LOCAL ACCESS SERVICE

PROMOTIONS

A. General

From time to time, the Telephone Company may elect to offer special promotions to its customers. These promotions will generally consist of a reduced price, a waiver of installation charges, or a free service with a purchase of another service.

Any promotional waiver or discounted rate will apply only one time per customer for each service in any given wire center prefix during the course of the promotional period.

The Telephone Company will provide at least one (1) day's notice to the Missouri Public Service Commission prior to beginning of each promotion period identifying the promotion.

B. Specific Promotion

1. During the promotional period of February 1 through March 31, 2010, customers requesting the Bringing It All Home Super Bundle will be given this service bundle at no charge for one month. To receive the first month of this service at no charge, the customer must sign a twelve month contract for this service. The amount will be credited on the first month's bill.

A. SERVICE CONNECTION CHARGES

The term "Service Connection Charges" is used to define the non-refundable charge made for the establishment of a class of telephone service or subsequent additions to that service and are in addition to any other scheduled rates and charges normally applying under the Tariffs.

Service Connection Charges may be payable at the time application is made for the particular service or facility, and prior to establishment of service, or upon presentation of a bill.

Service Connection Charges do not apply to:

1. "Public Pay Stations" established for the use of the general public (but not including Coin-Box Service at locations which are classed as Semi-Public.)
2. Directory Listings
3. Service changed from a residence to a business classification, or vice versa.
4. Service re-established after the destruction or partial destruction of the subscriber's premises by means beyond the control of the subscriber whether at the same or another location. However, if service is established at a new location and the subscriber later moves back to the old location, the Service Connection Charge is applied in connection with the re-established service at the old location.

Notes:

New Installations and Outside Moves receive the same treatment for charge purposes. An Outside Move is where the subscriber's equipment or service is changed from one premises to another, including the change from one trailer house to another placed at an identical location.

"Instrumentalities in place" shall mean that the telephone instruments and inside wire, necessary in the subscriber's premises to furnish the subscriber the service applied for are in place.

- 1. Installation of Telephone charges apply where service is established to the subscriber and instrumentalities are not in place. - - - \$ 7.50
- 2. Installation of Extension Telephone, Bell, Gong or Horn. - - - NC
- 3. Connection or Name Change where Telephone is in Place charges apply where instrumentalities in place are taken over by a new applicant and no change is made at the applicant's request in:
 - (a) the type or location of the instrument or,
 - (b) the wiring or equipment on the applicants premises.
 - - - 3.75

A. MULTI ELEMENT CHARGE PLAN (continued) Missouri Public Service Commission

4. Exemptions: Multi Element Plan Charges do not apply to:
- a. "Public Pay Stations" established for the use of the general public (but not including Coin-Box Service at locations which are classed as Semi-Public.)
 - b. Directory Listings
 - c. Service changed from a residence to a business classification, or vice versa.
 - d. Service re-established after the destruction or partial destruction of the subscriber's premises by means beyond the control of the subscriber whether at the same or another location. However, if service is established at a new location and the subscriber later moves back to the old location applicable Multi Element Plan Charges are applied in connection with the re-established service at the old location.

B. MOVES AND CHANGES CHARGES (continued)

Discontinuance of telephone service and equipment at one premises and their installation at another premises is not considered an "Inside Move" and is provided for for subject to the regular termination charges, and service connection charges and/or any installation charges that may be applicable.

2. Move Outside of Building receives same treatment as New Installation as far as charge purposes are concerned. An Outside Move is where the subscriber's equipment or service is changed from one premises to another including rearrangement or rewiring of outside wiring made necessary because of relocation of a trailer. - - - \$ 7.50

3. Change in Style or Color of Instrument charges - - - 3.75
apply where the following services are performed by the company:
a. Instrument is changed from desk style to wall style or vice versa.
b. Change in color of instrument.

CANCELLED

JAN 1 1979

Moves and Changes Charges do not apply to:

1. Inside moves or changes required for the proper maintenance of the equipment or service.
2. Change from Standard instrument to "Trendline" or "Ericofon" style instrument or vice versa provided no rearrangement or rewiring is necessary to accomplish the change.
3. Changes in style or type of station equipment made at the time of an inside move of the station,

TOLL ACCESS RESTRICTION

NOV 19 1997*

A. Toll Access Restriction provides a means of restricting access to the Long Distance Message Telecommunications Network. Three options are available to the customer:

1. Restriction of 1+ calls only.
2. Restriction of 1+ calls and 0+ and 0- (operator handled) calls, except 8XX IN-WATS.
3. Restriction of 1+, 0+, 0- and 8XX IN-WATS where facilities allow.

B. Restriction of 0+ and 0- operator handled calls prevents the customer from dialing a long distance telephone number or telephone operator for any purpose including for emergency or telephone assistance purposes. The Company shall not be liable to the customer or any third party for any and all claims, losses or damages caused by the restriction to any toll service.

C. Customers must apply in writing for the establishment of Toll Access Restriction.

D. The appropriate non-recurring charges will apply to establish service.

E. Rates

The rate for this service will be charged on a monthly basis.

LOW INCOME CONNECTION ASSISTANCE PROGRAM-LINK UP MISSOURI NOV 19 1997

A. General Regulations

MISSOURI PUBLIC SERVICE COMMISSION

The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.

1. Service Connection Charges, as set forth in this tariff¹, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent or \$30.00, whichever is less. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence.
2. The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period.
3. A qualifying low-income customer may choose either a or b, or both a and b as described above.
4. Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
5. The premises at which the residence service is requested must be the applicant's principal place of residence.
6. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
7. Link Up will not be furnished on a Foreign Exchange service.

¹These do not include other charges that may be required at the initiation of service such as security deposit, contributions in and of construction, customer advances, etc.

LOW INCOME CONNECTION ASSISTANCE PROGRAM-LINK UP MISSOURI

A. GENERAL

1. The Low Income Connection Assistance Program-Link Up Missouri is a plan to assist qualified low income applicants by providing a credit to the service connection charges applicable to the provisioning of a single telephone line per household at the applicant's principal place of residence. The rules and regulations contained herein are in addition to all other applicable rules and regulations located in other parts of this company's tariff.

B. ELIGIBILITY REQUIREMENTS

To be eligible for assistance, an applicant must:

1. Not have had telephone service in the applicant's home for at least three months immediately prior to the date of the application;
2. Not have received federally sponsored service connection assistance within the last two years;
3. Not be a dependent for federal income tax purposes unless the applicant is more than 60 years of age;
4. Either be income eligible, or receiving Medicaid/Medical Assistance benefits from the State of Missouri, and have provided their Department of Social Services Client Number (DCN) to the company.

C. APPLICATION FOR PROGRAM

1. An applicant for service shall request connection assistance through completion of a form provided by the Telephone Company.

LOW INCOME CONNECTION ASSISTANCE PROGRAM - LINK UP MISSOURI
Public Service Commission

D. VERIFICATION OF ELIGIBILITY

- 1. The Telephone Company will verify that an applicant has not had telephone service for the prior three months or has not received connection assistance within the last two years. If the information to provide verification is unavailable, the applicant shall provide proof that he or she is participating, or is eligible to participate, in a public assistance program or that the applicant's total household income from all sources qualifies him or her to participate in the Low Income Connection Assistance Program-Link Up Missouri.

E. CHARGES AND DEFERRED PAYMENTS

- 1. All tariffed charges applied in initiating telephone service to residential customers shall either be reduced by one half of the amount required to connect the customer to the local telephone network or thirty dollars (\$30), whichever is less.¹
- 2. The applicant may participate in a deferred monthly payment schedule of four months for payment of remaining state tariffed connection charges, plus any security deposit, with a minimum payment of \$5 per month. When the total deferred payment is less than \$20 the minimum period may be less than four months. No interest charges shall apply for charges incurred on a deferred payment schedule.

LIFELINE SERVICE

A. General Regulations

1. Lifeline service is available to qualifying low-income subscribers for single-party residence service.
2. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
3. Lifeline will not be furnished on a Foreign Exchange service.
4. Lifeline service shall not be disconnected for non-payment of toll charges.
5. Toll blocking provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll blocking for the purposes of lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.
 - a. If the customer chooses "toll blocking" the company will not charge a service deposit.
 - b. Toll blocking is offered to Lifeline subscribers at no charge.

Service Commission

A. General Regulations

- 1. Lifeline Service is available to qualifying low-income subscribers for single party residential service.
- 2. Lifeline service is a reduction in the monthly local service charges normally paid by qualifying low-income consumers. Eligible Lifeline subscribers will receive a baseline credit equal to 100% of the Federal End User Subscriber Line Charge as specified in the Company's Interstate Access Tariff and a supplemental reduction of their residential access line rate for one party service of \$1.75. The components of the reduction to basic residential one-party rates are as follows:

State reduction in local rate: \$1.75

Federal baseline Lifeline reduction: *

The federal baseline lifeline reduction shall be used to waive the consumers Federal End User Common Line charge.

- 3. Lifeline will not be furnished on a foreign Exchange service.
- 4. Lifeline service shall not be disconnected for non-payment of toll charges.
- 5. Toll blocking provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll blocking for the purposes of lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.

C. Missouri Universal Service Fund

1. Low-Income Assistance

a. General

A low-income customer is any customer who requests or received residential essential local telecommunications service and who has been certified by the Department of Social Services (DSS) as economically disadvantaged. Qualified individuals will receive discounted services under either the low-income assistance or the disabled assistance program.

b. Regulations

Low income assistance is available to all residential customers who demonstrate, by self certifying with the company under penalty of perjury, that they are eligible for support by participation in:

1. Mo HealthNet (f/k/a Medicaid) (T)
2. Food Stamps
3. Supplemental Security Income (SSI)
4. Federal Public Housing Assistance or Section 8
5. Low Income Home Energy Assistance Program
6. National School Free Lunch Program (T)
7. Temporary Assistance for Needy Families, or (T)
8. The customer's income, as defined in 47 CFR §54.400(f), is at or below (N)
135% of the Federal Poverty Guideline (effective June 1, 2012). (N)

c. Eligible Services

Essential local telecommunications service is defined as two (2) way switched voice residential service within a local calling scope as determined by the commission, comprised of the following services and their recurring charges:

1. Single line residential service, including touch-tone dialing and any applicable mileage or zone charges
2. Access to local emergency service, including, but not limited to, 911 service established by local authorities
3. Access to basic local operator services
4. Access to basic local directory assistance
5. Standard intercept service
6. Equal access to Inter-Exchange Carriers consistent with rules and regulations of the FCC
7. One (1) standard white pages directory listing
8. Toll blocking or toll control for qualifying low-income customers

A low-income customer is any customer who request or receives residential or essential local telecommunications service and who has been certified by the Department of Social Services (DSS) as economically disadvantaged. Qualified individuals will receive discounted services under either the low-income assistance or the disabled assistance program.

b. Regulations

Low-income assistance is available to all residential customers who demonstrate, by self-certifying with the company under penalty of perjury, that they are eligible for support by participating in:

- 1. Medicaid
- 2. Food Stamps
- 3. Supplementary Security Income (SSI)
- 4. Federal Public Housing or Section 8
- 5. Low income Home Energy Assistance Program (LIHEAP)
- 6. Temporary Assistance to Needy Families (FANF)
- 7. National Free Lunch Program

(N)
(N)

c. Eligible Services

Essential local telecommunications service is defined as two (2) way switched voice residential service within a local calling scope as determined by the commission, comprised of the following services and their recurring charges:

- 1. Single line residential service, including touch-tone dialing and applicable mileage or zone charges.
- 2. Access to local emergency services, including, but not limited to, 911 service established by local authorities.
- 3. Access to basic local operator services.
- 4. Access to local directory assistance.
- 5. Standard intercept service.
- 6. Equal access to Inter-Exchange Carriers consistence with rules and regulations of the FCC.
- 7. One (1) standard white pages directory listing
- 8. Toll blocking or toll control for qualifying low-income customers.

