.16 MCI WORLDCOM On-Net Service - Voice¹

A. Description

MCI WORLDCOM On-Net is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or a virtual private network. MCI WORLDCOM On-Net provides a service for single or multi-location companies using switched, dedicated and card origination, and switched termination. This service is suitable for calling between company locations.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Toll-Free Service as filed in this Tariff, except where otherwise specified.

At the Customer's request and where feasible, the Company may permit the Customer to obtain other forms of access to the Customer's inbound service terminating location, or the Company may procure other forms of access to such location. All applicable recurring and non-recurring charges for such service will be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. The installation and monthly charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis. If the Company procures access for the Customer from the Local Exchange Carrier, the Customer's use of such access shall be in conformity with the regulations and other terms and conditions under which the Local Exchange Carrier provides such access.

This tariff is being offered to Missouri customers that originate and terminate calls within the State. Intrastate service is provided in conjunction with interstate service.

¹Effective January 11, 2004 MCIWorldCOM On-Net Service will not be available to new customers.

Local and Long Distance Service Plus Plan/Local and Long Distance Service-Trunk solution/Local and Long Distance Service Line Solution II (cont'd)

Benefits:

Offering A:

Upon installation of Companion Interstate Service and Companion Local Service, the customer will receive unlimited Eligible Intrastate Service, Eligible Interstate Usage and unlimited exchange service usage as described in the Companion Local Service tariffs or other appropriate governing document.

Offering B and Offering C: Upon installation of Companion Interstate Service and Companion Local Service, the customer will receive an allotment of 1,250 minutes per monthly period per-Local Trunk or Per-Local T-1 that may be used for (i) Eligible Interstate Usage and (ii) Eligible Intrastate Service in that monthly period. Customers whose usage exceeds this allotment in any monthly period will be charged \$0.05 per minute for Eligible Intrastate Service that exceeds the allotment (Overage Usage Charge). When a call under this offering begins prior to the completion of customer's monthly allotment and ends after completion of the allotment, the customer will be charged \$0.05 per minute for Eligible Intrastate Service for the portion of the call occurring after completion of the allotment. For customers enrolling in this plan after the first day of a billing cycle, whose allotment begins after the first day of a billing cycle or whose enrollment in this plan ends before the last day of the billing cycle, the allotment will be pro-rated for that billing cycle. The portion of a Customer's allotment that is not exhausted at the end of a monthly billing period will not carry over to the next month.

In addition, the customer will receive unlimited exchange service usage as described in Companion Local Service tariffs or other appropriate governing document.

Verizon Business Services II¹

Verizon Business Services II is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or a virtual private network. Verizon Business Services II provides a service for single or multi-location companies using switched, dedicated and card origination, and switched and dedicated termination.

Except as otherwise specified, all domestic calls are subject to an 18 second minimum initial period and rounding to the next higher 6-second increment, except for Operator Assisted calls, which are subject to a 60-second initial period and rounding to the next 60-second increment.

If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Metered Use Service Verizon Business Services II (MCI 800 Service) except where otherwise specified.

This tariff is being offered to customers that have a requirement to make intrastate calls. Intrastate service is provided in conjunction with interstate Verizon Business Service II service and is available only to customers subscribing to interstate Verizon Business Services II and Product Packages Guide Types 18, 19, 20 or 21 as provided in the Company's Service Publication and Price Guide (The Guide) located on the Company's website at www.verizonbusiness/guide.com; Companion Interstate Service).
