General Exchange Tariff
Section 37
1st Revised Sheet 1
Replacing Original Sheet 1

SHARED TENANT SERVICE (STS) ARRANGEMENTS

37.1 Definition of Service

- (CT) 37.1.1 Shared Tenant Service (STS) Arrangements are the provision of local exchange access services by Southwestern Bell Telephone Company, to the STS Customer at an STS Building for the purpose of the STS Customer reselling or sharing the service with the STS Subscribers. It is anticipated that the STS Customer will not be the end user of the entire service furnished by the Company and that the STS Customer intends to resell or permit sharing of the service by STS Subscribers.

37.2 Definitions

The following definitions apply to the provision of STS arrangements, in addition to those in Section 8 of the General Exchange Tariff.

- (CP) STS CUSTOMER - any person, corporation or other entity that provides STS within a user group and that is certificated to do so by the Missouri Public Service Commission (PSC).
- (CT) STS SUBSCRIBER - any person, corporation or other entity who occupies an STS Building and is furnished telephone service by the STS Customer.
- (AT) STS BUILDING - a structure under one roof on one premise, (premise as defined in Section 8 of the General Exchange Tariff), which is wholly located in a single Telephone Company exchange and/or wire center in which telephone service to STS Subscribers is provided by an STS Customer. In no case can two or more structures on one premise which are connected by an enclosed or covered passageway be considered a single STS Building. STS may be provided in less than a building but it must be confined to a contiguous premise, (premise as defined in Section 8 of the General Exchange Tariff). Exceptions to this provision must be approved by the Missouri PSC.
- (CP) NEW STS BUILDING - For the purpose of this paragraph, a newly constructed building is defined as a building in which the Telephone Company has not previously provided permanent distribution facilities adequate to serve the occupants of the building. The provision of service to contractors during the building's construction is not considered permanent distribution facilities. A building will be considered new for a period of 180 days from the time the distribution facilities are placed in the building.

(AT) SHARED TENANT SERVICE (STS) ARRANGEMENTS (1)

37.1 Definition of Service

37.1.1 Shared Tenant Service (STS) Arrangements are the provision of local exchange access services by Southwestern Bell Telephone Company to the STS Customer at an STS Building for the purpose of the STS Customer reselling or sharing the service with the STS Users. It is anticipated that the STS Customer will not be the end user of the entire service furnished by the Company and that the STS Customer intends to resell or permit sharing of the service by STS Users. (STS Customer, STS Building, and STS User are as defined in Paragraph 37.2 of this section of the General Exchange Tariff.)

37.2 Definitions

The following definitions apply to the provision of STS arrangements, in addition to those in Section 8 of the General Exchange Tariff.

STS CUSTOMER - the owner or owner's agent of an entire building who possesses complete responsibility for the administration, management, control and utilization of said building and of the resale and/or sharing of telephone service to all occupants of the building. A lessor of an entire building may be an owner's agent when authorized by the building owner. Such owner or agent must provide property interest and other services in addition to telecommunications services on a contractual basis to an STS User in order to qualify as an STS Customer.

STS USER - any person, corporation or other entity who occupies an STS Building and is furnished telephone service by the STS Customer. To qualify as an STS User, there must exist a contractual relationship with the STS Customer such that the STS Customer provides a property interest and other services in addition to telecommunication services.

STS BUILDING - a structure under one roof on one premise, (premise as defined in Section 8 of the General Exchange Tariff), which is wholly located in a single Telephone Company exchange and/or wire center in which telephone service to STS Users is provided by an STS Customer. In no case can two or more structures on one premise which are connected by an enclosed or covered passageway be considered a single STS Building. This structure's location must be listed in Paragraph 37.9.

(1) This service arrangement is interim, until otherwise ordered by the Commission.

SHARED TENANT SERVICE (STS) ARRANGEMENTS

37.2 Definitions-(Continued)

(RT) EXISTING BUILDING CONVERTED TO STS - a building in which Southwestern Bell Telephone currently provides service directly to any or all occupant(s).

37.3 General Regulations

(CT) 37.3.1 STS service is provided to the STS Customer for the exclusive use of the STS Customer, its employees and its STS Subscribers.

(CT) 37.3.2 The STS Customer must confine the use and availability of STS service exclusively to the occupants of the STS Building.

37.3.3 The STS Customer has total responsibility for the administration, control and utilization of the resale and sharing of the service.

(RT) 37.3.4 The STS Customer will limit the provision of shared or resold services to a single STS Building, unless it obtains a waiver from the Missouri PSC.

(CP) 37.3.5 If the STS Customer files an application for certification and/or a waiver of the geographic limitations with the Missouri PSC, a copy of the application and/or waiver request(s) shall be sent concurrently to the Missouri Division's Legal Department of Southwestern Bell Telephone Company by the STS Customer. The address is 100 N. Tucker, Room 630, St. Louis, MO 63101.

