Interrupt Charge may apply when the operator verifies that a called number is busy with a call in progress and the Customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption. (T)

C) No charge will apply when the calling party advises that the call is from an official public emergency agency.

Rates

Verification Charge, each request \$ 1.50
Interrupt Charge, each request \$ 1.50

SECTION 5 - SUPPLEMENTAL SERVICES5.7 Customer Requested Service Suspensions

OCT 02 1997

At the request of the customer the Company will suspend incoming and outgoing service on the customer's access line for a period of time not to exceed one year. The equipment is left in place and directory listings are continued during the suspension period without change. At the customer's request the Company will, for 30 days, provide the customer with an intercept recording referring callers to another number. This service is available to customers at no charge.

The company will assess a lower monthly rate for Customer Requested Service Suspension as noted below. However, any mileage charges, monthly cable charges or monthly construction charges are still due, without reduction during the period of suspension.

Period of Suspension Charge

- First Month or Partial Month

Regular Monthly Rate (no reduction)

- Each Add'l. Month (one year limit)

1/2 Regular Monthly Rate

OCT 02 1997

5.8.1 Restoral Charge**MISSOURI**
Public Service Commission

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment but before cancellation of the service, as deemed in Section 3.6.5 of this Tariff.

Business Rate

\$ 40.00

5.8.2 Moves, Adds and Changes

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge for the underlying service will apply as if the work had been done by the Company.

The customer will be assessed a charge for any move, add or change of a Company service. Move, Add and Change are defined as follows:

Move:	The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.		
Add:	The addition of a vertical service to existing equipment and/or service at one location.		
Change:	Change - including rearrangement or reclassification - of existing service at the same location.

5.11 Added Labor Charge

A) Description

In situations where a PrimeXpress or PrimePlex PRI Customer reports a trouble to the Company for clearance and is subsequently informed that no reported trouble has been found in the Company's facilities, the Customer shall be responsible for payment of an Added Labor Charge if the Customer still requests the dispatch of Company personnel to the Customer's site. An Added Labor Charge will be applied as shown below for the period of time from when Company personnel are dispatched to the Customer's premises to when the work is completed.

No charges will apply if the reported trouble is found to be in Company facilities. Failure of Company personnel to detect the reported trouble in Company facilities will result in no charge to the Customer if the reported trouble is discovered in the Company facilities at a later date.

B) Rate Regulations

Rates are applied in the 6-minute increments. Customers will be charged a minimum charge based on the Minimum Hours shown below. Fractions of 6-minute increments will be rounded up to the next whole 6-minute increment.

Business hours are defined as 8:00 am up to but not including 6:00 pm, Monday through Friday (non-holiday). Non-business hours are defined as 6:00 pm up to but not including 8:00 am, Monday through Friday and all day Saturday and Sunday.

Non-business hour rates will apply to the following holidays: New Year's Day (January 1), Independence Day (July 4), Labor Day, Thanksgiving Day, and Christmas Day (December 25), and on legal holidays when New Year's, Independence, or Christmas Day holidays fall on dates other than January 1, July 4, or December 25 respectively.

C) Rates

SECTION 6 - INTERIM NUMBER PORTABILITY SERVICE

OCT 02 1997

6.1 Number Portability

Interim Number Portability Service applies to an interconnection arrangement between the Company and the Connecting Company. This service enables the Connecting Company to provide basic local exchange service within the State of Missouri to a given customer(s) that wish to retain their telephone number(s), assigned by the Company. The Connecting Company may choose from two options:

A) Direct Inward Dial

Direct Inward Dial (DID) option for number portability is a service which permits incoming dialed calls to a telephone number, assigned to the Company, to be forwarded to a Connecting Company end office over Direct Inward Dial (DID) facilities. The Company will deliver the called number to the Connecting Company via the Connecting Company-provided trunk for call completion.

B) Remote Call Forwarding

Remote Call Forwarding (RCF) option for number portability is a service which permits incoming dialed calls to a telephone number, assigned to the Company, to be forwarded to a Connecting Company end office, utilizing a call forwarding of the Company's end office switch.

6.1.1 Rules and Regulations

- A) Number Portability and facilities will only be provided, where technically feasible, subject to the availability of facilities and may only be furnished from properly equipped central offices. Number Portability services and facilities are not offered for the Company's Coin Telephone service.
- B) When the exchange service offering(s) associated with Number Portability services are provisioned using remote switch(es), Number Portability service is available from host central offices.

