RE: Notice of Election and Withdrawal of Spectra Communications Group, LLC (Missouri) d/b/a CenturyLink Tariffs Pursuant to §392.461, RSMo.

Dear Secretary:

Section 392.461 allows telecommunications companies, upon notice to the Missouri Public Service Commission ("Commission"), to elect to be exempt from the requirement that they offer retail services to residential or business end users only through tariff, and to withdraw such tariffs.

Spectra Communications Group, LLC (Missouri) d/b/a CenturyLink hereby provides notice of its election to be exempt from tariff filing requirements, and of its intent to withdraw the below-listed tariffs, effective October 1, 2014.

General and Local Exchange Tariff PSC MO. NO. 1
Long Distance Message Telecommunications Service Tariff PSC MO. NO 3
Wide Area Telecommunications Service Tariff PSC MO.NO 4
Private Line Service Tariff PSC MO.NO 5
Digital Data Transmission Service Tariff PSC MO. NO 6
Exchange Boundary Maps P.S.C. MO. NO. 7

Compliant with the requirement that electing companies publish generally available retail prices on a website, the *Local Terms of Service* containing the terms, conditions and rates for services previously provided under tariffs will be located on CenturyLink's website at www.CenturyLink.com/tariffs. Affected customers were advised at least thirty days in advance of CenturyLink's withdrawal of the above referenced tariffs and of the website at which *Local Terms of Service* are available.

The withdrawal of tariffs and establishment of *Local Terms of Service* will not result in any changes to customers' current services or rates. CenturyLink will notify customers in advance if future changes are made.

If you have any questions or need additional information, you may call me at (913) 353-7087.

Sincerely,

A handwritten signature in black ink that reads "Robyn Crichton".

DEIVE

A. Application

MAY 10 2000

1. General

PUBLIC SERVICE COMMISSION

- a. The regulations set forth herein apply to intrastate services and facilities furnished within the State of Missouri by SPECTRA COMMUNICATIONS GROUP, LLC, hereinafter referred to as the Company, or as Spectra Communications, subject to the jurisdiction of the Missouri Public Service Commission (MPSC).
- b. The regulations or conditions contained in the General and Local Exchange Tariff shall govern in the event of a conflict between these General Regulations and any conditions applicable to the General and Local Exchange Tariff.
- c. When services and facilities are provided in part by the Company and in part by other companies, the regulations of the Company apply to that portion of the service or facilities furnished by it.

A. Application

1. Concurrences

(N)

- a. Spectra Communications Group, LLC, d/b/a CenturyTel concurs in the Local Network Access Services Tariff PSC Mo. No. 8 filed by CenturyTel of Missouri, LLC.

Spectra Communications Group, LLC d/b/a CenturyTel extends this concurrence to any and all changes which may be made subsequent to the effective date of this tariff by CenturyTel of Missouri, LLC.

Spectra Communications Group, LLC d/b/a CenturyTel hereby expressly reserved the right to cancel and make void this statement of concurrence at any and such time as it appears to be in the best interest of the Company.

This concurrence supersedes and cancels all previous schedules of rates and charges or concurrences issued by the Company or its predecessors.

ADDITIVE

RULES AND REGULATIONS

MAY 10 2000

B. Obligation and Liability of the Company

PUBLIC SERVICE COMMISSION

1. Availability of Facilities and Equipment

- a. The Company's obligation to furnish exchange and toll service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary pole lines, circuits, and equipment.
- b. The installation and restoration of services shall be subject to the regulations set forth in this Tariff and the Company's Facilities for Intrastate Access Tariff, concerning the Telecommunications Service Priority (TSP) System.

2. Interruptions of Service

- a. In the event of an interruption to the service not due to the negligence or willful act of the customer or customer premises equipment, an allowance will be made if the interruption continues for more than 24 hours from the time it is reported to or detected by the Company.
- b. The allowance will be limited to the prorated portion of the monthly rate or guarantee for the service or portion thereof made inoperative. No other liability shall in any case attach to the Company in consideration of such interruptions.

3. Liability

- a. In view of the possibility of errors and difficulties occurring in the transmission of messages by telephone, and the impossibility of fixing the cause thereof, the customer assumes all risks connected with the service except as follows:
 - 1) If the initial installation is defective or if service is interrupted otherwise than by the negligence or willful act of the customer or due to customer premises equipment, an allowance at the minimum rate for the telephone facilities and class of service at the time of the installation or interruption shall be made for the time such outage continues after notice and demand to the Company unless such outage is due to the inside wiring or customer provided equipment. No other liability shall in any case attach to the Company.

RULES AND REGULATIONS

MAY 10 2000

B. Obligation and Liability of the Company (Cont'd)

3. Liability (Cont'd)

MISSOURI PUBLIC SERVICE COMMISSION

- b. In the case of interruption to any interexchange service (Private Lines, WATS, etc.), allowance for message toll service used by the customer during the period of interruption, will be made at the regular message toll rates.
- c. While the Company's local exchange access line service may be used by the customer for dial-up access, the advertised speeds of the customer's modem may not be attainable with this service and are not guaranteed by the Company. The Company will assure, however, that its local exchange access lines meet the standards outlined in 4CSR 240-32.060.

4. Directory Errors and Omissions

- a. The Company's liability for damages on account of interruptions to service due to errors or omissions in directory listings will be limited to a pro rata abatement of the charge for such of the customer's service as is affected, the maximum abatement not to exceed one-half the service charges for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.
- b. In the cases of extra listings in the alphabetical section of the directory for which a charge is made, the Company's liability shall be limited to an amount not to exceed the established rate for such listing during the period which the error or omission continues.

5. Transmitting Messages

- a. The Company does not transmit messages but offers the use of its facilities for communications between patrons. If because of transmission difficulties the operator, in order to accommodate the customer, repeats messages she is deemed to be acting as the agent of the persons involved and no liability shall attach to the Company because of any errors made by the operator or misunderstandings that may arise between customers because of the errors.

B. Obligation and Liability of the Company (Cont'd)

6. Use of Connecting Company Lines

- a. When suitable arrangements can be made, lines of other telephone companies may be used in establishing wire connections to points not reached by this Company's lines. In establishing connections with the lines of other companies, the Company is not responsible or liable for any action of the Connecting Company.

7. Defacement of Premises

- a. The Company shall exercise due care in connection with all work done on customer's premises. No liability shall attach to the Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Company's facilities and associated wiring on such premises, or by the installation or removal thereof, unless such defacement or damage is the result of the sole negligence of the Company.

8. Unauthorized Access and Hacking

- a. **Except for physical damage to Customer's transmission facilities or Customer premise equipment directly caused by the Company's negligence or willful misconduct, the Company is not responsible for unauthorized access to, or alteration, theft, or destruction of, Customer's equipment, data, programs or other information through accident, wrongful means or any other cause while such information is stored on or transmitted across Company-provided network facilities or Customer premise equipment. Customer is responsible for any Company service or usage charges resulting from any such unauthorized access, unless a tariff, schedule or other written agreement expressly states otherwise.**

(N)

C. Use of Service and Facilities

1. Ownership and Use of Regulated Services

- a. Coin-operated, public, semi-public or pay telephone equipment, and wiring and facilities furnished by the Company to provide transmission service on the premises of a customer are the property of the Company. The agents and employees of the Company shall have the right to enter said premises at any reasonable hours for the purpose of installing, inspecting, maintaining or repairing the equipment, instruments and lines, or for the purpose of making collections from coin boxes or upon termination of the service, for the purpose of removing such equipment, instruments and lines. Such equipment, instruments and lines are not to be used for performing any part of the work of transmitting, delivering or collecting any message where any toll or consideration has been or is to be paid any party other than the Company, without the written consent of the Company.
- b. If the installation and maintenance of service are requested at locations which are or may become hazardous or dangerous to the Company's employees or the public or property, the Company may refuse to install and maintain such service, and, if such service is furnished may require the customer to install and maintain such services and may also require the customer to indemnify and hold the Company harmless from any claims, loss or damage by reason of the installation and maintenance of such service.

6. Use of Connecting Company Lines

a. When suitable arrangements can be made, lines of other telephone companies may be used in establishing wire connections to points not reached by this Company's lines. In establishing connections with the lines of other companies, the Company is not responsible or liable for any action of the Connecting Company.

7. Defacement of Premises

a. The Company shall exercise due care in connection with all work done on customer's premises. No liability shall attach to the Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Company's facilities and associated wiring on such premises, or by the installation or removal thereof, unless such defacement or damage is the result of the sole negligence of the Company.

