RESIDENTIAL SERVICE
RATE SCHEDULE RS

AVAILABILITY

This service is available to all residential customers. A "residential" ("domestic") customer under this rate classification is a customer who purchases natural gas for "domestic use." "Domestic use" under this rate classification includes that portion of natural gas, which is ultimately consumed at a single-family or individually metered multiple-family dwelling, and shall apply to all such purchases regardless of whether the customer is the ultimate consumer. This schedule is intended to satisfy the provisions of Section 144.030(23) RSMo by establishing and maintaining a system and rate classification of "residential" to cause the residential sales and purchases of natural gas under this rate schedule to be considered as sales for domestic use.

MONTHLY RATE

The charges for service computed under this section of this rate schedule are in two parts that are added together. They consist of the customer charge and the energy charge. Other charges are provided for under the Rules and Regulations section.

RESIDENTIAL SERVICE

Customer Charge \$ 16.50 per month
Energy Charge \$ ~~0.207240~~ 0.21748 per Ccf

MINIMUM MONTHLY BILL

The minimum monthly bill per customer shall be the customer charge.

RULES AND REGULATIONS

This schedule is subject to the Rules and Regulations, any Tax and License Rider and Purchased Gas Adjustment Clause, which are now or hereafter approved by the Public Service Commission of the State of Missouri.

--	---------------------------

LARGE VOLUME ~~FIRM GAS SERVICE~~
RATE SCHEDULE LV~~F~~

AVAILABILITY

Available to commercial and industrial customers whose annual natural gas requirements at a single address or location equal or exceed 40,000 Ccf. Service is subject to the approval of Company and to a contract to be entered into between the customer and Company, unless otherwise authorized.

RESTRICTIONS

Customers contracting for service at a single address or location under this rate schedule shall neither be eligible for, nor allowed to concurrently utilize natural gas transportation service under Rate Schedule LVT at that same address or location. Customers taking service under this rate schedule shall be required to purchase all of their natural gas requirements from Company.

MONTHLY RATE

The charges for service computed under this section of this rate schedule are in three parts that are added together. They consist of the customer charge, energy charge and demand charge. Other charges are provided for under the Rules and Regulations section.

LARGE VOLUME ~~FIRM GAS SERVICE~~

Customer Charge	\$ 400388 .00 per month
Energy Charge	\$ 0.022570 . 02194 per Ccf
Demand Charge,	
All Billing Demand	\$ 0.600000 . 58000 per Ccf
Meter Adjustment Fee - Optional	\$11.50 per meter

MINIMUM MONTHLY BILL

The minimum monthly bill per customer shall be the sum of the customer charge plus the demand charge times the billing demand units.

BILLING DEMAND

For purposes of determining the billing demand under this rate schedule, the billing months of November through March shall be considered winter months; all other billing months shall be considered summer months. The billing demand for any winter month shall be the maximum use in Ccf during any consecutive period of 24 hours in such month. The billing demand for any summer month shall be one-half of the maximum use in Ccf during any consecutive period of 24 hours in such month.

Company will normally compute the maximum use in Ccf during any consecutive period of 24 hours in any billing month as 1/20th of the number of Ccf used during such billing month, adjusted to a base monthly billing period of 30 days. For customers not consuming natural gas uniformly throughout the billing month, Company and Customer may agree to determine the maximum use in Ccf during any consecutive period of 24 hours during any billing month by use of metering when such capability is available.

The billing demand for any billing month shall not be less than the greatest billing demand for any of the preceding eleven months. If gas service was furnished during any of the preceding eleven months under any other rate schedule in effect, for the purpose of determining billing demand use under such other rate schedule shall be treated as if this Rate Schedule applied thereto.

TRANSPORTATION SERVICE
NATURAL GAS

A. PURPOSE

This program allows non-residential customers the opportunity to purchase natural gas directly from producers and arrange their own delivery or to purchase gas from marketers or aggregators who have entered into contracts with the Company to act on behalf of customers to supply gas to the Company's city gate for delivery on a firm or interruptible basis on the Company's distribution system.

B. AVAILABILITY OF TRANSPORTATION SERVICE

Natural Gas Transportation Service (NGTS) is available to qualifying non-residential customer (s) upon Customer (s) request provided the Company has sufficient distribution capacity to supply such service. All transportation customers must meet the criteria set out below and be able to arrange for the delivery of sufficient natural gas supplies for Customer's account to the appropriate Company city gate. NGTS is available under the following rate schedules:

- 1. Small Volume Firm Transportation Service Small General Service Transportation (SVFTSSGST)
2. Small Volume Firm Transportation Service Medium (SVFTM)
3. Small Volume Firm Transportation Service Large (SVFTL)
2. 4. Large Volume Firm Transportation Service (LVFT) Large General Service Transportation (LGST)
3.5. Large Volume Flexible Rate Transportation Service (LVFRTLVT)

6. Customers are eligible for NGTS on Company's South, North or Northwest distribution systems if the customer qualifies for sales service under one or more of the following rate schedules:

- a. Small Commercial Firm Service Medium Small General Service;
b. Small Commercial Firm Service Large;
c. Large Volume Firm Service;
b. Large General Service;
cd. Large Volume Interruptible Service;
de. School Districts as defined pursuant to Section 393.310, RSMo; and
ef. New Customers providing sufficient documentation and qualifying for service under the above rate schedules

Formatted: Indent: Left: 0.5", First line: 0.5"

C. DEFINITIONS

1. AGGREGATION - The combination of nominations and balancing of natural gas supplies by an Aggregator for deliveries to more than one Customer from Receipt Point(s) served by a common Interstate Pipeline. To qualify for Aggregation service, Customer (s) must be served by a common Interstate Pipeline in the same Interstate Pipeline operating zone and be on the same rate schedule.

2. AGGREGATION POOL - A group of more than one Customer, with each Customer meter qualifying under the applicable rate schedule for transportation service. Any Aggregator or Marketer that serves more than one Customer that is eligible for the purpose of forming an Aggregation Pool will be deemed to be an Aggregator, and will be required to execute an Aggregator Agreement.

3. AGGREGATOR (Agent) - An entity that is responsible for the Aggregation of natural gas to be delivered to more than one Customer. Any Aggregator or Marketer that serves more than one Customer that is eligible to be pooled for the purpose of forming an Aggregation Pool will be deemed to be an Aggregator, and will be required to execute an Aggregator Agreement as well as a Marketer Agreement.

4. AGGREGATOR AGREEMENT- A contract between the Company and an Aggregator that sets out the services requested, the responsibilities of the parties and the term of the agreement.

5. ANCILLARY SERVICE- A service that is ancillary to the receipt or delivery of Natural Gas, including without limitation storage and balancing.

D. TRANSPORTATION PROGRAM PROVISIONS

1. **Contract Requirements:** All transportation customers must execute a written contract for transportation services with the Company prior to commencing transportation services. Contract forms are available from the Company.
2. **Term:** Any Transportation Service will be for a minimum term of one year and will be specified in the Transportation Contract.
3. **Gas Supply:** A transportation Customer will be responsible for the purchase and transportation of its entire natural gas Deliveries, including L&U, to the appropriate Receipt Point.
4. **Metering Requirements:** All transportation Customers, with the exception of individual schools participating pursuant to Section 393.310 RSMO, and those customers taking service under transportation rate schedule LGSs-SVFTM and SVFTL currently being served by the Company, are required to install telemetry at the Customer Facility. Individual schools participating pursuant to Section 393.310 RSMO with annual gas consumption greater than 100,000 Ccf are required to install telemetry. Customers will be required to provide adequate space for the installation of the telemetry equipment and to reimburse Company for all installation, replacement and maintenance costs associated with the telemetry equipment. Customer is also required to install and maintain a dedicated line of communication to the telemetry equipment and provide all other utilities as may be necessary to operate the telemetry equipment.
5. **Accounting Period:** Transportation volume accounting periods will be based on a calendar month when telemetry equipment is installed. The monthly transportation accounting period for those customers not using telemetry may be based on normal cycle meter reads.
6. **Transport Notice Requirement:** Customer shall notify the Company a minimum of thirty (30) days prior to the beginning of the next calendar month of their intent to begin or change service under the applicable transportation rate. Transportation Notice shall be given by Customer by the filing of a Customer Verification Form or addendum thereto with the Company.
7. **Change in Transportation Service:** Any change in Customer transportation service shall occur at the start of the next available calendar month, or the next available month in which telemetry is available at the Customer Facility, if telemetry is required. See paragraphs D 25 and 26 for time restrictions relating to a change in sales/transportation customer status. Customer Verification Form shall include Customer, Marketer and/ or Aggregator ~~or~~ names and addresses; Receipt Point (s) and Delivery Point(s) to be nominated; service(s) to be subscribed for; billing information; and other information as the Company may deem appropriate. Changes in Transportation service will not commence until the Customer has executed a written Customer Verification Form with the Company.