LIFELINE SERVICE (Continued)

C. Missouri Universal Service Fund

1. Low-Income Assistance

a. General

A low-income customer is any customer who request or receives residential or essential local telecommunications service and who has been certified by the Department of Social Services (DSS) as economically disadvantaged. Qualified individuals will receive discounted services under either the low-income assistance or the disabled assistance program.

b. Regulations

Low-income assistance is available to all residential customers who demonstrate, by self certifying with the company under penalty of perjury, that they are eligible for support by participating in:

1. Medicaid
2. Food Stamps
3. Supplementary Security Income (SSI)
4. Federal Public Housing or Section 8
5. Low income Home Energy Assistance Program (LIHEAP)

(N)

c. Eligible Services

Essential local telecommunications service is defined as two (2) way switched voice residential service within a local calling scope as determined by the commission, comprised of the following services and their recurring charges:

1. Single line residential service, including touch-tone dialing and applicable mileage or zone charges.
2. Access to local emergency services, including, but not limited to, 911 service established by local authorities.
3. Access to basic local operator services.
4. Access to local directory assistance.
5. Standard intercept service.
6. Equal access to Inter-Exchange Carriers consistence with rules and regulations of the FCC.
7. One (1) standard white pages directory listing
8. Toll blocking or toll control for qualifying low-income customers.

LIFE LINE SERVICE (Continued)

C. Missouri Universal Service Fund (Continued)

d. Support Amount

Customers eligible under the established criteria can receive a discount from their bill for essential local telecommunications service equal to the amount approved by the Missouri Public Service Commission and the Federal Communications Commission. The amount of combined federal and state lifeline support for any customer will not exceed the sum of the Federal subscriber Line Charge (SLC) and the recurring charges for essential local telecommunications services (including the basic service rate, Touch-Tone calling charge, extended area service additive, and mileage additives, if any).

2. Disabled Assistance

a. General

A disabled customer, or a dependent, is a customer who request or receives residential essential local telecommunications service, as defined in section 1 (c) Of this tariff, and meets the eligibility requirements set forth in this tariff.

b. Regulations

Disabled assistance is available to all residential customers who demonstrate, by self certifying with the company under penalty of perjury, that they, or a dependent, are totally and permanently disabled or blind and receiving any of the following:

1. Federal Social Security Disability benefits
2. Federal Supplemental security income benefits
3. Veterans Administration benefits
4. State blind pension pursuant to Section 209.010 to 209.160, RSMo
5. State aid to blind persons pursuant to Section 208.030 RSMo, Section 660.100.2 RSMo 2000.

C. Missouri Universal Service Fund (Continued)

2. Disabled Assistance (Continued)

c. Support Amount

Customers eligible under the established criteria can receive a discount equal to the amount approved by the Missouri Public Service Commission from their bill for essential local telecommunications service. The amount of state lifeline support for any customer will not exceed the recurring charges for essential local telecommunications service (including the basic service rate, Touch-Tone calling charge, extended area service additive, and mileage additives, if any).

(N)

3. "Missouri Universal Service Fund"

- a. Company will place on each retail end-user customer's bill, a surcharge equal to the Missouri Universal Service Fund percentage assessment ordered by the commission.
- b. The surcharge will appear as a separate line item detailed as "Missouri Universal Service Fund".
- c. The surcharge percentage will be applied to the total of each customer's charges for intrastate regulated telecommunications services that meet the definition of net jurisdictional revenues at 4 CSR 240-31.0101(12).

8. Line Mileage, extension lines and tie lines.

- a. First one-tenth mile or fraction thereof, circuit route measurement, \$ 1.25
- b. Each additional one-tenth mile or fraction thereof, circuit route measurement, .20

Extension Line Mileage Charges apply where either an extension station or signalling device is to be installed off-premise from the main station and circuit route will be used in measuring mileage distance. This charge is in addition to other applicable charges for the service involved. Off-premise extension stations may be furnished subject to the following conditions:

- a. May be located on the premise of another customer providing he has his own separate service at the same location.
- b. May be located on the residence premise of a business customer.

Tie Line Mileage Charges apply where the customer desires standard telephonic circuit from one point to another within the Company's exchange area. The customer agrees not to apply voltages to the line which would be of a nature or character so as to place stress on the line above the limits of that which is normally placed on the line by the central office equipment.

8. Line Mileage, extension lines and tie lines. (continued)

The rate filed in this tariff assumes the necessary facilities to provide this service are already in place in the Company's telephone plant and are available to use for this service, however, if provision of either extension lines or tie lines requires construction of more than one-tenth mile of physical line in order to supply such service or requires addition of any other equipment not already in place and available for use, Company may require advance payment of an amount equivalent to cost of such construction in excess of one-tenth mile. Such advance payment to be applied against regular monthly billing for this particular service until total advance payment has been allowed except that this advance payment will be non-refundable in the event customer discontinues service before total advance payment is used up. No refund will be made if service is discontinued in accordance with rules in this tariff regarding non-payment of charges due. Any remaining amount of this advance payment may be transferred to a new customer at the same location upon proper application to the Company, provided the service covered by this advance payment is continued without interruption.

GENERAL EXCHANGE SERVICE TARIFF

DEC 16 1993

A. OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE

MO. PUBLIC SERVICE COMM.

1. Service Description

- a. Metropolitan Calling Area (MCA) service is available in three distinct metropolitan areas in Missouri (i.e. St. Louis, Kansas City and Springfield) as provided by the Missouri Public Service Commission in its December 23, 1992, Report and Order in Case No. TO-92-306.
- b. The Kansas City Metropolitan Exchange as defined in Southwestern Bell's tariff, is included in the Kansas City MCA. The basic local calling scope for each of these exchanges is the MCA-wide calling scope as described in this tariff.
- c. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional calling area which includes the respective metropolitan exchange and certain customers in other exchanges where MCA service is also available.
- d. In each MCA, exchanges (and metropolitan exchange zones) are grouped into different rate classifications. In the Kansas City MCA, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4 or MCA-5.

- b. Buzzers, each .25 (#)

Includes Push-Button Buzzer control, buzzer, transformer, and tie lines as required. It is contemplated that this system be installed only within the same building as the subscriber's main station telephone, however, if extension of tie lines outside the building would not impair service, tie lines may extend beyond the same building as location of Push-Button Buzzer control and tie line mileage charges will apply. Customer must provide suitable 110V a.c. outlet as required to power transformer.

GENERAL EXCHANGE SERVICE TARIFF DEC 16 1993

B. CALLING SCOPE

MO. PUBLIC SERVICE COMM.

1. The total service area for the Kansas City MCA is comprised of the following six groups or zones and exchanges:

- a. Southwestern Bell's Kansas City Metropolitan Exchange including the Principal Zone (Missouri and Kansas).
- b. MCA-1 Zone: Southwestern Bell's exchanges of Gladstone, Independence, Parkville, Raytown, South Kansas City, Bethel (KS) and Melrose (KS).
- c. MCA-2 Zone: Southwestern Bell's exchanges of Belton, Blue Springs, East Independence, Lee's Summit, Liberty, Nashua, Tiffany Springs, Bonner Springs (KS), Olathe (KS) and Stanley (KS).
- d. MCA-3 Zone: Southwestern Bell's exchanges of Farley, Smithville, Grain Valley and Greenwood; the Missouri customers in Southwestern Bell's exchange of Leavenworth; and United Telephone Company's exchange of Platte City, Ferrelview, Kearney, Missouri City, Buckner and Lake Lotawana.
- e. MCA-4 Zone: Southwestern Bell exchanges of Excelsior Springs; United Telephone Company's exchanges of Weston, Camden Point, Edgerton, Holt, Orrick, Oak Grove, Lone Jack, Pleasant Hill, and Harrisonville; and GTE's exchanges of Trimble, Peculiar and Cleveland.
- f. MCA-5 Zone: Southwestern Bell's exchanges of Richmond and Archie; United Telephone Company's exchanges of Dearborn, Henrietta, Wellington, Odessa, Holden, Kingsville and Strasburg; GTE's exchanges of Plattsburg, Lawson, East Lynne, Garden City and Drexel; Lathrop Telephone Company's exchange of Lathrop; and MO-KAN Dial Inc's exchange of Freeman.

2. Optional MCA Calling Scopes

a. Kansas City MCA-3 Optional Calling Scope:

The Calling Scope for MCA subscribers in MCA-3 includes all customers in the metropolitan exchange, (composed of the Principal Zone and MCA-1 and MCA-2 Zones) all customers in MCA-3 exchanges, and MCA subscribers in MCA-4 and MCA-5 exchanges.

MO. PUBLIC SERVICE COMM.

2. Optional MCA Calling Scope (Cont'd)

b. Kansas City MCA-4 Optional Calling Scope:

The Calling Scope for MCA subscribers in MCA-4 includes all customers in the metropolitan exchange, (composed of the Principal Zone and MCA-1 and MCA-2 Zones) all customers in MCA-3 and MCA-4 exchanges and MCA subscribers in MCA-5 exchanges.

c. Kansas City MCA-5 Optional Calling Scope:

The Calling Scope for MCA subscribers in MCA-5 exchanges includes all customers in the metropolitan exchange, (composed of the Principal Zone and MCA-1 and MCA-2 Zone). All customers in MCA-3 and MCA-4 exchanges, and MCA Subscribers in MCA-5 exchanges.

C. REGULATIONS

1. Unless otherwise specified in these regulations, MCA is offered to all classes and grades of residence and business customers located in an MCA exchange.
2. Optional MCA Service is not offered in conjunction with public, semi-public, customer-owned pay telephone, cellular service and any switched FGA service.
3. MCA is designed and intended for the exclusive use of the end-user customers of the telephone company. MCA is not to be shared, resold or used in any configuration of customer-provided equipment with the intent of reselling the service.
4. In situations where multiple access lines share the same working telephone number, if one such line subscriber to MCA service, then all lines must subscribe to MCA service.
5. Where a hunting arrangement between access lines is provided by the Telephone Company, no MCA line may be configured to hunt to a non-MCA line.

DEC 16 1993

C. REGULATIONS (CONT'D)

MO. PUBLIC SERVICE COMM.

6. Unless otherwise specified, MCA is subject to the rules and regulations applying to all customer contacts as specified in the General Exchange Tariff of the Telephone Company.

a. All rules and regulations governing local exchange service apply to MCA service.

7. The minimum service period for subscription to optional MCA service is one month.

D. RATE APPLICATION

1. The MCA monthly rates specified in 5.A below, apply on a per-line basis except for centrex type services which are billed on a PBX trunk equivalent basis, as specified in the General Exchange Tariff.

2. MCA monthly rates are billed one month in advance.

3. Optional MCA rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Telephone Company.

4. Nonrecurring service and equipment charges as specified in 5-B below, are applicable on a per line basis when a customer adds or deletes Optional MCA Service. These charges will be waived for the first 60 days from the date that MCA service becomes available in the exchange.

E. MISCELLANEOUS AND SPECIAL EQUIPMENT

18. Joint User rate is to be applied where a telephone is installed as an extension from an existing main station telephone and serves a different identity. The same telephone number will be used for both parties and a directory listing will be furnished each party.

The monthly rate will equal three-fourths of the main station rate plus extension station line mileage where applicable. Regular installation of telephone charge will apply.

The subscriber with the existing main station line to which the joint user is added will be responsible for payment of all charges accruing to the joint user subscriber in the event the joint user subscriber fails or refuses to pay for such services as provided for elsewhere in this schedule.

19. Seasonal and Vacation Rate¹ service is provided to residence customers whose requirements for telephone service are less than that which might normally be provided in any 12 month period. Customer's line will be placed on intercept for the period of such service and no changes will be made in the customer's listing in the local directory or in the equipment on the customer's premises. No service either to or from the customer is contemplated during the interval this rate applies.

¹Effective January 1, 2014, Seasonal and Vacation Rate will no longer be available to new customers. Existing customers will be allowed to complete or continue any prearranged suspended service until May 1, 2014 when the service shall sunset and no longer be available.

