SECTION 9 - RATES - SPRINT SERVICE AREAS

9.1 Access Limits and Exchanges By Rate Groups

The Company concurs in the rules and regulations applying to and governing Basic Local Exchange telephone service (hereinafter referred to as Exchange Access Lines service) as set forth in the Sprint Local Exchange and General Exchange tariffs on file with and approved by the Missouri Public Service Commission, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company concurs with Sprint's regulations, descriptions and scopes of the following Exchange Access Line telephone Services, but not the rates. Rates and specific footnotes for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any such time as it appears that such cancellation is in the best interest of the Company and/or its Customers. The following rates are exclusive of Relay MO E911 where applicable and subscriber line charges and taxes.

All residential pricing shown in Section 9 are subject to a 5% discount. All business pricing shown in Section 9 are subject to a 5% discount. *The rates shown in Section 9.11.3.C.1 have been reduced. The 5% discount does not apply to measured local usage.* (T) |

Service Commission

9.3 Movement of Exchanges Between Rate Groups

REC'D JAN 27 2003

- 9.3.1 The term "Rate Group," as used herein, refers to Access Line Limits.
- 9.3.2 An exchange is placed in a Rate Group on the basis of the number of central office access lines in that exchange. Access lines, included for this purpose, consist of all lines connected with classes of service found in Section 9 of this tariff and Payphone Line Service, Mobile Telephone Units, Centrex lines and the open end of Foreign Exchange Terminals.
- 9.3.3 When the number of access lines, as described in Section 9.3.2 above, in a local calling area increases or decreases by growth or loss of access lines so that the number of access lines exceeds or falls below the Access Line Limits by as many as ten (10) access lines for the Rate Group in which the exchange is placed, and such count continues for four (4) consecutive months, then the exchange thus affected will be moved to the appropriate Rate Group after compliance with the procedures set forth in Section 9.3.4 following.
- 9.3.4 When an exchange is to be moved from one Rate Group to another in accordance with the circumstances stated in Section 9.3.3 above, the change will be effected by:
- A. Notice of the change by personal or written notice to city officials and to officers of Chambers of Commerce or other similar organizations of the community involved. Existing Customers will be notified by Bill Inserts.
 - B. Notice of the change by letter to the Missouri Public Service Commission, explaining the changes to be made, together with an attachment showing complete information as to the exchange affected and revised tariff sheets.
 - C. New local service rates as set forth in the revised tariff sheets referred to in Section 9.3.4.B above will be made effective when the tariff becomes effective by the Missouri Public Service Commission.

9.9 Discontinuance of EAS

REC'D JAN 27 2003

9.9.1 The Company will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:

- A. Company has received petition or petitions representing at least 20% of the customers from one of the affected exchanges or at least 10% of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchanges, at least two years shall have elapsed since the last survey before an additional survey is initiated.

- B. A minimum of 50% of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.

- C. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service, together with the appropriate EAS Rate Component, as soon as is practicable.

9.10 Restoration of Service

9.10.1 General

- A. A non-recurring charge of \$17.69 will apply for restoring service after its temporary suspension by the Company, or for reinstating from Vacation Service. (R)
- B. In addition to the above charge, the customer will be required to pay all charges due, including the charges for the period of denial.
- C. The restoration of service charge applies only after the suspension of service and/or Temporary Suspension of Service (Vacation Service) and not after its discontinuance; that is, it does not apply after the completion of a disconnection order, service can be restored only after the execution of a new contract, in which case the Service Connection Charges apply as specified in this tariff.

9.12 Service Connection – Charges, Moves and Changes

REC'D JAN 27 2003

9.12.1 General

A. The Service Charge is a nonrecurring charge associated with a given service or item of equipment which applies on a per item basis each time the service or item of equipment is provided. Service connection charges to connect, move or change telephone service and equipment apply separately for one or more of the following work functions for complex business or simple business/residence class of service customers:

1. Record order charge – For receiving, recording, and processing information necessary to execute a customer request where only customer, business office, or directory records are involved and no premises work, access line work, or travel time is necessary. The record order charge does not apply when other service connection charges are applicable.
2. Service order charge – For receiving, recording, and processing information necessary to execute a customer's request to connect, move, or change telephone service and equipment.
3. Access line work charge – For work associated with the establishing or changing the line connection in the central office and/or outside plant facilities, including the drop wire and protector.
4. Premise visit charge – For the expense associated with traveling to the customer's premises.

