(D)

F. Priority of Service

1. In case a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of network transmission service takes precedence in the furnishing of any service or facility.

G. Foreign Central Office Service

1. Foreign central office service is exchange service furnished to a customer in a multioffice exchange, from a central office other than the one which serves the area in which he is located.

GENERAL AND LOCAL EXCHANGE TARIFF

DIGITAL DATA AND NETWORK SERVICES

SWITCHED DATA SERVICE

G. Regulations

1. In addition to the following regulations, the appropriate regulations in other sections of this Tariff will also apply.
2. Switched Data Service is comprised of the following rate elements:
 - Switched Data Customer Line
 - Service Connection Charges
 - Optional Features
 - Software Reconfiguration Charge
 - Network Usage Charge
 - Customer Premises Channelization (Optional)
3. The minimum billing period for which service is provided is one month.
4. FCC Subscriber Line Charges as specified in the NECA Tariff, FCC No. 1, will apply to Switched Data Service.
5. For Presubscription of an Interexchange Carrier, the rates and regulations as set forth in Section 6. FCC No. 1 will apply to Switched Data Service.
6. HOLD FOR FUTURE USE (D)
7. Customer Premises Channelization, a component of Switched Data Service, may be provided by the customer or the Company. When the Company provides channelization equipment at a customer's premises, it is not necessary for the customer to provide a channel access card for the associated channels. The termination of this channelization will be in a single equipment location on a customer's premises. The customer must provide suitable floor space, controlled environment, and a source on a non-switched 120 volt, 60 Hz AC power to support this service. Emergency backup power and ring generating equipment capabilities are available for an extra charge on an individual case basis.
8. Switched Data Channel Access is required where:
 - a. Customers are restricted by the technical requirements as specified herein.

GENERAL AND LOCAL EXCHANGE TARIFF

Payphone Service

A. General

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument implemented pay telephone may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. HOLD FOR FUTURE USE (D)
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. HOLD FOR FUTURE USE (D)
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

SPECIALIZED SERVICES

DIGITAL CENTREX SERVICE

B. Liability of the Telephone Company

1. The Telephone Company makes no guarantee and assumes no liability for the accuracy, performance or non-performance of the Digital Centrex Service Features. In the event that a customer's basic service is interrupted and remains out of service for more than twelve (12) hours after being reported to or found to be out of service by the Company, appropriate adjustments shall be made to the customer's account upon request with a minimum of credit for twenty-four (24) hours. The adjustment shall be the pro rata part of the month's charge for local exchange service for the period of days service was inoperative and shall be accomplished by a credit on a subsequent bill for service. This provision shall not apply when the service interruption is caused by:
 - a. The negligence or willful act of the customer,
 - b. Customer provided facilities, or
 - c. Electric power failure where the customer furnishes such electric power.
2. The Telephone Company makes no guarantee and assumes no liability for resale or sharing by the customer of the Digital Centrex Service Features and its associated facilities, including (without limitation) the failure of any person to pay the customer's or reseller's billing for any reason whatsoever, including (without limitation) denied toll calls and toll fraud.

C. Conditions

1. **HOLD FOR FUTURE USE** (D)
2. The rates and charges shown for Digital Centrex Service apply to establishment of Digital Centrex Service only. Appropriate Service Charges, excluding the Central Office Line Connection Charge, set forth in Section 2 of the Company's General Exchange Tariff apply to installation of a Digital Centrex system up to and including the Standard Network Interface. In the case of Digital Centrex Service customer moves within the same exchange area, appropriate service charges, including the Central Office Line Connection Charge, will apply. Other services as provided for in the Tariffs of the Company may be furnished in connection with this service at rates and charges specified for such services.

SPECIAL REVERSED CHARGE TOLL SERVICE (Enterprise/Zenith)

A. General

1. This service provides an arrangement in connection with station-to-station message toll service whereby a customer offers patrons the privilege of calling him without the payment of a toll charge and without having to request specific reversal of the charge.
2. This service is available to customers to any class of central office access line service except coin box service.
3. The exchanges in which such service is furnished are selected by the customer subject to the approval of the Company and the Company assigns a special call number designation for use of patrons in each such exchange. (D)
4. Calls for the special call number are accepted when originating at telephones located in the exchanges with which the special call number is associated, except that where several exchanges are served from one switchboard, the customer must assume all charges for calls for his special call number originating from telephones in any of the exchanges. Only those toll calls placed by calling this special number are considered as coming within the scope of this service.
5. The customer assumes the charges for all toll calls placed by calling this special number in each exchange.
6. The initial contract period for this service is three months. Service may be terminated within the initial contract period by payment of the minimum service charge to the end of the initial contract period.