A. Sales Customer(s) wishing to convert to Transportation or change their Transportation status must initiate that conversion or change through a request to the Company. Actions taken by the Customer's Marketer and/or Aggregator that constitute a conversion from Sales to Transportation or a change in the Customer's Transportation status independently without the written approval of the Customer and Company are subject to ~~Marketers and/or Aggregators who notify Company on behalf of Customers of the Customer's intent to convert from Sales to Transportation Service or to change the status of a Customer's transportation without the written approval of Customer shall pay~~ a penalty of \$100 to Company per Customer per occurrence. Repeated occurrences by Marketer and/or Aggregator may result in the termination of the Marketer's and/or Aggregator's Agreement(s).

17. Liability: Gas shall be and shall remain the property of the Customer, Marketer or Aggregator while being transported and delivered by the Company. The Company shall not be liable to the Customer, Marketer or Aggregator for any loss arising from or out of gas transportation service while in the Company's system or for any other cause, except for gross or willful negligence of the Company's own employees. The Company reserves the right to commingle natural gas of the Customer, Marketer or Aggregator with other gas supplies. The Customer, Marketer or Aggregator shall be responsible for determining the extent of and maintaining all insurance it deems necessary to protect its property interest in such gas before, during, and after receipt by the Company. In the event of Marketer or Aggregator default, Customer is responsible for unpaid imbalance related penalties and unresolved cash outs.

18. Successors and Assigns: Any party which shall succeed by purchase, merger, or consolidation, in whole or in part, to the interests of any Customer, Marketer or Aggregator, shall be subject to the obligations of its predecessor in title under an agreement. No other assignment of an agreement or any of the rights or obligations hereunder shall be made unless there first shall have been obtained the consent thereto of the non-assigning party, which consent shall not be unreasonably withheld. Any party may assign its respective right, title, and interest in and to under an agreement to a trustee or trustees, individual or corporate, as security for bonds or other obligations or securities without the necessity of any such assignee becoming in any respect obligated to perform the obligation of the assignor under an agreement and, if any such trustee be a corporation, without its being required to qualify to do business in any state in which performance of an agreement may occur.

19. General Rules and Regulations: Service hereunder is subject to Company's General Rules and Regulations and applicable transportation provisions on file with the Missouri Public Service Commission.

20. Marketer and Aggregator Contract: All Marketers and Aggregators must enter into a contract with the Company.

21. Aggregation Pooling Service: The Company provides an Aggregation Service whereby one entity represents more than one Customer in a designated pool for purposes of nominating and scheduling gas. An Aggregator may:

- A. Combine a group of Customers, served by one of the Company's common pipeline systems South, North or NW with the same balancing provisions, the same transportation rate (i.e., SGST or LGST SVTS or LVTS), same metering and the same Interstate Pipeline operational zone.
- B. If a Marketer or Aggregator is qualified for this service and purchases this Aggregation Pooling Service, the aggregated Customers will be treated as a single Customer for purposes of calculating the daily balancing penalties and monthly imbalances, i.e., individual Customer Nominations, Receipts and Deliveries will be summed and treated as if they were one Customer. Aggregation Pooling Service does not include aggregation of fixed charges, demand charges or customer charges.
- C. The charge to the Customer, Aggregator or Marketer for Aggregation Pooling Service is \$0.004 per Ccf of natural gas received on behalf of the aggregated Customers. Revenues received from this service shall be credited to the Company's PGA mechanism.
- D. During OFO days, daily nomination and balancing will be required at the affected Receipt and Delivery Points.

TRANSPORTATION SERVICE
RATE SCHEDULE ~~SGSTVFT~~

F. SMALL VOLUME FIRM TRANSPORTATION SERVICE SMALL (SVFTS) GENERAL SERVICE TRANSPORTATION (SGST)

1. Availability: Service under this rate schedule is available to any individual schools participating pursuant to Section 393.310, RSMo who consumes gas on a firm basis at an individually metered, Non-residential Customer Facility, whose individual annual consumption is anticipated to be less than 5,000 Ccf. Customers must execute a written contract for transportation service pursuant to this rate schedule. Service is provided for a minimum of 12-months. Gas transportation agreements and applicable documents are available from the Company.

2. Metering: The Company shall offer telemetry on a strictly voluntary basis to all SVFTS-SGST customers. This optional service would require a customer selecting the option to have installed and operating telemetry equipment and reimburse the Company for the actual cost incurred by Company to install telemetry equipment and for the actual cost of any other improvements made by Company in order to provide this voluntary telemetry service.

3. Monthly Charges:

Description	All Systems
Customer Charge	\$25.00
Delivery Charge per Ccf	\$0.260780 <u>26033</u>
Meter Administration Fee per Meter (Voluntary Telemetry)	\$11.50
Aggregation Charge per Ccf	\$0.00400
Mandatory Balancing Service per Ccf (Non-telemetry)	\$0.01500
Daily Cash-out Charge (Voluntary Telemetry)	Sec. M
Monthly Cash-out Charge	Sec. M
Unauthorized Delivery Charge	Sec. O
Unauthorized Receipt Charge	Sec. O

4. L&U Adjustment: The Company's area-wide L&U Adjustment shall be made in kind to the amount of gas delivered to a Receipt Point prior to delivery to the Delivery Point. The Adjustment, as computed in the Company's annual PGA filing, will be applied on a volumetric basis to the quantity of natural gas delivered to Customer.

5. PGA Charges: Customers shall be charged the appropriate system's ACA and Refund factors as listed on Company's PGA tariff sheets. Customers electing Transportation Service shall be charged the appropriate ACA charges for a period of one-year after changing service to Transportation Service. A true-up of ACA balances shall take place after one year of charges. After true-up, these ACA charges shall terminate.

6. General Rules, Regulations, Terms and Conditions: Service hereunder is subject to Company's General Rules and Regulations and applicable transportation provisions on file with the Missouri Public Service Commission.

TRANSPORTATION SERVICE
RATE SCHEDULE LVFT

I. LARGE VOLUME FIRM TRANSPORTATION SERVICE (LVFT)

1. Availability: Service under this rate schedule is available to Customers who consume gas on a firm basis at individually metered, non-residential locations whose individual annual usage is anticipated to equal or exceed 40,000 Ccf and execute a written contract for Transportation Service.

2. Metering: The Company requires all LVFT transportation customers to have installed and operating telemetry equipment and reimburse the Company for the actual cost incurred by Company to install telemetry equipment, the communication service cost used to monitor the equipment and for the actual cost of any other improvements made by Company in order to provide this service.