GENERAL EXCHANGE SERVICES
CUSTOM CALLING AND CUSTOM LOCAL AREA SIGNALING SERVICE
MO. PUBLIC SERVICE COMM (N)

A. GENERAL

1. Custom Calling Services and Custom Local Area Signaling Services (CLASS) are optional service arrangements that allow the customer more control over incoming and outgoing calls.
2. Custom Calling Services will be offered to customers in exchange areas of the Company where these services are technically feasible.
3. Custom Local Area Signaling Services (CLASS) are a specialized group of services that allow customers control over incoming and outgoing calls through the use of the Signaling System 7 (SS7) Network and data base entries. Services are offered where technically feasible and may be available on both intraexchange and interexchange basis.
4. Custom Calling Services and Custom Local Area Signaling Services (CLASS) may be divided into two distinct groups of services; those that apply some type treatment or service to calling which may originate from a customers line or those that apply some treatment or service to calls which are terminating to the customers line.
5. CLASS features will only operate as described in these tariffs, on calls originating or terminating within offices appropriately equipped with SS7 Network capabilities, and are dependent on the connection of other Local Exchange Carriers and Interexchange Carriers to an SS7 Network, where technically feasible.
6. The liability of the Telephone Company is as specified in the General Regulations of this Tariff. In addition to the provisions of this Tariff, a calling party customer of the Company releases and holds the Company harmless from any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the transmission of a calling number of a telephone number which the calling party has requested to be omitted from the telephone directory or has requested not to be disclosed to any person.
7. Per Line Blocking for the delivery of the calling number is available upon request at no charge, only to the following entities for lines over which the official business of the agency is conducted, where an executive officer of the agency registers a need for blocking and provides the required certification to the Telephone Company:
 - a. Private, nonprofit, tax exempt, domestic violence intervention agencies.
 - b. Federal, state, and local law enforcement agencies.

- b. After the first 90 days that Custom Calling Services are offered in an exchange, the applicable service ordering charge and a non-recurring C.O. Access Charge will apply. C.O. Access Charge.....\$ 6.00

C. CONDITIONS

- 1. Call Waiting - By means of a tone signal a customer who is using his telephone is alerted when another caller is trying to reach that station. This permits putting the first call on hold so that a second call can be answered.
- 2. Call Forwarding - Permits a customer to transfer all incoming calls to another dialable telephone number. The customer pre-selects a second telephone number to which he wants all incoming calls to be automatically transferred. Calls may be transferred to a long distance message telecommunications point subject to the availability of the necessary facilities in the central office from which the calls are to be transferred. Call Forwarding shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is transferred. Customers utilizing Call Forwarding service are responsible for the payment of charges for each toll call between the telephone to which the call was transferred.
- 3. Three Way Calling - Enables a customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation. The transmission may vary depending on the distance and routing necessary; therefore, transmission may not meet normal standards.

LATHROP

MO. PUBLIC SERVICE COMMISSION

**GENERAL EXCHANGE SERVICES
CUSTOM CALLING AND CUSTOM LOCAL AREA SIGNALING SERVICE**

C. DESCRIPTION OF SERVICES

(N)

1. **Abbreviated Dialing (Speed Calling):** Allows a customer to call any one of a group of frequently called numbers simply by dialing a one or two digit code. Two different configurations are available; short lists (8 numbers) and long lists (30 numbers).
2. **Anonymous Call Rejection (CLASS):** Allows customers with or without Calling Number Delivery and/or Calling Name Delivery to reject calls for which the caller has intentionally blocked calling name/number display information.

If the display information is not available due to network restrictions or any other reason, the receiving customer CPE (if equipped) is presented with a message to indicate the unavailability of the call information.

Rejected calls are sent to a company supplied announcement that informs the calling party why the call is being rejected. Anonymous Call Rejection can be overridden by an operator in case of an emergency.

3. **Automatic Call Back (CLASS):** A feature when activated by the customer will attempt to redial the last number called from their station regardless of whether the original call was answered, unanswered or busy. The calling and called lines will be monitored by the system and attempt to connect the call for up to 30 minutes. Activation can be canceled at any time.
4. **Automatic Line:** This feature provides an automatic connection between a calling station that goes off-hook and a preassigned directory number. The originating station is denied the ability to call any directory number other than the preassigned number.

CUSTOM CALLING AND CUSTOM LOCAL AREA SIGNALING SERVICE

C. DESCRIPTION OF SERVICES: (Continued)

(N)

- 5. Automatic Recall (CLASS): This feature allows subscribers to have a call returned to the calling party of the last incoming call. This applies whether the incoming call was answered or unanswered. When activated, the customer is allowed to hear the directory number of the last incoming call prior to deciding whether or not to recall that number.

Calls cannot be returned to a number which was delivered with a "private" delivery status, and only one successful call to a number using the Automatic Recall feature will be allowed.

- 6. Call Forward Busy/No Answer: These features provide forwarding capability to incoming calls that encounter a busy or no-answer state. The forward-to directory number is programmed by the customer as well as the number of rings before transfer.
- 7. Call Forward-Fixed: Allows a customer to have all incoming calls to a location automatically forwarded to a predetermined telephone number. This programming is performed by company personnel.
- 8. Call Forward-Remote Access: This feature allows a customer to activate or deactivate the Call Forward option on their telephone from a local or toll remote location by dialing a dedicated directory number, their own seven digit directory number, followed by a Personal Identification Number (PIN) and the activation/deactivation codes.
- 9. Call Forward Customer Programmable: This feature directs calls from a local telephone number to another location, with the forwarding station receiving billing for any calls that are forwarded to a toll location. The location to which calls are to be forwarded must be entered by the customer each time this service is activated.

GENERAL EXCHANGE SERVICES

CUSTOM CALLING AND CUSTOM LOCAL AREA SIGNALING SERVICE

C. DESCRIPTION OF SERVICES: (Continued)

- 10. Call Transfer: Allows users to transfer a call to another directory number and then drop out of the call, leaving the users connected. Customers must have Three-Way Calling and User Transfer Station Options to use this feature.
- 11. Call Waiting: This feature informs a customer who is on an established call that a third party is trying to call. An incoming call which arrives at a busy line receives audible ringing instead of a busy tone. The called party is alerted by a tone that is only available to the called party.
- 12. Call Waiting-Cancel: This feature allows a customer to prevent, on a per call basis, an incoming call from Call Waiting on their line. Income calls to the station receive a busy signal. This feature ensures that Call Waiting indication ones to not interrupt important calls or disrupts data transmissions.

C. DESCRIPTION OF SERVICES: (Continued)

(N)

- 14. Calling Name Delivery Blocking (CLASS): This feature allows calling customers to keep their name from appearing on a called party's display unit and can be blocked on a per-call basis.
- 15. Calling Number Delivery (CLASS): This feature allows customers to receive the calling number or incoming calls. The number is delivered to the called party's CPE in the interval between the first and second ring and remains for duration of the call.
- 16. Calling Number Delivery Blocking (CLASS): This feature allows the calling party to suppress their directory number so that the called party with Calling Number Delivery does not receive the information. The called party receives a "private" message instead of the calling party's directory number. The customer can set the privacy indicator on a per-call basis.
- 17. Customer-Originated Trace (CLASS): This feature allows customers to initiate a trace on the last incoming call by dialing an activation code. The call is traced automatically, and a printout of the originating directory number and the time the call was made is forwarded to a company location. The results of a successful trace will only be provided to legal authorities with written authorization from the customer. A charge applies when a successful trace is delivered to proper legal authorities.
- 18. Distinctive Ringing/Call Waiting (CLASS): This is an incoming call management feature that allows customers to define a list of calling directory numbers that provide the customer with a distinctive ringing pattern or a distinctive Call Waiting tone. Terminating calls which are not on the list will have standard ringing or tones.
- 19. Malicious Call Hold: This feature enables the called party to hold the connection on any call and can be used to augment the capability provided by the Calling Line Identification feature.
- 20. Restrict Outgoing: This feature allows for the screening of outgoing calls and can allow or deny calls as requested by the customer based on company developed screening tables.

- 21. Selective Call Acceptance (CLASS): Allows customers to define a list of calling directory numbers that will be accepted. Any number not on the list is routed to announcements and rejected. The calling party not on the acceptance list receives an announcement stating that the call is not presently being accepted by the called party.
- 22. Selective Call Forwarding (CLASS): Allows customers to have certain incoming calls forwarded to a designated remote directory number. Calls not on the SCF screen lists are terminated in the standard manner. The number of calls included on a SCF screening list will be limited based on system parameters.
- 23. Selective Call Rejection (CLASS): Allows customers to define a list of calling directory numbers that are routed to recorded announcements and rejected. All other calls are treated normally. Lists will be limited based on system parameters.
- 24. Teen Service: This feature allows two telephone numbers to be assigned to a single-party line. Each telephone number is assigned a unique ringing pattern so the called party can determine the nature of the call. Only one call may be active on the line at a given time.
- 25. Teen Service with Voice Mail: Teen Service enables two telephone numbers-the primary directory number (PDN) and the secondary directory number (SDN) to be assigned to a single line. Teen Service with Voice Mail forwards the SDN to Voice Mail to allow the SDN to have separate announcements and messages.

SECTION II

GENERAL EXCHANGES SERVICES
CUSTOM CALLING AND CUSTOM LOCAL AREA SIGNALING SERVICE

C. DESCRIPTION OF SERVICE (Continued)

1. Three-Way Calling: This feature allows a customer to form a three-way conference with two other parties. The customer that initiated the conference controls the conference and must remain on line for the duration of the call.
2. Touch Tone Service: The provision of DTMF signaling through tone pads on the communications instruments.
3. Warm Line: This is an Automatic Line feature which gives the subscriber 20 seconds after going (T) off-hook to dial a number before it automatically dials a pre-designated number.

D. CONDITIONS

1. Custom Calling Services and CLASS will be provided in connection with individual line residence and business service. Services may not be compatible with key or PABX system lines or trunks.
2. CLASS Service cannot be provisioned on an originating basis with Company Provided Public Telephone Service, COCOT Service, Toll Terminals, and some PABX Trunks.
3. A non-recurring service ordering charge, found in other parts of this tariff, will apply for the implementation of Custom Calling or CLASS Services if installed at any time other than the initial installation of a customer access line service with the Company, or the installation of additional access line service.

PAYPHONE SERVICE

MISSOURI
Public Service Commission

A. GENERAL REGULATIONS

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument implemented pay telephone may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

PAYPHONE SERVICE (Continued)

MISSOURI
Public Service Commission

A. GENERAL REGULATIONS (Continued)

- 10. Installation Charges and the appropriate NID material charge apply when a premises visit is made for the sole purpose of installing a customer requested NID.
- 11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule and regulations shall prevail.
- 12. Off-Premise Extensions to a payphone service provider on non-contiguous property are not permitted. Extensions on the same continuous property are permitted.
- 13. Local messages from Payphones are charged at no higher than twenty-five (25) cents for each call. Upon implementation of the FCC rules pre-empting state regulations of payphone rates, this subsection will not apply.
- 14. The Multi-line Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. RESPONSIBILITY OF THE CUSTOMER

- 1. The Customer for the purposes of this Tariff is defined as the Payphone Service Provider.
- 2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible to comply with the requirements set forth in the American With Disabilities Act of 1990.

B. RESPONSIBILITY OF THE CUSTOMER (Continued)

- 3. The customer shall be responsible for the payment of charges for all local and toll messages originating from or accepted at this type of service, including any Directory Assistance Calls.
- 4. The customer shall be responsible for obtaining a Certificate of Service Authority (CSA) to provide Payphone Service and for providing proof of said authority prior to installation of service.
The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.
- 5. Each customer must provide instructions, attached or in close proximity to the set, for use including specific instructions for the above requirements; refunds and complaints; one-way calling if so equipped; long distance access; and must prominently display notice in close proximity to the set that the Instrument Implemented phone is not a Company Telephone. Said instructions shall also show the telephone set's working number and include a local or toll free number to allow the public to directly contact the private payphone owner.
- 6. Customers who elect not to subscribe to Selective Class of Call Screening will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
- 7. Any federal, state, or local taxes on the Customer Owned Pay Telephone or calls made from that phone are the responsibility of the customer.
- 8. The customer shall not program or cause to be programmed any such telephone used in connection with this service to limit the duration of a local message.

C. VIOLATION OF REGULATIONS

1. Where any customer-owned pay telephone is in violation of this Tariff, the Company will notify the customer in writing of the violation.
2. The customer shall discontinue use of the customer-owned pay telephone or correct the violation and notify the Company in writing within five (5) days after receipt of such notice that the violation has been corrected.
3. Failure of the customer to discontinue such use or to correct the violation will result in the suspension of the customer service until such time as the customer complies with the provisions of this Tariff.

D. INSTRUMENT IMPLEMENTED PAYPHONE SERVICE

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. CENTRAL OFFICE (CO) IMPLEMENTED COIN LINE

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provides for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).

