RE: Notice of Election and Withdrawal of Spectra Communications Group, LLC (Missouri) d/b/a CenturyLink Tariffs Pursuant to §392.461, RSMo.

Dear Secretary:

Section 392.461 allows telecommunications companies, upon notice to the Missouri Public Service Commission ("Commission"), to elect to be exempt from the requirement that they offer retail services to residential or business end users only through tariff, and to withdraw such tariffs.

Spectra Communications Group, LLC (Missouri) d/b/a CenturyLink hereby provides notice of its election to be exempt from tariff filing requirements, and of its intent to withdraw the below-listed tariffs, effective October 1, 2014.

General and Local Exchange Tariff PSC MO. NO. 1
Long Distance Message Telecommunications Service Tariff PSC MO. NO 3
Wide Area Telecommunications Service Tariff PSC MO.NO 4
Private Line Service Tariff PSC MO.NO 5
Digital Data Transmission Service Tariff PSC MO. NO 6
Exchange Boundary Maps P.S.C. MO. NO. 7

Compliant with the requirement that electing companies publish generally available retail prices on a website, the *Local Terms of Service* containing the terms, conditions and rates for services previously provided under tariffs will be located on CenturyLink's website at www.CenturyLink.com/tariffs. Affected customers were advised at least thirty days in advance of CenturyLink's withdrawal of the above referenced tariffs and of the website at which *Local Terms of Service* are available.

The withdrawal of tariffs and establishment of *Local Terms of Service* will not result in any changes to customers' current services or rates. CenturyLink will notify customers in advance if future changes are made.

If you have any questions or need additional information, you may call me at (913) 353-7087.

Sincerely,

A handwritten signature in blue ink that reads "Robyn Crichton".

MAY 10 2000

B. GENERAL REGULATIONS

1. Scope

- a. Long Distance Message Telecommunications Service is the furnishing of those service components required for telecommunications between service points in different local service areas in accordance with the regulations and system of charges specified in this Tariff. The message charges specified in this Tariff are in payment for Long Distance Message Telecommunications Service furnished between the calling and called service points. Long Distance Message Telecommunications Service usage is classified as a transitionally competitive service.
- b. The charges specified in this Tariff do not encompass work being performed by the Telephone Company employees involved at a time when overtime wages apply due to the request of the customer, nor do they encompass work once begun being interrupted by the customer. If the customer requests that overtime labor be performed or interrupts work once begun, an additional charge based on the additional costs involved applies.
- c. The Telephone Company does not undertake to transmit messages but furnishes the use of its services to its customers for telecommunications.
- d. The design, maintenance and operation of Long Distance Message Telecommunications Service envisions that communications will originate or terminate at a service point of the associated exchange telephone service used for LDMTS. Connections of customer premises equipment or communications systems or interexchange customer-provided premises equipment or communications systems may be made to LDMTS. However, the Telephone Company will not be responsible for the through transmission of signals or for the quality of transmission through such connections.
- e. The rules and regulations as applied to billing and collection practices for services provided to customers are found in the General Rules and Regulations of the Telephone Company's General and Local Exchange Tariff.

2. Availability of Services

- a. In case a shortage of service components exists at any time, either for temporary or protracted periods, the establishment of Local and Long Distance Message Telecommunications Service shall take precedence over all others.

Issued: May 10, 2000

B. GENERAL REGULATIONS (Cont'd)

MAY 10 2000

2. Availability of Services (Cont'd)

b. Service is furnished subject to the availability of the service components required. The Telephone Company will (1) determine which of those components shall be used and (2) make modifications to those components at its option.

c. At the option of the Telephone Company, Call Restriction Services, as set forth in the Telephone Company's General and Local Exchange Tariff, will be furnished to control instances of fraud associated with billed to third party, station-to-station or person-to-person collect calls or in response to a customer request.

3. Limitations on Duration of Connections

The Company reserves the right to limit the duration of connection when necessary because of a shortage of service components caused by emergency conditions.

4. Liability

a. In view of the fact that the customer has exclusive control of his communications over the services furnished him by the Telephone Company, and of the other uses for which services may be furnished him by the Telephone Company, and because of unavailability of errors incident to the services and to the use of such services of the Telephone Company, the services furnished by the Company are subject to the terms, conditions and limitations specified in b., c., and d., following.

b. The liability of the Telephone Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission or failures or defects in service components furnished by the Telephone Company occurring in the course of furnishing service and not caused by the negligence of the customer, or of the Telephone Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or failure or defect in service components occurs.

B. GENERAL REGULATIONS (Cont'd)

MO. PUBLIC SERVICE COMMISSION

4. Liability (Cont'd)

- c. The customer indemnifies and saves the Telephone Company harmless against claims for libel, slander or infringement of copyright from the material transmitted over its services; against claims for infringement of patents arising from, combining with or using in connection with, services of the Telephone Company, apparatus and systems of the customer and against all other claims arising out of any act or omission of the customer in connection with services provided by the Telephone Company.
- d. When the services of other telephone companies are used in establishing connections to points not reached by the Telephone Company's services, the Telephone Company is not liable for any act or omission of the other company or companies.