Formatted: Indent: Left: 0.5"

Formatted: Font: (Default) Arial, No underline

3. Monthly Charges: Customer's monthly bill shall be determined as a sum of the following:

Description	All Systems
Customer Charge	\$400388.00
Delivery Charge-per Ccf	\$0.022570 0.02194
Demand Charge-per Ccf of Billing Demand	\$0.600000 0.58000
Optional Daily Balancing Service per Ccf of Daily Nominations-Option 1	\$0.01000
Optional Daily Balancing Service per Ccf of Daily Nominations-Option 2	\$0.02500
Daily Cash-out Charge	Sec. M
Monthly Cash-out Charge	Sec. M
Unauthorized Delivery Charge	Sec. O
Unauthorized Receipt Charge	Sec. O

4. Billing Demand: For purposes of determining the billing demand under this rate schedule, the billing months of November through March shall be considered winter months; all other billing months shall be considered summer months. The billing demand for any winter month shall be the maximum use in Ccf during any consecutive period of 24 hours in such month. The billing demand for any summer month shall be one-half of the maximum use in Ccf during any consecutive period of 24 hours in such month.

Company will normally compute the maximum use in Ccf during any consecutive period of 24 hours in any billing month as 1/20th of the number of Ccf used during such billing month, adjusted to a base monthly billing period of 30 days. For customers not consuming natural gas uniformly throughout the billing month, Company and Customer may agree to determine the maximum use in Ccf during any consecutive period of 24 hours during any billing month by use of metering when such capability is available.

The billing demand for any billing month shall not be less than the greatest billing demand for any of the preceding eleven months. If gas service was furnished during any of the preceding eleven months under any other rate schedule in effect, for the purpose of determining billing demand use under such other rate schedule shall be treated as if this Rate Schedule applied thereto.

5. L&U Adjustment: The Company's area-wide L&U Adjustment shall be made in kind to the amount of gas delivered to a Receipt Point prior to delivery to the Delivery Point. The Adjustment, as computed in the Company's annual PGA filing, will be applied on a volumetric basis to the quantity of natural gas delivered to Customer.

TRANSPORTATION SERVICE
 RATE SCHEDULE LVFRTLVT

J. LARGE VOLUME FLEXIBLE RATE INTERRUPTIBLE TRANSPORTATION SERVICE (LVFRTLVT)

1. Availability: The Company may, in its sole discretion, reduce its maximum charge for transportation service by any amount down to the minimum transportation charge for Customers who have demonstrated that they have feasible alternate energy sources (other than natural gas), a feasible alternate natural gas supplier, or would be a new Customer or retained Customer qualified as an economic development opportunity for the benefit of the Company and its core customers. Such reductions will only be permitted if, in Company's sole discretion, they are necessary to retain or expand services to an existing Customer, to re-establish service to a previous Customer or to attract new Customers and the Customer executes a written contract for Transportation Service.

The Company may reduce its maximum transportation charge on a case-by-case basis only after the Customer demonstrates to the Company's satisfaction that it meets one or more of the criteria required to receive service under the LVFRTLVT rate.

2. Metering: The Company requires all LVFRTLVT transportation customers to have installed and operating telemetry equipment and reimburse the Company for the actual cost incurred by Company to install telemetry equipment and for the actual cost of any other improvements made by Company in order to provide this service.

3. Contract: The Company and the Customer shall enter into a contract which specifies the services to be provided, the rates to be charged, the responsibilities of the parties and the term of the agreement. Company is authorized to charge the agreed upon rates and to provide service in accordance with the terms and conditions of the contract.

4. Monthly Charges:

K. SPECIAL CONTRACTS

1. Company may, in instances where it faces competition from alternate suppliers of natural gas, enter into special transportation rate contracts with industries or other large consumers on such terms and conditions as may be agreed upon by the parties and which, in Company's sole discretion, are deemed necessary to retain services to an existing customer or, to reestablish service to a previous customer or to acquire new customers. The rates agreed upon by Company and customer shall not exceed the maximum transportation charges nor be less than the minimum transportation charges otherwise applicable to customer. All such contracts shall be furnished to the Commission staff and the Office of Public Counsel and shall be subject to the Commission's jurisdiction.

2. Upon compliance with this tariff provision, Company is authorized to charge the rates so contracted and to otherwise provide service pursuant to the terms and conditions of the contract. The terms and conditions of any such contract shall not bind the Commission for ratemaking purposes and shall not apply to the recovery provisions contained in the Purchased Gas Adjustment Clause except as follows:

A. Pursuant to the review of contracts entered into with the following customers in Case No. GR-93-172, Company is allowed to waive Take-or-Pay and/or Transition Cost charges (as otherwise required by the PGA Clause) to the following Special Transportation Contract customers:

- The City of Marshall, Missouri
Pittsburg Corning

L. NOMINATIONS

1. Requirements: Customer(s), Marketer(s) and Aggregator(s) are required to provide daily nominations to the applicable Interstate Pipeline Company. The Company will only accept confirmed Nominations from the applicable Interstate Pipeline Company. Customer(s), Marketer(s) and Aggregator(s) must nominate at least 1 MMBtu on a daily basis. Customer may authorize a Marketer or Aggregator to act on its behalf through execution of an Agency Authorization Form.

M. BALANCING AND IMBALANCES-To Begin May 1, 2010

1. Balancing: Customer(s), Marketer(s) or Aggregator(s) shall have the obligation to balance on both a daily and monthly basis, gas receipts (transportation gas delivered to Company at the Receipt Point), with thermally equivalent gas deliveries (transportation gas delivered by Company to Customer(s) at the Delivery Point(s)). The difference between Receipts and Deliveries is considered an out-of-balance condition. The Customer is responsible for providing daily natural gas Receipts adjusted for L&U gas to the Company from the applicable Interstate Pipeline Company which accurately reflects the customer's expected consumption.

2. Daily Charge: This charge shall apply to those Customers using Telemetry. A daily charge shall apply to any Customer, Marketer or Aggregator's daily quantities by which the customer's out-of-balance condition exceeds the daily scheduling tolerance. Actual daily delivery quantities shall be used to determine the out-of-balance condition for customers with recording equipment or telemetry. Estimated daily delivery quantities shall be used to determine the out-of-balance condition for customers whenever such Telemetry equipment malfunctions. Estimated daily delivery quantities shall be determined based on available data including nominated quantities, meter readings, customer load characteristics, actual weather conditions, and any other information. This daily charge is accumulated and assessed monthly. This charge is in addition to the monthly cash out charge for Monthly Imbalances. This Daily Charge shall be determined on an Mcf basis as follows:

THE EMPIRE DISTRICT GAS COMPANY FOR: All Communities and Rural Areas Receiving
d/b/a Liberty Utilities or Liberty Natural Gas Service
JOPLIN, MO 64802 JOPLIN, MO 64802

**TRANSPORTATION SERVICE
 NATURAL GAS**

- A. 10% daily tolerance, unless tolerance band is expanded to 35% or 60% using optional balancing services, without charges, limited to non-OFO periods.
- B. Daily Imbalance calculated on an absolute basis without regard to netting positive or negative imbalances,
- C. Summation of daily volumes calculated on an absolute basis at the end of the month, and
- D. The sum of the total monthly daily imbalance will be charged \$1.25 per Mcf.

3. Monthly Cash-out Charges: The difference between monthly confirmed Nomination volumes and actual consumption, including L&U will be charged to and/or credited to the Customer (cashed out) using the indices shown below, plus pipeline fuel, pipeline capacity and commodity charges.

Imbalance Level	Receipts > Deliveries Due Customer	Deliveries > Receipts Due Company
Up to 5%	Spot x 100%	Spot x 100%
5% to 10%	Spot x 85%	Spot x 115%
10% but less than 15%	Spot x 70%	Spot x 130%
15% but less than 20%	Spot x 60%	Spot x 140%
20% or higher	Spot x 50%	Spot x 150%

The "spot" market prices on each of the pipelines shall be determined using the Natural Gas Week posting for Southern Star on the South, Panhandle Eastern on the North and ANR on the Northwest. When Receipts exceed Deliveries, the lowest posting in Natural Gas Week for the applicable month shall be used as the "spot" price. When Deliveries exceed Receipts, the highest posting in Natural Gas Week for the applicable month shall be used as the "spot" price.