SECTION 6 - INTERIM NUMBER PORTABILITY SERVICE

OCT 02 1997

6.2 Responsibility of the Connecting Company

MISSOURI
Public Service Commission

- A) The Connecting Company shall exchange technical descriptions and forecasts of their traffic requirements in sufficient detail necessary to engineer, install, maintain, and administer the facilities subject to this arrangement.
- B) The Connecting Company is solely responsible to obtain authorization from the end-user for the handling of the disconnection of the end-user's service with the Company, the provision of service by the Connecting Company and the provision of Number Portability services. Should a dispute or discrepancy arise regarding the authority of the Connecting Company to act on behalf of the end-user, the Connecting Company is responsible for providing written evidence of its authority
- C) The Connecting Company is responsible for coordinating the provisioning of the service with the Company to assure that its switch is capable of accepting Number Portability ported traffic.
- D) The Connecting Company is solely responsible to provide equipment and facilities that are compatible with the Company's service parameters, interfaces, equipment and facilities. The Connecting Company is required to provide sufficient terminating facilities and services at the terminating end of a Number Portability call to adequately handle all traffic to that location and is solely responsible to ensure that its facilities, equipment and services do not interfere with or impair any facility, equipment or service of the Company or any of its end-users.
- E) The Connecting Company is responsible for providing an appropriate intercept announcement service for any telephone number subscribed to Number Portability services for which it is not presently providing local exchange service.
- F) Where the Connecting Company chooses to disconnect or terminate any Number Portability service, it is responsible for designating the preferred type of announcement to be provided by the Company at appropriate unregulated intercept rates, if applicable.
- G) The Connecting Company is responsible for designating to the Company at the time of its initial service request for Number Portability services one of the following options with respect to Credit Card, Collect, third party, and other operator handled calls from or to Number Portability assigned telephone numbers: (1) the Connecting Company may request that the Company block all such calls; (2) the Connecting Company may accept billing from the Company for such calls; or (3) the Connecting Company may negotiate a separate agreement with the Company establishing the call handling, processing, billing and collection responsibilities of the parties.

REC'D JUL 31 2002

SECTION 8 TEMPORARY PROMOTIONAL OFFERINGS

Service Commission

8.1 "Volume Discount" Promotional Program

New retail end-user Customers who sign orders for PrimeXpress, or PrimePlex PRI services (referred to hereafter as "eligible services") or any combination thereof, between August 7, 2002 and May 6, 2003, and who commit to the minimum requirements specified below are eligible to receive the discounted charges and rates shown below.

Minimum Requirements

Customers are required to sign a term commitment for one year between August 7, 2002 and August 6, 2003. Customers must also commit to a Minimum Annual Revenue Commitment (MARC) of \$3,000, \$6,000, \$9,000 or \$15,000 for eligible charges related to services provided under this promotional program. Eligible charges include monthly recurring facility charges for the eligible services ordered by the Customer under this promotional program, as well as charges for local and intraLATA toll calling made using eligible services. The required MARC for each Customer is for the year of the program term, prior to the application of any applicable discounts. If, at the end of the year following the Customer's Initial Service Date (the date that the Customer begins service under this promotional program), the Customer has failed to satisfy the MARC, the Customer will be billed a shortfall charge in an amount equal to the difference between the MARC and the total of the actual charges for that year.

Other Terms and Conditions

Installation charges are included in this program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes. Service must be installed by August 6, 2003.

This promotional program is not valid with any other promotional program or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Volume Discount" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible for payment of all discounts provided under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS**RECEIVED****8.2 "Bull's Eye" Promotional Program (Flat Rated)****APR 29 1998**

From May 22, 1998 through July 31, 1998, new retail end-user Customers, who install PrimeXpress, PrimeNBX, PrimePath or Primeplex PRI services and commit to the minimum requirements specified below are eligible to receive a credit equal to the installation charges for these services. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to installation charges. Credit will be applied on the first month's bill following installation of the service.

MO PUBLIC SERVICE COMM

This promotion is only valid for Customers whose service is provisioned with unbundled loops and who are located within 3 miles of a Company co-located node, where facilities permit. Service must be installed by August 31, 1998. To be eligible, Customers must sign a minimum term commitment of one year. Customers must also commit to an outgoing monthly usage level from Company-provided local, intraLATA and interLATA calling services of \$625 per PrimeXpress facility or \$25 per PrimePath line or trunk. A minimum of 12 PrimePath lines or trunks required for that product if ordered under this promotional program.

This promotional program is not valid with any other Company promotional program, or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Bull's Eye" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible to payment of any installation charges waived under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS **MAY 15 1998****8.3 "Dial Tone Challenge" Promotional Program****MO. PUBLIC SERVICE COMMISSION** (N)

From June 15, 1998 through August 30, 1998, new retail end-user Customers who install PrimeXpress, PrimeNBX, PrimePath or Primeplex PRI services and commit to the minimum requirements specified below are eligible to receive a credit equal to the installation charges for these services. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to installation charges. Credit will be applied on the first month's bill following installation of the service.

This promotion is only valid for Customers in Type I (on-net) locations or in Type II (off-net) locations within 15 miles of a Company co-located node. Service must be installed by October 30, 1998. To be eligible, Customers must order at least one PrimeXpress facility, at least one PrimePlex facility or 24 PrimeNBX lines for a minimum term commitment of three years; or 15 PrimePath business lines or 15 key system lines, for a minimum term commitment of one year.