9.12 Service Connection – Charges, Moves and Changes, cont.

REC'D JAN 27 2003

9.12.1 General, cont.

B. Service connection charges are in addition to any other scheduled tariff rates and charges. They apply in addition to and not in lieu of installation charges, non-recurring charges (NRC) or construction charges which are found in other sections of this tariff.

C. The charges specified herein do not contemplate work being performed at a time when overtime or premium wages apply due to the request of the customer; nor do they contemplate work once begun being interrupted by the customer. If the customer requests overtime labor performed or interrupts work once begun, additional charges will apply.

"Cost" as used in this section, is to be interpreted to mean the cost of labor and materials, including charges for supervision and other overhead expenses.

D. Service connection charges are applicable for the following:

1. Installations – Initial establishment of telephone service. No distinction is made between an installation and the "To" order of a "To and From".

E. Certain interexchange service connection charges covered by connecting company tariffs apply to installations, moves, and changes of interexchange services, such as foreign exchange lines, WATS lines, and other special services; and are in addition to charges in this tariff.

F. Residence service connection charges may be billed in equal amounts over periods not exceeding four months. Only one such arrangement at any one time will be provided.

9.12 Service Connection – Charges, Moves and Changes, cont.

REC'D JAN 27 2003

9.12.3 Application of Rates

A. Record Order Charge

The record order charge is applicable, but not limited to, the following customer requests which do not involve line connection or on-premise work:

1. Changes or additions involving directory listings or joint user service.
2. Record order charges do apply when a customer requests a change from business to residence or from residence to business.

B. Service Order Charge

1. One service order charge per order is applicable for work done to comply with a customer's request for: installations, the "To" portion of a "To and From" order, inside moves, rearrangements, and changes in the telephone service. This also includes customer requested telephone number changes.
2. The term "per order" means all work or service ordered at the same time by the customer, which is performed or provided on the same premises.
3. Unless otherwise specified, the appropriate service order charge is applicable to a customer order for equipment or service, and is in addition to any other non-recurring charge which may be applicable for that equipment or service provided.
4. A service order charge is applicable when a customer requests a change in grade of service.

C. Access Line Work Charge

1. Access line work charges are applicable to placing, connecting, or changing the central office wiring and/or outside plant facilities for the following services:
 - a. Business & Residence Main Line Services
 - b. Payphone Line Services
 - c. Private Branch Exchange Trunks
 - d. Tie Lines
 - e. Private Lines (alarms, teletype, music, etc.)
 - f. Telephone Answering Service Lines
 - g. Transfer Service
 - h. Foreign Exchange Lines (for local termination of access lines)

In addition to the above services, access line work charges are applicable to other services as specified in other sections of this tariff.

D. Premises Visit Charge (Travel Charge)

1. The travel charge is applicable if a premises visit is required, to complete work on or adjacent to the customer's premises, as a result of the customer request, except as provided below. This includes but is not limited to the installation, connection, or change of aerial or buried drop wire in the serving terminal or protector as well as work required on the customer's side of the protector.
2. The travel charge does not apply for:
 - a. Removal of equipment or service.
 - b. Number change on a local central office access line or trunk.
 - c. Restoration of service.
 - d. Return trips to the same premises required due to time, equipment, or service limitations of the Company.

SECTION 9 - RATES - SPRINT SERVICE AREAS, CONT.

9.12 Service Connection - Charges, Moves and Changes, cont.

REGD JAN 27 2003

9.12.4 Service Connection Charges Do Not Apply To, (cont.)

K. Establishing, changing, or discontinuing arrangements for:

1. The issuance of telephone calling cards.
2. Bank-A-Matic billing plan.

L. Inside and outside temporary detachment and subsequent replacement without a change in location of drops, protectors, or equipment.

