Case No. XA-2006-0410 Tariff No. YX-2006-0804

### ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE AUTHORITY AND ORDER APPROVING TARIFF

Issue Date: November 15, 2006

Effective Date: November 25, 2006

Syllabus: This order grants TRI-M Communications, Inc., d/b/a TMC Communications (TMC) a certificate of service authority to provide interexchange telecommunications services and approves the company's proposed tariff.

TRI-M Communications, Inc., d/b/a TMC Communications (TMC) applied to the Missouri Public Service Commission on April 20, 2006, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 2000.<sup>1</sup> TMC asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. TMC is a California corporation with its principal office located at 820 State Street, 5th Floor, Santa Barbara, California 93101.

<sup>&</sup>lt;sup>1</sup> All statutory references are to the Revised Statutes of Missouri (RSMo), revision of 2000, unless otherwise indicated.

The Commission issued a Notice of Applications for Intrastate Certificates of Service Authority and Opportunity to Intervene on April 25, 2006, directing parties wishing to intervene to file their requests by May 10, 2006. No requests for intervention were filed.

TMC filed a proposed tariff in conjunction with its application with an effective date of November 25, 2006. TMC's tariff describes the rates, rules, and regulations it intends to use, identifies TMC as a competitive company, and lists the waivers requested. TMC intends to provide interexchange telecommunications services including intrastate, interexchange telecommunications services.

In its Memorandum filed on November 14, 2006, the Staff of the Commission recommended that the Commission grant TMC a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff to become effective on November 25, 2006.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and TMC shall be granted a certificate of service authority. The Commission finds that the services TMC proposes to offer are competitive and TMC shall be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that TMC's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on April 20, 2006, shall be approved to become effective on November 25, 2006.

The Commission reminds the company that failure to comply with its regulatory obligations may result in the assessment of penalties against it. These regulatory obligations include, but are not limited to, the following:

A) The obligation to file an annual report, as established by Section 392.210,
RSMo 2000. Failure to comply with this obligation will make the utility liable to a penalty of
\$100 per day for each day that the violation continues. 4 CSR 240-3.540 requires
telecommunications utilities to file their annual report on or before April 15 of each year.

B) The obligation to pay an annual assessment fee established by the Commission, as required by Section 386.370, RSMo 2000.

C) The obligation to comply with all relevant laws and regulations, as well as orders issued by the Commission. If the company fails to comply, it is subject to penalties for noncompliance ranging from \$100 to \$2,000 per day of noncompliance, pursuant to Section 386.570, RSMo 2000.

D) The obligation to keep the Commission informed of its current address and telephone number.

Furthermore, the company is reminded that, if it is a corporation, non-attorneys may not represent the company before the Commission. Instead, the corporation must be represented by an attorney licensed to practice law in Missouri.

In addition, the company is reminded that Section 392.410.5, RSMo Supp. 2005, renders the company's certificate of service authority null and void one year from the date of this order unless it has exercised its authority under that certificate.