C. Use of Service and Facilities

1. Ownership and Use of Regulated Services

a. Coin-operated, public, semi-public or pay telephone equipment, and wiring and facilities furnished by the Company to provide transmission service on the premises of a customer are the property of the Company. The agents and employees of the Company shall have the right to enter said premises at any reasonable hours for the purpose of installing, inspecting, maintaining or repairing the equipment, instruments and lines, or for the purpose of making collections from coin boxes or upon termination of the service, for the purpose of removing such equipment, instruments and lines. Such equipment, instruments and lines are not to be used for performing any part of the work of transmitting, delivering or collecting any message where any toll or consideration has been or is to be paid any party other than the Company, without the written consent of the Company.

b. If the installation and maintenance of service are requested at locations which are or may become hazardous or dangerous to the Company's employees or the public or property, the Company may refuse to install and maintain such service, and, if such service is furnished may require the customer to install and maintain such services and may also require the customer to indemnify and hold the Company harmless from any claims, loss or damage by reason of the installation and maintenance of such service.

RULES AND REGULATIONS

C. Rights of the Company in Furnishing Use of Service and Facilities (Cont'd)

2. Service Use by Customer

a. Customer telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the customer, the customer's family, employees or business associates, or persons residing in the customer's household, except as the use of the service may be extended to persons temporarily subleasing a customer's residential premises. The Company has the right to refuse to install customer transmission service or to permit such service to remain on premises of public or semi-public character when the instrument is so located that the public in general or patrons of the customer may make use of the service. At such locations, however, transmission service may be installed, provided the instrument is so located that it is not accessible for public use.

3. Use of Party Line Service

a. Applications for party line service are accepted by the Company with the understanding that each customer will so use the service as not to interfere with an equitable proportionate use of the service by the other customers on the same line. When the duration or number of local messages sent or received by a party line customer is so great as to prevent an equitable proportionate use of the line by other customers on the line, the Company shall have the right to require the customer to contract for a higher grade of service, or to discontinue the service of the customer in question. The Company reserves the right to limit the continuous use of a party line for a local message to five minutes.

4. Tampering with Equipment

a. The Company may refuse to furnish or may deny transmission service to any person, firm or corporation on whose premises is located any telephone equipment owned by the Company which shows any evidence of tampering, manipulation, or operation, or use of any device whatsoever, for the purpose of obtaining telephone service without payment of the charges applicable to the service rendered.

RULES AND REGULATIONS

C. Rights of the Company in Furnishing Use of Service and Facilities (Cont'd)

5. Termination of Service by the Company for Unlawful Use

a. The Company may disconnect, without advance notice:

- 1) Any transmission service used in such a manner as to interfere unreasonably with other services or service of another user, constitute abuse, fraud or tend to injuriously affect the efficiency of the Company's plant, property or service.
- 2) Any transmission service or calls which is used with intent to terrify, intimidate, threaten, harass, annoy, or offend another telephone user.
- 3) Any transmission service used to disseminate without authorization confidential, proprietary information of the Company or information that would enable other persons to gain unauthorized access to the Company's network or facilities.

6. Use of Profane Language, Impersonation of Another, Fraudulent Intent

- a. The Company may refuse to furnish or may deny transmission service to any persons, firm or corporation who, over the facilities furnished by the Company, uses or permits to be used foul, abusive, obscene or profane language; or impersonates or permits others to impersonate any other individual with fraudulent or malicious intent.
- b. The Company may refuse to furnish service and may also disconnect existing service for a customer who demonstrates fraudulent means of obtaining, or attempting to obtain, or assisting another to obtain, service by any trick, scheme, false representation, false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the charge for such service.

7. Governmental Objections to Service

- a. The Company may refuse to furnish or may discontinue transmission service to any person, firm, or corporation upon objection to the furnishing of such service made by or on behalf of any governmental authority on the grounds that such service is or is to be used for illegal purposes.

RULES AND REGULATIONS

MISSOURI PUBLIC SERVICE COMMISSION

C. Rights of the Company in Furnishing Use of Service and Facilities (Cont'd)

8. Connection of Automated Dialing-Announcing Devices

- a. The Company will not knowingly permit connection to or operation over the telephone network of an automated dialing-announcing device used for solicitation purposes where calls initiated by the device cannot be terminated at will by the called party and dial tone restored to the called party promptly upon termination of the call by the called party.
- b. Any prerecorded message issued by an automated dialing-announcing device shall be preceded by an announcement which states the name and address of the calling party, the purpose of the message, and that the message is coming from automated equipment.

D. Establishment and Furnishing of Service

1. Application for Service

- a. Applications for initial or additional services made verbally or in writing become a contract upon the establishment of the service or facility. During the application process, the Company will check commercial credit services in order to establish a credit risk assessment for each customer.
- b. Any change in rates or regulations prescribed by public authority having jurisdiction modifies all terms and regulations of contracts to the extent of such changes.
- c. The Company reserves the right to refuse service to any applicant who is found to be indebted to the Company for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Company may also refuse to furnish service to any applicant desiring to establish service for former customers of the Company who are indebted for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness. (Refer also to Section 2, Sheet 18, k.1.a.)
- d. The Company may also decline to provide service to a minor whose principal place of abode is the home of the minor's parent, guardian, or other person legally charged with the minor's care and custody.

PUBLIC SERVICE COMMISSION

2. Telephone Numbers

- a. The customer has no property right in the telephone number nor any right to continuance of service through any particular central office, and the Company may change the telephone number or the central office designation, or both, of a customer whenever it deems it advisable in the conduct of its business to do so.

3. Alterations

- a. The Company will be reimbursed for the costs associated with customer requests for relocation or rearrangement of facilities located on his premises.

4. Responsibility for Payment of Service

(Refer to Section 2, Sheet 23, N.)

5. Maintenance and Repairs

- a. With the exception of customer premises equipment and inside wiring, all ordinary expense of maintenance and repair, unless otherwise specified in the Company's Tariff, is borne by the Company. In case of loss of, damage to, or destruction of, any of the Company's facilities, not due to ordinary wear and tear, the customer is held responsible for the cost of replacing the facilities destroyed or for the cost of restoring the facilities to its original condition, except where such damage is not occasioned by the negligence of the customer. Customers may not rearrange, disconnect, or remove or permit others to rearrange, disconnect or remove any facilities installed by the Company, except upon the written consent of the Company.

6. Unusual Installation Costs

- a. Where special conditions or special requirements of the customer involve unusual construction or installation costs, the customer may be required to pay a reasonable proportion of such costs.

PUBLIC SERVICE COMMISSION

7. Furnishing Party Line Services

- a. Two- and four-party service within the established local base rate area, when offered, is furnished at any location where there is a vacancy on an existing line or, when there is no vacancy, a new line will be opened up when there is, in the opinion of the Company an opportunity to connect additional customers in nearby locations to that line within a reasonable time. In some exchanges this service is restricted to existing customers and will not be offered to other customers.
- b. Four-party service beyond the established local base rate area, when offered, will be furnished only when, in the opinion of the Company, there is sufficient demand for such service to assure a reasonable fill of the lines and where such demand is concentrated within a reasonable area.
- c. Two-party service beyond the established local base rate area is also furnished at certain exchanges and in those exchanges the same rules and regulations apply as set out for four-party service above.

8. Furnishing of Announcement, Answering and Recording Services

- a. Use of Company facilities or service in connection with automatic announcement service, automatic answering and recording service, recorder-coupler service or miscellaneous devices for recorded public announcements are subject to the following conditions:
 - 1) For purposes of identification, customers to transmission service who transmit recorded public announcements over facilities provided by the Company must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided.
 - 2) Customers transmitting factual public announcements, such as time, stock market quotations, airline schedules, and similar information are excluded from the preceding condition.

8. Furnishing of Announcement, Answering and Recording Services (Cont'd)

a. (Cont'd)

- 3) Nonpublished telephone service will not be furnished for use with recorded public announcements.
- 4) Failure to comply with the provisions of this Tariff shall be cause for termination of the service.

9. Inside Station Wiring - New or Existing

- a. The Company is no longer required to provide, lease, install, maintain or repair new inside station wiring or maintain or repair existing inside station wiring.
- b. The Company is responsible for making all connections at the protector or providing a facility to permit customer connection with new inside station wiring at the demarcation point. Nothing contained herein shall require or necessitate changes or modifications to telephone utility connections with existing inside station wiring.
- c. The Company will endeavor to answer any questions concerning the installation, repair, and maintenance of new inside station wiring and the maintenance of existing inside station wiring by telephone contact, personal contact or printed material, upon request.