5. Use of Service

- a. The service is provided for use by the customer and may be used by others, when so authorized by the customer, providing that all such usage shall be subject to the provisions of this Tariff.
- b. The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:
 - 1) The use of the service of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of the charge applicable for service.
 - 2) The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain Long Distance Message Telecommunications Service by rearranging, tampering with or making connection with any service components of the Telephone Company or by any trick, scheme, false representation or false credit device, or by or through any other fraudulent means or device whatsoever with intent to avoid the payment, in whole or in part, of the regular charge for such service.

- 3) The use of the service of the Telephone Company for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment or harass another.
- 4) The use of profane or obscene language.
- 5) The use of the service in such a manner as to interfere unreasonably with the use of the service by one or more other customers.

6. Use of Service for Unlawful Purposes

The service is furnished subject to the condition that it will not be used for an unlawful purpose.

7. Obligation of the Customer

- a. The calling party shall establish his identity in the course of any communication as often as may be necessary.
- b. The calling party shall be solely responsible for establishing the identity of the person or persons with whom connection is made at the called service point or service points.

8. Payment for Service

- a. The customer is responsible for payment of all charges for services furnished the customer, including charges for services originated or charges accepted at the customer's service point.
- b. The rules and regulations applying to payment for service, deposits, non-payment, and termination of service for cause are set forth in the Telephone Company's General and Local Exchange Tariff.

9. Application of Construction Charges

When special construction for individual customers is necessary, special construction charges may apply as set forth in the Telephone Company's General and Local Exchange Tariff.

10. Definitions

ACCESSORIES - The term "Accessories" denotes devices which are mechanically attached to or used with the services furnished by the Telephone Company and which are independent of and not electrically, acoustically or inductively connected to the conductors in the communications path of the telecommunications system.

BILL TO THIRD PARTY - The term "Bill to Third Party" denotes a billing arrangement by which a call may be charged to an authorized service point as determined by the Telephone Company other than the service point originating the call or the service point where the call is terminated.

BUSY INTERRUPT - The term "Busy Interrupt" denotes the service whereby the operator will interrupt a call in progress at the request of a customer after the line has been verified to be busy (see Line Status Verification).

CALL FORWARDING - Call Forwarding denotes that feature whereby a call placed to a customer's telephone number in one exchange (the call forwarding location) is automatically forwarded by Telephone Company serving office equipment on a Long Distance Message Telecommunications Services basis only to a service point designated by said customer in another exchange within the same LATA. Provision of Call Forwarding is subject to the availability of service components.

CALLING CARD - The term "Calling Card" denotes a billing arrangement by which a call may be charged to an authorized telecommunications company calling card number.

COLLECT CALL - The term "Collect Call" denotes a billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called service point. A collect call may be billed to a calling card or third party number. In the case of a public or semi-public coin telephone, the charges must be billed to a calling card or third-party number, or the call may be reoriginated from the called service point.

COMMUNICATIONS SYSTEMS - Channels and other service components which are capable, when not connected to the Telecommunications Network, of two-way communications between customer premises equipment and/or Telephone Company service points.

COMMUNITY OPTIONAL SERVICE (COS) CALLING SCOPE - The Community Optional Service (COS) Calling Scope consists of the Target Exchange to which Petitioning Exchange customers have qualified for COS calling, plus all other exchanges with which customers in the Target Exchange have Extended Area Service (EAS).

B. GENERAL REGULATIONS (Cont'd)

10. Definitions (Cont'd)

COS PETITIONING EXCHANGE - The COS Petitioning Exchange is that exchange whose customers petition the MPSC to have COS calling with the customers in the COS Target Exchange.

COS TARGET EXCHANGE - The Target Exchange is the exchange to which customers in another exchange have petitioned for COS service.

CUSTOMER - The person, firm or corporation which orders service and is responsible for the payment of charges and compliance with the regulations of the Telephone Company.

EXCHANGE ACCESS ARRANGEMENT - (EAA) A telephone service component which permits access to and from the customer's premises and the telephone exchange network point. A telephone exchange network point is also known as a serving office.

EXTENDED AREA SERVICE (EAS) - Mandatory interexchange telephone service furnished at a flat rate between two or more exchange areas.

INITIAL AND ADDITIONAL PERIOD - The initial period denotes the interval of time allowed at the rate specified for a connection between given points. The additional period denotes the unit of time used for measuring and charging for time in excess of the initial period.

B. GENERAL REGULATIONS (Cont'd)

10. Definitions (Cont'd)

MO. PUBLIC SERVICE COMMISSION

INTEREXCHANGE CUSTOMER(S) (IC) - Denotes any individual, partnership, association, corporation, or governmental agency or any other entity which subscribes to the services offered under Tariff P.S.C. Mo. No. 2. Facilities for Intrastate Access, to provide intrastate telecommunications services for its own use or for the use of its customers (End Users).

INTERFACE - That point on the premises of the customer at which provision is made for connection of other than Telephone Company provided service components to service components provided by the Telephone Company.

INTRALATA - Long Distance Message Telecommunications Service (LDMTS) where the originating service point location and the terminating service point location are all within the same Local Access and Transport Area (LATA).

