6. Nonpublished Telephone Service

**MISSOURI
Public Service Commission**

A Nonpublished Telephone Service will be furnished at the customer's request providing for the omission or deletion of the customer's telephone listing from the telephone directory and, in addition, the customer's telephone listing will be omitted or deleted from the directory assistance records, subject to the provisions set forth below.

- a. The Telephone Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by number.
- b. The Telephone Company will try to prevent the disclosure of the number of such telephone, but will not be liable should such number be divulged inadvertently.
- c. When a customer with Nonpublished Service places a call over a 911 service to a public safety answering point, and the public safety answering point attendant places such call on called party hold, and such call is represented to the Telephone Company to be of an emergency nature, the Telephone Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the 911 service upon request of such governmental authority.

GENERAL RULES AND REGULATIONS

EMPLOYEES' TELEPHONE SERVICE

A. GENERAL

1. The Employees' Telephone Service classification is available to employees of the Telephone Company with at least 12 months net credited service in the company in connection with telephone service at their residence. This classification is not available when the employee resides in a boarding and/or rooming house.
2. The primary listing provided with the service is permitted only in the name of the employee except that the listing of a married woman may be in her own or in her husband's name. EXTRA listings for other Telephone Company employees residing at the same address are permitted but no other listings are provided.

NOV 17 1954

B. RATES

1. The charge for Employees' Telephone Service is 50% of the standard basic residence rate for exchange service; computed to the next higher five cent multiple.
2. The discount will not be allowed from the regular rates for toll messages, extension stations, installations, moves and changes or other miscellaneous equipment or facilities.
3. Service may be furnished wholly or partially at the expense of the company at the residence of Employees, when in its judgment, the interests of the company in rendering continuous and adequate service to the public will be advanced thereby. These arrangements shall be limited to employees who are likely to be communicated with at their residence outside of regular office hours, concerning affairs relating to the business of the Telephone Company.

2. All bills for local, toll or miscellaneous services are due when rendered and payable at the office of the Telephone Co. or an authorized collection agency, on or before the 21st of the month in which the bill is rendered.

DISPUTES BY RESIDENTIAL CUSTOMERS

1. A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.
2. When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
3. Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
4. If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.

DISPUTES BY RESIDENTIAL CUSTOMERS (Cont'd)

**MISSOURI
Public Service Commission**

- 5. If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
- 6. Failure of the customer to pay to the Company the amount not in dispute within four (4) working days from the date the dispute is registered or by the delinquent date of the disputed bill, whichever is later, shall constitute a waiver of the customer's right to continuance of service and the Company may then proceed to discontinue service as provided in this tariff.
- 7. If the dispute is ultimately resolved in favor of the customer in whole or in part, the Company must promptly repay any excess moneys paid by the customer.
- 8. If the dispute cannot be resolved to the satisfaction of the customer, the Company shall notify the customer of its right to make an informal complaint to the Commission, and of the address and telephone number where the customer may file an informal complaint with the Commission.
- 9. After resolution of the customer complaint, the Company may treat a second complaint based on the same facts as already determined. (*)

DISCONTINUANCE OF SERVICE TO RESIDENTIAL CUSTOMERS (+)

- 1. Service may be discontinued for any of the following reasons:
 - a. Non-payment of an undisputed delinquent charge for basic local telecommunications service.
 - b. Failure to post a required deposit or guarantee.
 - c. Unauthorized use of the Company's service in a manner which creates an unsafe condition or creates the possibility of damage or destruction to its facilities.

DISCONTINUANCE OF SERVICE TO RESIDENTIAL CUSTOMERS (Continued)

MISSOURI
Public Service Commission

- e. Refusal after reasonable notice to permit inspection, maintenance or replacement of Company's equipment.
 - f. Material misrepresentation of identity in obtaining Company's service.
 - g. As provided by state or federal law.
2. A written notice shall be sent by first class mail ten (10) days prior to the date of the proposed discontinuance of service.
 3. Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Basic local telecommunications service will not be discontinued on a day when the offices of the Company are not open to facilitate reconnection of basic local telecommunications service or on a day immediately preceding such day.
 4. The Company will make reasonable efforts to contact the customer via telephone at least twenty-four (24) hours preceding a discontinuance of basic local telecommunications service. The Company will advise the customer of the proposed discontinuance and what action must be taken to avoid it.
 5. Discontinuance of service will be postponed for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Company with verifiable written evidence of such necessity.
 6. Basic local telecommunications service may not be discontinued for customer nonpayment of a delinquent charge for other than basic local telecommunications service. Company may place global toll blocking and eliminate any optional, non-basic calling features and functions for customer nonpayment of delinquent charges for other than basic local telecommunications service.
 7. Payment by personal check may be refused if the customer, within the last twelve (12) months, has tendered payment in this manner and the check has been dishonored, except when the dishonor is due to bank error.

Payphone Service

JAN 15 1997

A. General Regulations

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions to a payphone service provider are not permitted.
13. Hold for Future Use
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible to comply with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

4. The customer shall be responsible for obtaining a Certificate of Service Authority (CSA) to provide Payphone Service and for providing proof of said authority prior to installation of service.
5. Customers who elect not to subscribe to Selective Class of Call Screening will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
6. Any federal, state, or local taxes on the Customer Owned Pay Telephone or calls made from that phone are the responsibility of the customer.
7. The customer shall not program or cause to be programmed any such telephone used in connection with this service to limit the duration of a local message.