This promotional program is not valid with any other Company promotional program, or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Dial Tone Challenge" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible to payment of any installation charges waived under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS**8.4 "TCG America" Promotional Promotion****DEC 22 1998**

(N)

8.4.1 Description**MO. PUBLIC SERVICE COMM**

From January 22, 1999 through June 30, 1999, new retail end-user Customers subscribing to PrimeXpress, PrimePath, PrimePath NBX, PrimePlex, or Prime NBX services who commit to the minimum requirements specified below are eligible to receive discounts shown below on their local, intraLATA toll, and long distance services obtained from the Company under this program. Customers' monthly calling usage from eligible services will be combined into a single revenue total, which will then be used to calculate a volume discount that will be applied to the Customer's total eligible TCG America calling revenue. Eligible TCG America usage includes calling usage from TCG America Local, TCG America Toll, and PrimeDistance interLATA outbound long distance services. Discounts are applied retroactively, such that once the next dollar threshold is reached, the higher discount applies to the total eligible usage for that billing period. Discounts are applied as an adjustment to the total charges for eligible TCG America usages charges on the Customer's bill. Charges such as taxes, late payment fees, or other service non-recurring and monthly recurring charges, and usage from non-TCG America services, including operator-assisted services and directory assistance, are not included in the volume discount calculation.

Usage rates for TCG America Local and TCG America Toll are shown below. Intrastate PrimeDistance outbound usage rate may be found in the applicable Company intrastate tariffs. Interstate PrimeDistance outbound usage rates are shown in the Company's FCC No. 2 tariff. Service must be installed by August 1, 1999. Customers must commit to a one-year term commitment for TCG America Local, TCG America Toll, PrimeDistance long distance, and PrimeDistance II international services. Discounts provided to Customers under the TCG America promotional program will apply in lieu of any discounts available to Customers who purchase these services outside of the TCG America promotional program.

This promotional program is not valid with any other Company promotional program, or in conjunction with services under contract or priced on an Individual Case Basis. If the Customer terminates service before the end of the commitment period, the Customer will be charged any early termination charges applicable to the facilities ordered in conjunction with this promotional program. The Customer will also be charged an early termination charge equal the Customer's average monthly usage multiplied by the number of months remaining on their term plan commitment. The average monthly usage will be calculated by determining the Customer's total eligible usage for the first six months of their term plan and dividing those charges by six. In the event the Customer terminates service in the first six months of their term commitment, the average monthly usage will be calculated by dividing the Customers total eligible usage charges by the number of months the Customer was in service.

8.5 "Mega Success" Promotional Promotion

From February 8, 1999 through March 31, 1999, new retail end-user customers who subscribe to PrimeXpress, Prime NBX, PrimePath NBX, PrimePath, or PrimePlex PRI services and meet the minimum requirements specified below will be eligible to receive a credit equal to the standard installation charges for these services. Customers who commit to a minimum of a one-year term contract will also receive a credit equal to one month's recurring charges for eligible services ordered under this promotional program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to the installation or monthly recurring charges. Service Order Charge and non-standard installation charges are not eligible for credit under this promotional program. Credit will be applied to the first month's bill following installation of service.

This promotion is only valid where facilities permit. Service must be installed by May 31, 1999. Customers ordering PrimeNBX or PrimePath NBX services must purchase a minimum of 48 PrimeNBX or 24 PrimePath NBX lines to qualify for this promotional program.

This promotional program is not valid with any other Company promotional program or in conjunction with services under contract or priced on an Individual Case Basis. If the customer terminates service before the end of the commitment period, the Customer will be responsible to pay any charges waived under this program. The customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS**RECEIVED****8.7 "T-1 Card" Promotional Promotion****JAN 8 1999**

From February 8, 1999 through March 31, 1999, new retail end-user customers who order PrimeXpress or PrimePlex services will be eligible to receive a credit up to \$2,500.00 for each new facility ordered under this promotional program. This credit is provided to reimburse customers for the costs they incur to purchase and install T-1 digital PBX cards required to implement PrimeXpress or PrimePlex services. This credit may also be used to reimburse customers for costs associated with reprogramming their PBXs when they already have T-1 cards. Credits under this promotional program are not applicable for reimbursement of any governmental fees, surcharges, taxes, or shipping and handling charges associated with the customer's purchase of T-1 cards or PBX reprogramming costs.

Customers are also eligible to receive a credit equal to the installation charges for new PrimeXpress or PrimePlex services ordered under this program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to installation charges.

Customers are required to sign a three-year term commitment. Customers must purchase T-1 digital PBX cards or reprogram their PBXs within 60 days of the signature date of the contract. Customers must also presubscribe to the Company for their local and intraLATA toll calling. All tariffed monthly recurring charges for PrimeXpress or PrimePlex service apply.

This promotion is only valid where facilities permit. Service must be installed by May 31, 1999.

This promotional program is not valid with any other Company promotional program or in conjunction with services under contract or priced on an Individual Case Basis. If the customer terminates service before the end of the commitment period, the customer will be responsible to repay the credits provided under this program. The customer will also be charged early termination charges equal to the facilities charge times the remaining months of the customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS

8.8

(D)

(D)

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS**8.8 Prime Time Deal Promotional Program****FEB 16 1999**Description

MO. PUBLIC SERVICE COMM

From March 18, 1999 through April 30, 1999, new retail end-user Customers who install two or more PrimeXpress or Primeplex PRI facilities and commit to the minimum requirements specified below are eligible to receive discounts on the monthly recurring facility charges for these services. Discounts are based on the number of facilities ordered and the term commitment, as shown below. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to these charges.