M. The establishment or termination of a receivership, provided responsibility for service and facilities is assumed prior to discontinuance of service and without lapse in charge.

N. Billing address changes that do not include a directory listing change.

O. Service order or record order charges do not apply for single line station equipment added to existing service (where modular hardware is in place for the specific station) when the equipment is picked up by the customer at a designated Telephone Company location, or when the customer owns the single line station equipment (that meets FCC requirements) and is only notifying the telephone company of the customer owned equipment, unless a service order is required for reasons other than record and/or billing changes.

9.12.5 Service Connection for Off Premises Moves of Special Equipment

Where telephone service is moved from one to another premises in the same exchange:

- A. Any service at the old location which is terminated rather than moved, is subject to any minimum or termination charges which apply.
- B. Any service moved to or established at the new location is subject to any service connection charges, installation charges, minimum and basic termination charges, and to the initial service period, which would apply to a complete new installation of like size and character at the new location.

- (1) Customer receiving annoying or anonymous calls may request a telephone number change which will be provided at no charge by Navigator Telecommunications, LLC., or the customer may utilize Call Trace on a per activation basis with an associated charge per use. Call Trace allows the customer to dial a code (*57) to automatically request that the following information be recorded:

The originating telephone number
The date and time of the call
The date and time call trace was activated

When Call Trace successfully identifies a calling number, a recording instructs the customer to call a toll free number, which will assist the customer. Should the customer decide to prosecute the call originating party, the customer should contact Navigator Telecommunications, LLC. for further instructions. Activation of Call Trace never authorizes Navigator Telecommunications, LLC. to provide the called party with the calling party telephone number. Call Trace is a feature which must be activated through contact with Navigator's business office.

- * Centrex rates apply only to customers with 2-200 lines. Features for customers with more than 200 Centrex lines will be priced on an Individual Case Basis. Call Trace, however, will be offered to all Centrex lines at the rate shown.
- ** Anonymous Call Rejection will accompany Caller ID and Caller ID With Name at no additional cost.

REGD JAN 27 2003

9.15 Sprint Privacy ID

9.15.1 General Description

- A. Sprint Privacy IDSM provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. The service intercepts all unidentified calls before the subscriber's telephone rings and asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. Subscribers have the option to accept or reject the call, play an announcement to the calling party or forward the call to voicemail.
- B. The Sprint Privacy IDSM subscriber may provide calling parties with a Personal Identification Number (PIN). Use of the PIN allows the calling party to bypass Sprint Privacy IDSM.
- C. Sprint Privacy IDSM is provided subject to availability of facilities.
- D. Service is not offered in conjunction with Integrated Services Digital Network, Centrex Services, Payphone Service Provider and PBX Trunks.
- E. When the Call Trace and Return Call features are activated on calls intercepted by Sprint Privacy IDSM, the telephone number captured is that of the Service Node, which performs Sprint Privacy IDSM, not the telephone number of the calling party.
- F. Caller ID Service is required in order to subscribe to Sprint Privacy IDSM.
- G. Service connection charges do not apply when Sprint Privacy IDSM is installed.
- H. Service is available as an add-on to Sprint Personal Solution for a monthly rate of \$4.00.

9.15.2 Rates and Charges

- A. Sprint Privacy ID is available at the following monthly rates.

9.20 Remote Call Forwarding

REC'D JAN 27 2003

Remote Call Forwarding (RCF) service is a service whereby a call placed from the originator to a customer's Remote Call Forwarding telephone number is automatically forwarded by Telephone Company digital central office equipment to the customer's (1) Local Exchange Service, (2) Inward Wide Area Telecommunications Service (800 Service) and Long Distance Message Telecommunications Service, or (3) Foreign Exchange Service (FX).