LINE STATUS VERIFICATION - The term "Line Status Verification" denotes the service whereby the operator will verify and provide the status of a subscriber line at the request of a customer.

LOCAL ACCESS AND TRANSPORT AREA (LATA) - The Local Access and Transport Area denotes a geographical area established for the administration of communications service. It encompasses designated local operating Telephone Company exchanges which are grouped to serve common social, economic and miscellaneous purposes.

LOCAL EXCHANGE CARRIER (LEC) - The certificated provider of basic local exchange telephone service.

NETWORK CONTROL SIGNALING - The transmission of signals used in the telecommunications system which perform functions such as supervision (control status and charging signals), address signaling (i.e., dialing), calling and called number identification, audible tone signals, (call progress signals indicating re-order or busy conditions, alerting, coin denominations, coin collect and coin return tones) to control the operation of switching machines in the telecommunications system.

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

~~MO. PUBLIC SERVICE COMMISSION~~

B. GENERAL REGULATIONS (Cont'd)

10. Definitions (Cont'd)

NETWORK CONTROL SIGNALING UNIT - The equipment furnished, installed and maintained by the Telephone Company for the provision of network control signaling.

ORIGINATING EXCHANGE - Telephone Company exchanges in which residential and business customers may order Extended Exchange Calling Plan (EECP) Service. A listing of all EECP originating exchanges is found in Section J.4.a. of this tariff.

PERSON-TO-PERSON (See Two-Point Service).

SERVICE POINT - When used in connection with customer provided communications channels or systems, denotes the point on the customer's premises where channels provided by or furnished to the customer are terminated in switching equipment used, in the normal mode of operation, for communications with service points or customer premises equipment located on the premises.

SERVICE TERMINATING ARRANGEMENT - The term "Service Terminating Arrangement" denotes Telephone Company provided equipment which terminates exchange telephone service, used for Long Distance Message Telecommunications Service (LDMTS), at a customer's premises. The "Service Terminating Arrangement" provides a clearly delineated interface which facilitates the design, isolation and testing of LDMTS. Where a protective connecting arrangement is required, the "Service Terminating Arrangement" is provided as a part of the protective connecting arrangement.

MAY 10 2000

10. Definitions (Cont'd)

STATION - The network control signaling unit, ~~and public service~~ other equipment at the customer's premises which enables the customer to establish the communications connection to effect communications through such connections; also denotes a termination of an individual exchange line or PBX trunk, provided in accordance with the provisions of this Tariff, in switching equipment located in an exchange foreign to the exchange in which the customer is located.

STATION-TO-STATION (See Two-Point Service).

TELECOMMUNICATIONS SERVICE - Long Distance Message Telecommunications Service is that of furnishing service for telecommunications between service points in different local service areas within the same LATA in accordance with the regulations and system of charges specified in this Tariff.

TELEPHONE COMPANY - SPECTRA COMMUNICATIONS GROUP, LLC.

TERMINATING EXCHANGE - Missouri exchanges in which SPECTRA Extended Exchanges Calling Plan (EECP) customers may terminate calls. A listing of EECP Originating and Terminating Exchanges is found in Section J.4.a. of this tariff.

TOLL COMPLEX - Generally an Operator Toll Complex, Class Four Office and its subtending toll routes as traditionally known, expanded to include certain non-operator complexes as agreed upon by the involved Local Exchange Carriers.

TWO-POINT SERVICE -

a. Person-to-Person

- 1) That service where the person originating the call specifies to the operator a particular person to be reached, a particular mobile service point to be reached through a Mobile Telephone Service attendant, or a particular service point, department or office to be reached through a PBX attendant.

b. Station-to-Station

That service where the person originating the call:

- 1) dials the telephone number desired or
- 2) gives to the operator the telephone number of the desired service point, Mobile Telephone Service connecting circuit, PBX or PBX station which is reached directly rather than through a PBX attendant, or gives only the name and address under which the number of the desired service point, Mobile Telephone Service connecting circuit or PBX is listed, and does not specify a particular person to be reached, nor a particular mobile service point to be reached through a Mobile Telephone Service attendant, nor a particular service point, department or office to be reached through a PBX attendant.

11. Special Taxes, Fees and Charges

- a. There shall be added to the customer's bill or charge as a part of the rate for service, a surcharge, equal to the pro rata share of any franchise, occupation, business, license, excise, privilege, or other similar tax, fee or charge (hereafter called "tax") now or hereafter imposed upon the Telephone Company by any taxing body or authority, whether by statute, ordinance, law or otherwise, and whether presently due or to hereafter become due.
- b. On and after the effective date thereof, any subsequent increase, decrease, imposition or determination of liability for such taxes, fees or charges, as described above, shall be applied in the manner provided below, to the customer's bill or charge on each individual billing date.

