Re: Small Company Rate increase,  
Terre Du Lac Utilities Corporation

**RECEIVED<sup>3</sup>**

**AUG 04 2003**

*Records*  
**Public Service Commission**

Dear Sir:

Terre Du Lac Utilities Corporation ( Terre Du Lac or Company), a Missouri Corporation, holds certificate of public convenience and necessity whereby it provides water service and sewer service in the State of Missouri.

Pursuant to 4 CSR 240-2.200, the undersigned hereby requests increase in sewer rate so that sewer service can continue to be provided to customers of the company in accordance with regulatory requirements of the State of Missouri.

The Company is hereby seeking increase in its sewer customers rate to generate an increase in the Company's annual operating revenues of \$ 5,746.00. This increase resulted as a direct result of assessment by Missouri Public Commission for sewer of \$ 17,559.36 for the fiscal year beginning the fiscal year July 1, 2003. 1998 informal rate case allowed sewer assessment of \$ 11,813, difference being \$ 5,746.00. Requested increase will result in 48 cent increase per month to sewer customers, from \$ 15.83 to \$ 16.31. All other rates will remain the same.

Terre Du Lac is also advising you that it is current on its water and sewer PSC assessments and its current on its annual reports for water and sewer utilities as required by the Commission.

If you need additional information, please advice.

Sincerely yours,  
Terre Du Lac Utilities Corporation  
  
Mike Tilley, President
