## SYMBOLS

The following are the only symbols used for the purposes indicated below:

- D - Delete or Discontinue
- I - Change Resulting In An Increase to A Customer's Bill
- M - Moved From Another Tariff Location
- N - New
- R - Change Resulting In A Reduction to A Customer's Bill
- T - Change In Text or Regulation But No Change In Rate or Charge

## TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

**SECTION 4 - RATES (CONT'D.)****4.6 Calling Club Referral Program**

Customers who have selected Carrier as their primary interexchange carrier or who access Carrier service via "10XXX" dialing are eligible to participate in the Calling Club Referral Program. Participants in the Calling Club Referral Program will receive a discount equal to five percent (5%) of the monthly Carrier long distance usage generated by customers whom they refer to Carrier.

For the purposes of this program, "usage" is defined as charges for intrastate and interstate long distance calls placed over the Carrier's network. International long distance usage, offered under the Carrier's International Tariff FCC No. 2, is also eligible for the Calling Club Referral Program discount. Directory assistance, non-recurring, or recurring fees and taxes are not considered usage and are, therefore, not eligible for the monthly discount.

The discount will be calculated monthly and applied to the Calling Club Participant's monthly bill in the form of an electronic credit or a check made payable to the Participant or jointly to the Participant and the LEC.

4.6.1 In order to receive Calling Club discounts, the following conditions must be observed:

- A. Calling Club Participant and Referral Customer must maintain separate LEC accounts within Carrier's originating service area.
- B. Calling Club Participant must make at least one (1) billable Carrier long distance call per month or they forfeit that month's referral discount.

**SECTION 4 - RATES (CONT'D.)****4.11 Prepaid Debit Card Service**

Prepaid debit card service is a prepaid long distance calling card service, under which Customers purchase cards in predetermined amounts for long distance usage. Customers access the service by dialing a Company specified access code. As a Customer accesses the service, usage rates and taxes are automatically deducted from the remaining card balance. Calls in progress will be terminated if the balance on the Pre-paid card is insufficient to cover the charges associated with the call. When the card balance reaches zero, the user must purchase another card or have the card recharged pursuant to instructions the Company provides to users purchasing the cards. ## SECTION 4 - RATES (CONT'D.)

## 4.68 Excel Dedicated Business Services

Excel Dedicated Business Services offer dedicated outbound and inbound telecommunications service offerings to business customers in the State of Missouri. Certain service options may require Customers to commit to a Term Commitment and a minimum Monthly Usage Commitment. The Company will arrange for the installation of all required connecting facilities via a Local Exchange Carrier or other access provider. The installation and monthly recurring charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. In addition, calls will be subject to a Switched Overflow Rate when dedicated traffic overflows to the switched network.

Unless otherwise indicated, an eighteen (18) second minimum will apply to each completed call, and thereafter, Customers will be billed at six (6) second increments.