B. GENERAL REGULATIONS (Cont'd)

MAY 10 2000

11. Special Taxes, Fees and Charges (Cont'd)

- c. When such tax or taxes are imposed in terms of a flat sum payment of money, the surcharge applicable to each customer's bill or charge, as the pro rata share of such taxes described above, shall be determined by relating the flat sum payment to the total local exchange revenues within the jurisdiction of the taxing body; the fraction so described shall be converted to a percentage; the local exchange rate shall be increased by that percentage, and applied to the customer's bill or charge, so that the amount added, when accumulated from all customers residing in the geographic jurisdiction of the body, will equal the amount of the flat sum payment.
- d. When such tax or taxes are imposed in terms of a percentage of revenues or gross receipts, the surcharge applicable to each customer's bill or charge as the pro rata share of such taxes described above shall be determined by dividing the tax expressed as a percentage by 100% minus the tax expressed as a percentage and multiplying the decimal thus obtained by the customer's charges to which such tax applies.

$$\frac{(\text{Tax}\% \quad \times \text{Taxable Charges})}{100\% - \text{Tax}\%}$$

- e. The Tariff charge constituting the amount of the surcharge provided for herein shall be stated separately on each customer's bill.
- f. Where more than one tax, fee or charge is imposed by a taxing body or authority, the total of such surcharge applicable to a customer may be billed to the customer as a single amount.

12. Time and Charges

Time and charges on long distance calls may be quoted upon request from the customer. Name association with time and charge details will be provided where service components permit. The Telephone Company reserves the right to determine the service component used where there are multiple service components.

~~MO. PUBLIC SERVICE COMMISSION~~

C. METHOD OF APPLYING RATES

1. Long Distance Message Telecommunications Service rates between points (cities, towns, or localities) within the same LATA are based on the airline distance between rate centers. In general, each point is designated as a rate center; certain small towns or localities are assigned adjacent rate centers with which they are closely associated for communication purposes or by community of interest.
2. For the purpose of determining airline mileages vertical and horizontal grid lines have been established across the United States and Canada. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in statute miles. A vertical (V) and a horizontal (H) coordinate is computed for each rate center from its latitude and longitude location by use of appropriate map projection for determining airline mileages, at a particular intersection of an established vertical grid line with an established horizontal grid line. The distance between any two rate centers is the airline mileage computed as explained in 3., following.
3. Determination of Airline Mileages
 - a. Long Distance Message Telecommunications Service
To determine the rate distance between any two rate centers proceed as follows:
 - 1) Obtain the (V) and (H) coordinates for each rate center.
 - 2) Obtain the difference between the (V) coordinates of the two rate centers. Obtain the difference between the (H) coordinates. NOTE: The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.
 - 3) Divide each of the differences obtained in 2) by three, rounding each quotient to the nearer integer.

C. METHOD OF APPLYING RATES (Cont'd)

3. Determination of Airline Mileages (Cont'd)

MO. PUBLIC SERVICE COMMISSION

a. Long Distance Message Telecommunications Service (Cont'd)

- 4) Square these two integers and add the two squares. If the sum of the squares is greater than 1777, divide the integers obtained in 3) by three and repeat step 4). Repeat this process until the sum of the squares obtained in 4) is less than 1778.
- 5) The number of successive divisions by three in steps 3) and 4) determines the value of "N". Multiply the final sum of the two squares obtained in step 4) by the multiplier specified in the following table for the value of "N" preceding:

<u>N</u>	<u>Multiplier</u>	<u>Minimum Rate Mileage</u>
1	0.9	-
2	8.1	41
3	72.9	121
4	656.1	361
5	5,904.9	1,081
6	53,144.1	3,241

- 6) Obtain the square root of product in 5) and, with any resulting fraction, round up to next higher integer. This is the message rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in 5) preceding, the minimum rate mileage corresponding to the "N" value is applicable.

D. TWO-POINT SERVICE

1. Classes of Service

Service is offered on a Dial Station-to-Station, Dial Calling Card Station-to-Station, Operator Station-to-Station or on a Person-to-Person basis. Day, Evening, Night and Weekend rates apply to all classes of service. Discounts, as specified in D.8, do not apply to service charges.

2. Station-to-Station Service

MO. PUBLIC SERVICE COMMISSION

- a. Station-to-Station Service is defined in B.10 preceding.
- b. Three classes of Station-to-Station services are offered as follows:
 - 1) "Dial Station-to-Station" is that Station-to-Station service where the person originating the call from other than a public or semi-public coin telephone dials the telephone number desired and the call is completed without the assistance of an operator, and the call is not billed to a number other than the originating number except:
 - when an operator records the originating telephone number where no automatic recording equipment is available;
 - when an operator records a special identification number, issued by the Telephone Company for its billing purposes to students who reside at dormitories of colleges or universities equipped for Dormitory Centrex or PBX Service or equipped with a customer-provided PBX equipped with Direct Inward Dial (DID) and Identified Outward Dial (IOD) Service,
 - for a call placed from a Dormitory Centrex or PBX service point; for a call forwarded by call forwarding equipment;
 - when an operator reaches the called telephone number where service components are not available for dial completion;
 - when an operator places a call for a calling party who identifies himself as being handicapped and unable to dial the call because of his handicap;
 - when an operator re-establishes a call which has been interrupted after the called number has been reached, then the Dial Station-to-Station rate shall apply.

