November 9, 2017

Dear Valued Customer,

South Holt Cablevision, an affiliate of Oregon Farmers Mutual Telephone, has proudly provided Cable service to our communities for over 35 years. It is with regrets that we are sending this letter to notify you that effective January 1, 2018 we will no longer offer cable television services. Working with our customers has been nothing but an absolute pleasure.

With the changes going on in the industry, there are now many cable alternatives that allow customers to watch the shows and movies they have come to love and to do so at a lower cost than cable. Our focus within the company and as an industry is shifting to broadband and giving our customers the best broadband connection possible. Oregon Farmers Mutual Telephone Company will continue to be an active partner in the community and continue to offer all the services it currently offers at the same location. As a thank you to our loyal customers, Oregon Farmers Mutual Telephone will provide a FREE Roku to our customers upgrading or obtaining Broadband service to help you stream your favorite programming. We will have a Roku device in the local Oregon Farmers Mutual Telephone office to help our customers learn how to use the product to stream television shows and or movies over Broadband service.

The last day of Cable programming will be December 31, 2017. Until that date, we will continue to provide the cable service for your account as normal. All cable equipment must be turned into the office by January 31, 2018. Please contact our office via phone 660-446-2900, or email care@ofmlive.net , or in person at the business office prior to that date to discuss cable alternative products and services available to you.

Please contact us with any questions or comments. Our commitment to providing you the best service and support is still our top priority. Thank you again for your business.

Sincerely,

Theresa Mackey