10. Riser Cable Inside Building

- a. Cable entering a building but serving more than one individual customer within that building shall not constitute existing inside station wiring. This cable shall constitute distribution cable.
- b. Where the Company has existing cable between two or more buildings on the same premises, the cable shall constitute outside plant. An individual customer may, however, without limitation, provide cable between two or more buildings on the same premises.

RULES AND REGULATIONS

E. Telephone Directories

MISSOURI PUBLIC SERVICE COMMISSION

1. Distribution

- a. The Company will furnish to its customers, without charge, only such directories as it deems necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Company at a reasonable charge.

2. Ownership and Use

- a. Directories regularly furnished to customers are the property of the Company, are loaned to customers only as an aid to the use of the telephone service. Customers must not deface or mutilate directories. The Company shall have the right to make a charge for directories issued in replacement of directories destroyed, defaced, or mutilated while in possession of the customer.

F. Priority of Service

- 1. In case a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of network transmission service takes precedence in the furnishing of any service or facility.

G. Foreign Central Office Service

- 1. Foreign central office service is exchange service furnished to a customer in a multioffice exchange, from a central office other than the one which serves the area in which he is located.

Issued: May 10, 2000

Effective: August 1, 2000

RULES AND REGULATIONS

G. Foreign Central Office Service (Cont'd)

MISSOURI PUBLIC SERVICE COMMISSION

- 2. Such service is not in accordance with the general plan of furnishing transmission service, and will be furnished only if facilities are available and when such service is warranted by the extenuating circumstances involved. The Company does not obligate itself to furnish this service, particularly when it involves undue expense or impairment of the service furnished the general public.
- 3. Mileage rates as quoted in this Tariff will be applied if Foreign Central Office Service is provided.

H. Customer Premises Equipment (CPE)

- 1. Customer premises equipment is all terminal equipment normally used on the customer's premises and owned by the customer; or owned by the Company or some other supplier and leased to the customer; including the terminal equipment located or held in inventory on the customer's premises. Coin and coinless-operated public, semi-public, or pay telephone equipment is excluded.
 - a. CPE is no longer offered as a regulated part of this Company's tariffs; however, this does not give the customer the right to repair or maintain CPE owned by the Company without the Company's consent.
- 2. The Company shall allow customers to secure the provision, repair, and maintenance of CPE from any supplier provided that such equipment shall be in compliance with applicable registration standards promulgated by the Federal Communications Commission.
 - a. The Company will endeavor to answer any questions concerning the installation, repair, and maintenance of CPE by telephone contact, personal contact, or printed material, upon request.
- 3. Service requirements for connection of CPE to multi-party central office access lines:
 - a. Customers on multi-party central office access lines are required to contact the Company before connecting terminal equipment to their line to ascertain the correct ringer frequency and any other information necessary to insure that service to the other customer(s) on the line will not be interrupted.

RULES AND REGULATIONS

LOCAL SERVICE COMM.

I. Fees or Taxes to be Billed to Customers

- 1. When any municipality, other political subdivision or local agency of government, imposes upon the Company any license, occupation, or other similar charge or tax applicable to service by the Company to the customer, or imposes a charge or tax based upon a percentage of gross receipts, net receipts, or revenues from sale of telephone service by the Company, the charges for local service to customers within such municipality, other political subdivision or local agency of government, shall be increased by an amount equal to each such customer's proportionate part of any such charge or tax, and such amount shall be shown separately on the customer's bill.

J. Application of Business and Residence Rates

- 1. Business rates apply at the following locations:
 - a. In offices, stores, factories, and all other places of a strictly business nature.
 - b. In boarding houses, except as noted in this Section, offices of hotels, halls, and offices of apartment buildings, quarters occupied by clubs or lodges, public, private, or parochial schools or colleges, hospitals, libraries, churches, and other similar institutions.
 - c. At residence locations when the customer has no regular business central office access line and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising either by business cards, newspapers, handbills, advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over to residence central office access line service during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.

J. Application of Business and Residence Rates (Cont'd)

MISSOURI PUBLIC SERVICE COMMISSION

1. (Cont'd)

- d. Where the place of business and the residence of a customer are on the same premises and no transmission service is installed in the place of business, the business rate shall be charged for the central office access line installed in the residence.
- e. At residence locations, when an additional station or extension bell is located in a shop, office, or other place of business.
- f. In college fraternity and sorority houses.
- g. At any location where the listing of service at that location indicates a business, trade or profession, except as specified in this Section.

2. Residence rates apply at the following locations:

- a. In private residences where business listings are not provided.
- b. In private apartments of hotels, rooming houses, or boarding houses where service is confined to the customer's use, and elsewhere in rooming and boarding houses which are not advertised as a place of business or which have less than five rooms for roomers or which furnish meals to less than ten boarders, provided business listings are not furnished.
- c. In the place of residence of a clergyman or nurse, and in the place of residence of a physician, dentist, veterinary, surgeon or other medical practitioner, provided the customer does not maintain an office in the residence.

3. Discounts for Schools and Libraries

- a. Discounts on the intrastate services offered through this tariff will be available to eligible schools and libraries. A school or library will be eligible to participate in the discount program if it receives funds from the Federal Universal Service fund.
- b. The level of discount available will mirror the discount percentage level available to the school or library through the Federal Universal Service Fund program. The discount will be applied against the intrastate service rate otherwise applicable under this tariff. The discount only applies to the extent funds are available to the eligible school or library, through the Federal Universal Service Fund.

2. Terms of Deposits

MISSOURI
Public Service Commission

- a. Deposits will not exceed the estimated charges for two (2) months service based on the average bill during the preceding twelve (12) months, or in the case of new applicants for service, the average monthly bill for all customers within a customer class, i.e., residence accounts.
- b. The deposit shall bear interest at a rate which is equal to one (C) percent (1%) above the prime lending rate as published in the Wall Street Journal. The rate shall be adjusted annually on December 1 using the prime lending rate as published in the Wall Street Journal on the last business day of September of each year, plus one percent (1%). The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer. (C)
- c. Upon discontinuance or termination of service, the deposit will be credited, with accrued interest, to the charges stated on the final bill and any balance will be returned to the customer within twenty-one (21) days of the rendition of the final bill.
- d. Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, guarantors will be released, or deposits with accrued interest will be refunded or credited against charges on subsequent bills. Payment of charges will be considered satisfactory if received prior to the date which the charge becomes delinquent provided it is not in dispute. The Company may withhold refund of a deposit pending the resolution of a dispute with respect to charges secured by the deposit.
- e. The Company will maintain records of all pertinent information with regard to each deposit held.
- f. Each customer posting a deposit shall receive in writing at the time of posting or within ten (10) days a receipt which contains information pertinent to that deposit. Any person entitled to a refund of a deposit will not be deprived of that refund even though they may not be able to produce the deposit receipt.

3. Responsibility for Payment

a. The fact that a deposit has been made shall in no way relieve the customer or applicant from complying with the Company's regulation as to advance payments and the prompt payment of bills on presentation, nor constitute a waiver or modification of the Company's regulations pertaining to disconnection of service for nonpayment.

4. Discontinuance of Service for Failure to Establish Credit

a. During normal business hours, service may be discontinued for failure to establish credit, as authorized in this Tariff, after written notice by first class mail has been sent or delivered to the customer, at least ten (10) days prior to the date of the proposed discontinuance. (C)

5. Service Restoral Charge

a. Where service has been discontinued for failure to establish credit as authorized above, the regular restoral of service charge will be made and collected by the Company (Refer to Section 5. Service Charges).

6. Retention of Uncollectible Records

a. The Company retains uncollectible records for a period of seven (7) years.

L. Initial Contract Periods

1. Unless otherwise specified herein or elsewhere in the Company's Tariffs, the initial (or minimum) contract period is one month from the date service is established and the minimum charge is the established rate for one month.

2. The length of contract period for directory listings where the listings have been published, is the directory period. The directory period is from the day on which the directory is first distributed to the customers to the day the succeeding directory is first distributed to customers.

L. Initial Contract Periods (Cont'd)

MISSOURI PUBLIC SERVICE COMMISSION

- 3. The Company may require a contract period longer than one month at the same location in connection with special (nonstandard) types or arrangements of facilities, or for unusual construction, necessary to meet special demands, and involving extra costs.

M. Termination of Service by the Customer

- 1. Service may be terminated prior to the expiration of the initial contract period upon notice being given to the Company, and upon payment of the termination charges given below, in addition to all charges due for service which has been furnished.
 - a. If the initial contract period is one month, charges are due for the balance of the month in which the service is terminated.
 - b. If a directory listing has been published, charges are due to the end of the directory period with the following exceptions:
 - 1) The contract for the main service is terminated.
 - 2) The listed party moves to a new location.
 - 3) The listed party dies.