(RT) 37.3.6 The Company has the right to refuse to install STS or to permit STS to remain on any premises when the public in general may make use of the STS service.

37.3.7 The service furnished to the STS Customer shall always be classified as a business service for the purpose of the application of tariff rates.

(CT) 37.3.8 The STS Customer must utilize a Private Branch Exchange (PBX) which is registered with the Federal Communications Commission (FCC) and riser cable which conforms to all electrical codes and Southwestern Bell Telephone Company's technical standards for riser cable or transmission facilities.

37.2 Definitions-(Continued)

New STS Building - a building in which Southwestern Bell Telephone does not currently provide service directly to any occupant, other than the STS Customer, and such building is declared an STS Location by the building owner. This location must be listed in Paragraph 37.9.1 and will prospectively be considered a location in which telephone service to persons, other than the STS Customers, will be provided on a deregulated, competitive basis at the discretion of the telephone company.

Existing Building Converted to STS - a building in which Southwestern Bell Telephone currently provides service directly to any or all occupant(s) and such building is declared an STS Location by the building owner. This location must be listed in Paragraph 37.9.2 and Southwestern Bell will continue to provide service directly only to existing customers at existing locations (premises), who continue to subscribe to Southwestern Bell Telephone facility based services at the time of conversion of the building to STS. Southwestern Bell Telephone Company has no obligation to directly serve any new occupants of this building nor any obligation to directly serve any existing occupants who request Southwestern Bell to discontinue service at the time the building is declared an STS Location, or discontinue Southwestern Bell service any time after the building is declared an STS Location; however, Southwestern Bell Telephone may provide service to these customers on a deregulated, competitive basis.

SHARED TENANT SERVICE (STS) ARRANGEMENTS

37.3 General Regulations-(Continued)

- (CP) 37.3.9 The STS Customer may furnish its resold and shared services through one or more PBXs but is restricted to the authorized geographic limitations of the STS Building as defined by this tariff or under a PSC approved waiver. If there is one or more than one PBX, Southwestern Bell is required to provide only one point of termination. Except for the private use of the STS Customer, as specified above, interconnection of multiple resold or shared PBXs within the local exchange area and LATA is prohibited.
- (CP) 37.3.10 Southwestern Bell Telephone Company has a tariff obligation to provide continuing service to any customer who wants service from Southwestern Bell Telephone Company at all STS Buildings so long as the STS Customer or building owner will:
- A. Provide the Telephone Company immediate and continuing free right-to-use of the riser cable and other facilities within the STS Building, not owned by the Telephone Company, necessary to serve its customers.
 - B. Provide the Telephone Company with immediate continuing access and use of any existing Southwestern Bell Telephone Company facilities within the STS Building, at no charge to the Telephone Company. Should the STS Customer or building owner request Southwestern Bell to move, remove or rearrange any of its existing facilities within the STS Building, the STS Customer or building owner will give the Telephone Company right-of-way to make such moves or rearrangements and they will be charged a rate based on the cost.
 - C. Provide to the Telephone Company additional access and right-of-way, to enable Southwestern Bell Telephone Company to place additional facilities within the STS Building to serve Southwestern Bell Telephone Company customers, at no charge to the Telephone Company.
- (CP) 37.3.11 Riser cable that is installed or acquired by an STS Customer or building owner must be the wholly owned property of the STS Customer or building owner. It may not be leased or mortgaged by a third party. In addition, an easement in the riser cable shall be given to the Telephone Company at its request.
- (CP) 37.3.12 In existing buildings where the Telephone Company has installed the riser cable, the STS Customer can either contract for a fee for the use of the Telephone Company's riser cable or install its own.

37.3 General Regulations-(Continued)

37.3.13 Service arrangements furnished to accredited public and private educational institutions which provide telecommunication services to students, faculty members or employees who reside in dormitories or other residential quarters owned, leased or under control of the educational institution are not considered to be Shared Tenant Service arrangements. These service arrangements will continue to be provided as specified in Section 13 of the General Exchange Tariff.

37.4 Facilities

- (CT) 37.4.1 The service is composed of the serving central office line equipment, all outside plant facilities needed to connect the Company's serving central office with the STS Building and the network interface. These facilities are provided and maintained by the Company and provide access to and from the telecommunications network for both long distance service and local calling.
- (AT) 37.4.2 Charges for Service Connections, moves, removals and changes apply in addition to other applicable charges specified in this and other Company tariffs.
- 37.4.3 Charges and rates for directory assistance calls, as provided by the Company, are those described in Section 6 of the General Exchange Tariff.
- (CT) 37.4.4 The STS Customer assumes the total and exclusive responsibility for compliance with all rules and regulations governing the use of the service including the use of the service by the STS Customer's Subscribers.
- (AT) 37.4.5 Private Coin Service instruments shall access the local exchange telephone network through a separate access line provided directly by the Telephone Company. Private Coin Service may not be provided as a station behind a PBX. All other regulations pertaining to Private Coin are included in Section 34.
- (RT) 37.4.6 Southwestern Bell Telephone Company's responsibility for the provision of exchange service, private line service, data service or other facility type services ends at the point of connection (network interface) to the STS Customer's PBX and does not extend to the STS Subscribers.

