EASYOPTIONS[®] PACKAGES

44.18 uSelect^{SM3} (cont'd)

44.18.1 Description (cont'd)

- H. The component services of uSelect^{SM3} are provided on a per line basis. All services must be ordered on the same line in order for the customer to be eligible for the uSelect^{SM3} price.
- I. uSelect^{SM3} subscribers will benefit from the uSelect^{SM3} price until they disconnect one or more of the uSelect^{SM3} component services.
- J. uSelect^{SM3} subscribers will continue to benefit from the uSelect^{SM3} price if, on the same order, they disconnect one or both selectable component services and replace those disconnected services with other services from the Selection List.
- K. If the customer subscribes to more than two EasyOptions[®] Services on the uSelect^{SM3} Selection List, the two most expensive services will be included in uSelect^{SM3}.
- L. Services purchased in excess of those ordered as components of uSelect^{SM3} will be charged at their standard tariff rates and may include any applicable discounts. Customers who purchase Caller ID and more than four EasyOptions[®] Services from the Selection List are eligible to purchase uSelect^{SM6} according to the terms of the uSelect^{SM6} tariff.
- M. Discounted monthly rates for any other combinations of the services provided in uSelect^{SM3} on the same access line, as specified elsewhere in this tariff, do not apply to the component services selected by the customer within uSelect^{SM3}.
- N. In order to receive the 2-Line uSelect^{SM3} price, a customer must have two or more lines and have the uSelect^{SM3} package ordered on the main line. Only one 2-Line uSelect^{SM3} package can be ordered on a customer's account. Customers who disconnect their additional access lines will be charged the uSelect^{SM3} price.
- O. A Nonrecurring charge will apply to the installation of a uSelectSM package the first time a new or existing customer subscribes to the package. Payment of the uSelectSM Installation charge ensures that no subsequent nonrecurring charges will apply if the customer changes or adds features within the Selection List as long as the customer maintains the uSelectSM package on that line. If a customer disconnects their uSelectSM package from a line, the uSelectSM Installation charge would apply again to re-establish a uSelectSM package on that line. The uSelectSM Installation charge will not apply again if the customer upgrades from uSelect^{SM3} to uSelect^{SM6} or downgrades from uSelect^{SM6} to uSelect^{SM3}. The uSelectSM Installation charge is a line-level charge and if the customer subscribes to uSelect^{SM3} on any additional access line, the nonrecurring charge will be charged on each such line.

44.19 uSelect^{SM6} (cont'd)

44.19.1 Description (cont'd)

- H. The component services of uSelect^{SM6} are provided on a per line basis. All services must be ordered on the same line in order for the customer to be eligible for the uSelect^{SM6} price.
- I. uSelect^{SM6} subscribers will benefit from the uSelect^{SM6} price until they disconnect one or more of the uSelect^{SM6} component services.
- J. uSelect^{SM6} subscribers will continue to benefit from the uSelect^{SM6} price if, on the same order, they disconnect one or both selectable component services and replace those disconnected services with other services from the Selection List.
- K. If the customer subscribes to more than five EasyOptions[®] Services on the uSelect^{SM6} Selection List, the five most expensive services will be included in uSelect^{SM6}.
- L. Services purchased in excess of those ordered as components of uSelect^{SM6} will be charged at their standard tariff rates and may include any applicable discounts. Customers who purchase Caller ID and more than four EasyOptions[®] Services from the Selection List are eligible to purchase uSelect^{SM6} according to the terms of the uSelect^{SM6} tariff.
- M. Discounted monthly rates for any other combinations of the services provided in uSelect^{SM6} on the same access line, as specified elsewhere in this tariff, do not apply to the component services selected by the customer within uSelect^{SM6}.
- N. In order to receive the 2-Line uSelect^{SM6} price, a customer must have two or more lines and have the uSelect^{SM6} package ordered on the main line. Only one 2-Line uSelect^{SM6} package can be ordered on a customer's account. Customers who disconnect their additional access lines will be charged the uSelect^{SM6} price.
- O. A Nonrecurring charge will apply to the installation of a uSelectSM package the first time a new or existing customer subscribes to the package. Payment of the uSelectSM Installation charge ensures that no subsequent nonrecurring charges will apply if the customer changes or adds features within the Selection List as long as the customer maintains the uSelectSM package on that line. If a customer disconnects their uSelectSM package from a line, the uSelectSM Installation charge would apply again to re-establish a uSelectSM package on that line. The uSelectSM Installation charge will not apply again if the customer downgrades from uSelect^{SM6} to uSelect^{SM3} or upgrades from uSelect^{SM3} to uSelect^{SM6}. The uSelectSM Installation charge is a line-level charge and if the customer subscribes to uSelect^{SM6} on any additional access line, the nonrecurring charge will be charged on each such line.