- 9.20.1 Remote Call Forwarding service is offered subject to availability of suitable facilities and provided no unusual expense is involved.
- 9.20.2 Remote Call Forwarding service is not offered where the terminating station is a coin telephone.
- 9.20.3 The Telephone Company will not provide identification of the originating telephone number to the Remote Call Forwarding customer.
- 9.20.4 Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call.
- 9.20.5 Remote Call Forwarding service is not represented as suitable for satisfactory transmission of data.
- 9.20.6 Remote Call Forwarding service is available when used in connection with Local Exchange service, interstate or intrastate Long Distance Message Telecommunications Service, interstate or intrastate 800 Service, and Foreign Exchange service.
- 9.20.7 Remote Call Forwarding service is provided on the condition that the customer subscribe to sufficient facilities to adequately handle calls to the Remote Call Forwarding customer without interfering with or impairing any services offered by the Telephone Company.

SECTION 9 - RATES - SPRINT SERVICE AREAS, CONT.

9.20 Remote Call Forwarding, cont.

9.20.8 The following charges are for the Remote Call Forwarding service only and are in addition to applicable charges for service and equipment with which it is used.

A. Rates and Charges (6)

(T)

	Monthly Rate	S&E Charge (1)(2)(3)(4)
Remote Call Forwarding, per access path		
- Non-Competitive	\$18.30	\$9.55
- Competitive		
- Group A (5)	18.30	9.55
- Group B (5)	16.95	8.85

B. Usage Charges

Any applicable usage charges to remotely forwarded calls shall include a rate for that portion of the call from the call forwarding location to the answering location. The Remote Call Forwarding customer is responsible for any applicable local usage unit charge specified in this tariff and/or customer-dialed station-to-station charges or interstate and intrastate charges specified in the Message Telecommunications Service Tariff. The aforementioned charges apply to all calls answered at the call forwarding location, including person-to-person and collect calls, if accepted.

C. Directory Listings

One listing covering the exchange in which the call forwarding Central Office is located is provided without charge. Additional Directory Listings may be obtained under tariff rates, see the Directory Listing section of this tariff.

- (1) The Service and Equipment Charge(s) will not apply on outside moves of customer's other service if there is no telephone number change.
- (2) To change the number at the call-forwarding location, a nonrecurring charge of \$9.55 (*Non-Competitive Exchanges*), \$9.55 (*Group A Competitive Exchanges*), and \$8.85 (*Group B Competitive Exchanges*) is applicable.
- (3) To change the number to which calls are forwarded at the request of the customer, a nonrecurring charge of \$9.55 (*Non-Competitive Exchanges*), \$9.55 (*Group A Competitive Exchanges*), and \$8.85 (*Group B Competitive Exchanges*) is applicable.
- (4) To change both numbers as in (2) and (3), above, at the same time, a nonrecurring charge of \$9.55 (*Non-Competitive Exchanges*), \$9.55 (*Group A Competitive Exchanges*), and \$8.85 (*Group B Competitive Exchanges*) is applicable.
- (5) Competitive Exchange Group classifications may vary between business and residence services. See Section 9.1.3 for a list of Competitive Exchanges.
- (6) Schedule has been revised to show competitive and non-competitive exchanges. Rates shown in *italics* represent an increase over previously approved rates.

9.22 Billed Number Screening

- 9.22.1 Billed Number Screening is a service which through operator screening prevents the receipt of incoming collect and/or third number billed calls from being billed to the customer. The customer's telephone number is included in the data base that is made available to companies which provide validation services. Inclusion in the data base indicates these calls will not be allowed for billing to the customer's line. The customer benefits from Billed Number Screening as the service eliminates nuisance third party calls and blocks the receipt of collect calls.
- 9.22.2 Operator screening of incoming collect, international collect and third number billed calls is limited to Local Exchange Companies or Carriers which access the validation data base and cannot be guaranteed. Therefore, charges for any such calls received from a Local Exchange Company or Carrier not accessing the validation data base will be the responsibility of the customer.
- 9.22.3 Billed Number Screening is available to all classes of service which utilize the public switched network for long distance calling. The monthly recurring rate is not applicable for Payphone Line Service.
- 9.22.4 A Service Order Charge is applicable per main billing number when this service is installed or changed subsequent to the service with which it is associated or for any change in options. The Service Order Charge is not applicable for termination of this service.