For these exceptions, charges apply to the date of termination.
 - c. For special facilities, the charges will be based on the individual circumstances in each case as agreed upon at the time of installation.
- 2. Contracts for periods of longer than one month, covering service whose installation required line extension, may be terminated upon payment of all charges that would accrue to the end of the contract period or the contract will be transferred to a new applicant who is to occupy the same premises and will subscribe to the service effective on the day following the termination by the original customer. The new customer will be bound under the terms of the contract for the unexpired portion of the contract.
- 3. Service may be terminated after the expiration of the initial contract period, upon the Company being notified, and upon payment of all charges due to the date of termination of the service.

N. Payment for Services and Facilities

1. The customer is held responsible for all charges for telephone service rendered and furnished to the customer and authorized users, including any FCC - approved end user charge, billed monthly in advance. The customer and authorized users shall also pay for state or interstate long distance service charges billed by the Company, including charges for toll messages in which charges have been reversed and also nonrecurring service charges when billed. The customer is also held responsible for any charges transferred to the customer's account from terminated accounts billed to the same customer.
2. All bills for local, toll, or miscellaneous services are due when rendered and are payable at the office of the Company, or an authorized collection agency. (The company will provide a copy of the original/official bill, upon the request of the customer, in Braille or no less than twenty-four point bold-faced type print or both.) After rendition of a bill, residence customers shall have twenty-one (21) **days to** pay the charges stated.
3. Service to customers having undisputed delinquent amounts may be discontinued after written notice by first class mail is sent or delivered to the customer at least ten (10) days prior to the proposed disconnection date. The company will make reasonable efforts to contact the customer via telephone at least twenty-four (24) hours preceding discontinuance of service. The Company will advise the customer of what action must be taken to avoid discontinuance. Service will be discontinued during normal business hours and will not take place on a day when the offices of the Company are not available to facilitate reconnection of service, or on a day immediately preceding such day. The Company will postpone a discontinuance of service for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall if requested provide the Company with reasonable evidence of such necessity.

RULES AND REGULATIONS

N. Payment for Services and Facilities (Cont'd)

4. Basic local telecommunications service may not be discontinued for customer nonpayment of a delinquent charge for other than basic local telecommunications service. The Company may place global toll blocking and eliminate any optional, non-basic calling features and functions for customer nonpayment of delinquent charges for other than basic local telecommunications service.
5. Service may be discontinued for any of the following reasons: (1) Failure to post a required deposit or guarantee; (2) Unauthorized use of the Company's service in a manner which creates unsafe conditions or creates the possibility of damage or destruction to its facilities; (3) Failure to comply with the terms of a settlement agreement; (4) Material misrepresentation of identity in obtaining Company services; or (5) as provided by state or federal law.
5. Payment by personal check may be refused if the customer, within the last twelve months, has tendered payment in this manner and the check has been dishonored, except when the dishonor is due to bank error.
6. A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person, or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.
 - a. When a customer advises the Company that all or part of a charge is in dispute, the Company **shall** record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
 - b. Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.

RULES AND REGULATIONS

N. Payment for Services and Facilities (Cont'd)

7. Late Payment Charge

a. A Late Payment Charge of **2.5%** of the balance or **\$6.00**, whichever is greater, will be assessed to all customer payments received after the due date. This charge will apply to the current total amount due, less any disputed charges, for all services to compensate the company for the additional expense associated with delinquent accounts. (1)

8. When the service of a customer has been denied in accordance with the preceding paragraph, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a restoral of service charge as quoted in this Tariff, will be made. In addition to the restoral of service charge, the customer will be required to pay, or make satisfactory arrangements to pay all service charges up to the time of restoral of service.

9. Subsequent to the completion of an order to terminate the service it may be reestablished only on the basis of a new service application.

10. Business customers are required to pay, promptly, all charges for exchange service and equipment and for all toll messages including charges for messenger service. Business customers are held responsible for all charges for telephone service rendered at his station, both exchange and toll, including charges for toll messages on which the charges have been reversed.

11. A Convenience Fee Charge will apply to residential and business customers for one-time payments made with the assistance of a live customer representative using a debit card, a credit card or an electronic funds transfer. Payments for a deposit or advance payment to establish new service are excluded from the Convenience Fee Charge. This charge does not apply to customers who are enrolled in automatic payment plans, who pay their bill by mail, who use the automatic voice response unit, who use their financial institution's bill payment service, or who pay their bills online at the Company's website.

RULES AND REGULATIONS

O. Post Billing Toll Block

1. General

Post Billing Toll Block (PBTB) is a process whereby the Company will initiate toll blocking on high-risk accounts which have unpaid balances. A grace period will be given to the customer to respond to the toll block. This service is designed to minimize the Company's network exposure from uncollectible amounts and to act as an enhancement to the late payment treatment process. If payment is not received the normal late payment treatment process will continue. This process will be accomplished where the Company is technically capable. (C)

2. Description

a. A risk level assessment process determines customers with high-risk accounts and is based as a result of either Credit Scoring for new customers or Behavioral Scoring (Company payment history) for existing customers.

1) Risk level assessment is categorized for new customers via Credit Scoring whereby the Company will be provided a credit score through the use of a third party credit reporting service. A credit score is computed on the inquiry date by utilizing a credit scoring model plus information contained in the customer's credit files. The customer's score is delivered by the National Credit Bureau at the time of service application. Credit Scoring allows the Company to assign a low, medium or high credit risk rating to all new customer accounts.

(a) A high-risk level assessment is assigned to new customers having the following criteria:

- Collection judgements
- Charge (Written) off accounts
- Outstanding collection accounts
- Various degrees of delinquency history from 30-180 days, and not paid in full or current at time of scoring

0. Post Billing Toll Block

2. Description (Cont'd)

a. (Cont'd)

2) Behavioral Scoring, based on Company payment history, will establish a risk assessment for existing customers. A score will be established and maintained (re-scored) on each customer when the program is initiated and/or after a six (6) month service period has been established. Existing customers for the purpose of this tariff, are those customers that have had continuous service with the Company over a six (6) month period.

(a) A high risk level assessment is assigned to existing customers having the following criteria:

- Six (6) or more telephone bills not paid by the due date or in full during the preceding 12 months
- Three (3) or more Non-Sufficient Fund (NSF) checks for telephone bill payments during the preceding 12 months
- Two (2) or more service denials due to nonpayment during the preceding 12 months
- Six (6) or more reminder notices on account during the preceding 12 months

b. Post Billing Toll Block will not be initiated if the customer has disputed regulated amounts. Post Billing Toll Block will also not be initiated if a disputed regulated amount reduces the billed amount below the treatment practice amount limit.

c. A delinquent account customer will be given a grace period of two business days from the "please pay by date" or due date of the bill to make payment otherwise Post Billing Toll Block will be initiated.

0. Post Billing Toll Block

MISSOURI PUBLIC SERVICE COMMISSION

2. Description (Cont'd)

- d. An intercept recording will inform the delinquent account customer that the long distance (1+, 0+, and pay per call charges) call can not be completed. Long distance service access will be restored when the delinquent balance is paid. Should the customer request payment arrangements, the account will remain toll blocked until the delinquent amount is paid. Subsequent local service disconnection will be suppressed until/unless the customer fails to make payment arrangement.
- e. Toll blocked accounts will retain local dial tone, local calling and access to emergency services. However, the Company will also restrict all collect, credit card and third number bill calls.
- f. No restoral of service charges will be incurred by the customer as a result of restoring toll service.
- g. After the Post Billing Toll Block is initiated late payment treatment notices will be rendered and if payment is not received or payment arrangement made a temporary disconnect and finally an out of service order will follow.
- h. Deposit requirements will not be effected as a result of Post Billing Toll Block.

P. Construction, Installation and Maintenance Charges

MAY 10 2000

1. General

MISSOURI PUBLIC SERVICE COMMISSION

a. Special charges in the form of installation charges, monthly charges, or both, are applied in addition to the usual service charges and monthly rates, when, because of the sporadic or occasional nature of the service or an unusual investment or expense, the revenue does not reasonably compensate the Company, for example:

- 1) The facilities are provided in remote or undeveloped sections outside the Base Rate Area, or if the facilities are provided on a temporary basis.
- 2) Conditions require the provision of special facilities or unusual methods of plant construction, installation, or maintenance.
- 3) The customer's location requires the use of costly private right-of-way.

