Dear Secretary Woodruff:

On behalf of Spire Missouri Inc. (the "Company"), enclosed herewith for filing with the Missouri Public Service Commission are the tariff sheets, P.S.C. MO. No. 7, Third Revised Sheet No. 13.2 of the eastern Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire East") and P.S.C. MO. No. 8, Third Revised Sheet No. 13.2 of the western Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire West").

These revised tariff sheets, which have an issue date of March 3, 2020, and an effective date of April 2, 2020. The WNA for Spire East is -\$0.01060 and the WNA for Spire West is -\$0.01049. These rates are calculated semiannually to adjust for actual heating degree days as they differ from the normal levels and are effective for six (6) months.

The weather normalization adjustment rider continues to be a benefit to our customers. This filing represents a total WNAR savings for the average residential customer for Spire East of about \$0.71 per month, and for Spire West there is a savings of about \$0.66 per month. Such bill impacts may be less or more depending on a customer's actual usage, which is primarily affected by weather.

As a separate filing is a Motion for Expedited Treatment requesting that these tariffs become effective on April 1, 2020, instead of April 2, 2020, so that our customers can continue to receive the WNAR saving uninterrupted.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Scott A. Weitzel
