Business Term and Volume Discount Plan

A promotional period shall be established from November 1, 2004, through October 31, 2005. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a minimum line volume and term period. This promotion is known as the Term and Volume Discount (TVD) Plan promotion. At the time a customer subscribes to TVD, applicable nonrecurring charges (NRCs) will be waived for existing customers that add lines and for customers coming to SBC Missouri from other carriers. Standard NRCs will apply to lines added subsequent to the initial order.

(MT)

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Business Access Lines, Flat PBX Trunks and Plexar Lines and any services that rate reference these Lines/Trunks. TVD provides for 12-, 24-, and 36- month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by SBC Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

Access Line Volume Commitment	12-month Term	24-month Term	36-month Term
Minimum 1 line	5%	7%	9%
Minimum 11 lines	6%	8%	10%
Minimum 31 lines	7%	9%	11%
Minimum 101 lines	8%	10%	12%

Business Term and Volume Discount Plan (Cont'd)

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another SBC service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

Business Term and Volume Discount Plan (Cont'd)

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

(MT)

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains local exchange access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The TVD Plan requires the customer to commit to a minimum volume of access lines. The total number of access lines within the state will apply toward the volume commitment. At any month during the term, if the total number of lines in the state is less than the minimum, an adjustment charge will appear on the customer's designated Master Billing Telephone Number for the state. A \$20 per-line charge will be billed for the number of lines under the minimum line commitment.

This promotion may not be combined with SimpleLink or CompleteLink offers.

Upon expiration of a 12, 24 or 36 month service agreement, the service will automatically be billed at the monthly rates set forth in Local Exchange Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

Business Terms and Volume Promotion (Cont'd)

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another AT&T service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement and retains local exchange access lines that equal or exceed the minimum commitment number of lines under the existing agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

(MT)

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains local exchange access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The TVD Plan requires the customer to commit to a minimum volume of access lines. The total number of access lines within the state will apply toward the volume commitment. At any month during the term, if the total number of lines in the state is less than the minimum, an adjustment charge will appear on the customer's designated Master Billing Telephone Number for the state. A \$20.00 per-line charge will be billed for the number of lines under the minimum line commitment.

This promotion may not be combined with Custom BizSaver, SimpleLink, SimpleLink Enhanced or CompleteLink offers.

Upon expiration of a 12-, 24- or 36-month service agreement, the service will automatically be billed at the monthly rates set forth in Local Exchange Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

BUSINESS TERMS AND VOLUME PROMOTION

A promotional period shall be established from January 1, 2007, through September 30, 2007. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a minimum line volume and term period. This promotion is the next generation Term and Volume Discount (TVD) Plan promotion. At the time a customer initially subscribes to TVD, applicable nonrecurring charges (NRCs) will be waived for customers coming to AT&T Missouri from other carriers. Standard NRCs will apply to lines added subsequent to the initial order.

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Business Access Lines, Flat PBX Trunks and Plexar Lines and any services that rate reference these Lines/Trunks. TVD provides for 12-, 24-, 36 and 48-month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by AT&T Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

BUSINESS TERMS AND VOLUME PROMOTION (cont'd)

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24-, 36- or 48-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another AT&T service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement and retains local exchange access lines that equal or exceed the minimum commitment number of lines under the existing agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

The 12-month term also has a 12-month re-term option. If the customer selects the 12-month re-term option, the plan will automatically re-term for a subsequent 12-month term unless the customer advises AT&T Missouri prior to the expiration of the term that it does not wish to re-term. A maximum of two 12-month re-terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second re-term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding re-term options prior to the expiration of each 12-month term.

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains local exchange access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The TVD Plan requires the customer to commit to a minimum volume of access lines. The total number of access lines within the state will apply toward the volume commitment. At any month during the term, if the total number of lines in the state is less than the minimum, an adjustment charge will appear on the customer's designated Master Billing Telephone Number for the state. A \$20.00 per-line adjustment charge will be billed for the number of lines under the minimum line commitment.

This promotion may not be combined with Custom BizSaver, SimpleLink, SimpleLink Enhanced, CompleteLink or CompleteLink 2.0 offers.

Upon expiration of a 12-, 24-, 36- or 48-month service agreement, the service will automatically be billed at the monthly rates set forth in Local Exchange Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

AT&T Business Local Calling Assurance is only available to customers who require 1 or 2 individual business exchange network access lines and is not available on FX Service, WATS access lines, PBX Trunks, Centrex, Plexar or Semi-Public Coin services.

A customer may subscribe to one agreement for AT&T Business Local Calling Assurance at a given location. A customer may have up to 2 lines maximum per location subscribed to an AT&T Business Local Calling Assurance agreement.

Customers will receive a waiver of normally applicable service ordering and line connection nonrecurring charges (NRC's) associated with local exchange access lines ordered at the time of initial subscription to AT&T Business Local Calling Assurance. Standard NRC's will apply to features added after the initial order.

The 12-month term is only available as a 12-month oral re-subscribe option. If the customer selects the 12-month re-subscribe option, the plan will automatically re-subscribe for a subsequent 12-month term unless the customer advises AT&T Missouri prior to the expiration of the term that it does not wish to re-subscribe. A maximum of two 12-month re-subscriptions are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second re-subscription if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding re-subscribe options prior to the expiration of each 12-month term.