4. Imbalance Information: Imbalance information will be posted on the Company's Transportation Customer website. Daily nomination and ~~b~~Btu information will be acquired by the Company from the applicable Interstate Pipelines' bulletin board(s) and subsequently posted on the Company's Transportation Customer website. The Company is not responsible for mistakes and misinformation provided by the Interstate Pipeline(s) and posted on the Company Transportation Customer website. The Company will modify the transportation information as it receives such information from the applicable Interstate Transportation Pipeline. The Company is not required to deliver volumes of gas in excess of receipts.

N. BILLING:

- 1. Order of Deliveries:** The order of gas delivery for purposes of billing calculations will be to:
 - A. Use Customer-owned gas, including correction of any imbalance conditions and,
 - B. Then use Company's gas based on applicable cash out provisions.
 - C. The Company will not allow netting of bills.
- 2. Billing Adjustments:** The Company will not provide new bills for any billing adjustments, but will make any necessary billing adjustments on subsequent bills.
- 3. Credit Balances:** The Company will not refund credit balances caused by positive imbalance charges.
- 4. Delinquent Payment Penalty:** A late payment charge in an amount equal to one-half percent (.5%) of the delinquent amount will be added to the bill if payment is not received on or before the net due date stated on the bill. The net due date shall be the twenty-first (21st) day after the date of billing.

O. OPERATIONAL FLOW ORDERS (OFO)

1. **Issuance:** Company will have the right to issue an Operational Flow Order that will require actions by the Customer to alleviate conditions that, in the sole judgment of the Company, jeopardize the operational integrity of Company's system required to maintain system reliability. Customer shall be responsible for complying with the directives set forth in the OFO. Any OFO, along with associated conditions and penalties, shall be limited, as practicable to address only the problem(s) giving rise to the need for the OFO.

Company may call an OFO by pipeline, delivery zone or town border station when:

- Company experiences failure of transmission, distribution or gas storage facilities;
- When transmission system pressures or other unusual conditions jeopardize the operation of Company's system;
- When Company's transportation, storage and supply resources are being used at or near their maximum rate deliverability;
- When any of Company's transporters or suppliers call the equivalent of an OFO or Critical Day;
- When Company is unable to fulfill its firm contractual obligations or otherwise when necessary to maintain the overall operational integrity of all or a portion of Company's system.

2. **Customer Compliance:** Upon issuance of an OFO, the Company will direct customer to comply with one of the following conditions:

A. ~~A~~-Unauthorized Deliveries: Customer, Aggregator or Marketer must take delivery of an amount of natural gas from the Company that is no more than the hourly or daily amount being received by the Company from the applicable Interstate Pipeline for the Customer's, Aggregator's or Marketer's account. All volumes delivered to the Customer, Aggregator or Marketer in excess of volumes received by the Company from the applicable Interstate Pipeline for the Customer's, Aggregator's or Marketer's account, that are in violation of the above condition, with the exception of a 5% daily tolerance, shall constitute an Unauthorized Overrun by Customer, Aggregator or Marketer on the Company's system. Customer, or, if Customer(s) has designated a Marketer(s) and/or Aggregator or(s) to act on its behalf, such Marketer or Aggregator shall be charged a penalty of \$25.00 per Mcf, plus the Gas Daily Index price for the applicable Interstate Pipeline for such Unauthorized Overruns during the duration of the OFO.

B. ~~B~~-Unauthorized Receipts: Customer, Aggregator or Marketer must take delivery of an amount of natural gas from the Company that is no less than the hourly or daily amount being received by the Company from the Connecting Interstate Pipeline Company for the Customer's account. All volumes delivered to the Customer, Aggregator or Marketer which are less than volumes received by the Company from the applicable Interstate Pipeline for the Customer's, Aggregator's or Marketer's account, that are in violation of the above condition, with the exception of a 5% daily tolerance, shall constitute an Unauthorized Delivery by Customer to Company. Customer or, if Customer(s) has designated a Marketer(s) and/or Aggregator(s) to act on its behalf, such Marketer or Aggregator shall be charged a penalty of \$25.00 per Mcf for such Unauthorized Deliveries to Company's system.

C. ~~C~~-Other: Any penalties charged due to unauthorized overruns or deliveries during an OFO will be in addition to any cash out charges described in Subsection L above.

D. ~~D~~-Interstate Pipeline Overrun Penalties: The Company may charge the Customer, or, if Customer(s) has designated a Marketer(s) and/or Aggregator or(s) to act on its

R. OTHER MISCELLANEOUS SERVICES

1. The following mandatory and optional services (Balancing Service) are available to Customers, who may choose the services that best serve their needs. Aggregators shall designate in writing on a form to be provided by Company which, if any, of the following services they desire. All charges for miscellaneous services are in addition to the monthly charges in the Company's transportation rate schedule.

- A. **SGST SVFT Balancing Service:** This service is mandatory for Customers under the SVFTS rate schedules that do not have Telemetry installed. The cost of the service is \$0.015 per Ccf transported on Company's system. Revenues collected from the provision of this service will be credited to the overall general system gas cost through Company' PGA mechanism. The monthly charge for this service is in addition to the monthly charges set forth in Company's transportation service rate schedules.
- B. **Optional Balancing Service:** Company shall offer two optional levels of daily balancing service to its transportation eCustomers or Marketers that have Telemetry installed. The option selected by the Customer shall be in effect for every day once selected by the Customer and shall remain in effect until Customer selects a different daily balancing service. Customers must make their election to take the optional balancing services by October 1 of each year for the immediately following period November through March (winter). Customers must make their election of services by March 1 of each year for the immediately following period April through October (summer). In the event that a Customer fails to make an election for the above optional balancing service, the Customer will be assigned the previously elected balancing service option. Notice of the election period shall be posted on Company's Telemetry Transportation website thirty (30) days prior to the election dates (October 1 and March 1). Once Customer selects an Optional Balancing Service, the selection cannot be changed until the next specified election date (March 1 or October 1). The Optional Balancing Services described herein shall not be available during periods that a Customer is subject to an OFO, and Customers subject to an OFO will not be charged for the Optional Balancing Service during such OFO periods. During the transition period April 1, 2010 to October 1 2010, the March 1st selection deadline for the summer season shall be waived and transportation customers qualifying for Optional Balancing Service shall be allowed to select one of the optional services at the beginning of any billing month. The Optional Balancing Service selected by the Customer shall remain in effect until Customer selects a different daily balancing service at the next specified election date.
The Optional Balancing Service options are:
 - a. This service enables a Customer or Marketer with Telemetry installed to expand its Daily Imbalance tolerance level from ten (10) percent to thirty-five (35) percent. The cost of the service to the Customer selecting this option is \$0.10 per Mcf (\$0.01 per Ccf) of daily gas nominated on the system. Revenues collected from the provision of this service will be credited to the overall general system gas cost through Company' PGA mechanism. The monthly charge for this service is in addition to the monthly charges set forth in Company's transportation service rate schedules.
 - b. This service enables a Customer or Marketer with Telemetry installed to expand its Daily Imbalance tolerance level from ten (10) percent to sixty (60) percent. The cost of the service to the Customer selecting this option is \$0.25 per Mcf (\$0.025 per Ccf) of daily gas nominated on the system. Revenues collected from the provision of this service will be credited to the overall general system gas cost through Company' PGA mechanism. The monthly charge for this service is in addition to the monthly charges set forth in Company's transportation service rate schedules.