- D. TWO-POINT SERVICE (Cont'd)
- 2. Station-to-Station Service (Cont'd)
- b. (Cont'd)

MAY 10 2000

2) "Dial Calling Card Station-to-Station" is that station-to-station service where the person originating the call, including from a public or semi-public telephone, dials zero, then the telephone number desired and the call is completed either with or without the assistance of an operator and is billed, where automatic billing equipment is available, to a telecommunications company calling card, except:

- when an operator records the telecommunications company calling card where no automatic recording equipment is available;
- when an operator reaches the called telephone number and records the telecommunications company calling card where service components are not available for dial completion;
- when an operator places a calling card call for a calling party who identifies himself as being handicapped and unable to dial the call because of his handicap;
- when an operator re-establishes a dial calling card call which has been interrupted after the called number has been reached.

This class of service involves no other operator services except those necessary to complete the above described call.

3) "Operator Station-to-Station" is that station-to-station service other than Dial Station-to-Station and Dial Calling Card Station-to-Station. Operator Station-to-Station includes station-to-station service originating at a public or semi-public coin telephone, except for those public or semi-public telephone calls that are Dial Calling Card Station-to-Station as described above.

- 3. Person-to-Person Service
 - a. Person-to-Person Service is defined in B.10 preceding.

MO. PUBLIC SERVICE COMMISSION

- D. TWO-POINT SERVICE (Cont'd)
- 4. Reversal of Charges (Collect Calls)

Charges for Operator Station-to-Station and Person-to-Person telephone calls may, upon request, be reversed, that is, charges against the called telephone, provided the charges are acceptable at the called telephone.

The regularly established Operator Station-to-Station and Person-to-Person rates apply.

- 5. Time of Day

The time when connection is established, as provided in D.6, following, determined in accordance with the time-standard or daylight saving-legally or commonly in use at the location of the rate center at the point of call origination - determines whether Day, Evening, Night, or Weekend rates apply. This rule applies to all classes of service.

- 6. Rates
 - a. Usage - All Classes of Service

- 1) Initial Period rates indicated in the Rate Table in D.8, following, are for connections of one minute or any fraction thereof.
- 2) All additional minute rates indicated in the Rate Table in D.8, following, are for each additional minute or any fraction thereof that the connection continues beyond the initial period.
- 3) When the connection is established in one rate period and ends in another, the rate for each rate period applies to the portion of the connection occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.

MO. PUBLIC SERVICE COMMISSION

4) Discounts for the evening, night and weekend reduced rate periods indicated in the Discount Table in D.8, following, are expressed as a percent reduction of the charge calculated at the rates indicated in the Day Rate Period Table and are applied to message connection established during the periods as indicated.

5) Discounts apply to the charge for the initial minute occurring within the discount rate period and to all additional minutes occurring within each discount rate period. The discount is computed separately for charges in each rate period and the results are then totaled. When application of the discount results in a fractional charge, the amount will be rounded to the nearest cent.

b. Service Charges

Service Charges apply to all exchanges in the operating territory of SPECTRA COMMUNICATIONS GROUP, LLC within the State of Missouri as listed in Section A.2 of this Tariff.

1) The rates in 7) and 8), following, will apply on Dial Calling Card Station-to-Station, Operator Station-to-Station and Person-to-Person service in addition to the rates as specified in D.6.a., preceding. Discounts, as specified in D.8, do not apply to service charges. Only one service charge per call will apply.

2) Dial Calling Card Station-to-Station - For calls charged to a Telephone Company calling card and involving no other operator services, a charge per call applies where automatic recording equipment is available and the person originating the call dials zero, then the telephone number desired, and the call is billed to a Telephone Company calling card. Where no automatic recording equipment exists, this rate will also apply for a Telephone Company calling card call.

D. TWO-POINT SERVICE (Cont'd)

6. Rates (Cont'd)

c. Timing of Messages

- 1) On Dial Station-to-Station, Dial Calling Card Station-to-Station or Operator Station-to-Station calls, chargeable time begins when connection is established between the calling telephone and the called telephone, mobile telephone system or other customer premises equipment.
- 2) On Person-to-Person messages, chargeable time begins when connection is established between the calling person and the particular person or service point specified or an agreed-upon alternate.
- 3) Chargeable time ends when the calling service point "hangs up" thereby releasing the network connection. If the called service point "hangs up" but the calling service point does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Telephone Company operator.
- 4) Chargeable time does not include time lost because of faults or defects in service.

6. Rates (Cont'd)

c. Timing of Messages (Cont'd)

5) When exchange telephone service used for Long Distance Message Telecommunications Service is directly connected (i.e., not connected through a Multiline Terminating System) at a customer's premises to a communication's system, chargeable time for all classes of calls begins when a call from the telecommunications network terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the exchange telephone service so that chargeable time may begin.

7. Charge Paid for by Coin Deposits

The charge for a call paid for by coin deposit in a public or semi-public coin telephone is the sum, rounded to the nearer multiple of \$.05, of the appropriate initial period rate, additional period rates and service charges. In addition, applicable taxes, fees and charges as specified in Paragraph B.11 preceding, will apply.

