Dear Secretary,

Enclosed herewith for filing with the Missouri Public Service Commission is the revised tariff sheet, P.S.C. MO. No. 7 First Revised Sheet No. R-30.1 and revised sheet, P.S.C. MO. No. 8 First Revised Sheet No. R-30.1 in regards to the Eastern and Western Missouri operating division of Spire Missouri Inc. d/b/a Spire (the "Company"). These revised tariff sheets, have an issue date of April 3, 2020, and an effective date of May 3, 2020, reflected by the Company's tariff.

In order to better serve our customers, Spire would like to enhance the last section of the Residential Tariff language which currently limits owners of multiple metered properties to 250 equipment (furnaces/water heaters/thermostats) incentives in a program year. Lifting this rebate limitation will allow Spire to provide incentives to property owners that are making Energy Efficiency upgrades for larger apartment complexes. This will also benefit the customers who will live in these more energy efficient apartments by reducing energy consumption and lowering utility bills.

No additional funds are being requested. Spire will utilize the funding already budgeted within its EEC Portfolio to operate this revision to the Company's tariff.

Sincerely,
/s/ Shaylyn Dean