37.3 General Regulations-(Continued)

37.3.11 Southwestern Bell Telephone Company is not obligated to directly serve any occupant of a New STS Building and is only obligated to service existing customers in an Existing Building Converted to STS. The provision of service to occupants of an STS Building, other than existing Southwestern Bell Telephone Company customers, will be made solely at the discretion of Southwestern Bell Telephone and at rates and charges contractually agreed upon between Southwestern Bell and the occupant.

37.3.12 To the extent Southwestern Bell Telephone has a continuing tariff obligation to provide service to existing customers at Existing Buildings Converted to STS, the STS Customer or building owner will:

- A. Continue to provide to the Telephone Company, access, right of way, and use of any existing Southwestern Bell Telephone Company facilities within the STS Building listed in Paragraph 37.9.2, at no charge to the Telephone Company. -Should the STS Customer or building owner request Southwestern Bell to move or rearrange any of its existing facilities within the STS Building, the STS Customer or building owner will be charged a rate based on the cost to make such moves or rearrangements.
- B. Provide to the Telephone Company additional access and right of way, to enable Southwestern Bell Telephone Company to place additional facilities to Southwestern Bell Telephone Company customers, at no charge to the Telephone Company.

SHARED TENANT SERVICE (STS) ARRANGEMENTS

(MT) 37.5 Responsibility of the STS Customer

In addition to the obligations set forth in Section 17 of the General Exchange Tariff, STS Customers shall have the following obligations:

- (MT) 37.5.1 The STS Customer must comply with all applicable federal, state and local laws and regulations concerning the use of telephone service to disabled and/or hearing impaired persons.
- (RT) 37.5.2 Applications for STS service as well as requests for additions, changes, rearrangements or discontinuances of service, will only be accepted from the STS Customer.
- (CT) 37.5.3 The STS Customer will indemnify and hold the Company harmless for any damage to STS Subscribers, the building owner, subsequent tenants and subsequent purchasers of the building resulting from compliance with the STS Customer's requests or the terms of this tariff.
- (CT) 37.5.4 Whenever "notice" is required, the Company will be responsible to give notice only to the STS Customer or its authorized agent. The STS Customer will notify its STS Subscribers as necessary.
- (CT) 37.5.5 All charges associated with the service will be billed to the STS Customer only. This includes any Customer-Owned Equipment Trouble Isolation Charge where the service difficulty or trouble was reported by persons other than the STS Customer, including the STS Customer's Subscribers.
- (CT) 37.5.6 The STS Customer will be solely responsible for referral of calls for a reasonable period of time in the event an STS Subscriber relocates outside the STS Building or obtains other telephone service from the Telephone Company or others.
- (AT) 37.5.7 The STS Customer must use only riser cable that meets the Telephone Company's technical standards for riser cable or transmission facilities. Southwestern Bell has the right to inspect the riser cable before the interconnection of STS is provided to the STS Customer, to verify that the riser cable meets the Telephone Company's technical standards. In disputed cases concerning whether the STS Customer's riser cable does or does not meet the Telephone Company's technical standards, the PSC Staff shall make an independent evaluation to determine whether these standards are met by the STS Customer.

37.5 Responsibility of the STS Customer-(Continued)

- (CT) 37.5.8 The STS Customer is responsible for the direct payment of all charges billed, including long distance and private line charges, associated with the service. The applicable Company Rules and Regulations, regarding bill payments and suspensions are included in Section 17 of the General Exchange Tariff. In the event the STS Customer receives notice from the Company of pending service suspension, the STS Customer will have sole responsibility to notify its STS Subscribers at least two (2) days prior to the date of the pending suspension.
- (MT) 37.5.9 The Company is not responsible for any allocation, proration or distribution of any charges billed to the STS Customer.
- (MT) 37.5.10 Toll message investigation requests for Southwestern Bell Long Distance will only be accepted from the STS Customer. Without charge, these investigations will be performed but limited to no more than four (4) for each 1,000 messages billed per billing period. For investigations of messages in excess of this limit, a charge based upon cost will apply.
- (RT) 37.5.11 In an Existing building Converted to STS, the STS Customer must notify, in writing, any existing Southwestern Bell Telephone Company customers that they may continue to receive service from Southwestern Bell Telephone Company. A copy of the notice should be provided to the Telephone Company, at the address listed in Paragraph 37.3.5 of this tariff.
- (CT) 37.5.12 The STS Customer will train its STS Subscribers of appropriate trouble reporting procedures so that all trouble calls will be directed through the STS Customer's representative. In the event an STS Subscriber reports trouble directly to the Company, the STS Customer may be liable for a Customer-Owned Equipment Trouble Isolation Charge as specified in Section 16 of the General Exchange Tariff.
- (MT) 37.5.13 In the event an STS Customer intends to discontinue the provision of resold and/or shared local exchange service to its STS Building, the STS Customer must provide both Southwestern Bell and all STS Subscribers written notice of its intended discontinuance at latest 180 days prior to the proposed discontinuance.