C. Aggregation Pooling Service: A Customer, Marketer or Aggregator may initiate a combination of a group of LVTS-LV Customers situated behind multiple town border stations (TBS) and served by a common Interstate Pipeline with the same balancing provisions, the same transportation rate schedule and the same Interstate Pipeline operational zone. If a Marketer purchases this Aggregation Service, Upon written approval of the Company, the Aggregated Group will be considered as one Customer for purposes of calculating the daily balancing charge and monthly imbalances, i.e., individual Customer nominations and consumption will be summed and treated as if they were one Customer. This does not include aggregation of fixed costs or customer charges. The cost of this aggregation service is \$0.004 per Ccf of gas delivered to the aggregated group. Revenues received from this service shall be credited to the Company's PGA mechanism. During OFO days, nominating and balancing will be required by the affected receipt and delivery points.

IV. REFUND FACTORS

~~The Company shall maintain a Refund account until the month ended August 31, 2007. The treatment of any refund balance remaining at that time is described in Section II, Part F of the Company's tariffs (sheet 56).~~

~~A separate refund factor shall be computed for each of the Company's systems, and for each PGA rate classification. Any refunds the Company received in connection with natural gas services purchased, together with interest included in such refunds, will be refunded to the Company's applicable customers, unless otherwise ordered by the Commission. Such refunds shall be credited to the ACA account in the month received and shall receive interest as part of the overall ACA interest calculation. The updated refund factor will be based on projected volumes for the period from the implementation date to November 1.~~

~~The refund factors shall be calculated in accordance with the following:~~

- A. Firm Customers:
~~The portion of the refund allocated to the Firm customers and received from the applicable wholesale supplier, including interest paid by the supplier, shall be divided by the estimated number of Ccfs to be sold in the succeeding twelve (12) months to Company's regular firm sales customers. The resulting per Ccf factor, rounded to the nearest \$.00001 per Ccf, shall be applied as a credit to each firm sales customer's bill over the succeeding twelve (12)~~

Formatted: Border: Bottom: (No border)

Formatted Table

months by multiplying such unit refund credit by the total Ccfs billed to each customer in each billing period.

The length of the refund period shall generally be twelve (12) months, with any over/under payment rolling into the next PGA Filing. Company shall add interest to the balance of refunds received from its suppliers remaining to be distributed to its firm customers. The interest shall be calculated at six (6) percent simple interest compounded annually. For each twelve (12) month refund distribution period, an estimate of the interest to be so added by Company shall be included in determining the per Ccf refund rate to be applied to bills pursuant to the above paragraphs.

B. Interruptible Customers:

The portion of the refund allocated to interruptible sales customers and received from the wholesale supplier, including interest paid by the supplier, shall be included in the next scheduled or unscheduled PGA filing. Where the amount allocated to interruptible customers includes supplier refunds resulting from more than one proceeding, a single refund period may be selected for the computation of the refund amounts due interruptible customers, whereby this period would most nearly correspond to the period of the proceeding during which the greater portion of the refund was generated. The amount to be refunded to each interruptible customer shall be computed by dividing

~~the respective Ccf sales for each interruptible customer during the refund period by the total interruptible Ccf sales during the same refund period, and then multiplying by the amount allocated to the interruptible class. The amount so computed shall be refunded by a single payment to each customer within 30 days after the approval of the Annual PGA filing.~~

~~C. Transportation Customers:~~

~~Where Company receives refunds of TOP or TC amounts from its pipeline supplier(s) or transporter(s) it shall allocate the applicable portion of the total refund to transportation customers. Such refunds are the only refunds available to transportation customers. The refunding shall be accomplished in the same manner as TOP and TC refunding for interruptible customers. Company may deduct the amount of any delinquent bill or bad debt before making payment to Firm, Interruptible or Transportation customers.~~

~~Refund balances (debit or credit) shall be retained until such time as subsequent refunds are received from Company's supplier(s) and such balances shall be added to or deducted from such new refund before distribution to customers.~~

~~Company shall file Refund factor adjustments in the Annual Filing. Company shall also file a reconciliation of its refund account at the same time as its annual ACA filing.~~

THE EMPIRE DISTRICT GAS COMPANY
d/b/a Liberty Utilities or Liberty
JOPLIN, MO 64802

FOR: RS and SGS Schedules

WEATHER NORMALIZATION ADJUSTMENT RIDER

APPLICABILITY

The Weather Normalization Adjustment ("WNA") Rider is applicable to each ccf of gas delivered under the terms of the residential and small commercial rate schedules of Liberty Utilities (Empire Gas Distribution) Corp's d/b/a Liberty Utilities ("Liberty") until such time as it may be discontinued or modified by order of the Commission in a general rate case. The North-South and Northwest regions will have the same rider rates that will be applied as a separate line item on a customer's bill.

CALCULATION OF ADJUSTMENT

The WNA Factor will be calculated for each billing cycle and billing month as follows:

WNA_i = sum_{j=1}^{18} ((NDD_ij - ADD_ij) * C_ij) * beta

Where:

- i= the applicable billing cycle month
WNA_i = Weather Normalization Adjustment
j = the billing cycle
NDD_ij = the total normal heating degree days based upon the daily normal weather as determined in the most recent rate case.
ADD_ij = the total actual heating degree days, base 65° at the applicable weather station: Kansas City International Airport for the North-South region and Conception Missouri for the Northwest region.
C_ij = the total number of customer charges charged in billing cycle j and billing month i
B = the applicable coefficient: 0.1234365 for the residential class, 0.2793279 for the small general sales class

- 1. Monthly WNA_i = WNA_i x Weighted Volumetric Rate ("WRVR")_i
2. For the residential rate class, the WRVR in the North-South and Northwest regions shall be equal to the Residential Distribution Commodity rate established at the conclusion of each general rate case. For Case No. GR 2021-0320, the amount is \$x.xxxxx.

For the small commercial rate class, the WRVR in the North-South and Northwest regions shall be equal to the Small Commercial Distribution Commodity rate established at the conclusion of each general rate case. For Case No. GR 2021-0320, the amount is \$x.xxxxx.

WEATHER NORMALIZATION ADJUSTMENT RIDER (Cont'd)

3. The Current Annual WNA amount (“CAWNA”) shall be the sum of the twelve Monthly WNA_i for the revenue months in the applicable twelve-month period divided by the annual volumetric billing determinates set for the residential rate class or the Small General Service Class (whichever is applicable) in the most recent rate case.
4. Annual Reconciliation Rate (“ARR”): Three (3) months prior to the end of the twelve (12) months of billing of each CAWNA, the over- or under-billing of the numerator of the CAWNA shall be calculated based on nine (9) months actual sales and three (3) months projected sales. Three (3) months prior to the end of the twelve (12) months of billing of each ARR, the over- or under-billing of the ARR shall be calculated based on nine (9) months actual sales and three (3) months projected sales. The three (3) months projected sales associated with each CAWNA and ARR shall be trued-up with actuals upon calculation of the next applicable ARR. The amount of over or under billing shall be adjusted as ordered by the Commission, if applicable. The resulting amount shall be divided by the annual volumetric billing determinates set for the corresponding rate class in the most recent rate case.
5. The Company shall make a WNAR filing each calendar year to be effective for the November billing month at least sixty (60) days prior to the effective date. The first WNAR adjustment year will be for the time period from September 1, 2022 or the effective date of rates in this case through August 1, 2023. Each CAWNA and ARR will remain in effect for twelve (12) months. The total WNA Rider rate shall be the sum of all effective CAWNAs and ARRs.
6. There shall be a limit of \$0.05 per ccf on upward adjustments for the WNA and no limit on downward adjustment. Any WNA adjustment amounts in excess of \$0.05 per ccf will be deferred for recovery from customers in the next WNA adjustment and applicable to part a. below.
 - a. Each month, monthly interest at the Company's monthly short-term borrowing rate shall be applied to the Company's average beginning and ending monthly WNA balances. Corresponding interest income and expense amounts shall be recorded on a net cumulative basis for the WNA deferral period.

