- 2.10.3. If at any future time a county or other local taxing authority acquires the legal right to impose an occupation tax, license tax or other similar tax upon the Carrier, and imposes the same by ordinance or otherwise, such taxes shall be billed to the end users receiving service within the territorial limits of such county or other taxing authority. - 2.10.4. When utility or telecommunications assessments, occupational, excise, or other similar taxes, based on interstate or intrastate receipts are imposed by certain taxing jurisdictions upon the Company or upon local exchange companies and passed on to the Company through or with interstate or intrastate access charges, the amounts of such taxes will be billed to Customers in such a taxing jurisdiction on a prorated basis. The amount of tax that is prorated to each Customer's bill is determined by the interstate or intrastate telecommunications service provided to and billed to an end user/customer service location in such a taxing jurisdiction with the aggregate of such tax equal to the amount of the tax imposed upon or passed on to the Company.
- 2.10.5. When any municipality, or other political subdivision, local agency of government, or department of public utilities imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee or regulatory fee, such taxes and fees shall, insofar as practicable, be billed pro rata to the Company's Customers receiving service within the territorial limits of such municipality, other political subdivision, local agency of government, or public utility commission, provided that all such non-tax surcharges are first approved by the Commission.
- 2.10.6. The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amount it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund, the Primary Interexchange Carrier Charge, and compensation to payphone service providers for use of their payphones to access the Company's services.

the square root of: 
$$\frac{(V1-V2)^2 + (H1-H2)^2}{10}$$

where V1 and H1 correspond to the V&H coordinates of City 1 and V2 and H2 correspond to the V&H coordinates of City 2.

Example:

	<u>V</u>	<u>H</u>
City 1	5004	1406
City 2	5987	3424

the square root of: 
$$\frac{(5004-5987)^2 + (1406-3424)^2}{10}$$

The result is 709.83 miles. Any fractional miles are rounded to the next higher whole number; therefore, the airline mileage for this example is 710 miles.

2.14. Inspection Service Commission

- 2.14.1. The Company may, upon notice, make such tests and inspections as may be necessary to determine that the requirements of this Tariff are being complied with in the Installation, operation or maintenance of Customer or the Company equipment. The Company may interrupt the Service at any time, without penalty to the Company, should Customer violate any provision herein.

2.15 Deposits

- 2.15.1 The Company does not normally require customers to pay deposits. Should a customer be disconnected for non-payment of a bill, the Company reserves the right in a situation where the account appears to be a high risk to collect a deposit pursuant to 4 CSR 240.33.050 of the Commission's rules before reconnecting the account. The maximum amount of any deposit shall not exceed the equivalent of the Customer's estimated liability for two months usage.

Payment of a deposit by the Customer does not relieve the Customer of the responsibility to make timely payments on the account with the company.

The Company will pay interest on deposits, to accrue from the date the deposit is made until it has been refunded. When the Company requires a deposit from a Customer, interest will be paid to the Customer at the prevailing rate set by the Commission.

The company shall annually make either direct payment to the Customer of all accrued interest, or shall credit same to the Customer's account. The Company will refund, with accrued interest, all deposits promptly if the Customer pays all undisputed charges for twelve (12) billing cycles.

The Company will allow a Customer who is charged a deposit to pay it in two (2) consecutive equal monthly installments. The amount of the deposit shall appear on the Customer's monthly bill.