37.4 Facilities

- 37.4.1 The service is composed of the serving central office line equipment, all outside plant facilities needed to connect the Company's serving central office with the STS Building and the network interface. These facilities are Company provided and maintained and provide access to and from the telecommunications network for both long distance service and local calling.
- 37.4.2 Charges for Service Connection, Move and Changes apply in addition to other applicable charges specified in this and other Company tariffs.
- 37.4.3 Charges and rates for directory assistance calls, as provided by the Company, are those described in Section 6 of this tariff.
- 37.4.4 The STS Customer assumes the total and exclusive responsibility for compliance with all rules and regulations governing the use of the service including the use of the service by the STS Customers' Users.
- 37.4.5 Private Coin Service will be provided in accordance with the regulations specified in Section 34 of this tariff.
- 37.4.6 Southwestern Bell Telephone Company's responsibility for the provision of exchange service, private line service, data service or other facility type services ends at the point of connection (network interface) to the STS Customer's PBX and does not extend to the STS Users. The provision of exchange service, private line service, data service, or other facility type services including Semi Public or Private Coin Service, extending beyond this point of interconnection will be made at the sole discretion of Southwestern Bell Telephone Company, unless otherwise provided for in this tariff.

SHARED TENANT SERVICE (STS) ARRANGEMENTS

37.5 Responsibility of the STS Customer-(Continued)

- (CT) 37.5.14 The STS Customer must insure that all STS Subscribers of the STS arrangement are aware of any limitations associated with their ability to either access the Emergency Telephone Number "911" or to receive the service benefits which reasonably would be expected by such users.
- (AT) 37.5.15 The STS Customer shall provide the Telephone company the size (number of access lines, types of service provided, etc.) and location of the STS Subscribers they serve.

37.6 Provision of Distributing Plant Facilities

- (CT) 37.6.1 The STS Customer must provide Southwestern Bell Telephone a written estimate of the type and number of facilities which will be required to service the STS Customer's building. In newly constructed buildings, as defined in Paragraph 37.2, (New STS Building), this facility estimate must be furnished to the Telephone Company at least 180 days prior to the establishment of the STS arrangement.
- (AT) 37.6.2 In the event an STS Customer requests service in a newly constructed building, as defined in Paragraph 37.2, in less than the 180 days specified in Paragraph 37.6.1, the STS Customer will be responsible for the incremental cost of any facilities, in excess of the facilities requested by the STS Customer, which the Telephone company constructed in anticipation of providing service directly to the occupants of the building. Payment of these charges must be received before STS will be provided to the STS Customer.

(MT) 37.7 Rights of the Company

In addition to the rights of the Telephone Company set forth in Section 17 of the General Exchange Tariff, the Company shall have the following rights:

- (CT) 37.7.1 Where a resale or sharing arrangement is suspected at a location that is not authorized to be STS, the Company will notify the Missouri PSC. If the customer fails to seek certification from the PSC to provide STS, the Telephone Company shall have the right to terminate such service.

37.7 Rights of the Company-(Continued)

- (CT) 37.7.2 The Company retains all property rights in the telephone numbers used and the right to change the telephone numbers or serving office designation whenever it considers it desirable in the conduct of its business. The STS Customer shall notify its STS Subscribers in writing, that the STS Subscribers have no right to retain any telephone number associated with the service, and that if any STS Subscribers ceases utilization of the STS Customer's resale or sharing of service, that STS Subscriber will not be permitted to retain the same telephone number.
- (CT) 37.7.3 The Company will not accept directory listing and call referral requests from STS Subscribers subscribing to the STS Customer's service arrangement. These requests will only be accepted by the Company from the STS Customer. The Company may refuse a referral of calls or directory listing for an STS Customer who is in default of any charges due the Company.
- (MT) 37.7.4 Directory listing will be billed at business rates and charges, even if the actual listing is residential in nature. The involvement or participation of residential tenants does not alter the business classification of the service.
- (MT) 37.7.5 The Company will not be responsible for service quality beyond the point of interconnection (network interface) with the STS Customers equipment. The quality of service beyond the point of interconnection is the responsibility of the STS Customer.
- (MT) 37.7.6 The Company will terminate its facilities and locate the network interface at an STS Building in accordance with existing tariffs and FCC rules and regulations. In any event, such services shall be terminated and located in a manner and at charges as if the customer were a single user system.
- (MT) 37.7.7 The provision of service to an STS Customer for the purpose of resale or sharing shall in no way reduce the rights of the Company nor impose additional responsibility or liability upon the Company with respect to suspension or discontinuance of service for reasons of, but not limited to, impairment of service, abandonment, abuse or nonpayment of charges.