JOPLIN, MO 64802 JOPLIN, MO 64802

RULES AND REGULATIONS
GAS

3.05 Tapping of Company's Mains

No person other than a duly authorized representative of Company shall be authorized to tap or connect a service pipe to Company's gas supply mains

3.06 Location and Route of Company's Facilities

When extending gas service to customers, the route and location of Company facilities, including mains and services, shall be determined at the sole discretion of Company whether the extensions are being made at no cost to the customer or under an arrangement requiring a customer advance or contribution. The location and route of facilities installed shall be in conformance with good practice for the overall gas distribution system taking all factors into consideration including safety, present and estimated future capacity requirements, and overall installation costs.

3.07 Limitations of Gas Supply

PURPOSE: The purpose of this Rule is to establish the priority of service during periods of supply deficiencies.

CURTAILMENT: During periods of curtailment or limitation of gas supply by its suppliers, Company will curtail or limit gas service to its customers (or conversely, allocate its available supply of gas) as provided in this Rule. Curtailment may be initiated due to a supply deficiency, or due to weather or other operating conditions, or a combination thereof.

PRIORITY OF SERVICE: Company will make every reasonable attempt to maintain continuous gas service to customers. The following priorities will be followed when operational and supply conditions require service interruptions with highest priorities listed first:

1. ~~General Service (residential)~~ Residential Service and ~~small-commercial~~ Small General Service
2. Small volume firm
3. ~~2.~~ Large volume firm Large General Service
4. ~~Small volume interruptible~~
5. ~~3.~~ Large volume interruptible

For the purpose of this Section, the definition of terms describing priority categories shall be those set forth by the Federal Power Commission in Order Nos. 493 and 493-A, Docket No. R-474 and in Opinion No. 805 in Docket No. RP75-62 as modified by the Federal Energy Regulatory Commission's Order No. 29 except that the definitions of "essential agricultural requirements" and "essential industrial process and feedstock requirements" shall be those specified from time to time by the responsible federal agencies under the Natural Gas Policy Act of 1978.

6.09 Late Payment Charge

- A. For Residential Customers, Company may add a sum equal to a simple one-half percent (~~0.2550~~) per month of the original net amount due on any unpaid bill for gas service excluding deposit arrears, amounts agreed to be paid pursuant to a deferred payment agreement, and circumstances where restricted by law or regulation.
- B. For all other rate classes, Company may add a sum equal to one-half percent (0.5025%) per month of the original net amount due on any unpaid bill for gas service excluding deposit arrears, amounts agreed to be paid pursuant to a deferred payment agreement, and circumstances where restricted by law or regulation.
- C. An unpaid bill shall be any billing amount that remains owing to Company and not in dispute after the delinquent date stated on the bill.
- D. Failure to pay the late payment charge may be grounds for discontinuance of service in accordance with Section 2.05.

RULES AND REGULATIONS GAS

9.07 Experimental Low Income Affordability Program ("ELIPLIAP")

APPLICATION

This Experimental Low Income Affordability Program ("ELIPLIAP") Formerly known as the Experimental Low Income Program ("ELIP") is available for service billed under Schedule RS, Residential Service, to qualified natural gas space heating customers. The ELIP-LIAP will provide participants with a fixed credit on their monthly bill ("ELIP-LIAP Credit"). Customers participating in the ELIP-LIAP program shall receive the credit during the months of November through March. The ELIP program was approved by the Missouri Public Service Commission in Case No. GR-2004-0072 and revised by the Missouri Public Service Commission in Case No. GR-2009-0434.

DEFINITIONS

Qualified Eligible Customer - An Empire customer receiving service under Schedule RS whose annual income is verified, by Missouri Valley Community Action Agency ("MVCAA"), through a Community Action Agency ("CAA") serving their area of residence as no greater than 425-135 percent of the Federal Poverty Level, as established by the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902 (2). Customers must also and review and agree to implement cost-free, self-help energy conservation measures identified by the CAA. The CAA may use household registration from other assistance programs to determine eligibility for the Program. The Company will also encourage the CAA to identify eligible participants who, because of their payment history or other factors, have a greater opportunity to succeed in the Program. No customer with an arrearage that includes a theft of service charge shall be eligible to participate in the Program. To remain eligible for the Program, a customer must remain current with all Company bills within two (2) billing cycles. Customers that default on payments to the Company for two (2) consecutive months will be removed from the Program and not be permitted to participate in the Program for twelve (12) months, except that a CAA may request that a defaulted customer experiencing a short-term, unanticipated financial hardship be re-enrolled in the Program on a one-time basis. Empire requests that the CAA encourage, if not require, applicants to also apply for the Low-Income Weatherization Program.

Applicant - A qualified customer who submits an ELIP LIAP application form for the ELIP-LIAP credit, or is identified by the CAA as eligible, through the customer's application for other channels of utility assistance.

Participant - An applicant who agrees to the terms of the ELIP-LIAP and is designated as a qualified customer by MVCAA the CAA.

Program Funding - Annual funding for the Experimental Low Income ELIP Program is was based on the Unanimous Stipulation and Agreement in Case No. GR-2004-0072. A total of \$25,000 50,000, which shall not be increased or decreased prior to the effective date of rates in the Company's next general rate case proceeding, will be will be funded by Company for the experimental rate discounts. The LIAP rate discounts will consist of two tiers of credits for Company's residential gas customers in the areas served by MVCAA the CAA with incomes in the range of 0% to 425135% of the Federal Poverty Level. Compensation to the CAA for these duties will be negotiated between the Company, Staff, Public Counsel and the CAA, but shall be no greater than 10% of Program Funds. Upon termination of the Program, any unspent amounts shall be used to fund low-income weatherization or energy efficiency programs for the Company's customers, Missouri's 18 Community Action Agencies ("CAAs"), affiliated with the Missouri Community Action Network, which serves an area containing Empire customers.

9.07 Experimental Low Income Affordability Program ("ELIPLIAP") (Continued)

MISAPPLICATION OF THE ELIPLIAP CREDIT:

Providing incorrect or misleading information to obtain the ELIPLIAP credit shall constitute a misapplication of the ELIPLIAP credit. If this occurs, the Company may discontinue the ELIPLIAP credit and re-bill the account for the amount of all ELIPLIAP credits received by the participant. These funds shall be returned to the program for use by future participants. Failure to reimburse the Company for the misapplication of the ELIPLIAP credits may result in termination of customer's gas service pursuant to the Company's rules and regulations. However, nothing in this tariff shall be interpreted as limiting the Company's rights under any provisions of any applicable law or tariff.

OTHER CONDITIONS:

The ELIPLIAP program has been designed so that the Company neither profits from nor incurs losses as a result of offering this program. The Company will notify MVCAA the CAA of participants that become disqualified from the program. MVCAA The CAA will notify the Company of applicant qualification to the program by the 15th day of each month during the months of November through March. If a participant leaves the program, he/she must reapply for qualification through MVCAA the ACAA, and MVCAA the CAA must notify the Company before credits will be issued to such participants. If a program participant moves to another premise in Sedalia, he/she will be considered disqualified from the program until MVCAA the CAA designates such customer as a qualified participant.

The Company will track the use of the program funds. If the \$25,000 in program funding is expended in any calendar year for subsidy credits or program administration, Company will not be obligated to provide additional program funding. The costs of administering the program, including those costs charged by the MVCAA, up to 3% of the annual funding, shall be paid from the program funds.

Participation may be limited so that the projected expenditures of the program should equal the projected revenue from the program funds. The program will not be limited to fewer than 50 participants in Group A and 50 participants in Group B. ELIPLIAP credits will not be prorated between monthly bills.