PAYPHONE SERVICE (Continued)

MISSOURI

E. CENTRAL OFFICE (CO) IMPLEMENTED COIN LINE (Continued) Public Service Commission

- 3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

F. FEATURES AND FUNCTIONS

- 1. Answer Supervision provides signaling on the line notifying the line that the called party has answered. This feature is an additive to the Co Implemented Coin Line.
- 2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
- 3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
- 4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
- 5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotel/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

MO. PUBLIC SERVICE COMM

(N)

A. GENERAL

1. Digital Centrex Service (CENTREX) is an integrated business network system made up of feature enhanced digital switching software and hardware located in the Telephone Company offices and customer provided equipment located at the customer premises.
2. CENTREX service will be provided to business customers with a minimum of two access lines and may be provided jointly at business and residence locations.
3. CENTREX service will only be available in those exchange areas where Company provided facilities and equipment exist.
4. A standard feature of CENTREX service, Virtual Facilities Group Control, which limits the number of trunks/lines available for outgoing and incoming calling will be provided to determine the number of End User Common Line charges for CENTREX lines as set forth in the NECA Tariff FCC No. 5 and for any other charges assessed on a per line or trunk basis.
5. The minimum lines to be assessed in the Virtual Facilities Control Group will be two (2) per customer group.
6. CENTREX customers will be provided with one directory listing in the alpha section, and one listing in the classified section at no charge. All other additional listings will be at the rates established in other sections of these tariffs.
7. CENTREX lines may be terminated at locations not considered the customers primary business location at the rates established in the RATE section of this tariff following, providing all locations are served by the same Company central office.
8. CENTREX service or lines of a customer which terminate interexchange, where possible, will be provided by agreement on an Individual Case Bases or according to tariffs in effect for the provision of interexchange private line services.
9. CENTREX service is a service provided to individual business and residence customers of the Company and is not for resale or shared use.

CENTREX SERVICE (Continued)

MO. PUBLIC SERVICE COMM

B. CONDITIONS

1. The minimum charge for CENTREX SERVICE is one month.
2. Customer premises equipment will be provided by the customer and must be compatible with the services and equipment provided by the Company.
3. All applicable features as described in following parts of this tariff are available to each CENTREX line of each customer group.
4. Intraexchange and interexchange calling services available to other classes of service within the exchange of the CENTREX customer such as; Extended Area Service, access to 911, access to operator, and Direct Distance Dialing, are available to CENTREX lines unless denied or restricted by the customer.
5. If CENTREX lines or services are ordered in conjunction with PABX or Key System Trunks the appropriate rates for PABX or Key System Trunks as found in other parts of these tariffs will apply as-well-as the rates for CENTREX lines.
6. All applicable Rules, Regulations, Rates and Charges found in other parts of the Tariffs of the Company are applicable to CENTREX Service.
7. Touch tone line charges as described in other parts of the Company's tariff are required on each CENTREX access line to which a 2500 and/or analog type communications device is attached.

C. DESCRIPTION OF FEATURES AND SERVICES.

1. Standard Features
 - a. Automatic Identification of Outward Dialing (AIOD): Records each outgoing, billable call against the CENTREX line originating the call.
 - b. Automatic Line: This feature provides an automatic connection between a calling station that goes off-hook and a preassigned directory number.
 - c. Call Forward: This feature allows a customer to have incoming calls to a station location automatically forwarded to a predetermined telephone number under any of the following three circumstances:
 1. All Calls: Allows all incoming calls to be automatically forwarded to another preselected line.
 2. Busy: This is a station option that automatically transfers incoming calls directed to a busy subscriber to an alternate subscriber line within the same customer group.

C. DESCRIPTION OF FEATURES AND SERVICES (Continued)

MO. PUBLIC SERVICE COMM

1. Standard Features (Continued)

c. Call Forward (Continued)

- 3. No Answer: This feature is a station option that allows a terminating call to an idle subscriber to be transferred automatically to another line within the group after a predetermined number of ringing cycles.
- 4. Remote Access: This feature allows the activation/deactivation of call forward all calls from a location other than the subscribers base telephone.

d. Call Hold: Allows a subscriber to place a call on hold for any length of time, providing neither party goes on hook.

e. Call Park: This feature allows a subscriber to park a call against their directory number so that the call may be retrieved from any other location within the customer group, and allows the subscriber who parked the call to continue to originate and terminate other calls.

f. Call Pick-up: Allows subscribers to answer incoming calls to another station by dialing a feature activation code.

g. Call Pick-up Groups: Allows the formation of specific call pick-up groups within customer groups.

h. Call Transfer: This feature allows users to transfer a call to another directory number then drop out of the call, leaving the users connected.

i. Call Waiting/Cancel Call Waiting: This feature provides an audible call waiting tone when an incoming call arrives at a busy station. Cancel Call Waiting allows the customer with the Call Waiting feature to have the call waiting tone discontinued on preselected calls by activation of a designated code.

j. Class of Service Restrictions: This feature allows a customer the capability to control calls which may originate or terminate to any line within the customer group and may include any of the following options:

- 1. Deny Originating
- 2. Deny Terminating
- 3. Local Only
- 4. Unrestricted Service

k. Consultation Hold: This feature permits a subscriber, while on an active call, to retrieve a waiting call or to perform a Three-way conference/Call transfer by activation of a hook switch flash. The original call is in a temporary hold state.

l. Direct Inward Dialing: Permits calls from the exchange network to be terminated to a subscribers station directly within a customer group without attendant intervention.

m. Direct Out Dialing: Permits a subscriber to access the exchange network and to have the subscribers directory number identified as the originating party by the Telephone Company recording equipment.

C. DESCRIPTION OF FEATURES AND SERVICES (Continued)

MO. PUBLIC SERVICE COMMISSION

1. Standard Features (Continued)

- n. Directory Number Hunt: This feature allows incoming calls directed to a particular directory number to "hunt" to another customer selected number in a sequence when the called number is busy.
- o. Distinctive Ringing: Allows the customer to have different distinctive ringing patterns for calls which originate within the customer group, or from the exchange network.
- p. Distinctive Call Waiting Tone: This feature is a call management feature which allows the subscribers to define a list of calling directory numbers that have a special incoming Call- Waiting tone when they arrive at a busy station location.
- q. Intercom Groups: This option allows a customer to call other lines within a customer group by using an abbreviated dialing pattern rather than the seven digit directory number.
- r. Manual Line: This feature provides an automatic connection between a calling station that goes off-hook and a predetermined number designated by the customer.
- s. Speed Calling: Allows users to place calls to frequently dialed numbers by using an abbreviated code rather than dialing the complete number.
Abbreviated dialing lists may be assigned as follows:
 - 1. Group Speed Call: The Group Lists consist of a maximum of 30 stored numbers which may be assigned for use by several members within a customer location.
 - 2. Individual Short List: A short list consists of a maximum of eight numbers assigned and programmed by an individual for their personal use.
 - 3. Individual Long List: A long list consists of a maximum of thirty stored numbers assigned, programmed and used by an individual for their personal use, and cannot be shared by a group.
- t. Station to Station Calling: This feature permits stations within a customer group to complete calls to other members within the customers group by dialing less than the seven digit directory number assigned to a station.
- u. Three-way Conference with Transfer: This feature allows a subscriber on an established call, either within the system, or outside the system, to transfer the call to another party or to form a three-way conference.
- v. Virtual Facilities Group Control: This feature allows a customer to limit the number of simultaneous incoming or outgoing trunks therefore, establishing non-physical trunk groups for the customers control and network management.

GENERAL EXCHANGE SERVICE TARIFFS

Operator Services

Intrastate IntraLATA Operator Service

Missouri Public
Service Commission

REC'D OCT 05 1999

(N)

- A. Intrastate IntraLATA Operator Service for 0- toll calls
 - 1. The Company will provide Intrastate IntraLATA Operator Service for dialed 0-toll calls.
 - 2. Surcharges are applicable to station sent paid, station calling card, station collect, station billed to third party, and person to person 0- calls. Definitions of these types of calls are found in the Southwestern Bell Long Distance Message Telecommunications Service Tariff, P.S.C. MO. No. 26.
 - a. Rates set fourth below apply to 0- toll calls originating for all classes and grades of service.
- B. Terms and Conditions
 - 1. The Company will provide Intrastate IntraLATA Operator Service for dialed 0-toll calls.
 - a. Company will not bill for incomplete calls where answer supervision is available. Company will not bill for incomplete calls and will remove any charges for incomplete calls upon (i) subscriber notification or (ii) Company's knowledge.
 - b. The caller and billed party, if different from the caller will be advised that the Company is the operator service provider at the initial contact.
 - c. Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
 - d. Only tariffed rates approved by the Commission for Company shall appear on Company bills.
 - e. All such calls will appear as Company calls.
 - f. Company will employ reasonable calling card verification procedures acceptable to the Telephone Company issuing the calling card.
 - g. Company will route all 0- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.

ACCESS SERVICES TARIFF CONCURRENCE

Access Services

Access services are those services which are described in the Access Services Tariff of Oregon Farmers Mutual Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules and regulations specified in the Access Services Tariff of Oregon Farmers Mutual Telephone Company and approved by the Missouri Public Service Commission, and in any amendments thereto and authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for access services of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions has been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Access Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

PRIVATE LINE TARIFF CONCURRENCE

RECEIVED

Private Line Concurrence

MAY 2 1988

The Company concurs in the rules and regulations governing intrastate intra-LATA interexchange Private Line Service as set forth in Oregon Farmers Mutual Telephone Company's tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for private line service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

MISSOURI
Public Service Commission

Private Line Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, in whole or in part, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

DISTANCE LEARNING COMMUNICATIONS SERVICES CONCURRENCE

MISSOURI
Public Service Commission

The Company concurs in the rules and regulations governing intrastate interexchange Distance Learning Communications Service as set forth in Oregon Farmers Mutual Telephone Company's Tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Distance Learning Communications Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

PROVISION OF SERVICES

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to customers, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

CANCELLATION RIGHTS

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

GENERAL RULES AND REGULATIONS

GENERAL REGULATIONS

A. APPLICATION

The rules and regulations specified herein are in addition to those contained in the Local Exchange Service Tariffs, the General Exchange Service Tariffs and the Long Distance Service Tariffs. They apply to the intrastate services and facilities furnished in Missouri by the Lathrop Telephone Company, hereinafter referred to as the Telephone Company, or Company. Failure on the part of the subscribers to observe these rules and regulations of the Telephone Company, after due notice of such failure, automatically gives the Telephone Company the privilege to cancel the contract and discontinue the furnishing of service.

In the event of a conflict between any rate, rule, regulations or provision contained in these General Rules and Regulations and any rate, rule, regulation or provision contained in the Local Exchange Service Tariffs, the General Exchange Service Tariffs or the Long Distance Service Tariffs, the rate, rule, regulation or provision contained in the specific Tariffs shall prevail.

These Tariffs cancel and supersede all other Tariffs of the Telephone Company issued and effective prior to the effective dates of this Tariff.

- (C) Signifies a changed regulation.
- (D) Signifies a discontinued rate, treatment or regulation.
- (I) Signifies an increased rate or new treatment resulting in increased rates.
- (N) Signifies a new rate, treatment or regulation.
- (R) Signifies a reduced rate or new treatment resulting in reduced rates.
- (T) Signifies a change in text but no change in rate, treatment or regulation.

C. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY

1. Availability of facilities

The Telephone Company's obligation to furnish exchange and toll service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary lines, circuits and equipment.

2. Interruptions of Service

If service is interrupted for more than 36 hours other than by the negligence or wilful act of the subscriber, an allowance at the minimum rate for the telephone facilities and class of service affected at the time of the interruption shall be made for the time such interruption continues, after notice and demand to the Company. other liability shall in any case attach to the Company.

GENERAL REGULATIONS

C. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY
(continued)

3. Directory errors and Omissions

a. The Telephone Company's liability for damages on account of interruptions to service due to errors or omissions in directory listings will be limited to a pro rate abatement of the charge for such of the subscriber's service as is affected, the maximum abatement not to exceed one-half the service charges for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.

b. In the cases of extra listings in the alphabetical section of the directory for which a charge is made, the Telephone Company's liability shall be limited to an amount not to exceed the established rate for such listing during the period which the error or omission continues.

4. Transmitting Messages

The Telephone Company does not transmit messages but offers the use of its facilities for communications between patrons. If because of transmission difficulties the operator, in order to accomodate the subscriber, repeats messages, she is deemed to be acting as the agent of the persons involved and no liability shall attach to the Telephone Company because of any errors made by the operator or misunderstandings that may arise between subscribers because of the errors.