This promotion is only valid where Company facilities permit. Service must be installed by June 1, 1999. To be eligible, Customers must sign a minimum term commitment of one year for PrimeXpress or two year for PrimePlex PRI. Facilities for multiple locations must be ordered under a single contract to be eligible for discounts under this promotional contract.

This promotional program is not valid with any other Company promotional program, or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Prime Time Deal" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible for payment of charges waived under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS~~Missouri Public
Service Commission~~**8.9 "Hit The Ground Running" Promotional Program**

REC'D MAR 26 1999

From April 26, 1999 through June 30, 1999, new retail end-user customers who order PrimeXpress, Prime NBX, PrimePath NBX, PrimePath, or PrimePlex PRI services, and meet the minimum requirements specified below will be eligible to receive a credit equal to the standard installation and service order charges for these services. PrimePath Customers ordering a minimum of 14 lines, and Customers who commit to a minimum one-year term contract for PrimeXpress, Prime NBX, Prime Path NBX or PrimePlex PRI services, will also receive a credit equal to one month's recurring charges under this promotional program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to the installation or monthly recurring charges. Surcharges or billing line items other than taxes or jurisdictional franchise fees must be authorized in tariffs approved by the Commission. Non-standard installation charges are not eligible for credit under this promotional program. Credit will be applied to the first month's bill following installation of service.

This promotion is only valid where facilities permit. Service must be installed by August 31, 1999. Customers ordering PrimeNBX or PrimePath NBX services must purchase a minimum of 48 PrimeNBX or 24 PrimePath NBX lines to qualify for this promotional program.

This promotional program is not valid with any other Company promotional program or in conjunction with services under contract or priced on an Individual Case Basis. If the customer terminates service before the end of the commitment period, the Customer will be responsible for paying any charges waived under this program. The customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

8.10

(D)

(D)

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGSRECEIVED
JUL 16 1999**8.10 T-1 Card Promotional Program**

(N)

From August 16, 1999 through December 31, 1999, retail end-user Customers who order PrimeXpress, PrimePlex PRI, or Prime Digital Trunk (where available) services will be eligible to receive the following credits for each new facility ordered under this promotional program:

- Up to \$2,500.00 credit toward the purchase of T-1 digital PBX cards for each PrimeXpress or PrimePlex PRI facility ordered under this program.
- Up to \$1,500.00 credit toward the purchase of T-1 digital PBX cards for each Prime Digital Trunk fractional T-1 facility ordered under this program. Customers ordering Prime Digital Trunk service must order a minimum of 12 channels.
- Up to \$750.00 credit for costs associated with reprogramming the Customer's PBX for each PrimeXpress, PrimePlex PRI, or Prime Digital Trunk facility ordered under this program. Customers ordering Prime Digital Trunk service must order a minimum of 12 channels.

Credits under this promotional program are not applicable for reimbursement of any governmental fees, surcharges, taxes, or shipping and handling charges associated with the Customer's purchase of T-1 cards or PBX reprogramming costs. Customers may receive credits for up to 25 PrimeXpress, PrimePlex PRI, or Prime Digital Trunk facilities, or any combination thereof.

Customers are required to sign a three-year term commitment between August 16, 1999 and December 31, 1999. Customers must purchase T-1 digital PBX cards or reprogram their PBXs within 60 days of the signature date of the contract. Customers must also presubscribe to the Company or AT&T for their local and intraLATA toll calling. All tariffed monthly recurring charges for PrimeXpress, PrimePlex PRI, or Prime Digital Trunk service apply.

This promotion is only valid where facilities permit. Service must be installed by April 1, 2000.

This promotional program is not valid with any other Company promotional program (except where allowed under applicable tariffs) or in conjunction with services under contract or priced on an Individual Case Basis. If the Customer terminates service before the end of the commitment period, the Customer will be responsible to repay the credits provided under this program. The Customer will also be charged early termination charges where applicable.

AUG 26 1999**8.13 Get Equipped for Digital PrimeNBX Promotional Program**

MO. PUBLIC SERVICE COMMISSION

New retail end-user Customers who order digital PrimeNBX services between September 27, 1999 and October 31, 1999 and who commit to the minimum requirements specified below will be eligible to receive one of the following credits shown below. A Customer will receive credits for all new PrimeNBX lines, both digital and analog, ordered under this promotional program as long as the Customer orders digital PrimeNBX service as part of their total order.

- Customers who commit to a one-year term plan for new digital PrimeNBX service will received a one-time credit of \$10.00 per digital or analog PrimeNBX line.
- Customers who commit to a two-year term plan for new digital PrimeNBX service will received a one-time credit of \$20.00 per digital or analog PrimeNBX line.
- Customers who commit to a three-year term plan for new digital PrimeNBX service will received a one-time credit of \$40.00 per digital or analog PrimeNBX line.

Customers are responsible for payment of any associated governmental fees, surcharges, or taxes. Credit will be applied on the first month's bill following installation of the service. Total credit issued to Customers will not exceed invoice amount. Service must be installed by December 31, 1999.