P. Construction, Installation and Maintenance Charges (Cont'd)

1. General (Cont'd)

- b. Title to all construction, provided wholly or partly at a customer's expense, is vested in the Company.
- c. Construction charges will include materials, contract services, and loaded labor. The customer is required to bear unusual maintenance costs for special construction.
 - 1) Overhead loading of labor is calculated with a composite allocation factor that is based on plant, construction, and engineering personnel salaries and expenses; supervision, pension expense, insurance, unemployment and social security taxes. This factor is developed annually by determining the relationship of the above expenses to the total payroll base. It is applied to expenses for construction, removals, plant and central office maintenance.
- d. The company will provide an estimate of actual charges to the customer prior to the start of construction.
- e. When attachments are made to poles of other companies, in lieu of providing construction for which the customer would be charged under the provisions hereof, the cost to the Company for such attachments are borne by the customer.
- f. The Customer is required to pay construction charges as made by another company providing facilities connecting with the facilities of the Company.
- g. Construction charges will not apply to the customer's station installation which includes the serial drop which extends from the last pole to the demarcation point.
- h. Refer to Section 3 - Definitions for explanation and examples of the term "demarcation point."

RULES AND REGULATIONS

MAY 10 2000

MISSOURI PUBLIC SERVICE COMMISSION

P. Construction, Installation and Maintenance Charges (Cont'd)

2. Installation of Facilities Within Subdivisions Shall Be Installed Underground.

a. The following definitions are used with regard to facilities constructed and owned by the Company subdivisions.

- 1) Applicant - The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.
- 2) Building - A single structure roofed and enclosed with exterior walls, built for a permanent use, erected, frames of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (Definition excludes mobile homes).
- 3) Subdivision - A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

b. The Company upon receipt of the applicant's proper application will install underground facilities with suitable materials to assure that the applicant will receive reasonably sage and adequate telephone service. The provision of the underground facilities will be at no charge except where a charge is permitted in this section of the Tariff.

c. Rights-of - Way and Easements

- 1) Within the applicant's subdivision, the Company will construct, own, operate, and maintain underground facilities only along public streets, roads, and highways which the Company has the legal right to occupy, and on public land and private property across which rights-of-way and easements satisfactory to the Company may be obtained without cost or need for condemnation by the Company.

C. Rights-of-Way and Easements (Cont'd)

2) Rights-of-way and easements, within the subdivision, satisfactory to the Company, must be provided by the applicant in reasonable time to meet construction and service requirements before the Company shall be required to commence its installation. Such rights-of-way and easements must, by the applicant, at no charge to the Company, be cleared of trees, tree stumps, and other obstructions and be graded to within six inches of final grade. Such clearance and grading must be maintained by the applicant during construction by the Company

D. Advances by the Applicant

- 1) Where, due to the manner in which a subdivision is developed, the Company is required to construct an underground distribution system through a section or sections of the subdivision where service will not be connected for at least two years, when the Company may require a reasonable advancement for the construction from the applicant before construction is commenced, to guarantee performance.
- 2) Where the subdivision is developed in a uniform manner so that the Company may restrict the construction of its underground telephone distribution system to a section or sections in which buildings or multiple-occupancy buildings are being constructed, the Company may not require an advance.
- 3) If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.
- 4) Any portion of an advance remaining unrefunded ten years from the date the Company is first ready to render service with the extension will be retained by the Company and credited to the appropriate construction account.

MAY 10 2000

DEFINITIONS

Access Line - The termination of a central office line on a customer's premises, usually at a protector.

Acoustical Connection - A connecting arrangement without electrical connections that permits transmission of sound between a telephone instrument and customer-provided equipment.

Additional Listing - Any listing of a name or other authorized information in connection with a customer's telephone number in addition to that which he is entitled in connection with his regular service.

Application - A request made orally or in writing for telephone service.

Authorized User - A person, firm or corporation (other than the customer) on whose premises a telephone, PBX or private-line service or channel is located and who may communicate over such channels in accordance with the terms of the Tariff.

Base Rate - A rate for urban grades of exchange service available to customers located within a Base Rate Area.

Base Rate Area - That portion of an exchange area surrounding and including the Central Office or offices or exchange rate center, within which urban classes of exchange service are offered.

Business Service - Telephone service furnished to customers where the actual or obvious use is principally or substantially of a business, professional or occupational nature.

Central Office - A switching unit in a telephone system which provides service to the general public, having the necessary equipment and operating arrangements for the terminating and interconnecting customer lines and trunks or trunks only. There may be more than one central office in a building or exchange.

Central Office Line - A circuit directly connecting an individual or party-line main station, PBX switchboard, or an intercommunicating system with a central office.

DEFINITIONS

Contract - The agreement between a customer and the Company under which service and facilities are furnished in accordance with the applicable provisions of the Tariffs. MO. PUBLIC SERVICE COMMISSION

Cost - The cost of labor and materials, which includes appropriate amounts to cover the Company's general operating and administrative expenses.

Customer - The individual, partnership, association or corporation which contract for telephone service and is responsible for the payment of charges and compliance with the general regulations of the Company.

Customer Owned Pay Telephone Service - Customer provided, customer owned coin or non-coin operated telephones at locations accessible to the public, e.g., store, business places, including boarding or rooming houses, employee lounges and school or college buildings, where desired by the owner.

Customer-Provided Equipment - Devices, apparatus, and/or associated wiring provided by a customer.

Customer Provision - Customer purchase or lease of customer-provided equipment from the Company or from any other supplier.

Data Access Arrangement - A protective connecting arrangement for use with the network control signaling unit, or in lieu of the connecting arrangement, an arrangement to identify a central office line and protective facilities and procedures to assure proper operation and protection of the telecommunications network.

Demarcation Point - That point (referred to as Demarc Point or Network Interface) of interconnection between the Company's facilities and the wiring at the subscriber's premises. The Demarc Point shall consist of wire or a jack conforming to Subpart F of Part 68 of the Federal Communications Commission's Rules and Regulations. The Demarc Point will generally be within twelve inches of the protector or, absent a protector, within twelve inches of the entry point to the customer's premises. If conforming to the twelve inches is unrealistic or technically impossible, the Demarc Point will be the most practicable minimum point of entry to the customer's premises. The network interface may be located at a point other than the normal demarcation point where the network interface has been previously established by the presence of network equipment.

With regard to premises for any structure that is built to be mobile (e.g., mobile homes, recreational vehicles), the Company may place the Demarc Point on a post or pole at or near the pad where such structure is intended to rest. Boat docks, marinas and similar premises may be treated by the Company as a single unit premises, with the Demarc Point being placed on the shore or other location as deemed appropriate by the Company.

DEFINITIONS

Dial Switching Equipment - A unit of electromechanical or electronic switching equipment used in a central office or in connection with a PBX system.

Direct Electrical Connection - The physical connection of the electrical conductors in the communications path.

Directory Listing - A publication in the Company's alphabetical directory of information relative to a customer's name or other identification and telephone number.

Disconnect Notice - The written notice sent to a customer following billing notifying him that his service will be discontinued if charges are not satisfied by the date specified on the notice.

Drop Wire - That portion of a circuit between the pole line or cable distributing box and the point of demarcation on or at the building in which the station or switchboard is located.

Due Notice - See "Disconnect Notice".

Exchange - A geographical area established for the administration of telephone service in a specified area, called the "exchange area," which usually embraces a city, town or village and its environs. It may contain one or more central offices together with the associated plant, equipment and facilities used in furnishing communication service within that area.

Exchange Area - The territory served by an exchange.

Exchange Line - Any circuit connecting an exchange station with a central office.

Exchange Service - The furnishing of facilities for the telephone communication within an exchange area, in accordance with the regulations and charges specified in the Local or General Exchange Tariffs. Exchange facilities are used to establish and maintain connection between an exchange and the other telephone plant and facilities in connection with long-distance calls or Extended Area Service calls.

MAY 10 2000

DEFINITIONS

Exchange Station - A station connected with a central office of the Company over its own lines.

Extended Area Service - Interexchange telephone service furnished at a flat rate between two or more exchange areas.

Extra Listing - See "Additional Listing".

Foreign Attachment - Equipment or facilities not owned or furnished by the Company which are attached or connected to, and used with, exchange telephone service.

Foreign Central Office - Any central office other than that which serves the area in which the customer is located.

Foreign Equipment - See "Foreign Attachment".

Foreign Exchange Line Mileage - The measurement applying to that portion of a central office line connecting a customer with a foreign central office, from the common boundary line to the customer's station, for which a monthly charge is made in addition to the base rate for exchange service.

Foreign Exchange Service - Telephone exchange service furnished to a customer through a central office of an exchange other than the exchange regularly serving the area in which the customer is located.