5. Use of Connecting Company Lines

When suitable arrangements can be made, lines of other telephone companies may be used in establishing wire connections to points not reached by this Company's lines. In establishing connections with the lines of other companies, the Telephone Company is not responsible or liable for any action of the Connecting Company.

6. Defacement of Premises

The Telephone Company shall exercise due care in connection with all work done on subscriber's premises. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises resulting from the existence of the Telephone Company's instruments, apparatus and associated wiring on such premises, or by the installation or removal thereof, unless such defacement or damage is the result of the sole negligence of the Telephone Company.

E. ESTABLISHMENT AND FURNISHING OF SERVICE Service Commission

1. Application for Service

a. Applications for service must be made on the Telephone Company's standard form of application. These applications become contracts when accepted in writing by the Telephone Company, or upon the establishment of service. Applicants for service are required to pay in advance at the time application is made, all charges accruing for the first billing period for exchange service and equipment, and applicable elements of the Multi Element Charge Plan. The terms and conditions specified in such contracts are subject to these General Rules and Regulations, the General Exchange Service Tariffs and the Local Exchange Service Tariffs for the particular exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.

b. Requests from subscribers for additional service, equipment, etc., may be made verbally, if the original contract provides for such additional service and equipment as may be ordered, and no advance payment will be required. A move from one location to another (Outside Move) within the same Exchange Area is not considered to terminate the contract and orders for such moves may be made verbally.

These applications become contracts when accepted in writing by the Telephone Company, or upon the establishment of service. Applicants for service are required to pay in advance at the time application is made, all charges accruing for the first billing period for exchange service and equipment, and the service connection charge if applicable. The terms and conditions specified in such contracts are subject to these General Rules and Regulations, the General Exchange Service Tariffs and the Local Exchange Service Tariffs for the particular exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.
- b. Requests from subscribers for additional service, equipment, etc., may be made verbally, if the original contract provides for such additional service and equipment as may be ordered, and no advance payment will be required. A move from one location to another (Outside Move) within the same Exchange Area is not considered to terminate the contract and orders for such moves may be made verbally.

MISSOURI

GENERAL REGULATIONS

Public Service Commission

E. ESTABLISHMENT AND FURNISHING OF SERVICE (continued)

2. Telephone Numbers

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office, and the Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it advisable in the conduct of its business to do so.

3. Alterations

The subscriber agrees to notify the Company promptly in writing whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Company's wiring or equipment; and the subscriber agrees to pay the Company's current charges for such changes.

4. Payment for Service

The Subscriber is required to pay all charges for exchange services and facilities, and for toll messages (including charges for messenger service) in accordance with provisions contained elsewhere in these General Rules and Regulations. The subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll messages on which the charges have been reversed.

5. Maintenance and Repairs

All ordinary expense of maintenance and repair, unless otherwise specified in the Telephone Company's tariff, is borne by the Telephone Company. The subscriber agrees to take good care of the instruments and all accessories connected therewith. In case of loss of, damage to, or destruction of, any of the Company's instruments or accessories, not due to ordinary wear and tear, the subscriber is held responsible for the cost of replacing the equipment destroyed or for the cost of restoring the equipment to its original condition, except where such damage is not occasioned by the negligence of the subscriber. Subscribers may not rearrange, disconnect or remove any apparatus or wiring installed by the Telephone Company, except upon the written consent of the Telephone Company.

6. Unusual Installation Costs

Where special conditions or special requirements of the subscriber involve unusual construction or installation costs, the subscriber may be required to pay a reasonable proportion of such costs.

7. Right of Way

The Telephone Company's provision of service to the subscriber is contingent upon the subscriber's provision, without charge to the Telephone Company, of suitable private right of way easement as may be required for placement of necessary lines and facilities to the subscriber's premises.

F. TELEPHONE DIRECTORIES

1. Distribution

The Telephone Company will furnish to its subscribers, without charge, only such directories as it deems necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Company at a reasonable charge.

2. Ownership and Use

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. Subscribers must not deface or mutilate directories. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories destroyed, defaced, or mutilated while in possession of the subscriber. No binder, holder, or auxiliary cover, except such as may be provided by or with the consent of the Telephone Company, shall be used on or in connection with any directory furnished by the Telephone Company.

APPLICATION OF BUSINESS AND RESIDENCE RATES

A. BUSINESS RATES APPLY AT THE FOLLOWING LOCATIONS:

1. In offices, stores, factories, and all other places of a strictly business nature.
2. In boarding houses, except as noted under B-2, offices of hotels, halls, and offices of apartment buildings, quarters occupied by clubs, or lodges, public, private, or parochial schools or colleges, hospitals, libraries and other similar institutions.
3. At residence locations when the subscriber has no regular business telephone and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising either by business cards, newspapers, handbills, advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over to residence telephone during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.
4. Where the place of business and the residence of a subscriber are on the same premises and no telephone installed in the place of business, the business rate shall be charged for the telephone installed in the residence.
5. At residence locations, when an extension station extension bell is located in a shop, office, or other place of business.

Public Service Commission

1. The Telephone Company is not obligated to furnish service to any individual or firm that has an unpaid and undisputed delinquent account for service previously rendered by the Company at the same or different address, until arrangements have been made to liquidate such previous indebtedness to the Company.
2. For residential customers, the Company may require a deposit or guarantee prior to providing new service or as a condition of continued service. The Company may require a deposit or guarantee as a condition of continued service if:
 - A. The customer has delinquent charges in two (2) out of the last twelve (12) billing periods; or
 - B. The customer has had service disconnected for nonpayment of a delinquent charge or failed to post a required deposit or guarantee.
3. In lieu of a deposit, Company may accept a written guarantee. The guarantee shall not exceed the amount of a cash deposit that the Company could request under this section.
4. No deposit, guarantee, additional deposit nor additional guarantee will be required by the Company because of race, sex, creed, national origin, marital status, age, number of dependents, source of income, disability or geographical area of residence.
5. Terms of Deposits:
 - A. Deposits shall not exceed the estimated charges for two (2) months' service based on the average bill during the preceding twelve (12) months, or, in the case of new applicants for service, the average monthly bill for new subscribers within a customer class.

ESTABLISHMENT AND MAINTENANCE OF CREDIT

A. ESTABLISHMENT OF CREDIT

1. The Telephone Company is not obligated to furnish service to any individual or firm that owes for service previously rendered at the same or a different address, until arrangements have been made to liquidate such previous indebtedness to the Company. In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- a. By furnishing reference acceptable to the Telephone Company.
- b. By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- c. By means of a cash deposit.

B. AMOUNT OF DEPOSITS

The amount of the deposit required for the purpose of establishing a subscriber's credit shall not exceed his estimated bill for exchange service and toll charges for one normal billing period plus thirty days. The Telephone Company may require the subscriber to increase the amount of the deposit at any time, if the charges billed against the subscriber are found to warrant such an increase.

A. ESTABLISHMENT OF CREDIT (continued)

5. Terms of Deposit (continued)

- B. The deposit shall bear interest at a rate which is equal to one percent (1%) above the prime lending rate as published in the Wall Street Journal. This rate shall be adjusted annually on December 1 using the prime lending rate, as published in the Wall Street Journal on the last business day of September of each year, plus one percent (1%). The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.
- C. Upon discontinuance or termination of service, the deposit will be credited, with accrued interest, to the charges stated on the final bill, and any balance will be returned to the customer within twenty-one (21) days of the rendition of the final bill.
- D. Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, guarantors will be released or deposits with accrued interest will be refunded or credited against charges on subsequent bills. Payment of charges will be considered satisfactory if received prior to the date on which the charge becomes delinquent provided the charge is not in dispute. The Company may withhold the refund of a deposit pending the resolution of a dispute with respect to charges secured by the deposit.
- E. The Company will maintain records of all pertinent information with regard to each deposit held.
- F. The Company will provide within ten (10) days of a customer request a receipt that contains information pertinent to that deposit.

OCT 30 1980

ESTABLISHMENT AND MAINTENANCE OF CREDIT

A. ESTABLISHMENT OF CREDIT (continued)

5. A written guarantee in lieu of a deposit.

(a) In lieu of a deposit the Telephone Company may accept a written guarantee. The limit of the guarantee shall not exceed the amount of a cash deposit.

(b) A guarantor shall be released upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods. Payment of a charge is satisfactory if received prior to the date upon which the charge becomes delinquent provided it is not in dispute.

B. DEPOSIT NOT TO AFFECT REGULAR COLLECTION PRACTICE

The fact that a deposit has been made shall in no way relieve the applicant or subscriber from complying with the Telephone Company's regulations as to advance payments and the prompt payment of bills on presentation, nor constitute a waiver or modification of the regular practices of the Telephone Company providing for the discontinuance of service for non-payment of any sums due the Telephone Company for services rendered. The Telephone Company may discontinue service to any subscriber failing to pay current bills without regard to the fact that such subscriber has made a deposit with the Company to secure payment of such bills or has furnished the Company with a guarantee in writing of such bills.

INITIAL CONTRACT PERIODS AND TERMINATION OF SERVICE

A. INITIAL CONTRACT PERIODS

1. Unless otherwise specified herein or elsewhere in the Telephone Company's Tariffs, the initial (or minimum) contract period is one month from the date service is established and the minimum charge is the established rate for one month.
2. The length of contract period for directory listings, and for joint user service, where the listings actually appear in the directory, is the directory period. The directory period is from the day on which the directory is first distributed to the subscribers to the day the succeeding directory is first distributed to subscribers.
3. The initial contract period for Private Branch Exchange systems shall be as specified in the General Exchange Service Tariffs under the sub-heading "Private Branch Exchange Service".
4. The Telephone Company may require a contract period longer than one month at the same location in connection with special (non-standard) types or arrangements of equipment, or for unusual construction, necessary to meet special demands, and involving extra costs.

B. TERMINATION OF SERVICE TO RESIDENTIAL CUSTOMERS:

MISSOURI
Public Service Commission
(C)

1. Service may be discontinued for any of the following reasons:
 - A. Non-payment of an undisputed delinquent charge for basic local telecommunications service.
 - B. Failure to post a required deposit or guarantee.
 - C. Unauthorized use of the Company's service in a manner which creates an unsafe condition or creates the possibility of damage or destruction to its facilities.
 - D. Failure to comply with the terms of a settlement agreement.
 - E. Refusal after reasonable notice to permit inspection, maintenance or replacement of Company's equipment.
 - F. Material misrepresentation of identity in obtaining Company's service.
 - G. As provided by state or federal law.
2. A written notice shall be sent by first class mail ten (10) days prior to the date of the proposed discontinuance of service.
3. Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Basic local telecommunications service will not be discontinued on a day when the offices or the Company are not open to facilitate reconnection of basic local telecommunications service or on a day immediately preceding such day.
4. The Company will make reasonable efforts to contact the customer via telephone at least twenty-four (24) hours preceding a discontinuance of basic local telecommunications service. The Company will advise the customer of the proposed discontinuance and what action must be taken to avoid it.

INITIAL CONTRACT PERIODS AND TERMINATION OF SERVICE

B. TERMINATION OF SERVICE

1. Service may be terminated prior to the expiration of the initial contract period upon notice being given to the Telephone Company, and upon payment of the termination charges given below, in addition to all charges due for service which has been furnished.

a. In case of service for which the initial contract period is one month, the charges due for the balance of the initial month.

b. In the case of directory listings and joint-user service where the listing has appeared in the directory, the charges due to the end of the directory period, except that in the following cases charges will be continued only to the date of terminations of the extra listing or joint-user service, subject, however, to a minimum charge of one month.

(1) The contract for the main service is terminated.

(2) The listed party or joint-user becomes a subscriber to some class of exchange service.

(3) The listed party or joint-user moves to a new location.

(4) The listed party or joint-user dies.

c. For P.B.X. Service or special equipment the charges will be based on the individual circumstances in each case as agreed upon at the time of installation.

5. Discontinuance of service will be postponed for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Company with verifiable written evidence of such necessity.
6. Basic local telecommunications service may not be discontinued for customer nonpayment of a delinquent charge for other than basic local telecommunications service. Company may place global toll blocking and eliminate any optional, non-basic calling features and functions for customer nonpayment of delinquent charges for other than basic local telecommunications service.
7. Payment by personal check may be refused if the customer, within the last twelve (12) months, has tendered payment in this manner and the check has been dishonored, except when the dishonor is due to bank error.