This promotional program applies only to new digital PrimeNBX service; existing service or current Customers moving their service to a new location are not eligible to receive credits under this program. This promotion is not valid with any other promotional program or in conjunction with services under contract or priced on an Individual Case Basis. Only one Get Equipped for Digital PrimeNBX promotion is permitted per Customer location.

8.16 "Hit The Ground Running" Promotional Program No. 1

MISSOURI PUBLIC SERVICE COMMISSION

From October 11, 1999 through December 31, 1999, new retail end-user customers who order PrimeNBX, or PrimePathNBX services, and meet the minimum requirements specified below will be eligible to receive a credit equal to the standard installation and service order charges for these services. Customers who commit to a minimum one-year term contract for PrimeNBX, or Prime PathNBX services, will also receive a credit equal to one month's recurring charges under this promotional program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to the installation or monthly recurring charges. Non-standard installation charges are not eligible for credit under this promotional program. Credit will be applied to the first month's bill following installation of service.

This promotion is only valid where facilities permit. Service must be installed by December 31, 1999. Customers ordering PrimeNBX or PrimePathNBX services must purchase a minimum of 48 PrimeNBX or 24 PrimePathNBX lines to qualify for this promotional program.

This promotional program is not valid with any other Company promotional program or in conjunction with services under contract or priced on an Individual Case Basis. If the customer terminates service before the end of the commitment period, the Customer will be responsible for paying any charges waived under this program. The customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

SECTION 8 - TEMPORARY PROMOTIONAL OFFERINGS

8.18

(D)

(D)

SECTION 8 – TEMPORARY PROMOTIONAL OFFERINGS

8.18 "Add to the Volume" Promotional Program

New retail end-user Customers who sign orders for PrimePath, PrimeXpress, PrimePlex PRI, or Prime Digital Trunk services (referred to hereafter as "eligible services") or any combination thereof, between May 12, 2000 and December 31, 2000, and who commit to the minimum requirements specified below are eligible to receive the discounted charges and rates shown below. (C)

Minimum Requirements

Customers are required to sign a term commitment for one, two, or three years between May 12, 2000 and December 31, 2000. Customers must also commit to a Minimum Annual Revenue Commitment (MARC) of \$3,000, \$6,000, \$9,000 or \$15,000 for eligible charges related to services provided under this promotional program. Eligible charges include monthly recurring facility charges for the eligible services ordered by the Customer under this promotional program, as well as charges for local and intraLATA toll calling made using eligible services. The required MARC for each Customer is for each year of the program term, prior to the application of any applicable discounts. If, at the end of each year following the Customer's Initial Service Date (the date that the Customer begins service under this promotional program), the Customer has failed to satisfy the MARC, the Customer will be billed a shortfall charge in an amount equal to the difference between the MARC and the total of the actual charges for that year. (C)

Other Terms and Conditions

Installation charges are not included in this program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes. Service must be installed by February 1, 2001. (C)

This promotional program is not valid with any other promotional program or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Add to the Volume" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible for payment of all discounts provided under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

8.18 "Add to the Volume" Promotional Program

REC'D JAN 31 2000

New retail end-user Customers who sign orders for PrimePath, PrimeXpress, PrimePlex PRI, or Prime Digital Trunk services (referred to hereafter as "eligible services") or any combination thereof, between March 1, 2000 and June 30, 2000, and who commit to the minimum requirements specified below are eligible to receive the discounted charges and rates shown below.

Minimum Requirements

Customers are required to sign a term commitment for one, two, or three years between March 1, 2000 and June 30, 2000. Customers must also commit to a Minimum Annual Revenue Commitment (MARC) of \$3,000, \$6,000, \$9,000 or \$15,000 for eligible charges related to services provided under this promotional program. Eligible charges include monthly recurring facility charges for the eligible services ordered by the Customer under this promotional program, as well as charges for local and intraLATA toll calling made using eligible services. The required MARC for each Customer is for each year of the program term, prior to the application of any applicable discounts. If, at the end of each year following the Customer's Initial Service Date (the date that the Customer begins service under this promotional program), the Customer has failed to satisfy the MARC, the Customer will be billed a shortfall charge in an amount equal to the difference between the MARC and the total of the actual charges for that year.

Other Terms and Conditions

Installation charges are not included in this program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes. Service must be installed by August 1, 2000.

This promotional program is not valid with any other promotional program or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Add to the Volume" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible for payment of all discounts provided under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

8.19 "PBX Re-Programming Credit" Promotional Program

REC'D FEB 14 2000

From March 8, 2000 through June 30, 2000, retail end-user customers who order PrimeXpress, PrimePlex, PrimeConnect, PrimePath NBX, PrimeNBX and Prime Digital Trunk (where available) services, and who commit to the minimum requirements specified below, will be eligible to receive a credit of \$500.00. This credit is provided to reimburse customers for costs associated with reprogramming their PBXs for each PrimeXpress, PrimePlex, PrimeConnect, PrimePath NBX, PrimeNBX and Prime Digital Trunk facility ordered under this program. Credits under this promotional program are not applicable for reimbursement of any governmental fees, surcharges, taxes, or shipping and handling charges associated with the customer's PBX reprogramming costs.