Grade of Service - The term used in describing exchange service with respect to the number of parties served on a telephone line.

GENERAL AND LOCAL EXCHANGE TARIFF

MAY 10 2000

DEFINITIONS

Harm - Harm consists of hazards to personnel, damage to Company equipment, and impairment of service to persons other than the user of the customer-provided equipment. Types of harm include, but shall not be limited to, voltages dangerous to personnel, destruction of or damage to equipment, induced noise or cross talk, incorrect dial pulsing, failure of supervision, false answer, incorrect billing, absence of voice band transmission path for call progress signals, and loss of capability to answer an incoming call.

Individual Line - An exchange line designed for the connection of a telephone set.

Inductive Connection - Electromagnetic coupling between customer-provided equipment and Company equipment by means of mutual inductance between an inductor in the company equipment and a customer-provided inductor external to the Company equipment.

Initial Service Period - The minimum length of time for which a customer is obligated to pay for service, facilities and equipment whether or not retained by the customer for such minimum length of time.

Installation Charge - A nonrecurring charge made at the time of installation of communications service or equipment, which applies in addition to service charges and other applicable charges for service or equipment unless specifically excepted.

Intercommunicating System - An arrangement involving two or more stations which enables a user to signal and connect with other stations in the system.

Interconnection - The method by which telecommunications facilities of the Company are arranged to transmit to, or receive information from, customer-provided equipment.

Limited Service - Service which is limited to existing service at existing locations.

Line Construction Charges - The charges applied for additions to existing central office line facilities outside a Base Rate Area to provide service to business or residence customers.

DEFINITIONS

Mileage - The measurement upon which charges are computed for Foreign Exchange, extension and private lines.

Minimum Contract Period - The minimum length of time for which a customer is obligated to pay for service, facilities and equipment whether or not retained by the customer for such minimum length of time.

Mobile Telephone Service - A communication service provided by means of radio frequencies through a land radiotelephone base station. Connections may be established between a wire station and a mobile or fixed unit or between two mobile or fixed units.

Multiparty Line - A single central office circuit furnishing exchange service to a number of main terminals outside of the Base Rate Area.

Network Access Point - A connector, outlet, or wiring termination on a customer's premises which affords connection to the network services of the Company.

Network Control Signaling Unit - The terminal equipment furnished, installed and maintained by the Company for the provision of network control signaling.

Nonrecurring Charge - A one-time charge associated with a specific item of equipment. This charge applies to installation and to subsequent modification.

Notice - See "Disconnect Notice".

NRC - See "Nonrecurring Charge" or "Service Charge".

Party Line - An exchange line designed for the connection of more than one line termination with the central office. (See also "Multiparty Line.")

Point of Demarcation - See "Demarcation Point".

GENERAL AND LOCAL EXCHANGE TARIFF

DEFINITIONS

MAY 10 2000

Premises - The buildings, portion or portions of a building on continuous property used and/or occupied at one time by the customer in the conduct of his business or as a residence. Where floor space in adjoining buildings is made continuous at one or more floor levels, all floor space in both buildings is considered as the same premises insofar as the customer who uses and occupies such continuous floor space is concerned, the two buildings otherwise being considered as separate buildings.

Private Branch Exchange System - A "Private Branch Exchange", or "Private Branch Exchange System", is an arrangement of equipment consisting of a switchboard or switching equipment situated on a customer's premises, stations connected with the switchboard or switching equipment, and connected by trunks with a central office, all of which provide for selective signaling and interconnection of such stations with each other, and for communication with the general exchange system of the Company and for toll service.

Private Line - A circuit provided to furnish communication between two or more telephones directly connected to it. Such terminals do not have access to the general exchange and interexchange networks.

Public Telephone - An exchange station, either attended or equipped with a coin-collecting device, designed and placed for use by the public in general at locations chosen or accepted by the Company.

Registered Terminal Equipment - Equipment registered in accordance with FCC regulations which may be connected to access services of the Company.

Residence Service - Telephone service furnished to customers when the actual or obvious use is for domestic purposes.

Rural Service - A type of multi-party central office access line service furnished to customers in certain sections outside the Base Rate Area but within the exchange area. This service provides for a number of customers to be served by the same central office line.

Selector - See "Switch".

Semi-Public Telephone - An exchange station, equipped with a coin-collecting device, designed for a combination of customer and public use at locations more or less public in character.

DEFINITIONS

MAY 10 2000

Service Charge - The nonrecurring charge a customer is required to pay for establishing telephone service or subsequent modification of that service.

Station - Specific identifying number associated with a location on a communications system.

Subscriber - See "Customer".

Suburban Area - The territory surrounding the Base Rate Area in which suburban and rural services are furnished and in which urban classes of service are furnished at established rates.

Supplemental Facilities or Services - Services or facilities other than primary service.

Switch - A unit of dial switching equipment which provides interconnection between station lines or trunks.

Tariff - The schedule of rates and charges, rules and regulations adopted and filed by the Company and approved by the Missouri Public Service Commission.

Telecommunications Service Priority (TSP) System

The TSP System is a service that provides for the priority provisioning and/or restoration of National Security Emergency Preparedness (NSEP) telecommunications services. NSEP telecommunications services are defined by the Federal Communications Commission (FCC) as those services which are used to maintain a state of readiness or to respond to and manage any event or crisis (local, national or international), which causes or could cause injury or harm to the population, damage to or loss of property, or degrades or threatens the NSEP posture of the United States. The TSP System applies only to NSEP services and provides the Telephone Company with a guide to the sequence in which services are to be provisioned and/or restored.

Regulations, rates and charges for TSP System Service are set forth in the Telephone Company's Tariff Facilities for Intrastate Access.

DEFINITIONS

Telephone Company - See "Company".

Telephone Set - A telephone instrument consisting of a transmitter, receiver, and associated apparatus connected to permit transmission and receipt of telephone messages.

Terminal Equipment - Equipment at the terminal of a communication circuit.

Terminal Equipment Accessories - Devices, apparatus and their associated wiring, provided by a customer, which do not constitute a communications system and which when connected to the telecommunications system of the Company are connected electrically, acoustically or inductively.

Termination Charge - A charge applied under certain conditions when a contract for service is terminated by the customer before the expiration of the minimum contract period.

Toll Service - Toll service (long distance service) is that part of the total telephone service rendered by the Company which is furnished between customers in different exchange areas in accordance with the rates and regulations specified in the Company's Toll Tariff.

Trunk Line - A circuit over which customers' messages are sent between two central offices or between a central office and a PBX system.

Underground Service Connection - A customer's "drop" wire which is run underground from a pole line or an underground distributing cable.

Wide Area Telecommunications Service (WATS) - The furnishing of inward or outward switched telephone communications service between a wide area service line and specified service areas.

C. Taxes

- 1. Applicable taxes levied by Federal, State, County and local taxing authorities are in addition to the rates set forth in this tariff.

D. Rate Grouping

1. Schedule "A"

- a. Exchanges are placed in rate groups according to specific central office access line parameters on the basis of the number of lines accessible in the exchange area. The number of central office access lines to which the exchange area has extended area service is not taken into consideration for rate grouping.
- 2. The number of central office access lines in an exchange service area will include all classes and grades of service listed in the Local Exchange Service Tariffs and also all access lines associated with the following:

- Public Telephone Service
- Centrex Service
- Customer Owned Pay Telephone Service
- Employee Telephone Service
- FX (Dial Tone End) Service
- Mobile Telephone Units

- 3. When the number of central office access lines in an exchange service area increases or decreases by growth or loss of central office access lines so that the number of central office access lines in the local calling area exceeds the maximum central office access line number or falls below the minimum central office access line number by as many as 10 stations, the Rate Group in which the exchange is placed and such central office access line count position continues for four (4) consecutive months, then the exchange thus affected will be moved to the appropriate Rate Group after compliance with the procedure set forth in paragraph 4. below.

F. Extended Area Service

1. In exchanges which have Extended Area Service, additive rates are applicable. EAS additive rates are in addition to the Local Exchange Monthly Rates and are quoted on the Exchange Listings sheets, where applicable. (C)

2. Discontinuance of EAS

a. The Company will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:

1) Company has received petition or petitions representing at least 20% of the customers from one of the affected exchanges or at least 10% of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchanges, at least two years shall have elapsed since the last survey before an additional survey is initiated.

2) A minimum of 50% of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.

3) The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Missouri Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the company will then discontinue such service, together with the appropriate EAS Rate Component, as soon as is practicable.