A. Rates and Charges

	Monthly Rate	S&E Code

9.24 900 Service Access Restriction

- 9.24.1 900 Service Access Restriction is a central office service furnished to customers, upon request, which allows for access restriction to all telephone numbers preceded by a 900 NPA from being placed over their exchange access line. This service is not for restricting service access to a specific 900 NPA telephone number. When a 900 NPA telephone number is dialed, the call will be diverted to a Company-provided intercept announcement.
- 9.24.2 900 Service Access Restriction is offered in those Missouri exchanges where it is technologically and economically feasible. This restriction service enables customers to prohibit dialing of calls to 1+900. Calls which are placed using alternative dialing patterns cannot be restricted. The customer indemnifies and saves harmless the Telephone Company from any and all claims, losses of damages caused by restriction of 900 service access.
- 9.24.3 The minimum service period for subscribing to 900 Service Access Restriction is one (1) month.
- 9.24.4 Any request to remove 900 Service Access Restriction Blocking must be made in writing.
- 9.24.5 Rates and Charges
- A. Service Connection Charges are not applicable to this service.
- B. 900 Service Access Restriction (FCTIFLC) service is provided to customers at no charge.

9.25 Temporary Suspension of Service (Vacation Service)

REC'D JAN 27 2003

9.25.1 Description

- A. Upon request, subscribers to flat-rated Business, Residence, Payphone Line, Key or Private Branch Exchange (PBX) Service, where equipment arrangements permit, may arrange for the temporary suspension of service (Vacation Service) of basic local exchange service for a reduced monthly rate. In addition, Touch-Tone, Extended Area Service (EAS), Network Features, individual and packages, Custom Calling Features, and ExpressTouch are services eligible for temporary suspension of service.
- B. Taxes, surcharges and fees are not subject to the temporary suspension of service and will be billed at standard rates during the period that a service is temporary suspended.

9.25.2 Regulations

- A. A service may be temporarily suspended prior to the expiration date of the initial service period. There is no reduction in monthly rates during such period of temporary suspension.
- B. During the temporary suspension of service, the subscriber's number, directory listing and line facilities will be maintained by the Company.
- C. During the temporary suspension of service, neither outward nor inward service will be furnished during the period of suspension.
- D. Vacation Service rates will apply, where applicable, when service is temporarily suspended for at least one month or longer, not to exceed six (6) months. When the temporary suspension of service is less than one month, there is no reduction in the monthly rates for the service.
- E. The maximum period of time during which Vacation rates will be applied to any service during any one-year (twelve consecutive months) is six (6) months. When the six months has expired, the service will revert back to the standard rate, however, full service (dial tone) will not be restored until the customer requests such by contacting the Company.
- F. The Company reserves the right to refuse the temporary suspension of service when the subscriber's account is delinquent.

SECTION 9 - RATES - SPRINT SERVICE AREAS, CONT. Missouri Public Service Commission

9.26 Optional Metropolitan Calling Area (MCA) Service

REC'D JAN 27 2003

9.26.1 Service Description

Metropolitan Calling Area (MCA) is offered in selected exchanges within the Kansas City Metropolitan Area. MCA service is an optional service that provides the subscriber with an optional local calling area, as described in "Availability of Service" below.

9.26.2 Availability of Service

A. Kansas City MCA

1. The Metropolitan Exchange includes Southwestern Bell Telephone Company's MCA Central (Kansas City downtown area) exchanges in MCA-1 and MCA-2.
2. Sprint Missouri, Inc. d/b/a Sprint MCA-3 exchanges where Optional MCA service is available are: Buckner, Ferrelview, Lake Lotawana, Missouri City, Platte City and Kearney.
3. Sprint Missouri, Inc. d/b/a Sprint MCA-4 exchanges where Optional MCA service is available are: Camden Point, Edgerton, Harrisonville, Holt, Lone Jack, Oak Grove, Orrick, Pleasant Hill and Weston.
4. Sprint Missouri, Inc. d/b/a Sprint MCA-5 exchanges where Optional MCA service is available are: Dearborn, Henrietta, Holden, Kingsville, Odessa, Strasburg, and Wellington.

SECTION 9 - RATES - SPRINT SERVICE AREAS, CONT.