Customers are required to sign a one-year term commitment. Customers ordering Prime Digital Trunk service must order a minimum of 12 channels. Customers must also presubscribe to the Company for their local and intraLATA toll calling. All tariffed monthly recurring charges for PrimeXpress, PrimePlex, PrimeConnect or Prime Digital Trunk service apply.

This promotion is only valid where facilities permit. Service must be installed by September 27, 2000.

This promotional program is not valid with any other Company promotional program (except where allowed under applicable tariffs) or in conjunction with services under contract. Only one PBX Re-Programming Credit promotion is permitted per Customer location. If the customer terminates service before the end of the commitment period, the customer will be responsible to repay the credits provided under this program. The customer will also be charged early termination charges equal to the facilities charge times the remaining months of the customer's term commitment.

Missouri Public
Service Commission**8.20 "ON-NET" Promotional Program**

REC'D FEB 14 2000

From March 8, 2000 through June 30, 2000, new and existing retail end-user customers who order PrimePath, Prime Digital Trunk, PrimeXpress, PrimePath NBX, PrimeNBX or PrimePlex PRI will receive a credit equal to the standard installation charges for these services. Customers who commit to the minimum requirements specified below will also be eligible to receive one of the following credits:

- Customers who commit to a one-year term plan will receive a credit equal to one month's recurring charges for eligible services ordered under this promotional program.
- Customers who commit to a two-year term plan will receive a credit equal to two months' recurring charges for eligible services ordered under this promotional program.
- Customers who commit to a three-year term plan will receive a credit equal to three months' recurring charges for eligible services ordered under this promotional program.

Customers are responsible for payment of any associated governmental fees, surcharges or taxes applicable to the installation or monthly recurring charges. Service Order Charge and non-standard installation charges are not eligible for credit under this promotional program. Credit will be applied to the first month's bill following installation of service.

This promotion is only valid where facilities permit. Service must be installed by September 27, 2000.

This promotional program is not valid with any other Company promotional program. If the Customer terminates service before the end of the commitment period, the Customer will be responsible for paying any charges waived under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

8.22 Customer Premise Equipment (CPE) Credit Promotion

**MISSOURI
Public Service Commission**

New Customers purchasing Customer Premise Equipment (CPE) for PrimeNBX or PrimePathNBX, between (tariff effective date) and March 31, 2001, and who commit to the minimum requirements specified below, will receive the following credits as applicable for digital and analog equipment.

Digital Equipment

- \$10.00 per digital line for a one year contract
- \$20.00 per digital line for a two year contract
- \$40.00 per digital line for a three year contract

Analog Equipment

- \$ 3.00 per analog line for a one year contract
- \$ 6.00 per analog line for a two year contract
- \$12.00 per analog line for a three year contract

This promotion is valid to new Customers who were previous Centrex customers of another Local Exchange Carrier and select TCG as their primary carrier for local and intralata toll calling, and commit to a minimum of a one (1) year contract. For PrimePathNBX, a minimum of 10 lines per location must be purchased. For PrimeNBX, a minimum of 49 lines per location must be purchased. Service must be installed no later than June 30, 2001.

Credits will be issued by the customer's fourth invoice in the form of a one time credit based on the number of analog and/or digital PrimeNBX or PrimePathNBX lines on customers' initial order and the length of the customer commitment. No credit checks will be issued. Customers are required to submit proof of purchase of CPE. Proof of purchase must be in the form of a bill or invoice.

This promotional program applies to new PrimeNBX or PrimePathNBX customers that meet the minimum requirements. Existing services or current Customers moving service to a new location are not eligible. This promotion is not valid with services under contract or priced on an Individual Case Basis. Only one CPE Equipment Credit is permitted per Customer location in a 12-month period.

Customers who terminate their service plan prior to the expiration of the selected term period will be billed a fee in addition to termination liability charges. The fee will be equal to the CPE Equipment Credit issued multiplied by 1/12 for a one-year contract, 1/24 for a two-year contract, or 1/36 for a three contract, multiplied by the number of months remaining in the term.

Eligibility is contingent upon service availability in customer location.

8.24 Install and/or Monthly Recurring Charge Waiver Promotion

**MISSOURI
Public Service Commission**

Customers ordering PrimeNBX or PrimePathNBX services between (tariff effective date) and March 31, 2001, and who commit to the minimum requirements specified below, will be eligible for a waiver of their first month's Monthly Recurring Charge (MRC) and/or free installation. Taxes, FCC charges and any other special charges or surcharges are not included.

This promotion is valid for new Customers, and new locations of existing customers, ordering PrimeNBX or PrimePathNBX service who select TCG for their primary carrier for local and intralata calling and commit to a minimum of a one (1) year contract. For PrimePathNBX, a minimum of 10 lines per location must be purchased. For PrimeNBX, a minimum of 49 lines per location must be purchased. Credit will be applied on the first month's bill following installation of the service. Service must be installed no later than June 30, 2001. No credit checks will be issued.

This promotional program applies to new Customers, and new locations of existing customers that meet the minimum requirements. This promotion is not valid in conjunction with services under contract or priced on an Individual Case Basis. A location cannot receive more than one MRC credit and/or install waiver in a 12 month period.