SHARED TENANT SERVICE (STS) ARRANGEMENTS

37.7 Rights of the Company-(Continued)

- (MT) 37.7.8 The Company will distribute to the STS Customer such local directories as in its opinion are generally necessary for the efficient use of Local Exchange Service. The Company, upon the STS Customer request for a foreign or additional directory may, at the Company's discretion, charge for any such directory at a reasonable rate.
- (MT) 37.7.9 The Company shall have the right to require a deposit from an STS Customer in accordance with the regulations specified in Section 17 of the General Exchange Tariff.
- (MT) 37.7.10 When any STS Customer is in violation of any of the provisions in this section, the Telephone Company will promptly notify the STS Customer of the violation. The STS Customer shall correct the violation and shall confirm in writing to the Company within ten (10) days, following the receipt of written notice from the Company, that the violation has been corrected. Failure of the STS Customer to correct the violation and to give the required written confirmation to the Telephone Company within the time stated above shall result in suspension of the STS Customer's service until such time as the STS Customer complies with the provisions of this Tariff.

37.8 Rates

- (MT) 37.8.1 Rates for Local Exchange Service will be those specified for STS in the Local Exchange Tariff.
- (MT) 37.8.2 Rates for services other than Local Exchange Service will be as specified in the appropriate tariff.

37.5 Responsibility of the STS Customer-(Continued)

37.5.7 The Company is not responsible for any allocation, proration or distribution of any charges billed to the STS Customer.

37.5.8 Toll message investigation requests for Southwestern Bell Long Distance will only be accepted from the STS Customer. Without charge, these investigations will be performed but limited to no more than four (4) for each 1,000 messages billed per billing period. For investigations of messages in excess of this limit, a charge based upon cost will apply.

37.5.9 The STS Customer will notify its STS Users, prospective occupants of its STS Building, and existing Southwestern Bell Telephone Company customers at that location, in writing, that Southwestern Bell Telephone Company is not obligated to provide telephone service to any new occupant or STS User in the STS Building. The notice also should state that if Southwestern Bell Telephone is requested to provide service to any new occupants or STS User in an STS Building, it will do so solely at its discretion and only in accordance with the regulations stated in Paragraphs 37.3.11 and 37.3.12, preceding. In an Existing Building Converted to STS, the STS Customer must notify, in writing, any existing Southwestern Bell Telephone Company customer that they may continue to receive service from Southwestern Bell Telephone provided they subscribe to such service on an exclusive and uninterrupted basis. All notices provided by the STS Customer, pursuant to this paragraph, should at the same time be provided to the Company.

37.5.10 The STS Customer will train its STS Users of appropriate trouble reporting procedures so that all trouble calls concerning the service will be directed through the STS Customer's representative. In the event an STS User reports trouble directly to the Company, the regulations, specified in Section 16 of this tariff, for the Customer Owned Equipment Trouble Isolation Charge will apply, which may result in the billing of the Customer Owned Equipment Trouble Isolation Charge to the STS Customer

37.6 Provision of Distributing Plant Facilities

37.6.1 The STS Building Owner must provide Southwestern Bell Telephone Company, in writing, the address and legal description of the STS Building to be listed in Paragraph 37.9. In addition, the STS Customer must provide Southwestern Bell Telephone a written estimate of the type and number of facilities which will be required to service the STS Customer's building. The STS Building location, legal description and facility estimate must be furnished at least 180 days prior to the establishment of the STS arrangement.

37.6.2 In the event an STS Customer declares a newly constructed building (2) to be an STS Building and requests service in less than the 180 days specified in Paragraph 37.6.1, the STS Customer will be responsible for the incremental cost of any facilities, in excess of the facilities requested by the STS Customer, which the Telephone Company constructed in anticipation of providing service directly to the occupants of the building. Payment of these charges must be received before service will be provided to the STS Customer.

37.7 Rights of the Company

In addition to the rights of the Telephone Company set forth in Section 17 of the General Exchange Tariff, the Company shall have the following rights:

37.7.1 Where a resale or sharing arrangement provided by an STS Customer at a location other than that identified in Paragraph 37.9 of this tariff is discovered to be connected with the Company's Local Exchange Service, the Company shall have the right to terminate such service.

37.7.2 The Company retains all property rights in the telephone numbers used and the right to change the telephone numbers or serving office designation whenever it considers it desirable in the conduct of its business. The STS Customer will notify its STS Users, in writing, that the STS Users have no right to retain any telephone number associated with the service, and that if any STS User ceases utilization of the STS Customer's resale or sharing of service, that STS User will not be permitted to retain the same telephone number.