C. Violation of Regulations

1. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm. D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

1. Answer Supervision provides signaling on the line notifying the line that the called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and services are available. The customer has the option to request either Selective Class of Call Screening or OLS.

CONNECTION WITH SUBSCRIBER - OWNED RECORDING EQUIPMENT

OCT 14 1977

MISSOURI
Public Service Commission

A. REGULATIONS (Continued)

b. Responsibility of the Telephone Company

Telephone service furnished by the Telephone Company is not represented as adapted to the recording of telephone conversations by means of voice recording equipment. The use of subscriber-owned voice recording equipment in connection with the facilities of the Telephone Company is permitted only on the condition that the liability of the Telephone Company for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in transmission, or failures or defects in the recorder connector equipment shall be attributed to the Telephone Company only to the extent of the connection to and service from the telephone system which they Company provides. The Telephone Company shall not be liable for any damages to subscriber owned equipment due to causes beyond its control.

c. Obligation of the Subscriber

- (1) The operating characteristics of the subscriber-owned voice recording equipment shall be such as not to interfere with any of the services offered by the Telephone Company. Upon notice from the Telephone Company that the equipment of the customer is causing or is likely to cause hazard or interference, the subscriber shall make such changes as may be necessary to remove or prevent such hazard or interference.
- (2) The subscriber indemnifies and saves the Telephone Company harmless against claim for libel, slander, or infringement of copyright arising from the improper use of material transmitted over its facilities and recorded; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Telephone Company, apparatus or systems of the subscriber and against all other claims arising out of any act or omission of the subscriber in connection with facilities or services provided by the Telephone Company.

GENERAL RULES AND REGULATIONS

Automatic Dialing - Announcing Device

Any automatic equipment used for delivery of a recorded message which features a storage capability of numbers to be called or a random or sequential number generator that produces numbers to be called. Such equipment may deliver recorded messages, working alone or in conjunction with other equipment, to the number called.

Channel

The term "Channel" designates the electrical path provided by the Telephone Company between two or more locations.

Circuit

The term applies to a channel used for the transmission of electrical energy in the furnishing of telephone service.

Common Battery Service

Common Battery Service is either manual or automatic service where the talking battery is furnished from the Central Office and where the operator is signalled or dial tone is obtained by lifting the receiver of the calling station.

Connecting Company

A corporation, association, partnership or individual owning or operating one or more exchanges and with whom traffic is inter-changed.

Contract

The term "Contract" refers to the service agreement between a subscriber and the Telephone Company which service and facilities are furnished in accordance with the provisions of the Tariffs applicable.

Demarcation Point

JAN 15 1997 +

The point of connection, provided and maintained by the telephone company, at which the station wiring becomes dedicated to an individual customer's use. For an individual customer dwelling this point of connection will generally be the modular jack incorporated into the customer side of the Network Interface Device (NID). The drop wire and the network protector will continue to be provided by, and remain the property of, the telephone company. The demarcation point is usually the point at which the telephone company wiring connects with the customer's wiring.

MISSOURI
Public Service Commission

Exchange

The term "Exchange" means a unit established for the administration of telephone service in a specified area which usually embraces a city, town or village and its environs. It consists of a central office, together with the associated plant used in furnishing communication service within that area.

Exchange Area

The territory, including the Base Rate Area and surrounding territory served by an Exchange.

Extension and P.B.X. Service

The charges made for the additional circuit required to furnish such service beyond the allowable distance from the main service or P.B.X. switchboard.

Telecommunications Apparatus

NOV 19 1997

Customer Owned Station:

MO. PUBLIC SERVICE COMM

A telephone instrument owned and maintained by the customer, connected to allow transmitting and receiving messages using wiring and switching facilities owned and maintained by the Telephone Company. A Private Station may serve as a Main Station or one or more Extension Station for any subscriber. The Telephone Company will not be liable for any damage to Private Stations caused by factors beyond its control. Should damage to the Telephone Company's lines result from connection of a Private Station service shall be discontinued until needed repairs are made. (Where terms of the Tariffs are different from current Federal Communications Regulations, the Regulations shall be followed.)

Tie Trunks

A circuit connecting the P.B.X. systems for the purpose of intercommunications between the customers connected with such P.B.X. Systems. A circuit is not intended to provide for general exchange service through either of the P.B.X. systems with which it connects.

Toll Blocking

"Toll blocking" is a service provided by carriers that lets customers elect not to allow the completion of outgoing toll calls to the Long Distance Message Telecommunications Network, this would include 1+, 0+ and/or 0- operator handled calls.

3. Service Connection Charges are in addition to any other scheduled rates and charges normally applying under the tariffs. They apply in addition to and not in lieu of Mileage Charges or Construction Charges made because of unusual costs in establishing service.
4. Service Connection Charges may be payable at the time application is made for the particular service or facility, and prior to the establishment of service, or upon presentation of a bill. Service may be established in advance of payment in the case of Service Connection Charges for additions to the service of existing subscribers and in the case of any service for Departments, Administrations, and Agencies of the Federal, State, County, Township, or Municipal Governments.

B. Service Connection Charges Do Not Apply To:

1. Hold for Future Use +
2. Service changed from a residence to a business classification, or vice versa, without change in the identity of the subscriber or his listing.
3. Service re-establish after the destruction or partial destruction of the subscriber's premises by means beyond the control of the subscriber whether at the same or another location. However, if service is established at a new location and the subscriber later moved back to the old location, the Service Connection Charge is applied in connection with the re-establishment of service at the old location.
