TARIFF FORMAT

- A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.
- B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.
- C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of the Company

This tariff contains the regulations and rates applicable to intrastate facilities based telecommunications services provided by Aurora for telecommunications between points within the State of Missouri. The Company provides these services for business Customers only. Facilities based services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers prior to accepting the service order. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement. The Company does not own any switching, transmission or other physical facilities in Missouri.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

- 2.1.1 The services provided by Aurora are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of the Commission.
- 2.1.2 The rates and regulations contained in this tariff apply only to the facilities based services furnished by Aurora and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of Aurora.
- 2.1.3 The Company reserves the right to limit the length of communications, to discontinue furnishing services, or limit the use of service necessitated by conditions beyond its control, including, without limitation: lack of satellite or other transmission medium capacity; the revision, alteration or repricing of the Underlying Carrier's tariffed offerings; or when the use of service becomes or is in violation of the law or the provisions of this tariff.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.2 Use of Services

- 2.2.1 Aurora's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 2.2. Aurora's services may only be resold by companies who are certificated by the MoPSC.
- 2.2.2 The use of Aurora's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.
- 2.2.3 The use of Aurora's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.

2.4 Responsibilities of the Customer (Cont'd.)

2.4.5 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of Aurora's equipment to be maintained within the range normally provided for the operation of microcomputers.

2.4.6 The Customer shall ensure that the equipment and/or system is properly interfaced with Aurora's facilities or services that the signals emitted into Aurora's network are of the proper mode, bandwidth, power and signal level for the intended use of the subscriber and in compliance with criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Aurora will permit such equipment to be connected with its channels without the use of protective interface devices. If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Aurora equipment, personnel or the quality of service to other Customers, Aurora may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, Aurora may, upon written notice, terminate the Customer's service.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.7 Restoration of Service

After local telephone service has been disconnected, Aurora will restore your service when the reason for the disconnection has been remedied. Before restoring your service, the following will be required:

- 1) Payment for all undisputed amounts must be received by Aurora or its authorized agent.
- 2) Installation charges must be paid again if your service has been disconnected. Installation charges will not be charged if your service has been suspended. The use and restoration of service shall be in accordance with the priority system specified in part 64, Subpart D of the Rules and Regulations of the Federal Communications Commission.

2.8 Deposits

The Company does not normally require deposits. However the Company reserves the right to collect an amount not to exceed 2 months estimated charges as a deposit from Customers whose credit history is unacceptable or unknown to the Company. Deposits, if required, will be collected and maintained in accordance with Commission rules.

2.9 Advance Payments

The Company does not require advance payments.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.10 Payment and Billing

2.10.1 Your Telephone Bill

You will receive a telephone bill from us each month. Aurora provides (list services provided e.g. basic local, long distance, etc.) telephone service. Aurora does not require a deposit for service. Payment in full is due within (21) days of the date of the bill. If we do not receive your payment within 21 days, your service is subject to suspension or disconnection. When paying by mail, be sure to allow enough time for your payment to reach us by the due date.

2.10.2 Payment Arrangements

Payment must be sent to Aurora. Payment for service may be made by credit card or check, or may be paid in cash at an authorized Agent location. If you are temporarily having difficulty paying your telephone bill, please call Aurora immediately at 1-866-670-9484. By doing this, you may avoid having your phone service suspended or disconnected.

2.10.3

Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. A late fee of 1.5% per month, or the amount otherwise authorized by law, whichever is lower, will be assessed upon any unpaid amount commencing 30 days after rendition of bills.

2.10.4

The customer is responsible for payment of all charges for services furnished to the Customer, as well as to all persons using the Customer's codes, exchange lines, facilities, or equipment, with or without the knowledge or consent of the Customer. The security of the Customer's Authorization

2.11 Reserved for Future Use

2.12 Taxes and Fees

2.12.1 All state and local taxes (i.e., gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff.

2.12.2 To the extent that a municipality, other political subdivision or local agency of government, or Commission imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, insofar as practicable and allowed by law, be billed pro rata to Customers receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.

2.12.3 The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund (USF), the Presubscribed Interexchange Carrier Charge (PICC), and compensation to pay telephone service providers for the use of their pay telephones to access the Company's service.

SECTION 3 - DESCRIPTION OF SERVICE

3.1 Computation of Charges

3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute which is applied to each minute.

3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)

3.1 Computation of Charges (Cont'd.)

3.1.3 Timing begins when the called station is answered and two way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. Aurora will not bill for uncompleted calls.

3.2 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

214 Elm St. Suite 101
Washington, MO 63090
(866)670-9484

Any objection to billed charges should be reported promptly to Aurora. Customers may advise the company that all or part of a charge is in dispute by written notice, in person, or by a telephone message. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. Where overbilling of a subscriber occurs, due either to Company or subscriber error, no liability exists which will require the Company to pay any interest, dividend or other compensation on the amount overbilled.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)

3.2 Customer Complaints and/or Billing Disputes (Cont'd.)

If a Customer accumulates more than One Hundred Dollars (\$100.00) of undisputed delinquent Aurora Service charges, Aurora reserves the right not to honor that Customer's request for a Resp. Org. change until such undisputed charges are paid in full.

