

**GENERAL RULES AND REGULATIONS**

Operator Services (Cont'd)

Missouri Public Service Commission (N)

Intrastate IntraLATA Operator Service (Cont'd)

REC'D OCT - 5 1999

B. Terms and Conditions (Cont'd)

1. (Cont'd)

- h. Upon request, Company will transfer calls to other authorized interexchange Companies if billing can list the caller's actual origination point.
- i. Company will refuse operator services to traffic aggregators, which block access to other Companies.
- j. Company will assure that traffic aggregators will post and display information including: (1) that Company is the operator service provider; (2) detailed complaint procedures; and (3) instructions informing the caller on procedures to reach other authorized interexchange Companies.

- 2. Intrastate IntraLata 0- toll rates are based on per minute of use without regard to time of day, day of the week or distance.

C. Rates and Charges

1. Surcharges:	<u>Fully Automated</u>	<u>Semi-Automated</u>	<u>Non-Automated</u>
a. Station Sent Paid	N/A	\$ 1.25	\$ 3.30
b. Station Calling Card	\$ 0.50	\$ 0.50	\$ 0.50
c. Station Collect	\$ 1.25	\$ 1.25	\$ 1.25
d. Station Billed to Third Party	\$ 1.25	\$ 1.25	\$ 1.25
e. Person to Person	N/A	\$ 1.25	\$ 5.50

2. Intrastate IntraLata 0- Toll Rates:

- a. Initial rate, per minute \$ 0.50
- b. Additional rate, per minute \$ 0.50

Part II

General Exchange Tariff

Private Branch Exchange Service \*

I. General Regulations

- A. Schedules of monthly rates quoted herein apply only in connection with standard systems and equipment owned by the telephone Company.
- B. All operating at customers' premises is performed at the expense of the customer, and must conform to whatever rules and regulations the Company may consider necessary to maintain a proper standard of service.
- C. The rate for one party line business service with desk equipment, as quoted in the Local Exchange Tariffs, is used in calculating the private branch exchange trunk rate.
- D. For mileage charges on extension lines extending outside the same building or beyond the premises, and excess mileage charges for circuits extending beyond the base rate area, see "Off Premise" rate of this tariff.
- E. Service may be terminated prior to the expiration of the initial contract period upon notice in writing being given to the telephone company a reasonable period in advance and upon payment of all charges for the period service has been rendered and upon payment of the termination charges given below.

Speculative projects for which provision is not otherwise made in this Tariff may be provided where practicable if not detrimental to any of the services furnished by the Company.

A. The charge for such facilities may be in the form of an installation charge, a monthly charge, a termination charge or any combination thereof and will include, when applicable, one or more of the following estimated expense items associated with the special equipment or service provided:

1. Maintenance expense
2. Depreciation expense--including reusable and non-recoverable items
3. Administration expense
4. Taxes--including federal income tax
5. Any other specific items of expense that may be associated with the facility provided
6. A reasonable return on investment

B. The estimated installation cost used in the derivation of the various expense items shall include the following:

1. Material
2. Material Overhead
3. Installation labor
4. Installation labor overhead

C. 1. A twenty percent (20%) discount from rates for Speculative Projects may be allowed in connection with services provided within the Company's certified area and furnished through the Missouri School Discount Program as enacted by the Missouri State Legislature.

2. This discount will be subject to the conditions set forth in paragraphs 3, 5, 6, and 7 of the Missouri School Discount Program beginning on Sheet No. 1.1 of this General Exchange Service Tariff.

When any of the above are used in a business add \$3.75 to the monthly rental stated for Main Stations or 50¢ to the monthly rental for Extension phones.

KEY SYSTEMS

Installation charges for Key Systems or PABX units except as quoted elsewhere shall be developed on the basis of cost. (base: \$6.00/man-hour). They shall be in addition to regular Service Connection Charges and any special construction costs.

1. Key System consists of a basic prewired mounting package designated as a Key Service Unit. It provides means for signalling a subscriber station associated with a Central Office or Private Branch Exchange, for holding that line and for indicating by means of a visual signal whenever the line is being called, held or is busy. It provides for originating and holding out calls, also, a common talking-dial selective signalling inter-communicating system. A Key System shall be provided with a minimum of four (4) stations.

**ACCESS SERVICES TARIFF CONCURRENCE**

Access Services

Access services are those services which are described in the Access Services Tariff of Mark Twain Rural Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules and regulations specified in the Access Services Tariff of Mark Twain Rural Telephone Company and approved by the Missouri Public Service Commission, and in any amendments thereto and authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for access services of Mark Twain Rural Telephone Company. Rates for these services are set out in the following pages of this concurrence. (T) (T) (T) (T)

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Mark Twain Rural Telephone Company's Access Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Mark Twain Rural Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company. (T) (T) (T)

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

ACCESS SERVICES TARIFF CONCURRENCE

(D)

DISCONTINUANCE OF EAS

A.. The Company will discontinue service from specified exchanges between exchanges as a result of a survey as set forth following:

1. Company has received petition or petitions representing at least 20% of the customers from one of the affected exchanges or at least 10% of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchanges, at least two years shall have elapsed since the last survey before an additional survey is initiated.

2. A minimum of 50% of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.

3. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service, together with the appropriate EAS Rate Component, as soon as is practicable.

CUSTOM CALLING SERVICES

Steelville Telephone Exchange, Inc., will provide the following custom calling services in exchanges specifically equipped to provide such services.

These services will not be provided for PABX customers or for semi-public or public paystations.