GENERAL RULES AND REGULATIONS

INITIAL CONTRACT PERIODS AND TERMINATION OF SERVICE (continued)

C. DISPUTES BY RESIDENTIAL CUSTOMERS

1. A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.
2. When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
3. Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
4. If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.
5. If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
6. Failure of the customer to pay to the Company the amount not in dispute with four (4) working days from the date the dispute is registered or by the delinquent date of the disputed bill, whichever is later, shall constitute a waiver of the customer's right to continuance of service and the Company may then proceed to discontinue service as provided in this tariff.

GENERAL RULES AND REGULATIONS

PAYMENT FOR SERVICES AND FACILITIES

- 1. The subscriber shall pay for services and facilities monthly in advance except departments, administrations and agencies of Federal, State, County, township or Municipal governments, and shall pay for Toll Messages (including charges for messenger service), Teletypewriter Exchange Service Messages, and Moves and Changes when billed. Failure to receive a bill does not relieve the subscriber of the responsibility for payment in accordance with the provisions set forth herein.
- 2. All bills for local, state or interstate long distance service charges billed by the Company, including any FCC-approved end user charge, or miscellaneous services are payable at the office of the Telephone Company, or an authorized collection agency within twenty-one (21) days from rendition of the bill. (T)
- 3. The Company will during the first billing period in which a customer receives service, provide the customer with an itemized account of charges for equipment and service for which he has contracted. The Company will render a separate bill for concurrent residence service, unless otherwise requested by the customer.
- 4. The Company will, after the initial bill for new service, render a bill during each billing period for monthly recurring charges in advance and toll charges in arrears. Special billing arrangements may be established for service provided to governmental agencies.
- 5. The customer is responsible for all charges in conjunction with the service furnished him including collect toll messages which have been accepted at the customer's telephone.
- 6. Customers electing to receive an electronic bill statement in lieu of a mailed copy and make payment via automated clearing house (ACH) or credit card will receive a \$1.00 credit each month.
- 7. In the event that a check or draft tendered by a customer is returned by the bank, a return check charge in the amount of the bank's charge (i.e., a pass through) plus a \$25.00 administrative fee will apply. The fee will be assessed when a check or instrument issued by a Customer is returned without payment for any reason whatsoever, unless the return is bank error, in which case documentary evidence is required to waive the charge. In addition, the Customer may be required to replace the returned check with a payment in cash or equivalent to cash, such as a cashier's check, certified check or money order. (N)

CONSTRUCTION, INSTALLATION AND MAINTENANCE CHARGES

A. GENERAL

1. Construction charges will not apply to the customer's station installation which includes the drop which extends from the last pedestal to the building in which the telephone is located, or 300 feet, whichever distance is shortest.
2. Exposed wiring is the standard method of wiring in all buildings where no conduit or other means of concealment is provided. When concealed wiring is desired in buildings where no means of concealment is provided, the applicant may be charged the difference between the installation costs of the concealed wiring and the costs of the standard exposed wiring. However, if suitable interior conduit, grooving, moulding, wainscoting, or other similar means of concealment are provided, either by the building owner or by the applicant, the wiring is installed therein by the Telephone Company without additional charge.

B. MAIN LINE EXTENSIONS

Facilities provided without construction charge:

1. Under normal conditions, the Telephone Company, without charge, will extend its lines to reach applicants within the exchange service area, provided the following condition is satisfied:

- a. The cost of construction the required line extension will not exceed seven times the estimated annual local exchange revenue from such applicant or applicants.

When it is necessary for the Telephone Company to extend its plant in order to provide telephone service to a new subscriber or subscribers, and the condition above is not satisfied, the Telephone Company may require the prospective subscriber or subscribers, each to make an advance payment of the local exchange rent for the class of service requested by the prospective subscriber, on the following basis:

<u>Length of new line extension</u>	<u>No. of Months Advance Payments</u>
a. Up to 1/4 mile	3
b. Over 1/4 and up to 1/2 mile	6
c. Over 1/2 and up to 1 mile	18
d. Excess over 1 mile	18 plus one additional month for each 1/10 or fraction thereof in excess of 1 mile.

B. MAIN LINE EXTENSIONS (continued)

The advance payment as required above is in addition to the regular service connection charge, if applicable. No portion of the advance payment will be refunded if telephone service is terminated.

Advance payments will be credited to the subscriber's account in the amount of the monthly local exchange rate, as service is rendered monthly, until the total advance payment has been refunded.

Where recircuiting is necessary in connection with a rural line extension, the Telephone Company will bear the expenses of this recircuiting when Telephone Company facilities only are involved.

C. INSTALLATION OF TELEPHONE LINES WITHIN SUBDIVISION (1). TELEPHONE LINES CONSTRUCTED, INSTALLED AND OWNED BY UTILITIES IN SUBDIVISIONS SHALL BE INSTALLED UNDERGROUND.

1. The following definitions are used in this section of the tariff:

APPLICANT: The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

BUILDING: A single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (Definition excludes mobile home).

SUBDIVISION: A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings on the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

2. The telephone company upon receipt of the applicant's proper application will install an underground telephone

(1) This section is filed pursuant to and as required by the Commission General Order #55, ordered in Case 17519, effective January 23, 1973.

system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs 4 and 6 of this section of the Tariff. Temporary service is provided under Paragraph 5 of this section of the Tariff.

3. Rights-of-way and Easements

- a. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public lands and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.
- b. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, just be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade.

by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

4. Advance Payments

a. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgment of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.

b. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.

c. Any portion of an advance remaining unrefunded ten years from the date the Telephone Company is first

ready to render service with the extension will be retained by the Telephone Company and credited to the appropriate construction account.

5. Temporary Facilities

- a. Temporary facilities may be installed to provide service when necessary, for a maximum period of one year.
- b. Where it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

6. Special Conditions

- a. In circumstances, where the application of these rules appears impracticable or unjust to applicant or the Telephone Company, or discriminatory to other customers, e.g., difficult rock conditions, the Telephone Company or applicant shall refer the matter to the Missouri Public Service Commission for special ruling or for the approval of special conditions which may be mutually agreed upon prior to commencing construction.

FOREIGN EXCHANGE SERVICE

MISSOURI
Public Service Commission

A. General

1. Foreign exchange service is exchange service furnished to a customer from a central office of an exchange other than the one that normally serves the area in which the customer is located.

2. For the purpose of this tariff, the term, "Foreign Exchange", shall mean the exchange from which the foreign exchange service dial tone is furnished. The term, "Normal Exchange", shall mean the exchange normally serving the area in which the customer's premise is located.

(T)

(D)

(D)

3. Foreign exchange service does not come within the Telephone Company's general undertaking, nor does the Telephone Company obligate itself to furnish such service generally; but will do so where facilities of such a character are available as will permit satisfactory telephone transmission, and where the service is warranted by the circumstances involved.

4. Foreign exchange service will be furnished to exchanges within the same LATA as the normal exchange.

(C)
(C)

5. Foreign exchange service may be provided only in connection with private branch exchange trunk lines, and individual line business or residence service. The service will be furnished only at one location or premises for each channel or circuit.

FILED

GENERAL RULES AND REGULATIONS

DEFINITIONS

BASE RATE AREA

That portion of an exchange area surrounding and including the Central Office or offices or exchange rate center.

CHANNEL (See Circuit)

CIRCUIT

The term applied to a channel used for the transmission of electrical energy in the furnishing of telephone service.

CONNECTING COMPANY

A corporation, association, partnership or individual owning or operating one or more exchanges and with whom traffic is interchanged.

CONTRACT

The term "Contract" refers to the service agreement between a customer and the Telephone Company under which service and facilities are furnished in accordance with the provisions of the Tariffs applicable.

CUSTOMER (See Subscriber)

DEMARCATIION POINT

The point of connection provided and maintained by the telephone utility to which the telephone utility-owned existing inside station wiring or customer-provided new inside station wiring becomes dedicated to the individual customer's use. For an individual customer dwelling, this point of connection will generally be immediately adjacent to, or within twelve inches of, the protector or the customer's side of the protector. The drop and block, including the protector, will continue to be provided by and remain the property of the telephone utility.

EXCHANGE

A basic unit for the administration of communication service in a specified area, called the exchange area, which usually embraces a city, town or village and its environs. It usually consists of one or more central offices together with the associated plant used in furnishing communication service to the general public within that area.

MO. PUBLIC SERVICE COMMISSION

TELEPHONE STATION

A telephone instrument, consisting of a transmitter, receiver and associated apparatus, so connected as to permit transmitting and receiving telephoen messages.

- 1. Main Station: A station directly connected by means of an individual line circuit with a central office.
- 2. Extension Station: A station connected on the same circuit as the main station and having the same telephone number as the main station.
- 3. Private Branch Exchange Station: Any station (including the operator's set or sets) connected directly or indirectly with a private branch exchange system.

TOLL BLOCKING

Toll blocking is a service provided by carriers that lets customers elect not to allow the completion of outgoing toll calls to the Long Distance Message Telecommunications Network, this would include 1+,0+ and/or 0- operator handled calls.

GENERAL EXCHANGE SERVICE TARIFF

JAN 18 1995

EMERGENCY NUMBER SERVICE (911)

MISSOURI

Public Service Commission

A. GENERAL

- 1. Emergency Number Service (911) is a telephone exchange communication service designed to permit persons in need of emergency assistance to dial a single, nationwide emergency telephone number, 911. 911 service automatically routes 911 calls to a Public Safety Answering Point (PSAP). Enhanced 911 service offers Automatic Number Identification and can automatically route incoming calls to a specified destination based on the call's origin. This type of 911 service is called D911. E911 service offers the above features plus address information on-line. It may also provide the name of the telephone access line subscriber and the names of the Emergency Response Agencies with responsibility for the caller's location.
- 2a. The availability of 911 Service is dependent upon the Emergency Service Agency, hereinafter referred to as the customer, subscribing to 911 Services offered within the customer's Service Area, and on the customer providing Emergency 911 Response to end users in the customer's Service Area.
- b. Because there are several types of 911 service that provide varying degrees of information and features to the customer, the type of 911 service employed depends on conditions in the area served and the budget for the project.
- c. The Company will provide the type of services agreed upon by the Telephone Company and the customer but, will provide only one 911 Service within any geographic area.
- 3. Due to the ubiquitous nature of the service and the existence of multiple local exchanges, many times the customer will be served by more than one local exchange telephone company in the provision of 911 Service. When this occurs, the local exchange telephone company which has the primary Public Safety Answering Point (PSAP) located in its exchange area will be designated as the Host Service Provider. Any other local exchange telephone companies will be designated as Secondary Service providers.

Public Service Commission

A. GENERAL (CONT'D)

- 4. The Company will offer primary service and be Host Service Provider where requested by the customer and where equipment is available. The Company will offer to provide secondary service in other locations. 911 Service will be provided by the Company subject to availability of facilities and equipment.
- 5. The 911 customer may be a municipality, county or other state or local governmental unit, or an authorized agent of one or more municipalities, county or other state or local governmental entities, to whom authority has been lawfully delegated within a defined geographic area.
- 6. Application for 911 Service must be executed in writing by the customer. If application for service is made by an agent, then satisfactory evidence of the appointment of the agent with authority to act must be provided in writing to the Company. At least one local law enforcement agency must be included among the participating agencies in any 911 Service offering.
- 7. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number.
- 8. The Company may enter into contracts with the customer or with other companies in order to provide 911 Service in accordance with, and subject to, the terms conditions and limitations of the tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of the tariff.
- 9. 911 Service may be provided to more than one PSAP within a central office serving area if the Selective Routing feature is furnished. When 911 Service is furnished to a customer with the Selective Routing feature for a part of a central office serving area, and a request is received from a governmental unit with police and fire public safety responsibility for other parts of the central office serving area, service will be offered under the terms and at the rates specified in this Tariff.

Agency

MISSOURI
Public Service Commission

A person or entity, which may include the customer, public safety agencies, and private emergency service providers designated by the customer to respond to certain 911 telephone calls, in accordance with the customer's instructions.

Automatic Number Identification (ANI)

A feature designed to permit the number of a telephone from which a 911 telephone call is placed to be displayed on a display screen at the PSAP.