37.7.3 The Company will not accept directory listing and call referral requests from STS Users subscribing to the STS Customer's service arrangement. These requests will only be accepted by the Company from the STS Customer. The Company may refuse a referral of calls or directory listing for an STS User who is in default of any charges due the Company.

37.7.4 Directory listings will be billed at business rates and charges, even if the actual listing is residential in nature. The involvement or participation of residential tenants does not alter the business classification of the service.

37.7.5 The Company will not be responsible for service quality beyond the point of interconnection (network interface) with the STS Customers equipment. The quality of service beyond the point of interconnection is the responsibility of the STS Customer.

DIGITAL LOOP SERVICE

38.1 GENERAL

All rates, charges, terms and conditions set forth herein provide for the furnishing of service where suitable facilities are available and do not create an obligation of the Company to construct facilities especially for this service.

Other service offerings requested by the customer and not detrimental to this service or other services of the Company may be furnished in accordance with the regulations and at the rates and charges specified in the applicable sections of this tariff or other tariffs of the Company.

(RT)
|
(RT)

38.1.1 Description

Provides the customer digital access to and from the Public Switched Telephone Network (PSTN) for circuit-switched voice (CSV) and circuit-switched data (CSD). This service employs a 1.544 Mbps facility capable of delivering up to twenty-four Line Terminations. The service is offered only for use with compatibly equipped FCC Part 68 equipment.

38.1.2 Service Components

A. Telephone Service Line - Line Termination

Composed of the serving central office exchange access line equipment necessary for entry and exit of the public switched network for both long distance service and for local exchange calling appropriate to the calling option selected by the customer.

B. Telephone Service Line - Digital Transmission Loop Arrangement

Composed of a digital, multichannel transmission path, its related transmission equipment and the associated network interface device. Each arrangement provides two-way transmission for a capacity of up to 24 Line Terminations.

The Digital Transmission Loop Arrangement function, for Digital Loop Service, may be provided as a channel of a DS3 or higher digital transport service. When a DS3 or higher digital transport service is used the Digital Transmission Loop Arrangement charge is not applied.

C. Local Exchange Usage

Utilization made of the public switched network for the usage associated with local exchange service.

DIGITAL LOOP SERVICE

38.1 General

MISSOURI
Public Service Commission

All rates, charges, terms and conditions set forth herein provide for the furnishing of service where suitable facilities are available and do not create an obligation of the Company to construct facilities especially for this service.

Other service offerings requested by the customer and not detrimental to this service or other services of the Company may be furnished in accordance with the regulations and at the rates and charges specified in the applicable sections of this tariff or other tariffs of the Company.

38.1.1 Description

Provides the customer digital access to and from the Public Switched Telephone Network (PSTN) for circuit-switched voice (CSV) and circuit-switched data (CSD). This service employs a 1.544 Mbps facility capable of delivering up to twenty-four Line Terminations. The service is offered only for use with compatibly equipped FCC Part 68 equipment.

38.1.2 Service Components

A. Telephone Service Line - Line Termination

Composed of the serving central office exchange access line equipment necessary for entry and exit of the public switched network for both long distance service and for local exchange calling appropriate to the calling option selected by the customer.

B. Telephone Service Line - Digital Transmission Loop Arrangement

Composed of a digital, multichannel transmission path, its related transmission equipment and the associated network interface device. Each arrangement provides two-way transmission for a capacity of up to 24 Line Terminations.

(AT)
|
(AT)

The Digital Transmission Loop Arrangement function, for Digital Loop Service, may be provided as a channel of a DS3 or higher digital transport service. When a DS3 or higher digital transport service is used the Digital Transmission Loop Arrangement charge is not applied.

C. Local Exchange Usage

Utilization made of the public switched network for the usage associated with local exchange service.

DIGITAL LOOP SERVICE

38.1 GENERAL (cont'd)

38.1.3 Regulations

- A. The following regulations are in addition to other regulations as stated in this and other tariffs of the Company. For the purposes of this service, when such other regulations apply on a "per line" basis, they shall be interpreted in this instance as applying on a "per Line Termination" basis.
- B. Digital Loop Service is furnished subject to the availability of facilities and only within a LATA.
- C. It is offered with identical local exchange usage options and calling scopes as defined in the Local Exchange Tariff.
- D. Monthly recurring access line rates and charges as specified in the Local Exchange Service Tariff are not applicable to this service. However, Service and Equipment charges to move or change service do apply on a per Line Termination basis. Other rates and charges for associated services (i.e., End User Line Charges, etc.), which normally would apply on a per line basis, will apply on a per Line Termination basis.
- E. Each Digital Transmission Loop Arrangement can contain both DID and non-DID Line Terminations. The customer must initially indicate the specific location of each Line Termination within the multichannel transmission path. Subsequent change in this configuration will result in the application of appropriate charges expressed in Paragraph 38.2.1, following.
- F. Service provided under this tariff contemplates the customer's requested service location(s) are within the Base Rate Area (BRA) of the normal serving central office. Requests for Digital Transmission Loop Arrangements extending beyond the normal serving office BRA, when feasible, may be provided as stated in Section 5 of the General Exchange Tariff in addition to the rates stated in this tariff.