The Company will gather and maintain individual participant data on usage, arrears, payments and other relevant factors to be used in the evaluation of this program, and will provide such data to the Missouri PSC Staff and Office of Public Counsel in May of each year or in response to data requests in the Company's next rate or complaint case. Any data collected by MVCAA the CAA on participant household characteristics, such as equipment saturations or efficiencies, occupancy, energy use patterns, and adoption of energy savings actions will be shared with the Company for internal evaluation purposes.

The Company shall make non-confidential data, as well as any and all internal and external program evaluations that are conducted, available to Missouri PSC Staff and Office of Public Counsel upon request.

Pursuant to a Stipulation and Agreement in Case No. GR 2004-0072, this program may be evaluated in the Company's next rate or complaint case.

9.10 ENERGY STAR® Water Heater Program
~~9.10~~ High-Efficiency Appliance Rebate program

APPLICATION:

The ENERGY STAR® Water Heater Program ("Program") High-Efficiency Appliance Rebate Program is designed to assist customers reduce their natural gas use for space heating and water heating by providing incentives for high efficiency systems/appliances. Incentives will cover a portion of the incremental cost of the high efficiency ENERGY STAR-qualified system/equipment. This Program was approved by the Missouri Public Service Commission in Case No. GR-2009-0434.

DEFINITIONS:

Administrator: The program will be administered by the Empire District Gas Co. ("Empire" or "Company").

Participant: An existing customer with an active account who is being served under any Residential or Small Commercial rate class, which includes builders, developers, and residential property owners, including landlords, who purchase and install a qualifying ENERGY STAR natural gas water heater/piece of equipment, as detailed below. This program is not available to inactive and final bill accounts.

Energy Efficiency Advisory Group ("EEAG"): A group comprised of Empire and various regulatory stakeholders, including but not limited to, Missouri Public Service Commission Staff, Office of Public Counsel, Division of Energy, and other customer and environmental advocates.

TERMS & CONDITIONS:

- The program will offer incentives toward the purchase of ENERGY STAR natural gas water heaters/qualifying equipment to eligible customers.
- Eligible customers are existing customers with active accounts who are served under any Residential or Small Commercial rate class who purchase and install a qualifying ENERGY STAR natural gas water heater/qualifying equipment within Empire's service territory. This includes builders, developers, and residential property owners.
- Customers will be eligible for the following rebates for verifiable purchase of the following qualified equipment:

<u>Natural Gas Air Furnace</u>		
<u>Efficiency Level</u>	<u>BTU Input</u>	<u>Rebate</u>
<u>92%</u>	<u>30,000</u>	<u>\$200.00</u>

9.11 ENERGY STAR® Space Heating Program

APPLICATION:

The ENERGY STAR® Space Heating Program ("Program") is designed to assist customers reduce their natural gas use for space heating by providing incentives for high efficiency systems. Incentives will cover a portion of the incremental cost of the high efficiency, ENERGY STAR qualified system. This Program was approved by the Missouri Public Service Commission in Case No. GR-2009-0434.

DEFINITIONS:

Administrator: The program will be administered by Empire District Gas Company ("Empire" or "Company").

Participant: An existing customer with an active account who is being served under any Residential or Small Commercial rate class, which includes builders, developers, and residential and commercial property owners who purchase and install a qualifying ENERGY STAR natural gas space heating system within Empire's service territory. This program is not available to inactive and final bill accounts.

TERMS & CONDITIONS:

- The program will offer incentives toward the purchase of ENERGY STAR natural gas space heating systems to eligible customers.
- Eligible customers are existing customers with active accounts who are served under any Residential or Small Commercial rate class who purchase and install a qualifying ENERGY STAR natural gas space heating system within Empire's service territory. This includes builders, developers, and residential and commercial property owners.
- Customers will be eligible for the following rebates:
 - \$200 for an ENERGY STAR rated natural gas furnace;
 - \$200 for an ENERGY STAR rated natural gas boiler;
 - \$200 for an ENERGY STAR rated natural gas combined heating/water heating system;
 - \$25 for a programmable thermostat if purchased in conjunction with a qualifying space heating system.
- This Program will continue for three (3) years from the effective date of this tariff, unless otherwise ordered by the Commission.

EVALUATION:

An evaluation, consisting of an impact and a process evaluation, of the program will be conducted every third program year, provided there are enough participants for a statistically valid sample.

PROGRAM FUNDING:

The annual budget for this Program is \$51,750.

Program funds are available on a first-come, first-serve basis for each program year.

9.11 EDG Energy Education program

Formatted: Default Paragraph Font, Font: (Default) Arial, 11 pt, Font color: Auto

APPLICATION:

The Company will work with a vendor to share an energy and sustainability-based curriculum, as well as energy saving materials, with school-aged children in its service territory. These may also include Energy Educators Workshops. These workshops aim to continue empowering educators in Liberty service territories to create greener, healthier schools and incorporate the best practices of sustainability; sustainability, particularly in the field of energy efficiency and conservation. The teachers are equipped with a series of low- or no-cost lesson plans that pair conventional teaching tools and methods with hands-on activities that encourage a wide range of students to think critically about

Formatted: Font: 10 pt

the various processes and systems used to produce, deliver, and optimize energy usage, and the potential impacts of these processes and systems on the Earth's environment.

Formatted: Font: 10 pt

DEFINITIONS:

Vendor: A third party whose services may include both in-person and virtual workshops for educators and/or students, as well as kits of educational materials and curriculum, and direct install energy efficiency measures.

Participant: A public or private school in EDG's service territory. EDG will endeavor to distribute participant schools evenly amongst its service territory, and place educator workshops strategically amongst its service territory in order to minimize travel distances.

PROGRAM FUNDING:

The annual budget for this Program is \$35,000.

9.12 Energize EDG Homes program Home Performance with STAR Program Program Program

PURPOSE:

The Energize EDG Homes program is intended to promote energy efficiency for existing residential customers by offering free direct installation of low-cost energy conservation measures and financial incentives for energy audits and the installation of low-cost energy-efficiency measures that improve home energy performance.

Program incentives are structures using a performance model. Participants are eligible to receive rebates covering 100 percent of the cost of an energy audit, up to \$500, as well as additional incentives to offset the cost of eligible building shell upgrades and equipment, if modeled energy savings resulting from the installed upgrades meet the program's energy savings resulting from the installed upgrades meet the program's energy savings performance levels.

AVAILABILITY:

This program will be available to residential owner-occupants of existing single-family homes located in Missouri who purchase natural gas directly from EDG, in accordance with established program guidelines and with the parameters set forth below. Participants may not receive incentives under both the Energize EDG Homes Program and the High-efficiency Appliance Rebate.

Customer Eligibility Parameters

- Fuel – Gas customer
Building Type – Residential, single-family (<5 units) homes
Building vintage – Existing structure
Building ownership – homeowner
Customer status – Home is primary residence
Rate schedule – Residential firm service rate

Applicants must own the entire building and occupy at least dwelling in the building. Mobile homes do not qualify.