B911

A service that provides for routing all 911 calls originated from telephones with given central office prefix codes to a single PSAP by converting the 911 dialed digits to a seven digit exchange number or a 1+7 digit number by the telephone company.

Called Party Hold

A feature that enables the PSAP attendant to retain control of an incoming 911 call connection even if the calling party hangs up.

C911

A service that provides the B911 feature as well as Called Party Hold, Switchhook Status, Forced Disconnect, Idle Tone Application and Emergency Ringback.

Data Management System (DMS)

The DMS is a system of manual procedures and computer programs used to create, store and update the data required to provide the selective routing feature.

B. DEFINITIONS (CONT'D)

MISSOURI
Public Service Commission

D911

A service which provides the C911 feature plus Automatic Number Identification (ANI) and is primarily for use in single wire center exchanges.

D911 Control Office

A central office which provides tandem switching of 911 calls. It controls switching of Automatic Number Identification (ANI) Information to the Public Safety Answering Point (PSAP) and also provides the Selective Routing (SR) feature and certain maintenance functions for each PSAP.

E911

An expanded service that provides features such as Selective Routing of 911 calls to a specific PSAP selected from among those within the 911 Service Area. E911 service may also provide automatic number identification and automatic location identification as well as the features of C911 and D911 service.

Emergency Ringback

This feature allows the PSAP attendant to ring back or call back a 911 call location from which the PSAP attendant last received a 911 call.

End Office

A central office which receives originating 911 calls.

End User Master List

A list provided by the local exchange telephone company to the customer which contains end user names, telephone numbers and billing addresses solely for the purpose of providing 911 service.

B. DEFINITIONS (CONT'D)

Forced Disconnect

MISSOURI
Public Service Commission

This feature, a function of the 911 Central Office trunk circuit, enables the PSAP attendant to release a 911 connection even though the calling party has not hung up. This feature prevents the jamming of 911 exchange lines.

Host Service Provider

The local exchange telephone company that has the PSAP located in its exchange area, and provides primary 911 service to the customer and, where applicable, acts as the coordinator of other regulated telephone companies which serve as secondary providers within the customer's serving area.

Idle Tone Application

This feature allows the attendant to distinguish between calls that have been abandoned before they are answered and calls where the calling party is unable to speak for some reason. If the caller abandoned the line before the PSAP attendant answered, a distinct tone is heard by the attendant. If the caller is still on the line but unable to speak, no tone will be heard.

Public Safety Answering Point (PSAP)

An answering location for 911 calls originating in a given geographic area. A PSAP may be designated as Primary or Secondary, which refers to the order in which calls are directed for answering. Primary PSAPs respond first; secondary PSAPs receive calls on a transfer basis only and generally serve as a centralized answering location for a particular type of emergency call.

Secondary Service Provider

A local exchange telephone company that participates in offering 911 service with the Host Provider.

Selective Routing

A feature that routes a 911 call from a central office to the designated primary PSAP or otherwise specified answering point based upon the call origination.

Serving Central Office

The central office from which a PSAP, either primary or secondary, is served.

C. TERMS AND CONDITIONS

1. Undertaking of the Telephone Company

- a. The Company provides 911 Service solely to and for the benefit of the customer operating the PSAP(s). The provision of 911 Service by the Company shall not be interpreted, construed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
- b. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls at the customer's premises.
- c. Temporary suspension of service is not provided for any part of the 911 Service.
- d. 911 Service is arranged for one-way incoming service to the appropriate PSAP. Outgoing calls can only be made on a transfer basis.
- e. Where a 911 call is placed by the calling party via interconnection with an interexchange carrier or operator service provider, the Company cannot guarantee the completion of said 911 call, the quality of the call or any features that may otherwise be provided with 911 Service
- f. A Central Office that is not currently equipped to transmit Automatic Number Identification (ANI) will not be modified to provide ANI only for D911 Service.

1. Undertaking of the Telephone Company (Cont'd)

MISSOURI
Public Service Commission

g. The rates charged for 911 Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility.

2. Liability of the Telephone Company

a. The Company's entire liability to any person for interruption or failure of 911 Service shall be limited to the terms set forth in this section and other sections of this tariff, and to the provisions of any contracts between the customer and the Company.

b. In the absence of willful misconduct or gross negligence, the Company, its employees, agents or representatives shall not be liable for any death or injury to any person or for any damage to property as a result of or in connection with any situation in which the Company may be requested, be required, have undertaken or have participated with, in the tracing of a 911 call.

c. The customer agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other actions, or any liability whatsoever, whether suffered, made, instituted or asserted by the end user, the Host Service Provider, the customer or by any other person or entity for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the end user, the Host Service Provider, the customer or others.

d. The customer agrees to release, indemnify and hold harmless the Company for any infringement or investment of the right of privacy of any person or persons caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Service features and the equipment associated therewith, or by any services which are or may be furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Service hereunder.

C. TERMS AND CONDITIONS (CONT'D)

2. Liability of the Telephone Company (Cont'd)

e. The Company shall not be responsible for providing 911 Service to less than an entire central office (switching entity) and will only provide more than one type of 911 Service within an exchange central office area if equipment, facilities and software exist, or provisions for cost recovery plus overheads can be negotiated with the customer.

3. Interruption in Service

a. 911 Service is offered solely as an aid in handling assistance calls in connection with fire, law enforcement, and other emergencies and does not create any relationship or obligation, directly or indirectly, to any persons other than the customer contracting for 911 Service. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the customer.

4. Customer Obligations

- a. The customer will answer all 911 Service calls on a 24-hour day, seven-day week basis.
- b. The customer has the responsibility for dispatching the appropriate emergency service within the 911 service area, or will undertake to transfer all 911 Service calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
- c. The customer will develop an appropriate method for responding to calls for nonparticipating agencies which may be directed to a 911 Service PSAP by calling parties.

C. TERMS AND CONDITIONS (CONT'D)

4. Customer Obligations (Cont'd)

MISSOURI
Public Safety Commission

- d. The customer has read, understands, and agrees to all the terms and conditions in this tariff.
- e. In a dedicated access line arrangement for the provision of C911, D911 or E911 Service, the customer will be required to purchase exchange lines from the Originating End Offices to the Public Safety Answering Point (PSAP) in sufficient numbers to allow the direct routing of all end office calls.
- f. The termination of C911, D911, E911 calls may be provided on other than dedicated access facilities to a PSAP location when or if other technologies become available and if approved by both the Company and the customer.
- g. For B911 Services the customer will be responsible to provide a sufficient number of local exchange access lines to answer all incoming emergency calls without blockage.
- h. The customer shall have the responsibility of discovering all errors, defects and malfunctions in the service. The customer shall make such operational tests as, in the judgement of the customer are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- i. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Central Offices in the local service area whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction, unless provisions have been made by the customer to route those customers within the exchange service area but outside the customer's public safety jurisdiction to some other location and then only if equipment and facilities exist within the serving central office.

The customer is responsible on a twenty-four hour day basis for transfer of all 911 calls received. The Selective Routing features can direct calls originating outside the customer's public safety jurisdiction to another PSAP with which the customer has made arrangements to process these calls.
- k. Equipment used in conjunction with 911 Services located at the PSAP is the responsibility of the customer.

5. Data Management System (Except B911)

- a. The Selective Routing Feature associated with D911 service has the ability to route calls from anywhere within the serving wire center to more than one PSAP. This feature is useful in areas where central office serving areas cover more than one county. Since the customer is responsible for providing 911 Service to all subscribers served by a central office, but may only want to pay for PSAP service to its own residents, it can make call destination arrangements with the county sharing the central office service area for handling of 911 calls outside its area.
- b. A minimum of two 911 Interoffice Facilities between the end office and the 911 Control Office and two 911 Exchange Lines to each primary PSAP must be provided. Also, a minimum of two 911 exchange lines to each PSAP is required.

C. TERMS AND CONDITIONS (CONT'D)

5. Data Management System (Cont'd)

MISSOURI
Public Service Commission

- c. When the Selective Routing feature is provided (D911), the customer is responsible for identifying the unique combination of police, fire and ambulance or any other appropriate agencies jurisdiction in the entire 911 serving area. An Emergency Service Number (ESN) will be provided for each unique combination by the Telephone Company. The customer will associate these ESN's with the appropriate address ranges in the 911 serving area. These ESN's will be carried in the Data Management System (DMS) to route 911 calls to the primary and secondary PSAP's with responsibility to handle the emergency telephone calls originating for each telephone in the 911 serving area.
- d. The Telephone Company will provide to the Database Provider, as identified by the customer, the initial end user master list. This list includes end user names, telephone numbers, and billing addresses. It will be the responsibility of the PSAP customer or its authorized Database Provider to verify and update location and special record information on the end users. The Company and Database Provider should be notified by the customer as changes occur.
- e. Updates will be made by the Telephone Company for additions, deletions, moves or changes of an end user which affect the database. Database Listing updates will be made in written form or by fax no later than the end of the second business day following a change in end user service.
- f. The customer agrees that 911 Service information contained in the end user master list consisting of the names, addresses and telephone numbers of subscribers whose listings are not published in directories or listed in the directory assistance records will be treated as strictly confidential except as indicated in paragraph g following.

Emergency Number Service (911) (Cont'd)

REC'D OCT 25 1999

C. Terms and Conditions (Cont'd)

5. Data Management System (Cont'd)

- g. The 911 calling party forfeits the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished to a PSAP. Information will be provided only for the purpose of responding to emergency calls. Information may only be retrieved by the PSAP on a call-by-call basis and may only be used for the purpose of responding to 911 emergency calls.

D. Rates Regulations and Charges

The following services are available for the provision of D911 and E911 Service:

- 1. Trunking Service: The trunking service rate covers the cost of the dedicated facility between central offices. The trunking service charges apply to each trunk ordered. A minimum of two trunks is required on each interoffice route. A mileage rate and trunk termination rate apply.
- 2. ANI (Automated Number Identification): ANI provides for the telephone number of the calling party to be forwarded to the PSAP. ANI is a nonchargeable element. ANI does not guarantee the capability of forwarding the number of an off premise station location or for stations behind business systems which will possess the identity of the main billing number.
- 3. PSAP Data Base Update Service: The Company will provide the Database Provider with an initial list, as well as periodic updates, of customer names, telephone numbers, and billing addresses. These updates will be taken directly from Telephone Company billing and cable records, which do not always include service addresses. Procedures will be mutually agreed upon by the Customer and the Company.

Information may only be retrieved by the PSAP on a call-by-call basis and may only be used for the purpose of responding to 911 emergency calls.

D. RATE REGULATIONS AND CHARGES

The following services are available for the provision of D911 and E911 Service:

1. Interoffice Trunk-

The interoffice trunk rate covers the cost of the dedicated facility between central offices. Recurring rates are those identified in the PSC MO. No. 1 Private Line Tariff. Services in this tariff define the types of access service available for 911 access. The type of facility available is limited to the offerings in the Private Line Tariff. The Interoffice trunking charges apply to each trunk ordered. A minimum of two trunks is required on each interoffice route. A mileage rate and trunk termination rate apply.

2. ANI (Automated Number Identification)-

ANI provides for the telephone number of the calling party to be forwarded to the PSAP. ANI is a nonchargeable element. ANI does not guarantee the capability of forwarding the number of an off premise station location or for stations behind business systems which will possess the identity of the main billing number.

3. PSAP Data Base Update Service-

- 3. PSAP Data Base Update Service (Cont'd)-
Charges for the database update service will be made on a per access line basis. Where two or more customers provide service the charge for updates will be prorated to each customer based on the number of access lines served. The access lines will be adjusted each year to reflect the actual count of access lines in service at the prior year-end.
- 4. Special Service Arrangement Charges-
If 911 Service requirements cannot be met with regularly offered service arrangements, special arrangements will be furnished, when practical, by the Company at charges developed on an individual case basis (ICB). These special charges will be applicable to such items as engineering and special program development associated with billing and database management.
- 5. Program Development Charges-
These charges are applicable to the work necessary to design, develop, test and maintain any special programming required to support 911 Service, its billing and its database management. The rate will be designed on an individual case basis.
- 6. Records Conversion Charges-
These charges are applicable to the work necessary to design, review, modify, and maintain any Company customer record keeping systems in order to support 911 Service, its billing and database management. The rate will be designed on an individual case basis.
- 7. Nonrecurring Charges (NRC)-
These charges are applicable for the installation of 911 Service elements as described in (E) following, or in other sections of the tariff when applicable.
- 8. Changes to Orders-
When a customer requests in writing that changes be made to a pending order for the provision of emergency service, the changes will be undertaken if they can be accommodated by the Company personnel and will be billed to the customer on an individual case basis.