(CP)

- G. If a customer requests that Digital Loop Service be provisioned from an office other than the Digital Loop serving office designated by the Company, and if agreed to by the Company, Digital Loop Service may be extended to Company central offices within the same Local Access Transport Area (LATA) through the application of MegaLink 1.5 (DS1) Service, DS3 Service, or other suitable Company services.

DIGITAL LOOP SERVICE-(CONTINUED)

38.1 General-(Continued)

38.1.3 Regulations-(Continued)

- H. Customer requests for a change in central office designation or a relocation of service to another premises will be considered a disconnection and connection of new service.
- I. Except as otherwise noted, the minimum service period is 30 days.
- J. Except for the Local Exchange usage portion of this service, the temporary suspension of service provisions are not applicable.
- K. No performance guarantee is made or implied beyond those associated with the normal provisioning of Local Exchange Service.
- L. Note that special steps are required for PBX customers to have 9-1-1 service features consistent with those provided to other end users in the same 9-1-1 service area. Automatic Number Identification, Automatic Location Identification and/or Selective Routing are only available through coordination with the governmental agency responsible for 9-1-1 service within the area served by the PBX in accordance with the provisions of Section 28 of the General Exchange Tariff.

38.1.4 Optional Features

- A. Loop Protection: Provides automatic restoration of the Digital Transmission Loop Arrangement facility and physical route redundancy from the customer's serving wire center to be the point nearest the customer's premises that redundancy can be achieved in the event of a transmission failure caused by a single facility break or a single loop electronics failure.

(AT) Loop protection is available when Digital Transmission Loop Arrangement is used. If DS3 or
(AT) higher digital transport is used, loop protection native to that service applies.

The automatic restoration capabilities are provided through use of intelligent components which are capable of sensing transmission failures in the fiber facilities. The primary and secondary transmission paths are separately routed in geographically and physically separate fiber optic cables up to the nearest point to the customer's premises that route redundancy can be achieved. In the event of a transmission failure, the intelligent components will automatically switch the Digital Loop Service from the primary to the secondary transmission path within 2.0 seconds. This service is provided subject to the limitations set forth in Section 17, Paragraph 17.8.3 of the General Exchange Tariff.

The automatic restoration capabilities are provided through use of intelligent components which are capable of sensing transmission failures in the fiber facilities. The primary and secondary transmission paths are separately routed in geographically and physically separate fiber optic cables up to the nearest point to the customer's premises that route redundancy can be achieved. In the event of a transmission failure, the intelligent components will automatically switch the Digital Loop Service from the primary to the secondary transmission path within 2.0 seconds. This service is provided subject to the limitations set forth in Section 17, Paragraph 17.8.3 of the General Exchange Tariff.

(1) Loop Protection Feature will be provided where fiber optic facilities are available. Special Construction Charges may apply when fiber optic facilities are not available or unusual expenditures are involved in making them available to provide this feature. When requested by the customer prior to installation, the Special Construction charges may be deferred over a period of 12, 24, 36, 48 or 60 months. The deferred monthly value shall be determined by multiplying the special construction charge by the appropriate annuity factor, as found in Section 17.6.5 of this Tariff. A charge equal to the remaining payments will be due immediately should the customer terminate the service prior to completing payment of the deferred charge.

(2) These rates are in addition to the applicable rates specified in the preceding Paragraphs 38.2.1; C.1, C.2 and C.3 of this tariff.

- B. The Digital Transmission Loop Arrangement is available under payment option 1. Payment option 2 is obsolete and limited to existing installations at existing locations for existing customers.
- C. Each Digital Transmission Loop Arrangement must be entirely of the same payment option.
 - 1. Once selected, the payment option will remain for the duration of the particular arrangement.
 - 2. The payment option may vary between arrangement.
 - 3. Application of the "Channel Location Changed or Rearranged" charge applies only to those changes or rearrangements made within a Digital Transmission Loop Arrangement or between those having a like payment option.
- D. Local Exchange Usage in Paragraph 38.2.1, (C), preceding, shall conform to the principles of Paralleling Service as described in Section 17 of the General Exchange Tariff.
- E. Under Payment Option 1, the customer shall select a service term for each Digital Transmission Loop Arrangement of either Month-to-Month, 12, 24, 36, 48, or 60 consecutive months.
 - 1. If the customer selects a service term (other than month-to-month), the customer will be required to sign an agreement. The Service Term cannot be changed for the duration of this agreement. The monthly rate will not be subject to rate increases for the duration of the Service Term. If tariff changes are approved lowering the Service Term Rates, the Company will apply the new lowered rates prospectively to all unexpired service term agreements.