A. Feature Description

1. Call Waiting-Provides for signaling a customer, who is talking on his line, that another call has been placed to his line. He may, by switch hook operation, hold the first call, answer the second, return to the first, or converse alternately with both.
2. Speed Calling-Permits local and long distance calls to be placed by dialing an abbreviated code. This arrangement is available in an 8 number capacity and a thirty number capacity.
3. Three-Way Calling-Permits a customer to add a third party to an existing call, whether the original call was incoming or outgoing.
4. Call Forwarding-Permits the customer to have all incoming calls to automatically transfer to another dialable telephone number, while this service is activated. Where a toll message charge is applicable to a call between the customer's telephone and the telephone number to which calls are being forwarded, such charges will be billed to the Call Forwarding Customer.

- a. Fixed operation, which provides for Company establishment or change of the forward telephone number destination requested by the customer. In the event of an interruption in "fixed" Call Forwarding Service,

EMERGENCY REPORTING TELEPHONE SERVICE

APR 20 1988

UNIVERSAL EMERGENCY NUMBER SERVICE - (911)

**MISSOURI**  
**Public Service Commission**

a. GENERAL

When requested by local government authorities, and subject to the availability of facilities, the Telephone Company will provide a universal number "911" for the use of Public Safety Answering Points (PSAPs) engaged in assisting local governments in the protection and safety of the general public. Use of the 911 number will provide each caller with telephone access to the appropriate local Public Safety Answering Point.

b. DEFINITIONS

911 Exchange Lines

Emergency reporting service facilities furnished for the routing of incoming "911" emergency calls to Public Safety Answering Point.

Dedicated Direct Facilities

Channels between the originating central office and the PSAP which do not utilize the switching equipment of intermediate central offices and do not require a dedicated physical pair of wires.

Metallic Facilities

Channels between the originating central office and the PSAP which do not utilize switching equipment of intermediate central offices but do require a dedicated physical pair of wires.

Nondedicated Facilities

Channels between the originating central office and the PSAP which utilize switching equipment of intermediate central offices but do not require a dedicated physical pair of wires.

EMERGENCY REPORTING TELEPHONE SERVICE

APR 20 1988

d. REGULATIONS (Cont'd)

MISSOURI  
Public Service Commission

c. Subscribe to a sufficient number of 911 exchange lines to maintain an adequate grade of service as determined by the Company.

d. Accept responsibility for dispatching, or having others dispatch, police, fire, ambulance or other emergency services as required, to the extent such services are reasonably available.

e. Subscribe to sufficient local exchange service, at the Public Safety Answering Point location, for administrative purposes, for placing of outgoing calls and for receiving other emergency calls, including any which might be relayed by Telephone Company operators.

4. It is the customers' responsibility to insure that customer premises equipment selected to operate 911 system features is compatible with the service furnished by the Telephone Company.

e. CONDITIONS

1. This offering is limited to the use of central office number "911" as the universal emergency number, and only one "911" service will be provided within any given jurisdictional locality.

2. The "911" emergency number is not intended to replace the telephone service (described in D.3.e.above) of the various public safety agencies which may participate in the use of this number.

EMERGENCY DIRECT CONNECT SERVICE

MISSOURI  
Public Service Commission

A. General Information

EMERGENCY DIRECT CONNECT SERVICE is a feature which causes any residential or business line so equipped to automatically call a predetermined number (local or long distance) in the event that the receiver is removed from the hook switch causing the central office to return dial tone and no number is dialed for a predetermined waiting time. The waiting time is customer selectable from 2 seconds to 26 seconds and varies in 2 second increments.

EMERGENCY DIRECT CONNECT SERVICE is compatible with 9-1-1 Emergency Service.

Installations, changes and disconnects of EMERGENCY DIRECT CONNECT SERVICE are done by Telephone Company personnel. Charges for these activities are covered under Service Connection Charges elsewhere in this Tariff.

Customer Owned Pay Telephone Service

MISSOURI  
Public Service Commission

A. General

1. Customer-Owned Pay Telephone Service is offered for use with a customer-provided pay telephone instrument. (1) All attachments of Customer-Owned Pay Telephone service to the network must be made pursuant to the rules and regulations set forth in this tariff.
2. Customer-Owned Pay Telephone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment with Selective Class of Call Screening treatment (where available), all outside plant facilities needed to connect the serving central office with the customer's premises and the network interface. These facilities are Telephone Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls from the service point to only those calls which are charged to a called telephone, a third number or a Calling Card account.
4. In the case of one-way service, intercept treatment will be provided (where available).

- (1) For purposes of this tariff section, the term "customer" is defined as the party who is responsible for payment of the Customer-Owned Telephone Service.

SEP 21 1995

A. General

On various occasions the Telephone Company may propose to offer a special promotion related to various services in order to increase the number of features in service. These services are available to all of the Company's subscribers at uniform prices and conditions. The Company will notify the Commission in advance of these promotions and obtain their approval. Steelville Telephone Exchange, Inc., requests a waiver of service connection charges for Custom Calling and CLASS Features for all its exchanges.

B. Time Frame

The time frame requested for this waiver will be from the effected date of this tariff until December 31, 1995.

C. Conditions

1. The Service Order Charge and Central Office Line Connection Charge will be waived for existing customer not subscribing to custom calling or Custom Local Area Signaling Services (CLASS) who purchase these services during the promotional period, or customers currently using Custom Calling or CLASS services who make additions to the services they are currently purchasing.
2. The Service Order Charge and Central Office Line Connection Charge will be waived for new customers who purchase any Custom Calling or CLASS services at the time their service is initially installed.
3. There will be no limit on the number of times a customer may take advantage of this promotion subject to the terms stated above.
4. Any other service charges incurred while establishing the service will be borne by the customer.