LOCAL EXCHANGE SERVICE

F. Extended Area Service

1. In exchanges which have Extended Area Service, additive rates are applicable. EAS additive rates are in addition to the Local Exchange Monthly Rate Group Rates and are quoted on the Exchange Listings sheets, where applicable.
2. Discontinuance of EAS
 - a. The Company will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:
 - 1) Company has received petition or petitions representing at least 20% of the customers from one of the affected exchanges or at least 10% of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchanges, at least two years shall have elapsed since the last survey before an additional survey is initiated.
 - 2) A minimum of 50% of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.
 - 3) The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Missouri Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the company will then discontinue such service, together with the appropriate EAS Rate Component, as soon as is practicable.

LOCAL EXCHANGE SERVICE
MISSOURI SCHOOL DISCOUNT PROGRAM

SEP 13 2001

A. General

Service Commission

1. A discount from the standard monthly rates for local exchange service may be allowed in connection with service furnished through the Missouri School Discount Program, pursuant to the Video Instructional Development and Education Opportunity Program, as enacted by the Missouri State Legislature.
2. Upon the customer's request, a discount of twenty percent (20%) from standard monthly access line rates may be allowed to educational institutions within the Company's certified area, as determined in Paragraph 3, following.
3. An educational institution shall be defined as an accredited public or private school in the State of Missouri. Private schools must be accredited by either the Missouri Chapter of the National Federation of non-Public Schools Accrediting Association, Independent Schools Association of The Central States, North Central Association of Colleges and Schools, and/or the University of Missouri-Columbia. Public Schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
4. The qualifying discount will be permitted only on the local exchange access line. All other features, ancillary services or options, relative to the particular service, shall continue to be filled at the appropriate tariff rates.
5. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
6. In addition to meeting the qualification specified in Paragraph 3 preceding, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.
7. The customer should request to receive the discount on all subsequent additions of eligible services which are ordered. There will be no additional affidavits required.
8. The following local exchange services are eligible for a discount under this program:

- Flat Rate, business one-party service

LIFELINE (LOW-INCOME) PROGRAM

A. General Regulations

1. Lifeline service is a discounted voice telephony service available to qualifying residential subscribers.
2. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
3. A Lifeline subscriber's voice telephony service will not be disconnected for non-payment of charges unless the subscriber fails to pay charges directly related to voice telephony service.
4. Lifeline service is available with optional toll blocking or toll limitation service restricting access to 1+, 0+ and 0- dialed calls at no charge.
5. A household is limited to one discount. A Lifeline subscriber cannot receive additional discounts for Lifeline service from another provider or through the Missouri Disabled program.

GENERAL AND LOCAL EXCHANGE TARIFF

LOCAL EXCHANGE SERVICE

LIFELINE ASSISTANCE SERVICE

A. General

1. Lifeline Assistance Service is a basic single line residential service that provides voice grade access to the public switched network and includes touch calling, a standard white page listing, access to emergency services (e.g., 911, E911), access to operator services, access to interexchange services, access to directory assistance, and toll blocking services. Lifeline Assistance Service waives a federal charge and applies a credit to the basic local exchange service monthly recurring access line rate for qualifying residential customers.

B. Application

1. The customer eligible for Lifeline Assistance Service must be a participant in at least one of the following programs:
 - a) Medicaid;
 - b) Food Stamps;
 - c) Supplementary Security Income (SSI);
 - d) Federal Public Housing Assistance or Section 8;
 - e) Low Income Home Energy Assistance Program (LIHEAP);
 - f) National School Lunch Program's free lunch program; or
 - g) Temporary Assistance for Needy Families.

LIFELINE ASSISTANCE SERVICE (Cont'd)

B. Application (Cont'd)

2. The customer requesting Lifeline Assistance Service must provide to the Company a signed application, certifying under penalty of perjury, that he or she, or a dependent residing in the customer's household, is receiving benefits from one of the programs specified in 1. preceding, and identifying the program or programs from which he or she, or the dependent is receiving benefits. In addition, requesting customers must provide documentation of the customer's or dependent's participation in the applicable program(s). The customer must also agree to notify the Company when he or she, or the dependent, no longer participate in the qualifying program or **programs**.
3. Lifeline Assistance Service can only be associated with the primary residential connection.
4. Lifeline Toll Restriction Service (IOSC: 40696) is available on a voluntary basis where technically feasible to Lifeline Assistance Service customers at no charge. Lifeline Toll Restriction Service prevents 0+, 00-, 1+NPA-NXX_XXXX, 1010XXXX, International (01+), Directory Assistance (411, 1+411, 0+411, 555-1212, 1+/0+ 555-1212, 1+/0+ NPA-555-1212), 1+900 calls, 1+700 calls, 976 calls, and IntraLATA toll while allowing access to local, 611, 911, 0-, 1+800/888 etc., 950-XXXX and 1+950-XXXX calls and EAS calls. Access to Directory Assistance is available to Lifeline customers by dialing 0-. Access to Service Activation Codes "**/#" (e.g. *66, *69) is also allowed. Upon customer request, some Service activation Codes may be blocked at no charge, where conditions and facilities permit.
5. Deposit requirements do not apply to a Lifeline Assistance Service customer if the customer voluntarily elects Toll Blocking Service.
6. Lifeline Assistance Service may not be disconnected for non-payment of toll charges.
7. Funding for Lifeline service is obtained from a universal service support mechanism to which all telecommunications carriers that provide interstate telecommunications services contribute on an equitable and nondiscriminatory basis.

DISABLED ASSISTANCE

A. General

A disabled customer, or a dependent of the customer in the customer's household, who requests or receives residential essential local telecommunications service, as defined in the Lifeline Assistance section of this tariff, and meets the eligibility requirements set forth in this tariff. (N)

B. Regulations

Disabled assistance is available to all residential customers who demonstrate, by self certifying with the company under penalty of perjury, that they, or a dependent, are totally and permanently disabled or blind and receiving any of the following:

- 1) Federal Social Security Disability benefits
- 2) Federal Supplemental Security income benefits
- 3) Veterans Administration benefits
- 4) State blind pension pursuant to Section 209.010 to 209.160, RSMo
- 5) State aid to blind persons pursuant to Section 209.240 RSMo
- 6) State supplemental payments pursuant to Section 208.030, RSMo Section 660.100.2 RSMo 2000.

C. Support Amount

Customers eligible under the established criteria can receive a discount equal to the amount approved by the Missouri Public Service Commission from their bill for essential local telecommunications service. The amount of state lifeline support for any customer will not exceed the recurring charges for essential local telecommunications services (including the basic service rate, Touch-Calling charge, extended area service additive, and mileage additives, if any).

METROPOLITAN CALLING AREA (MCA) PLAN

MO SERVICE

A. General

- 1. The Metropolitan Calling Area (MCA) Plan is an optional plan for selected exchanges.

B. Service Description

- 1. MCA service is available in three distinct areas in Missouri: the St. Louis MCA, the Kansas City MCA and the Springfield MCA.
- 2. In Spectra Communications exchanges, MCA is an optional service which provides the subscriber with an optional local calling area including the respective Metropolitan Exchange and certain customers in other exchanges where MCA service is also available, as described in this Section.
- 3. Exchanges are grouped into different MCA rate classifications. In the St. Louis and Kansas City MCAs, exchanges where optional MCA service is available are classified as MCA-3, MCA-4 and MCA-5. In the Springfield MCA, exchanges where optional MCA service is available are classified as MCA-2.

CENTURYLINK LINE VOLUME PLAN (CLVP)

A. General

1. CenturyLink Line Volume Plan (CLVP) is available to business customers subscribing to 10 or more basic business lines, key lines or key trunks. A customer may have a maximum of 3,000 participating lines across all service territories served by CenturyLink incumbent local exchange carriers (each, a CenturyLink ILEC). Lines served by a CenturyLink competitive local exchange carrier (CLEC) are not contributory to or eligible for CLVP.
2. CLVP is offered as a tiered plan with each tier having a Minimum Line Requirement. Lines and/or key trunks provided by a CenturyLink ILEC which are already discounted under an existing term discount plan, line volume plan or any contractual arrangement which contains a volume and/or minimum term commitment, may contribute to the aggregate line count used for determining the applicable tier and rates for services under this CLVP, but are not eligible for additional discounts under this CLVP.
3. The terms, conditions, and application of rates for services in Qwest Corporation locations may differ from those contained herein, and are as described in the applicable tariffs, catalogs, and/or other local terms of service documents for those service locations.