8. Rate Tables

8. Rate Tables (Cont'd)

b. Special Reduced Rates

MAY 10 2000

On Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, the holiday rate applicable on all classes of two-point intraLATA Message Toll Service between points within the State of Missouri is the Evening rate, unless a lower rate would normally apply. Discounts do not apply to Service Charges, as specified in D.6.b(2).

9. Rates Applicable on Messages Placed by Certified Speech and/or Hearing Handicapped

On directly-dialed messages placed within the same LATA by certified speech and/or hearing handicapped residence customers who are incapable of verbal communication and use a telecommunications device (i.e., teletypewriter or similar keyboard communications terminal device) for communicating over the Message Toll network, a 35-percent reduction in charges for the messages will apply.

Certification of the speech and/or hearing handicap requires the completion of an application form certified by an agency designated by the Telephone Company, or physician, otolaryngologist or license speech language pathologist or audiologist.

E. CONNECTIONS OF CUSTOMER-PREMISES TERMINAL EQUIPMENT AND COMMUNICATIONS SYSTEMS 1. General Provisions

Customer premises equipment and communications systems provided by the customer may be connected at the customer's premises to intraLATA Long Distance Message Telecommunications Service (LDMTS) furnished by the Telephone Company where such connections are made in accordance with the provisions of Connection with Customer-Premises Equipment, of the Telephone Company's General and Local Exchange Tariff.

In addition, apply the appropriate Service Charges as specified in the Telephone Company's General and Local Exchange Tariff.

G. OUTSTATE CALLING AREA (OCA) PLAN

MISSOURI PUBLIC SERVICE COMMISSION

1. General

a. Description

- 1) The Outstate Calling Area (OCA) Plan is an optional one-way Dial Station-to-Station Message Telecommunications Service (MTS) for customers in selected exchanges. See H.1.b following.
- 2) The OCA Plan offers discounted block of time calling beyond a customer's local exchange to rate centers that fall within the Calling Scope. See H.1.c following.
- 3) The local exchange company providing basic local exchange service in each exchange has the option to determine whether this service will be dialed as either 1+ (NXX-XXXX) or on a seven-digit basis.

b. Service Availability

- 1) The exchange listing in Section A.2 and A.3 identifies exchanges where OCA service is available. Customers in exchanges that are not referenced by Footnote 1 or 2 are eligible to subscribe to the OCA Plan. Customers in exchanges within the Kansas City and St. Louis Metropolitan Calling Area (MCA), other than MCA-5 exchanges, are not eligible to subscribe to the OCA Plan.
- 2) OCA service is being implemented between May 1, 1993 and September 30, 1994. Service may not be available for all OCA exchanges during this time.

Issued: May 10, 2000

Effective: August 1, 2000

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

MAY 10 2000

G. OUTSTATE CALLING AREA (OCA) PLAN (Cont'd)

MO. PUBLIC SERVICE COMMISSION

1. General (Cont'd)

c. Calling Scope

- 1) The Calling Scope for an OCA exchange includes all intrastate intraLATA toll rating points within a 23-mile radius. The 23-mile radius, from each exchange, is based on air miles and is measured from rate center to rate center, as defined in this Tariff.
- 2) Customers in Kansas City MCA-5, St. Louis MCA-5 and Springfield MCA-2 exchanges will be able to subscribe to the OCA Plan; however, the 23-mile radius will not include any toll rating points within the MCA. Refer to the Missouri Public Service Commission (MPSC) Order, effective January 5, 1993, in Case # TO-92-306.

d. Calling Options

Residential and Business customers can choose from two OCA options. Rates are listed in this Tariff and are in addition to the established charges for the service with which the OCA Plan is associated. OCA subscribers are charged the full monthly rate for the block of time selected, even if the full block of time is not used.

- 1) Two-hour block of time: This option allows subscribers two hours of calling per month at a flat rate. MTS rates are applicable for calls exceeding the two hours.
- 2) Five-hour block of time: This option allows subscribers five hours of calling per month at a flat rate. An additional per minute rate, as identified in Rates, applies for all calls exceeding the five hour block. Time of day and holiday discounts are not applicable.

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

G. OUTSTATE CALLING AREA (OCA) PLAN (Cont'd)
2. Regulations

MAY 10 2000

- a. Unless otherwise specified in these regulations, OCA is offered to all classes and grades of residence and business customers located within the eligible OCA exchanges.
- b. OCA is not offered in conjunction with Cellular, Public, Semi-Public, or Customer-Owned Pay Telephone Services, or comparable service offered by other local exchange companies in their exchanges listed in this Tariff.
- c. OCA is not to be shared or resold.
- d. OCA is available to multiline customers on a per account basis only.
- e. Time of day and holiday discounts are not applicable for calls within the block of time.
- f. Rate Application
 - 1) The minimum service period for subscription to OCA is one-month.
 - 2) A customer may purchase only one block of time per month.
 - 3) The monthly charges for an OCA block of time will be charged on a per account basis and are billed in advance.
 - 4) OCA rates and charges are in addition to all other rates and charges paid by a subscriber for all other services of the local exchange company providing basic local exchange service to the OCA subscriber.
 - 5) If a customer subscribes to both OCA and the Extended exchange Calling Plan (EECP), where the EECP Terminating exchange is within the subscriber's OCA Calling Scope, the OCA rates and charges do not apply to qualified EECP calls to the Terminating Exchange. The EECP rates and charges do apply to such calls.

