Original Sheet No. 90.5	

These tariff sheets are being issued November 20, 2013 to become effective on and after January 27, 2014, which is the first day of the February 2014 billing month.

The purpose of the filing is to transition the recovery of the MEEIA Cycle 1 Plan costs (Energy Efficiency Investment Charge) from recovery through base rates to recovery through a rider, as provided for by the Unanimous Stipulation approved by the Commission in File No. EO-2012-0142. The tariff sheets reflect anticipated costs as well as reconciliations of historical costs associated with Ameren Missouri's approved demand-side programs.

The Company is also requesting variances from certain portions of the Commission's MEEIA rules in order to implement the agreed-upon terms of the stipulation that pertain to a rider. Those variance requests are reflected in a Request for Waivers submitted concurrently with the filing of these tariff sheets.

We are enclosing workpapers supporting this filing with the copy of this filing being provided to the Staff, the Office of the Public Counsel and to parties to File No. EO-2012-0142.

Sincerely,

Wendy K. Tatro
