**ORDER RESOLVING ANNUAL FUEL ADJUSTMENT  
CLAUSE TRUE-UP AND TARIFF**

Issue Date: May 9, 2019

Effective Date: May 24, 2019

On March 25, 2019, Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”) submitted an application containing its 27<sup>th</sup> true-up filing for its Fuel and Purchased Power Adjustment Clause (“FAC”) in Commission File No. ER-2019-0289. Ameren Missouri also seeks approval to adjust its Fuel Adjustment Rates (“FARs”) used to calculate its FAC charge billed to customers for Accumulation Period 30 (“AP30”) in Commission File No. ER-2019-0287. Ameren Missouri requests that the Commission authorize these adjustments and allow them to be implemented by its revised FAC tariff sheet, Track No. YE-2019-0171. The submitted tariff sheet bears an effective date of May 24, 2019.

The true-up amount identified in this filing is the result of an over-recovery from customers of \$1,673,819, without interest, during Recovery Period 27 (“RP27”) from June 1, 2018 through January 31, 2019. Ameren Missouri also accrued interest of

\$1,199,266 during RP27,<sup>1</sup> which results in a total over-recovery from customers for RP27 of \$474,553. The true-up amount for RP27 is used in the calculation of the Fuel and Purchased Power Adjustment amount included in Ameren Missouri's AP30 adjustment filing in compliance with Ameren Missouri's FAC.

The Commission's Staff filed a recommendation regarding Ameren Missouri's true-up on April 25, 2019. Staff examined the direct testimony of Marci L. Althoff, the supporting schedules Ameren Missouri provided with its application in this case, and the monthly information Ameren Missouri has submitted to the Commission. Staff also reviewed Ameren Missouri's monthly interest calculations and agrees with them. Staff recommends the Commission approve Ameren Missouri's RP27 true-up filing.

With regard to Ameren Missouri's request to approve its FAC tariff, the proposed rate schedules would result in a decrease in the bill of a residential customer using 1,000 kWh per month by approximately \$1.57, from a credit of \$0.19 to a credit of \$1.76 per month. The Commission's Staff filed a recommendation regarding Ameren Missouri's tariff on April 25, 2019. Staff verified that Ameren Missouri's actual fuel and purchased power costs match the fuel and purchased power costs included in the company's calculated rates set in the submitted tariff sheet. Staff advises the Commission to approve the tariff sheet to become effective on its May 24, 2019, effective date.

The Commission's rule regarding FACs requires the Commission to issue an order approving or rejecting the company's tariff within 60 days of its filing.<sup>2</sup> If the FAC rate adjustment complies with the Commission's rule, Section 386.266, RSMo 2016, and the FAC mechanism established in the most recent general rate proceeding, the

<sup>2</sup> Commission Rule CSR 240-20.090(4).

Commission is required to approve the rate adjustment or allow the proposed tariff implementing the adjustment go into effect by operation of law.<sup>3</sup>

Neither the governing statute<sup>4</sup> nor any other law requires a hearing before approving the unopposed application.<sup>5</sup> Based on the Commission's review of the verified filings, the Commission finds that it is in the public interest to approve Ameren Missouri's application and authorize Ameren Missouri to include the calculated amount in its next FAC accumulation period as previously described. The Commission further finds that the tariff sheet implementing the FAC rate adjustment is in compliance with the Commission's order establishing the FAC and with all applicable statutes and regulations. Therefore, the Commission will approve Ameren Missouri's proposed tariff.

Without Commission action, the tariff will become effective by operation of law on May 24, 2019. Additionally, as noted above, the Commission's rule requires an order be issued within 60 days of the tariff filing. Therefore, the Commission finds this order shall be effective in less than 30 days.

**THE COMMISSION ORDERS THAT:**

This total over-recovery shall be reflected in the rate adjustment in Commission File No. ER-2019-0287.