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

MAY 10 2000

H. SPECTRA BLOCK-OF-TIME

MO. PUBLIC SERVICE COM.

1. General Description

- a. Spectra Block-of-Time is an optional calling plan for one-way originating dial station-to-station Intrastate IntraLATA messages offered to residential local exchange customers. For all other classes of messages other than dial station-to-station, the appropriate calling rates and charges as specified in Section D of this tariff apply.
- b. Spectra Block-of-Time consists of a one hour block of time plan with a monthly flat rate for the first hour and a per minute rate for all additional IntraLATA long distance minutes exceeding the block of time.
- c. The service is applicable to customer dialed station-to-station calls as described below:
 - 1) Dial station-to-station service is that service where the person originating the call from other than a public (coin or coinless) or semipublic telephone dials the telephone number desired and the call is completed without the assistance of a telephone company operator and the call is not billed to a number other than the originating number.
 - 2) Friend-to-friend rates apply to messages or parts of messages included in the Day, Evening, Night/Weekend, and Holiday rate periods as specified in other tariffs of the company. Each message is timed by minutes of use with a fraction of a minute being charged as a full minute. The initial calling period is a cumulative total of 60 minutes (1 hour) per month. Any additional time accumulated is charged for in one minute increments.
- d. Spectra Block-of-Time is provided with individual message detail. The Company is not required to provide information to the customer concerning the amount of unused initial period calling time remaining in the billing period. Additional billing detail will not be provided.
- e. The exchange listing in Section A of this tariff identifies exchanges where Spectra Block-of-Time is available.

H. SPECTRA BLOCK-OF-TIME

MAY 10 2000

1. General Description (Cont'd)

MO. PUBLIC SERVICE COMM

- f. The calling scope for Spectra Block-of-Time in all exchanges includes all Intrastate IntraLATA toll rating points within the LATA.
- g. To the extent applicable and where not specified in this Section, the General Regulations in Section B. are herein incorporated by reference.

2. Regulations

- a. The minimum service period for Friend-to-Friend is one month.
- b. Time of day and holiday discounts are not applicable for calls within the one hour block of time.
- c. The monthly charge for the one hour block of time will be charged on a per account basis and is billed in advance.
- d. Spectra Block-of-Time subscribers are charged the full monthly rate for the one hour block of time, even if the full block of time is not used.
- e. The timing of Intrastate IntraLATA toll messages will be as set forth in Section D.6.c. of the tariff.
- f. The Spectra Block-of-Time rates and charges are in addition to all other rates and charges paid by a subscriber for all other services of the Telephone Company providing basic local exchange service to the subscriber.
- g. If a customer subscribes to both the Spectra Block-of-Time and Extended Exchange Calling Plan, found in Section j. of this tariff, the Spectra Block-of-Time rates and charges do not apply to qualified EECP calls to the Terminating Exchanges and its Extended Area Service (EAS) points. The EECP rates and charges apply to such calls.

c. (Cont'd)

Two classes of Station-to-Station service are offered as follows:

- 1) Dial Station-to-Station is that station-to-station service where the person originating the call from other than a public (coin or coinless) or semipublic coin telephone dials the telephone number desired and the call is completed without the assistance of a Telephone Company operator or placed with an operator where facilities are not available for call completion or where, for other service reasons, operator assistance in completion of the call is necessary.
- 2) Operator assisted station-to-station is that station-to-station service other the dial paid station-to-station service. The Discount Calling Service rates only apply to the message toll portion of the call, not to the operator surcharge portion.

- d. Discount Calling Plans are provided with individual message detail.
- e. The exchange listing in Section A of this tariff identifies exchanges where Discount Calling Plans are available.
- f. The calling scope for Discount Calling Plans in all exchanges includes all Intrastate IntraLATA toll rating points within the LATA.
- g. Distance for Plans I and II are based on the V-H mileage between rate centers as defined and calculated in Section C.3.
- h. To the extent applicable and where not specified in this Section, the General Regulations in Section B. are herein incorporated by reference.

I. DISCOUNT CALLING PLANS (Cont'd)

2. Regulations

- a. Unless otherwise specified in these regulations, the Discount Calling Plan is offered to all classes and grades of residential and business customers located within each exchange. The Discount Calling Plan is also available in conjunction with Foreign Exchange Service.
- b. The Discount Calling Plan is not offered in conjunction with Cellular, Public, Semipublic, or Customer-Owned Pay Telephone Services, or comparable services offered by other local exchange companies in their exchanges listed in Section A.2.c-f of this tariff.
- c. The Discount Calling Plan is designed and intended for the exclusive use of the end user customers of the Telephone Company. The Discount Calling Plan is not to be shared, resold or used in any configuration of customer-provided equipment with the intent of reselling the service. With the exception of Shared Tenant Service, as described in the General and Local Exchange Tariff of this company, the Discount Calling Plan is available to interexchange carriers or other telecommunications service providers for administrative lines or trunks only.
- d. The minimum service period for Discount Calling Plans is one month.
- e. The timing of Intrastate IntraLATA toll messages will be as set forth in Section D.6.c. of this tariff.
- f. Discount Calling Plan rates and charges are in addition to all other rates and charges paid by a subscriber for all other services of the Telephone Company providing basic local exchange service to the subscriber.
- g. Discount Calling Plan rates will apply to the message toll portion of the call only. Operator Service Charges will be applied as set forth in Section D.6.b of this tariff.
- h. These discounts are applicable to the Discount Calling Plans only and do not apply to any other Telephone Company offered plan.