MISSOURI SCHOOL DISCOUNT PROGRAM MISSOURI
Public Service Commission

1. A discount from standard monthly rates for local exchange access line service may be allowed in connection with service furnished through the Missouri School Discount Program, pursuant to the Video Instructional Development and Educational Program, so enacted by the Missouri State Legislature.
2. Upon a customer's request, a discount of twenty (20 percent) from monthly access line rates, and a concession of one (1) local exchange access line per school within a school district at no charge, may be allowed to educational institutions as determined in Paragraph 3 following, within the company's certified area, and considered as customers of the Telephone Company.
3. An educational institution shall be defined as an accredited public school in the state of Missouri. Public schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
4. The qualifying discount will be permitted only on two-way local exchange access lines. DID trunks, public and semi-public, and all other features, ancillary services or options, relative to the particular service shall continue to be billed at the appropriate tariff rates.
5. The qualifying discount will be permitted only where the predominate use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution, nor to Alternative Local Exchange Companies for resale.
6. In addition to meeting the qualifications specified in paragraph 3 proceeding, an eligible customer must sign an affidavit certifying that the qualifications is met. The affidavit will be retained on file with the company.
7. The customer should request to receive the discount on all subsequent additions of eligible services which are ordered.
8. The following local exchange services are eligible for discount under this program:
Flat Rate Business One-Party Service
Key & PABX Trunk Service

211 Service

A. GENERAL REGULATIONS

1. The 211 Service for Information and Referral Service is a locally assigned three digit abbreviated dialing code provided to an Approved Information and Referral Service Provider for use in making available community information and referral services to the public by way of voice grade facilities. The 211 abbreviated dialing code is available to the Approved Information and Referral Service Provider as a tariffed, local calling area based service.
2. The 211 Service allows a Company subscriber to access an Approved Information and Referral Service Provider Call Center by dialing only the 211 abbreviated dialing code. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make, and the Approved Information and Referral Service Provider shall be able to receive, calls using the 211 Service as a part of their local exchange services. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
3. All 211 abbreviated dialing code calls must be local in nature and must not result in any intralata toll, interlata long distance or pay-per-call charges to Company subscribers.
4. The 211 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXX calling. The 211 Service is otherwise available wherever local service is available.

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER

1. The Approved Information and Referral Service Provider must submit a written application for 211 Service to the Company at the local exchange level. The approved Information and Referral Service Provider may establish 211 Service in all or part of the of the Company's local exchanges. There may be only one 211 Service provider per exchange.

211 Service

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER
(Cont'd)

2. The Approved Information and Referral Service Provider's written application to establish 211 Service in the Company's local exchange must include the following:
 - a. The local, foreign exchange or toll free telephone number to which the Company is to translate the dialed 211 abbreviated code. If the Approved Information and Referral Service Provider desires to change the telephone number to which the 211 abbreviated dialing code is translated, the Information Service Provider must pay the Number Change Charge specified in Section F, page 23, paragraph 6, Rate and Charges.
 - b. A location description of the Approved Information and Referral Service Provider call center where 211 calls are to be routed.
 - c. For networking sizing and protection, an estimate of the annual call volumes, the expected busy hour and holding time for each call to the 211 Service.
 - d. An acknowledgement of the possibility that the Commission's assignment of the 211 abbreviated dialing code may be recalled at any time.
 - e. Complete billing and contact information.
3. Local Calling for Company Subscribers.
 - a. The Approved Information and Referral Service Provider, in cooperation with the Company, must assure that all 211 Service calls are local and do not generate intralata toll interlata long distance or pay-per-call charges for the Company subscribers.
 - b. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange, they must supply the Company with a seven digit telephone number that terminates within the Company's local exchange calling area or to a toll free number. The Company will translate the 211 digits into the telephone number provided by the Approved Information and Referral Service Provider.
 - c. When the Approved Information and Referral Service provider applies for 211 Service in a Company local exchange and an Approved Information and Referral Service Provider Call Center is not located within the local exchange's local calling area, then the Approved Information and Referral Service Provider must establish foreign exchange service or supply the Company with a toll free telephone number so that the Company subscribers' 211 Service calls do not incur toll charges.

211 Service

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER (Cont'd)

4. The Approved Information and Referral Service Provider is liable for and will indemnify, protect, defend and hold harmless the Company against all suits, actions, claims, demands and judgments, plus any expenses and counsel fees incurred by the Company on account thereof, whether suffered, made, instituted or asserted by the Approved Information and Referral Service Provider or any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the Approved Information and Referral Service Provider or others, arising out of or resulting directly or indirectly from 211 service.
5. The Approved Information and Referral Service Provider must develop an appropriate method for responding to 211 calls directed to it out of confusion or in error by Company subscribers.
6. The Approved Information and Referral Service provider must subscribe to termination facilities and lines in sufficient quantities to provide adequate service to the public, and enable the Approved Information and Referral Service Provider to receive calls to 211 Service during normal business hours.
7. The 211 Service is provided on the condition that the Approved Information and Referral Service provider subscribes to termination facilities and lines in sufficient quantities to adequately handle calls to 211 Service without interfering with or impairing any services offered by the Company. There will be one path available for each line to which the 211 Service Provider subscribes.
8. The Approved Information and Referral Service Provider must comply with all present and future state and federal rules pertaining to abbreviated dialing codes.
9. The Approved Information and Referral Service Provider is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with 211 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.
10. The Approved Information and Referral Service Provider shall respond promptly to any and all complaints lodged with the regulatory authority against the 211 Service. If requested by the Company, the Approved Information and Referral Service Provider will assist the Company in responding to complaints made to the Company concerning the 211 Service.

211 Service

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER (Cont'd)

11. The Approved Information and Referral Service Provider shall not promote the 211 Service with the use of an autodialer or broadcasting of tones that dial the 211 abbreviated dialing code.
12. The 211 Service is only available to end users located in Company local exchanges. To establish 211 calling to end users in non-Company local exchanges, the Approved Information and Referral Service Provider must make appropriate arrangements with the companies serving those local exchanges, even where Company subscribers may make local calls to the non-Company local exchanges.
13. The Approved Information and Referral Service Provider must work separately with competitive local exchange carriers operating and serving customers in the Company's local exchanges to ascertain whether 211 abbreviated dialing will be available to their end users.

C. OBLIGATIONS OF THE COMPANY

1. The Company will establish the 211 Service within ninety days after receipt of the Approved Information and Referral Service Provider's completed application(s) for service or the effective date of this tariff, whichever is later.
2. When a 211 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 211 Service call, the quality of the call or any features that may otherwise be provided with the 211 Service.
3. The Company does not undertake to answer and forward 211 Service calls but furnishes the use of its facilities to enable the Approved Information and Referral Service Provider to respond to such calls at the Approved Information and Referral Service Provider established call centers.
4. The rates charged for 211 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The Approved Information and Referral Service Provider shall make such operational tests as, in the judgment of the Approved Information and Referral Service Provider, are required to determine whether the Company's facilities are functioning properly for its use. The Approved Information and Referral Service Provider shall promptly notified the Company in the event the Company's facilities are not functioning properly.

D. LIABILITY

1. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company, occurring in the course of furnishing 211 Service, or of the Company in failing to maintain proper standards of maintenance and operation, or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the Approved Information and Referral Service Provider for the 211 Service and local exchange services for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
2. The Company is not liable for losses or damages caused by the negligence of the Approved Information and Referral Service Provider
3. The Company's entire liability to any person for interruption or failure of the 211 Service is limited to terms set forth in this section and other sections of this Tariff.

E. OTHER TERMS AND CONDITIONS

1. The 211 Service will not provide for Calling Number or Calling Name and Number to the Approved Information and Referral Service provider unless the service is subscribed to by the Approved Information and Referral Service Provider. Rates and charges for Custom Calling and CLASS service may be found in other parts of the Company's tariff.
2. The 211 Service is provided for the benefit of the Approved Information and Referral Service Provider. The provision of 211 Service by the Company shall not be interpreted, construed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the Approved Information and Referral Service Provider.

E. OTHER TERMS AND CONDITIONS (Cont'd)

3. A written notice will be sent to the Approved Information and Referral Service Provider following oral notification when its 211 Service unreasonably interferes or impairs other services rendered to the public by the Company or by other subscribers of abbreviated dialing codes. If after notification the Approved Information and Referral Service Provider makes no modification in the method of operation or in the service arrangements that are deemed service-protective by the Company, or if the Approved Information and Referral Service Provider continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measures, up to and including termination of service.
4. In an emergency situation as determined by the Company, the Company reserves the right, at any time, to institute protective measures, up to and including termination of service.'

F. RATES AND CHARGES

1. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of both parties' local exchange service. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
2. A nonrecurring Central Office Charge applies for each Company host central office out of which 211 Service is established, as follows:
 - a. If the Approved Information and Referral Service Provider establishes 211 Service in multiple Company local exchanges served by the same host central office, only one Central Office Charge shall apply. However, the full Central Office Charge applies whether or not the Approved Information and Referral Service Provider requests 211 Service in all the Company local exchanges served by the host central office.

211 SERVICE

F. RATES AND CHARGES (cont'd)

3. An Exclusion Charge applies in lieu of a Central Office Charge for the establishment of 211 Service as follows:
 - a. When the Approved Information and Referral Service Provider does not simultaneously establish 211 Service in every Company local exchange served by a host central office, the Approved Information and Referral Service Provider shall pay an Exclusion Charge per host central office, if any subtending local exchange(s) are excluded from the transaction.
 - b. When a Company local exchange is once excluded, but the Approved Information and Referral Service Provider later applies to establish 211 Service in the Company local exchange, an Exclusion charge again applies per host central office when a subtending local exchange continues to be excluded.
 - c. When the Approved Information and Referral service Provider requests a different telephone number be translated to the 211 abbreviated dialing code in a participating central office than the telephone number translated to the 211 abbreviated dialing code in the host central office.
4. A non-recurring Number Change Charge applies when the approved Information and Referral Service Provider changes the telephone number into which the 211 abbreviated dialing code is translated. The Number Change Charge is applied on a per telephone number, per host central office basis.
5. For each telephone number used in the translation of the 211 abbreviated dialing code to the seven number provided by the Approved Information and Referral Service Provider the applicable Monthly recurring charges put forth in other parts of these tariffs will apply. (example: B-1 and any and all Federal or State end-user charges and all taxes and surcharges applicable to other subscribers).
6. Rates:

	<u>Non-Recurring Charge</u>
a. Central Office Charge (per host Central Office)	\$275.00
b. Exclusion Charge (per exchange)	\$300.00
c. Number Change Charge (per telephone number)	\$40.00

Three-Digit Dialing Service (811)

A. General Regulations

1. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the "811 Service").
2. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
3. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
4. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
5. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

B. Obligations of the SOCS

1. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
 - a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - b. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - c. Complete contact information.
2. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
3. Local Calling for Company Subscribers
 - a. The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - c. The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

C. Obligations of the Company

1. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
2. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
3. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
4. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

D. Liability

1. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.

Issued: March 16, 2007

Effective: April 15, 2007

Wendel Myers
General Manager
Princeton, Missouri

2. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
3. The Company is not liable for any losses or damages caused by the negligence of the SOCS.
4. The Company shall not be liable to the SOCS for any damages the SOCS may incur that result from any changes, modifications or rulings made by the FCC.
5. The Company will make every effort to route 811 calls to the SOCS call center, however, the Company will not be held responsible for routing mistakes or errors.
6. The 811 Service is provided solely for the benefit of the SOCS. The provision of the 811 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity.

LATHROP TELEPHONE COMPANY

For Lathrop, Missouri
Original Sheet G-1

RECEIVED

DIGITAL LINK SERVICES TARIFF CONCURRENCE

Digital Link Services Concurrence

DEC 29 1995

The Company concurs in the rules and regulations governing intrastate intra-LATA interexchange Digital Link Service as set forth in Oregon Farmers Mutual Telephone Company's tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Digital Link Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

**MISSOURI
Public Service Commission**

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Digital Link Tariff Pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Digital Link Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.