QUALIFYING MEASURES AND INCENTIVE AMOUNTS:

This program will promote building envelope upgrades and other natural gas energy-efficiency measures that best meet customers' individual needs and objectives, providing heir project work scope and modeled energy savings meet program eligibility requirements. Whenever possible, energy auditors will directly install natural gas saving measures in the customer's residence at the time of the audit. Where they are recommended, customers will be required to install building envelope upgrades as a first step before investing in larger equipment measures. Typical measures include:

- Direct Installation measures: low-flow showerheads, faucet aerators, hot water heater blankets, and programmable thermostats
Insulation: attic, wall, foundation, crawl space, ducts
Infiltration reduction/air sealing
High-efficiency heating equipment
High-efficiency water heating equipment
ENERGY STAR Windows

APPLICATION:

~~The Home Performance with ENERGY STAR® Program ("HPwES") is designed to encourage and facilitate whole-house energy improvements to existing housing. Empire District Gas Company ("Empire" or "Company") will provide incentives to cover a portion of the cost of the required energy audit and for a portion of the total cost of installed insulation. This Program was approved by the Missouri Public Service Commission in Case No. GR-2009-0434.~~

DEFINITIONS:

~~Administrator: The Program will be administered by the Company.~~

~~Assessment: An initial energy evaluation of the home conducted by an energy auditor approved by the national Home Performance with ENERGY STAR Program.~~

~~Consultant: Third party companies certified to perform the HPwES Assessment and provide a scope of work to the Customer detailing the recommended improvements.~~

~~Contractor: Third party companies certified to perform the HPwES Assessment, provide a scope of work to the Customer detailing the recommended improvements, and complete the implementation of the specified improvements.~~

~~HPwES: A national program from the U.S. Environmental Protection Agency ("EPA") and U.S. Department of Energy ("DOE") which offers a comprehensive, whole-house approach to improving energy efficiency and comfort at home, while helping to protect the environment. The Company is implementing the national program locally under the sponsorship of the Missouri Department of Natural Resources ("MDNR"). Additional information may be found at www.energystar.gov under Home Performance with ENERGY STAR.~~

~~Participant: An existing homeowner with an active account with the Company who is being served under any Residential rate class and who has an Assessment performed on the home and installs at least one of the insulation measures identified. This program is not available to inactive and final bill accounts.~~

TERMS & CONDITIONS:

- ~~1. The program will offer incentives toward the cost of the Assessment and the installation of insulation to eligible customers.~~
- ~~2. Eligible customers are existing homeowners with active accounts who are served under any Residential rate classes who have an Assessment performed on the home and install at least one of the insulation measures identified.~~
- ~~3. Customers will be eligible for the following rebates:

 - ~~a. \$25 toward the cost of the Assessment;~~
 - ~~b. 50% of the total cost of insulation added as a result of the Assessment with a maximum rebate per customer of \$400.~~
 - ~~c. Participants are also eligible to receive rebates under other applicable Empire ENERGY STAR programs.~~~~
- ~~4. This HPwES program will continue for three (3) years from the effective date of this tariff, unless otherwise ordered by the Commission.~~

9.13 Large Commercial Natural Gas Audit and Rebate Program

Formatted: Centered

APPLICATION:

The Large Commercial Natural Gas Audit and Rebate ("Program") is a direct impact program for large commercial customers in the retrofit and new construction markets. Both prescriptive and custom rebates will be offered for the installation of natural gas energy efficiency improvements as well as reimbursement for the cost of an energy audit that was performed in support of any measure receiving a rebate. This Program was approved by the Missouri Public Service Commission in Case No. GR-2009-0434.

DEFINITIONS:

Administrator: The program will be administered by Empire District Gas Company ("Empire" or "Company").

Participant: Any new or existing customer with an active account who is being served under any Large Commercial rate class and that elects to purchase energy auditing services and/or natural gas energy efficiency upgrades through the Program. This program is not available to inactive and final bill accounts.

Energy Audit Firm: Any vendor which provides commercial energy auditing services that has agreed to perform these services through the Program. The auditor must be a Certified Energy Manager, licensed Professional Engineer, or have equivalent experience.

Energy Audit Rebate: Rebate offered of up to 50% of the cost of the audit to customers implementing at least one of the audit recommendations that qualify for a rebate. The energy audit rebate offered will be up to 50% of the audit cost up to \$275 per building under 25,000 square feet and up to \$375 per building over 25,000 square feet. Customers with multiple buildings will be limited to three (3) buildings per year for audit rebates.

TERMS & CONDITIONS:

This Program will provide rebates to Participants that install, replace or retrofit qualifying natural gas savings measures including heating systems, boilers, commercial food service products, etc. Rebates are also available for energy audits. Terms of the rebate are:

1. ~~Prescriptive Rebates for ENERGY STAR® air forced furnaces, associated setback thermostat, certain commercial food service products, hot water space heating boilers, steam space heating boilers, gas-fired boiler tune-ups, vent dampers, and steam traps are available to Participants. A listing of the Prescriptive Rebates may be found on the Company's website, www.empiredistrict.com. If a measure is eligible for a Prescriptive Rebate, it is not eligible for a Custom Rebate. A customer may apply for the Prescriptive Rebate by accessing the application on the Company's website and forwarding said application to the designated location.~~
2. ~~Custom Rebates will be individually determined and analyzed to ensure that the proposed measure passes the Societal Benefit/Cost Test at a test result of 1.0 or higher. Once it is determined that the proposed measure passes the above test, the rebate will be calculated as the lesser of (1) a buydown to a two-year payback or (2) \$5.50 per MCF saved during the first year. Customers may access the Custom Rebate application on the Company's website, www.empiredistrict.com.~~
3. ~~A customer may submit multiple rebate applications for different measures. Each individual measure will be evaluated on its own merits. Similar measures that are proposed in different facilities or buildings will be evaluated separately.~~

- ~~4. Empire will offer Audit Rebates to Participants to cover up to fifty percent (50%) of the cost of the audit. To receive this rebate, the Participant must implement at least one of the audit recommendations that qualify for a rebate. The energy audit rebate will be set at 50% of the audit cost up to \$275 for customers with facilities less than 25,000 square feet and up to \$375 for customers with facilities over 25,000 square feet. Energy audits must be performed by a certified (CEM, licensed PE, or equivalent) commercial energy auditor. The audit reports must cover multiple aspects of energy use, including HVAC System Controls, HVAC System Efficiency and Operation, Building Envelope, and Commercial Cooking (where applicable). Customers with multiple buildings will be limited to three audit rebates.~~
- ~~5. The maximum amount per customer, including those with multiple facilities, is \$3,000 in incentives for any program year.~~
- ~~6. This Program will continue for three (3) years from the effective date of this tariff, unless otherwise ordered by the Commission.~~

~~9.14 — Building Operator Certification Program~~

~~APPLICATION:~~

~~This program is designed to encourage building operator certification through the Northwest Energy Efficiency Council's Building Operator Certification ("BOC" or "Program") curriculum. This curriculum consists of Level 1 and Level 2 programs which are geared toward the operators of institutional, commercial, and industrial facilities. The Empire District Gas Company ("Empire" or "Company") will, in collaboration with area electric utilities, the Missouri Department of Natural Resources ("MDNR"), and the Midwest Energy Efficiency Alliance ("MEEA"), offer this program to Company's commercial and industrial customers. This Program was approved by the Missouri Public Service Commission in Case No. GR-2009-0434.~~

~~DEFINITIONS:~~

~~Administrator: The program will be administered by the MDNR.~~

~~Participant: Any existing customer with an active account who is being served under any commercial or industrial rate schedule. The individuals participating can be management or individuals responsible for the day-to-day operations of the participating customer's facility. This program is not available to inactive or final bill accounts.~~

~~TERMS & CONDITIONS:~~

~~The BOC Program is designed to provide training classes leading to the opportunity for building operator certification.~~

~~Company will reimburse MDNR or host utility for certain expenses associated with the certification classes and process.~~

~~Tuition costs associated with the Program will be reimbursed by Company in the amount of fifty percent (50%) of registration cost per certification level and will be paid to the sponsor or individual paying the tuition after certification has been obtained. Qualified Building Operators will receive the reimbursement when a completed reimbursement request is submitted to Company and certification has been obtained. The reimbursement request is available by contacting the Company's Planning and Regulatory Department.~~

~~AVAILABILITY:~~

~~The certification courses funded by this Program will be available through MDNR for any Building Operator or manager responsible for the operations of at least one Missouri commercial or industrial facility receiving gas service from Company. This facility must be receiving service from Company under either a sales or transportation rate schedule.~~

~~EVALUATION:~~

~~A survey evaluation of the Program will be conducted every third program year.~~