B. Regulations

1. Qualifying CLVP services in locations other than those served by Qwest Corporation are defined as follows:
 - Flat rate business individual lines – local exchange service terminating into a single line instrument.
 - Flat rate key lines or key trunks – local exchange service terminating into any system classified as a key system pursuant to FCC Part 68 Rules and any hybrid system designed to function like a key system, e.g. an outbound line is manually selected, usually by pushing a button on the handset, rather than being selected automatically (usually by dialing 9).

CENTURYLINK LINE VOLUME PLAN (CLVP) (Continued)

B. Regulations (Continued)

2. CLVP Feature Package, consisting of Customer's choice of any of the following features (where offered), is available in conjunction with any qualifying service:

Caller ID (includes Anonymous Call Rejection, where available)
Call Forwarding
Call Forward Busy
Call Forward No Answer
Call Forward-Remote Access (Not currently available)
Call Waiting/Cancel Call Waiting
Three-Way Calling
Three-Way Calling with Transfer (Not currently available)
Call Return
Distinctive Ring
Message Waiting Indicator ^[1]
Voicemail ^[1]

3. The terms and conditions for qualifying services and optional features apply as specified in applicable CenturyLink tariffs, guidebooks, schedules, and/or other local terms of service documents, unless stated otherwise herein.
4. CLVP rates are based on line volume and a term commitment period of two, three, four or five years. Customers may not have more than one CLVP tier and term commitment period in effect across all CenturyLink service locations except as described in 5. following. Rates for qualifying services at new service locations will be charged based on the already established tier and commitment period. Any lines added after execution of the initial CLVP are contributory towards the Minimum Line Commitment but will not prompt a change in the assigned tier for the previously established lines.
5. Customers with a previously existing CLVP offered by Qwest Corporation may select a separate (second) CLVP for services in an eligible location other than Qwest Corporation. Lines in all CenturyLink ILEC service locations, including locations served by Qwest Corporation, may, at Customer's request, be contributory towards determining the tier for the second CLVP. Services in a Qwest Corporation service location are not eligible for the rates associated with the tier assigned for the second CLVP and will continue to be charged at the tier rates under the original CLVP offered by Qwest Corporation for the remainder of its term commitment period.

Alternatively, customers may discontinue a previously existing CLVP and establish a new CLVP as described in 10. following, in which instance a new tier will be established and will apply for all service locations.

^[1] This service is not regulated under this tariff.

CENTURYLINK LINE VOLUME PLAN (CLVP) (Continued)

C. Regulations (Continued)

6. All qualifying services must be associated with the same customer. The Company may, at its discretion, provide this plan to Affiliates or Franchisees of Customer. An Affiliate or Franchisee is an entity whose operation of business is substantially associated with Customer's name, mark, or commercial symbol. When, at the Company's discretion, this plan is provided to Affiliates or Franchisees of Customer, Customer must designate the specific account to which Early Termination Charges and Shortfall Penalties will be applied.
7. Services subject to rates under this CLVP are not eligible for discounted rates under any other local voice discount plan. Only the qualifying services listed in B.1. preceding are both contributory to and eligible for the CLVP rates herein. However, a line or key trunk in any packaged service may contribute towards the minimum line requirement. PBX trunks are neither eligible for or contributory to CLVP for purposes of determining the appropriate rate tier and minimum line requirement.
8. Customers may select a CLVP tier lower than their actual quantity of contributory services.
9. Services receiving promotional or competitive response discounts or recurring charge waivers under other term commitment programs are not eligible for CLVP rates until the terms of those offers have been satisfied for those lines.
10. Additional business lines may be added at any time during Customer's term commitment period, but will not affect the tier and monthly discount levels established upon execution of the CLVP agreement unless Customer commits to a new agreement for a greater number of lines than the existing agreement. Rates applicable under the new agreement will not apply retroactively nor will the months accrued under the initial agreement apply towards the new commitment period.
11. Customer may move all or some of the lines under this CLVP to any eligible CenturyLink service location without incurring termination charges, as long as Customer maintains the overall minimum line requirement. The CLVP rates for relocated lines are as specified in the appropriate CenturyLink tariffs, guidebooks, schedules, and/or local terms of service documents for the new service location.

LOCAL EXCHANGE SERVICE

CENTURYLINK LINE VOLUME PLAN (CLVP) (Continued)

C. Early Termination Liability

1. If CenturyLink terminates the Service(s) for cause, or if Customer terminates the Services(s) in whole without cause before expiration of the initial commitment period, the customer will pay termination charges of \$15.00 per line of the customer's Minimum Line Requirement multiplied by the remaining number of months left on the Term. For example: a customer terminating all service with 3 months remaining on the Term and a Minimum Line Requirement of 50 lines will pay $\$15.00 \times 50 \times 3 = \$2,250.00$.
2. If during an annual review of Customer's account, the account falls below the Minimum Line Requirement for the discount tier, the customer will pay a shortfall penalty of \$60.00 for each line below the Minimum Line Requirement. If the customer is charged a shortfall charge, the Company may subsequently conduct quarterly audits and apply shortfall charges until the customer meets the Minimum Line Requirement.
3. The optional CLVP Feature Package does not contribute to the discount tier and is not subject to termination charges or shortfall penalty.
4. Early Termination Liability charges will be waived for CLVP customers who commit to a new term agreement that includes the same or greater number of equivalent lines or similar services (e.g. channels within a 1.544 Mbps service) for the same or greater term than their existing agreement. Months accrued under the CLVP term commitment period will not apply towards the new commitment period.

GENERAL AND LOCAL EXCHANGE TARIFF

LOCAL EXCHANGE SERVICE

CENTURYLINK LINE VOLUME PLAN (CLVP) (Continued)

D. Application of Rates

1. Touch calling service charges and/or Extended Area Service charges normally billed in addition to the local exchange service rate are included in the rates specified herein. Charges for lines and key trunks in a hunting arrangement (a.k.a. rotary line service or rotary access service) that would otherwise apply as an incremental charge are also included in the rates specified herein.
2. Customers will not incur service charges or other nonrecurring charges when switching existing basic business line service to CLVP.
3. Nonrecurring charges and/or Service Charges will apply as specified in applicable CenturyLink tariffs, guidebooks, schedules, and/or local terms of service documents. Nonrecurring charges may be waived if customer moves future services from another telecommunications service provider to lines under the CLVP. However, such subsequently moved lines will not affect the tier and monthly discount level established upon execution of this agreement.
4. Qualifying services may be aggregated across the entire CenturyLink Incumbent LEC service territory to determine the applicable Tier (based on total number of lines). The monthly rate(s) in effect for each service location upon execution of a CLVP agreement will apply for the duration of the term commitment period, and are not subject to Company initiated rate increases.
5. At the end of the initial CLVP term commitment period, the CLVP term will automatically renew for up to two consecutive renewal periods unless either party provides thirty days written notice of its intention not to renew or Customer executes a new CLVP agreement. Each renewal period will be equal to the initial term commitment period for existing lines in place. During the renewal periods, Customer must retain the minimum number of lines required for the Tier assigned under the original agreement. Lines added during an auto-renewal period are eligible for the rates extended under the CLVP. If, at the end of the second auto-renewal period, Customer has not executed a new agreement, the rates for business individual lines and/or key lines/trunks, including lines/trunks in a hunting arrangement (a.k.a. rotary line service or rotary access service), and ala carte rates for optional features selected with CLVP Feature Package, if applicable, will revert to the non-contractual monthly rates in effect for those services as specified in CenturyLink's tariffs, guidebooks, schedules, and/or other local terms of service documents.

GENERAL AND LOCAL EXCHANGE TARIFF

LOCAL EXCHANGE SERVICE

CENTURYLINK LINE VOLUME PLAN (CLVP) (Continued)

D. Application of Rates (Continued)

6. If, at any time during an auto-renewal period(s), Customer's total number of qualifying services fall below the minimum number of lines required to receive the CLVP discounted rates, the lines/trunks will no longer qualify for CLVP rates and will be charged at the prevailing non-contractual monthly rates for business individual lines and/or key lines/trunks, including lines/trunks in a hunting arrangement (a.k.a. rotary line service or rotary access service), as specified in CenturyLink tariffs, guidebooks, schedules, and/or other local terms of service documents. Lines/trunks reverted to non-contractual monthly rates will no longer qualify for the CLVP Feature Package rate, and features associated with those lines will be charged at the prevailing non-contractual monthly ala carte feature rates. Early termination liability charges will not apply for any lines disconnected or reverted to monthly rates after expiration of the initial term commitment period.
7. The CLVP Feature Package rate applies in addition to the Flat Rate Business Service rate. When applicable, the Flat Rate Business Service and CLVP Feature Package will appear as a single line item on the customer's bill.