9.26 Optional Metropolitan Calling Area (MCA) Service, cont.

REC'D JAN 27 2003

9.26.3 Calling Scope

A. Optional MCA Calling Scope

1. Kansas City MCA-3 calling scope

The calling scope for MCA subscribers in MCA-3 exchanges includes all customers in the Metropolitan Exchange, all customers in MCA-3 exchanges, and MCA subscribers in MCA-4 and MCA-5 exchanges.

2. Kansas City MCA-4 calling scope

The calling scope for MCA subscribers in MCA-4 exchanges includes all customers in the Metropolitan Exchange, all customers in MCA-3 and MCA-4 exchanges, and MCA subscribers in MCA-5 exchanges.

3. Kansas City MCA-5 calling scope

The calling scope for MCA subscribers in MCA-5 exchanges includes all customers in the Metropolitan Exchange, all customers in MCA-3 and MCA-4 exchanges, and MCA subscribers in MCA-5 exchanges.

B. Extended Area Service (EAS) Considerations

EAS additives should not be paid by an MCA subscriber unless the EAS increases the calling scope of the MCA subscriber. MCA subscribers in Kingsville and Holden will continue to pay the mandatory EAS additive since EAS expands the MCA-5 calling scope for both exchanges (refer to A above for MCA calling scopes).

In addition to the MCA calling scopes defined herein, EAS calling scopes and rates, if applicable for MCA subscribers, are defined in Section 9 of this tariff.

SECTION 9 - RATES - SPRINT SERVICE AREAS, CONT.

REC'D JAN 27 2003

9.26 Optional Metropolitan Calling Area (MCA) Service, cont.

9.26.4 Regulations

- A. Unless specified in these regulations, MCA is offered to all classes and grades of residence and business customers located in an MCA exchange.
- B. Optional MCA Service is not offered in conjunction with Payphone Line Service or Cellular Service.
- C. Optional MCA is designed and intended for the exclusive use of the end user customers of the Telephone Company. Optional MCA is not to be shared, resold or used in any configuration of customer provided equipment with the intent of reselling the service. With the exception of Shared Tenant Service, as described in other tariffs of the Telephone Company, Optional MCA is available to interexchange carriers or other telecommunications service providers for administrative trunks only.
- D. In situations where multiple access lines share the same working telephone number, if one such line subscribes to MCA service, then all lines must subscribe to MCA service.
- E. In situations where a hunting arrangement between access lines is provided by the Telephone Company, no MCA line may be configured to hunt to a non-MCA line.
- F. The minimum service period for subscription to Optional MCA Service is one month.
- G. Rate Application
 - 1. The MCA monthly rates specified in 9.26.5, below, apply on a per line basis.
 - 2. The MCA monthly rates are billed one month in advance.
 - 3. Optional MCA rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Telephone Company.

SECTION 11 - SPECIAL SERVICE ARRANGEMENTS Missouri Public Service Commission

11.1 Individual Case Basis Arrangements

REC'D JAN 27 2003

Rates for Dedicated Access, Private Line, Centrex Service and CO Based Virtual PBX Custom (Plexar-Custom*) services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the Company's cost of providing the services and will be made available to Customers in a nondiscriminatory manner. Terms of the specific ICB contracts will be made available to the Missouri Public Service Commission upon a request on a proprietary basis. ICB rates will not be used for switched services.

11.2 Customer Requested Service Suspensions

At the request of the Customer the Company will suspend incoming and outgoing service on the Customer's access line for a period of time not to exceed one year. The equipment is left in place and directory listings are continued during the suspension period without change. At the Customer's request the Company will, for 30 days, provide the Customer with an intercept recording referring callers to another number. This service is available to Customers at no charge.

The Company will assess a lower monthly rate for Customer Requested Service Suspension as noted below. However, any mileage charges, monthly cable charges or monthly construction charges are still due, without reduction, during the period of suspension.

Period of Suspension Charge

First Month or Partial Month

Regular Monthly Rate (no reduction)

Each Add'l. Month

(one year 1/2 Regular Monthly Rate limit)