Customers who terminate their service plan prior to the expiration of the selected term period will be billed a termination charge equal to the MRC multiplied by the number of months remaining in the term plan.

Eligibility is contingent upon service availability in customer location.

8.25 Remote Call Forwarding Promotional Waivers

REC'D OCT 01 2001

From November 1, 2001 through April 30, 2002, new and existing end-user retail customers who order Remote Call Forwarding, who meet the requirements specified below, will be eligible to receive the following waivers:

- Customer's Monthly Recurring Charge for the initial number and each additional path will be waived for one month, and Customer's non-recurring charge will be waived.

Customer must subscribe to PrimePath, PrimeXpress or PrimePlex standalone service.

Customer must specify the number of paths to be redirected simultaneously; this number can be between 1 and 48. The Customer is responsible to ensure that their terminating location can handle the Remote Call Forwarding calls.

Customers are responsible for payment of any associated governmental fees, surcharges or taxes applicable to the installation or monthly recurring charges. Waivers will be applied beginning with the first month's bill following installation of service.

This promotion is only valid where facilities permit, and is not available with Integrated Offers. Service must be ordered by April 30, 2002, and installed by May 31, 2002. A location cannot receive more than 1 Monthly Recurring Charge waiver, per location, in a 12 month period.

This promotional program is not valid with any other Company promotional program. If the Customer terminates their existing service before the end of the commitment period, the Customer will be responsible for paying any charges waived under this program

REC'D OCT 21 2002

SECTION 8 TEMPORARY PROMOTIONAL OFFERINGS

8.26 "Volume Discount" DSO Promotional Program

Service Commission

New retail end-user Customers who sign orders for PrimePath, PrimePath NBX and PrimeNBX and Prime Digital Trunks services (referred to hereafter as "eligible services") or any combination thereof, between October 28, 2002, and May 6, 2003, and who commit to the minimum requirements specified below are eligible to receive the discounted charges and rates shown below.

Minimum Requirements

Customers are required to sign a term commitment for one year between October 28, 2002, and August 6, 2003. Customers must also commit to a Minimum Annual Revenue Commitment (MARC) of \$3,000, \$6,000, \$9,000 or \$15,000 for eligible charges related to services provided under this promotional program. Eligible charges include monthly recurring facility charges for the eligible services ordered by the Customer under this promotional program, as well as charges for local and intraLATA toll calling made using eligible services. The required MARC for each Customer is for the year of the program term, prior to the application of any applicable discounts. If, at the end of the year following the Customer's Initial Service Date (the date that the Customer begins service under this promotional program), the Customer has failed to satisfy the MARC, the Customer will be billed a shortfall charge in an amount equal to the difference between the MARC and the total of the actual charges for that year.

Other Terms and Conditions

Installation charges are included in this program. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes. Service must be installed by November 6, 2003.

This promotional program is not valid with any other promotional program or in conjunction with services under contract or priced on an Individual Case Basis. Only one "Volume Discount" promotion is permitted per Customer location. If the Customer terminates service before the end of the commitment period, the Customer will be responsible for payment of all discounts provided under this program. The Customer will also be charged early termination charges equal to the facilities charge times the remaining months of the Customer's term commitment.

8.31 Monthly Recurring Charges and Installation Charges Waiver Promotion

This promotion will provide a one time waiver of the Monthly Recurring Charge and/or the Non-Recurring Installation charge associated with the Incoming Call Redirect feature for new or existing retail end-user Customers who newly subscribe to the Incoming Call Redirect Feature on PrimeXpress, PrimePlex, or Prime Digital Trunk services between December 27, 2002, and August 31, 2003, and who place orders for service by October 31, 2003.

Both the Monthly Recurring Charge and the Non-Recurring Installation Charge waivers can only be applied once per location, and a single location cannot receive more than one Monthly Recurring Charge or Non-Recurring Installation Charge waiver in a 12-month period. Existing Customers that move their service locations are excluded from this promotion. The Customer has the option of apply the Monthly Recurring Charge waiver and the Non-Recurring Installation Charge waiver jointly, or independently of each other. Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to installation charges.

To qualify, PrimeXpress, PrimePlex or Prime Digital Trunk customers must newly subscribe to the Incoming Call Redirect feature, and must select TCG as their primary carrier for their local calling. Service must be installed no later than November 30, 2003.

Customers may also enroll in other promotions available for Prime Services, provided that they meet the eligibility requirements for those promotions.

8.34 PrimePath Month to Month Service Install Waiver Promotion

From July 8, 2003, through December 31, 2003, Customers subscribing to PrimePath Standalone Service who commit to the minimum requirements specified below are eligible to receive a one time credit equal to the facilities based installation charge. Customers are responsible for the payment of any associated governmental fees, surcharges, or taxes applicable to installation charge. The credit will be applied on the first month's bill following installation of the service. (C)

This promotion is available to new PrimePath customers as well as new locations and/or new facilities of existing customers who subscribe to TCG PrimePath standalone month-to-month service. To qualify, Customer's payments must produce a minimum of \$500 in combined local, intraLATA and MRC revenue over a 12-month period and Customer must select AT&T as the primary carrier for local and intraLATA toll calling. The installation charge waiver is not applicable for customers moving locations or for existing contracts. The Service Order Charge for PrimePath services and non-recurring charges for ancillary installation, special services, or features are not eligible to receive waivers under this program. In order to qualify for this promotion, Customer must subscribe to the Service by December 31, 2003 and place a firm order by February 28, 2004, and the Service must be installed by March 31, 2004. (C) (C)

Customers may enroll in other Local Voice promotions, providing that they meet the eligibility requirements for those other promotions. If the Customer does not meet the qualification requirements specified above, the Customer will be responsible for payment of any installation charges waived under this promotion.

