**ORDER CANCELING CERTIFICATE
AND ACCOMPANYING TARIFFS**

Issue Date: August 4, 2009

Effective Date: August 14, 2009

On July 14, 2009, the Staff of the Missouri Public Service Commission filed a motion requesting CAT Communications International, Inc.'s ("CAT") certificate of service authority and accompanying tariffs be cancelled. The Commission granted CAT a certificate of service authority to provide competitive interchange and basic local exchange telecommunication service in the State of Missouri.

In File Number TA-2000-347, the Commission granted CAT a certificate to provide competitive interchange and basic local exchange telecommunication service. CAT's tariffs, PSC MO No. 1 and 2, were also approved.

Staff's motion states that Staff attempted to contact the CAT on numerous occasions regarding outstanding annual report and assessment matters. Staff discovered CAT filed a Chapter 11 bankruptcy Petition in the United States Bankruptcy Court for the Western District of Virginia on June 3, 2008. The bankruptcy case, Case No. 08-71013, was converted to a liquidation case under Chapter 7.

Staff stated that CAT has failed to file a 2008 annual report and owes the Commission \$15.64 in assessment. Staff indicated that to the best of their knowledge, information and belief, CAT is no longer providing telecommunication services in Missouri. Staff recommends that the Commission cancel the company's certificate of service authority and accompanying tariffs.

On July 15, 2009, the Commission issued an Order Directing Notice allowing any parties to file an objection or request a hearing to do so no later than July 27, 2009. No objections or requests for a hearing were filed.

The Commission has the authority to cancel a certificate and tariff pursuant to Section 392.410.5, RSMo, which states, in part, "[a]ny certificate or service authority may be altered or modified by the commission after notice and hearing, upon its own motion or upon application of the person or company affected."

Based on Staff's request and because CAT is not providing telecommunications service in Missouri, the Commission finds that the certificate of service authority and tariffs granted to CAT Communications International, Inc., shall be canceled.

IT IS ORDERED THAT:

1. The certificate of authority to provide basic local, nonswitched local, and interexchange telecommunications services granted to CAT Communications International, Inc., in File Number TA-2000-347, is canceled.
2. CAT Communications International, Inc.'s tariffs, PSC MO No. 1 and 2, are canceled.
3. This order shall become effective on August 14, 2009.

4. This case may be closed on August 15, 2009.

BY THE COMMISSION

Steven C. Reed
Secretary

(SEAL)

Nancy Dippell, Deputy Chief Regulatory Law Judge,
by delegation of authority pursuant to
Section 386.240, RSMo 2000.

TARIFF FORMAT

Service Commission

- A. Sheet Numbering - Sheet numbers appear in the upper-right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper-right corner of the sheet. These numbers are used to determine the most current sheet version on file with the Department. For example, 4th Revised Sheet 14 cancels 3rd Revised Sheet 14.
- C. Paragraph Numbering Sequence - There are various levels of alphanumeric paragraph coding. Each level of coding is subservient to its next higher level of coding. For example:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a)

- D. Check Sheets - When a tariff filing is made with the Department, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current sheet on file with the Department.