3.3 Level of Service

A Customer can expect end to end network availability of not less than 99% at all times for all services.

3.4 Billing Entity Conditions

When billing functions on behalf of Aurora or its intermediary are performed by local exchange telephone companies or others, the payment of charge conditions and regulations of such companies and any regulations imposed upon these companies by regulatory bodies having jurisdiction apply. Aurora's name and toll-free telephone number will appear on the Customer's bill.

3.5 Number Intercept Treatment

Upon changing a customer's telephone number, Aurora will make this service known to the customer and provide this service for a minimum of 30 days at no charge to the customer, provided the customer so desires.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)

3.6 Individual Case Basis

Centrex and private line services will be made available to customers in a non-discriminatory manner. Rates for Centrex and local exchange dedicated access, private line, non-switched, and special access services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the company's cost of providing the service and will be made available to the Commission Staff upon request on a proprietary basis. Rates may be negotiated and adjusted on Individual Contract Basis (ICB)/Customer Specific Proposals (CSPs) in an exchange in which basic local telecommunications service offered to business customers by the incumbent local exchange company has been declared competitive. Terms of ICB/CSP provided to business customers will be provided on a proprietary basis to the Commission Staff, upon request.

3.7 911 Requirements

3.7.1 Aurora is obligated to supply the E-911 service provider in Aurora's service area with accurate information necessary to update the E-911 database at the time Aurora submits customer orders to the local exchange telecommunications company whose service is being resold pursuant to these tariffs.

3.7.2 At the time Aurora provides basic local service to a customer by means of Aurora's own cable pair, or over any other exclusively owned facility, Aurora will be obligated to make the necessary equipment or facility additions in order to accurately and properly update the database for E-911.

3.7 911 Requirements (Cont'd.)

3.7.3. Aurora will be obligated to provide facilities to route calls from the end users to the proper Public Safety Answering Point. Aurora recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by Aurora.

3.7.4 Aurora will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity pursuant to RSMo 190.310. Aurora will observe and adhere to the Commission's emergency telephone service rules in 4 CSR 240-34.

3.8 Service Offerings and Rates

3.8.1 Service Descriptions

3.8.1.A **Basic Service Flat Rate**

Basic Service Flat Rate is a service which provides the Customer with a single, voice-grade communications channel and access to unlimited local calls, "911" and/or "E 911" calls, if available in the Customer's area, and toll free (e.g. "800" or "888") calls. Basic Service Flat Rate does not include any long distance service or other toll services. The following types of calls and services will be blocked by the Company through the ILEC's switch: interLATA, intraLATA, interstate, and international (e.g. "1+" or "0+"); collect calls; operator assisted calls; directory assistance, third number billed calls; or any service that may be billed to Customer's telephone number (e.g. "900" and "976" calls).

3.8.6 Promotional Offerings

Aurora will provide tariff notification to the Commission no less than seven (7) days prior to the beginning of each promotion identifying the promotion, the exchange(s) within which the promotion will be offered, and the start and end dates of the promotion. Aurora will offer all promotions in a non-discriminatory manner.

3.8.7 Caller ID

This feature enables the Customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls. When Caller ID is activated on a Customer's line, the CPN of incoming calls are displayed at the called CPE during the first, long silent interval of the ringing cycle. Per line blocking for blocking of CPN will be available upon request, at no charge, **ONLY** to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to Applicant:

- a) Private, nonprofit, tax exempt, domestic violence intervention agencies
- b) Federal, state, and local law enforcement agencies. The CPN will not be transmitted from a line equipped with this capability.

Per line blocking is operational on a continuous basis but can be deactivated by the Customer by dialing an access code immediately prior to placing a call. Line blocking Customer can unblock their CPN information on a per call basis, at no charge, by dialing an access code (*82 on their touch tone pad or 1182 from a rotary phone) immediately prior to placing a call. A Customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (*67 on their touch tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification Customer will receive an anonymous indicator. This anonymous indicator notifies the Caller ID Customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer Owned Pay Telephones. If the Caller ID Customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising either the called party will not accept calls whose CPN has been blocked. Any Customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the Customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the Customer. Company assumes no liability and will be held harmless for any incompatibility of his equipment to perform satisfactorily with the network features described herein. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator handled calls.

3.8.8 Call Trace

Customers receiving annoying or anonymous calls may request (1) a telephone number change, which will be provided at no charge by company's name or (2) the capability to utilize Call Trace on a per activation basis, as needed. Call Trace allows the customer to dial a code (*57) to automatically request that the following information be recorded:

- The originating telephone number;
- The date and time of the call; and
- The date and time Call Trace was activated.

When Call Trace successfully identifies a calling number, a recording instructs the customer to call a toll free number, which will activate a Voice Response Script and assist the customer in establishing an open file. Should the customer decide to prosecute the call originating party, the customer should contact Aurora for further instructions. Activation of Call Trace never authorizes Aurora to provide the called party with the name or telephone number of the calling party. In the event that Call Trace is not available or is unable to resolve the case, it may be necessary to place a manual trap on the customer's telephone line.