8.35 TCG Integrated Prime Services One Month MRC Waiver Equipment/Vendor Credit Promotion

Customers ordering a new TCG Integrated PrimePath, TCG Integrated PrimePath NBX or TCG Integrated Prime Digital Trunks Service between July 3, 2003, and December 31, 2003, are eligible to receive promotional waivers and credits.

New or existing TCG Integrated PrimePath, TCG Integrated Prime Digital Trunk, and TCG Integrated PrimePath NBX standalone customers are eligible to receive a 1-month MRC waiver when the customer subscribes to a new TCG Integrated Prime Service. To qualify, customers must subscribe to new TCG Integrated Prime service for a minimum 1-year contract and produce \$500 in combined local, intraLATA and MRC revenue over a 12-month period. A location cannot receive more than 1 promotional credit. The MRC varies by city and this promotion is to waive the facility monthly charge only -- it does not provide a waiver for feature or service charges such as Caller ID. Customers moving locations are excluded from this promotion. Eligibility is contingent upon service availability in customer location.

New or existing TCG Integrated PrimePath, TCG Integrated Prime Digital Trunks, and TCG Integrated PrimePath NBX standalone customers are eligible to receive an Equipment/Vendor credit to offset expenses associated with new Equipment or Vendor charges. The credit will apply to customers who are required to purchase new equipment, upgrade or augment existing equipment, or reprogram existing equipment for the purchase of new Integrated Prime services. Customers must submit applicable paperwork showing services have been rendered to their account team in order to receive the credit (via a bill or invoice). To qualify, customers must subscribe to new TCG Integrated Prime service for a minimum 3-year contract and produce \$500 in combined local, intraLATA and MRC revenue over a 12-month period. The credit will apply based on the following subscription to Integrated Prime channels per location:

5 - 10 Integrated Prime channels: \$300 credit
11+ Integrated Prime channels: \$500 credit

A location cannot receive more than 1 promotional credit. A maximum of 50 locations per customer applies. Customers moving locations are excluded from this promotion. Eligibility is contingent upon service availability at a customer location. This promotion is not valid in conjunction with services under contract or priced on an Individual Case Basis.

To qualify for the above promotional waiver or credit, a firm Order for Service must be placed by February 28, 2004, and Service must be installed by March 31, 2004.

Customers may enroll in other promotions available for TCG Local Voice services providing that they meet the eligibility requirements for those other promotions.

8.37 Integrated Prime Services One-Month MRC Waiver Equipment/Vendor Credit Promotion

Customers ordering a new TCG Integrated PrimePath or TCG Integrated Prime Digital Trunks Service between January 1, 2004, and December 31, 2004, are eligible to receive promotional waivers and credits.

New or existing TCG Integrated PrimePath and TCG Integrated Prime Digital Trunk standalone customers are eligible to receive a 1-month MRC waiver when the customer subscribes to a new TCG Integrated Prime Service. To qualify, customers must subscribe to new TCG Integrated Prime service for a minimum 2-year contract and produce \$500 in combined local, intraLATA and MRC revenue over a 12-month period. A location cannot receive more than 1 promotional credit. The MRC varies by city and this promotion is to waive the facility monthly charge only -- it does not provide a waiver for feature or service charges such as Caller ID. Customers moving locations are excluded from this promotion. Eligibility is contingent upon service availability in customer location.

New or existing TCG Integrated PrimePath and TCG Integrated Prime Digital Trunks standalone customers are eligible to receive an Equipment/Vendor credit to offset expenses associated with new Equipment or Vendor charges. The credit will apply to customers who are required to purchase new equipment, upgrade or augment existing equipment, or reprogram existing equipment for the purchase of new Integrated Prime services. Customers must submit applicable paperwork showing services have been rendered to their account team in order to receive the credit (via a bill or invoice). To qualify, customers must subscribe to new TCG Integrated Prime service for a minimum 3-year contract and produce \$500 in combined local, intraLATA and MRC revenue over a 12-month period. The credit will apply based on the following subscription to Integrated Prime channels per location:

5 - 10 Integrated Prime channels: \$300 credit
11+ Integrated Prime channels: \$500 credit

A location cannot receive more than 1 promotional credit. A maximum of 50 locations per customer applies. Customers moving locations are excluded from this promotion. Eligibility is contingent upon service availability at a customer location. This promotion is not valid in conjunction with services under contract or priced on an Individual Case Basis.

To qualify for the above promotional waiver or credit, a firm Order for Service must be placed by February 28, 2005, and Service must be installed by April 30, 2005.

Customers may enroll in other promotions available for TCG Local Voice services providing that they meet the eligibility requirements for those other promotions.