I. DISCOUNT CALLING PLANS (Cont'd)

2. Regulations (Cont'd)

- i. A customer may only subscribe to one Discount Calling Plan per main billing number at any given time.
- j. Local and EAS calls do not apply to the Discount Calling Plans.
- k. Discount Calling Plans are not available on WATS.
- l. If a customer subscribes to both a Discount Calling Plan and the Extended Exchange Calling Plan (EECP), found in Section J. of this tariff, the Discount Calling Plan rates and charges do not apply to qualified EECP calls to the Terminating Exchanges and its Extended Area Service (EAS) points. The EECP rates and charges apply to such calls.
- m. If a customer subscribes to both a Discount Calling Plan and the Metropolitan Calling Area (MCA) Plan, as described in the General and Local Exchange Tariff, the Discount Calling Plan rates and charges do not apply to Intrastate IntraLATA toll rating points within the MCA calling scope. The MCA rates and charges apply to such calls.
- n. A customer may not subscribe to a Discount Calling Plan and the Outstate Calling Area (OCA) Plan, found in Section G. of this tariff or Spectra Block-of-Time found in Section H. of this tariff.

J. EXTENDED EXCHANGE CALLING PLAN (EECP)

MO. PUBLIC SERVICE COMMISSION

1. General

- a. The Extended Exchange Calling Plan (EECP) is an optional plan that allows customers in an Originating Exchange to purchase intraLATA interexchange calling with customers in designated exchanges, known collectively as their EECP Calling Scope, under terms and conditions as found in the Telephone Company Tariff(s). The EECP Calling Scope consists of the EECP Terminating Exchange plus all other exchanges with which customers in the EECP Terminating Exchange have Extended Area Service (EAS).
- b. The Extended Exchange Calling Plan (EECP) is limited to business and residential customers in the EECP Exchange Listing found in Section J.4.a. of this tariff.

2. Conditions

- a. EECP will be offered as a one-way optional flat rate service. One-way optional flat rate service allows customers to make unlimited calls to the EECP Terminating Exchange Calling Scope for a recurring monthly flat rate.
- b. The Calling Scope of the one-way EECP route shall be to the EECP Terminating Exchange plus its EAS exchanges.
- c. Unless otherwise specified in these conditions, EECP is offered to all classes and grades of residence and business customers located in an EECP exchange on a per line basis.
- d. EECP is not offered in conjunction with Cellular, Public, Semi-Public, Coin Box, Customer-Owned Pay Telephone Services or comparable services offered by other local exchange companies in their exchanges listed in this Tariff.

J. EXTENDED EXCHANGE CALLING PLAN (EECP) (Cont'd)

2. Conditions (Cont'd)

- e. When a customer's telecommunications service is arranged for his or her own administrative use, versus use by his or her patrons (such customers may include, but are not limited to hotel/motels, hospitals or universities), EECP may be purchased for the administrative trunks only.
- f. With the exception of Shared Tenant Service, EECP is not to be shared or resold by the retail end user.
- g. Subscription to EECP does not entitle that customer to a free copy of the white page directory of the EECP Terminating Exchange.
- h. For EECP routes terminating in a Metropolitan Calling Area (MCA) exchange, the Calling Scope will only include the terminating MCA exchange plus EAS with that exchange.

J. EXTENDED EXCHANGE CALLING PLAN (EECP) (Cont'd)

2. Conditions (Cont'd)

i. Rate Application

- 1) The monthly rates apply on a per line basis except for CentraNet, Centrex, or similar type Services billed on a PABX or equivalent type service as specified in the General and Local Exchange Tariff. The monthly rates are billed one month in advance.
- 2) EECP rates and charges are in addition to all other rates and charges paid by a subscriber for all other services of the Company.
- 3) Customers with multiple lines at the same premise may select the EECP Calling Plan on a line by line basis with the following restrictions:
 - The Telephone Company may require separate accounts and separate billing for the EECP lines.
 - All lines in an outgoing hunt group must select the EECP Plan.
- 4) If a customer subscribes to both EECP and the Outstate Calling Area Plan (OCA), where the EECP Terminating Exchange is within the subscribers's OCA calling scope, the EECP rates and charges apply to qualified EECP calls to the Terminating Exchange. The OCA rates and charges do not apply to such calls.

j. The minimum service period for subscription to EECP is one month.

k. EECP is available on a dial station-to-station basis only.

l. EECP is not available with Remote Call Forwarding Service.