(RT) DIGITAL LOOP SERVICE

(CT) 38.2 Rates and Charges (cont'd)

(CT) 38.2.2 Application of Rates and Charges (cont'd)

(CT) E. (cont'd)

- 2. If the customer disconnects the Digital Transmission Loop Arrangement prior to the expiration of the 12, 24, 36, 48, or 60 month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other amounts previously owed to the Company.

(AT) For Service Term Agreements which become effective on or after September 15, 2004:

- In addition to any unpaid Special Construction or Nonrecurring Charges (excluding waived charges), customer termination liability for cancellation of Digital Loop Service shall be equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's Service Term.

(AT) For Service Term Agreements in effect prior to September 15, 2004, the termination charge shall be the lesser of:

- The difference between the total rates and charges of the original service term at the time of termination and the total rates and charges for the next lower service term actually completed times the total number of completed months of the original service term plus interest charges based on approved costs of money in effect at the time of termination, or
- The monthly payments remaining on the service term for each Digital Transmission Loop Arrangement. (1)

(CT) This charge will be waived if the customer converts the arrangement to another Company
 (CT) provided digital service for a service term that equals or exceeds the number of months
 (CT) remaining on the customer's Digital Loop Service agreement. This charge will also be
 (CT) waived for Digital Loop Service customers who move their service to another Company
 served location within Missouri if the service terms are continued at the new location. In
 such cases, Installation Charges and Service and Equipment Charges are applicable.

(MT) (1) If the Digital Transmission Loop Arrangements are terminated anytime within the first twelve (12) months of service for any service term, the monthly and installation charges for the next lower service term will be those that are applicable to the Month-to-Month rate.

38.2 Rates and Charges-(Continued)

38.2.2 Application of Rates and Charges-(Continued)

E. -(Continued)

2. If the customer disconnects the Digital Transmission Loop Arrangement before the expiration of the 12, 24, 36, 48, or 60 month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other amounts previously owed to Southwestern Bell. The termination charge shall be the lesser of:

- The difference between the total rates and charges of the original service term at the time of termination and the total rates and charges for the next lower service term actually completed times the total number of completed months of the original service term plus interest charges based on approved costs of money in effect at the time of termination, or
- The monthly payments remaining on the service term for each Digital Transmission Loop Arrangement. (1)

This charge will be waived if the customer converts the arrangement to another Southwestern Bell digital service for a service term that equals or exceeds the number of months remaining on the customer's Digital Loop Service agreement. This charge will also be waived for Digital Loop Service customers who move their service to another Southwestern Bell served location within Missouri if the service terms are continued at the new location. In such cases, Installation Charges and Service and Equipment Charges are applicable.

- 3. If additional Digital Transmission Loop Arrangements are ordered at a location where the customer has an existing Digital Loop Service term pricing agreement, the additional service(s) may be added to that agreement, so that the monthly rate and expiration date specified in the original agreement apply. As an alternative, the customer may choose the month-to-month payment option or a different term option for the service additions. Note that additions to an agreement are subject to the provisions described in Paragraph 38.2.2.E.2.
4. Upon the expiration of the service term, the customer may:
a. Continue service without establishing a new service term. Service will be provided on a month-to-month basis at the then current rate. This monthly rate will be subject to any rate changes approved by the Commission.
b. Continue service by selecting a new service term of 12, 24, 36, 48, or 60 months. The new service term will commence on the day following the expiration of the previous service term at the then current rate.
c. Discontinue the service.
5. If a service term agreement expires and the customer has not notified the Company regarding which option he elects, service will continue at the monthly rate in effect at that time for the month-to-month option.

(CT)

DIGITAL LOOP SERVICE

38.2 RATES AND CHARGES (cont'd)

(RT)

(RT)

38.2.3 Promotions

A. Digital Plus Promotion

1. Customers purchasing Digital Loop Service with Local Plus between September 15, 2000 and December 31, 2000, and commit to a three or five year contract for this service combination, will receive discounted Local Plus rates (see Section 48, Sheet 6 for a detailed explanation). This arrangement will be referred to as a Digital Plus arrangement.
2. A customer who connects a new Digital Transmission Loop Arrangement, as part of this arrangement, is also eligible for a waiver of installation charges associated with the Digital Transmission Loop Arrangement and a credit payable in the third month of their contract. The credit will be equal to the number of new Digital Transmission Loop Arrangements (associated with a Digital Plus arrangement) times \$225.00 for three-year contracts or times \$500.00 for five-year contracts. Existing Digital Transmission Loop Arrangements are not eligible for credits. Existing Digital Transmission Loop Arrangements must have been disconnected for a period of nine months before they may be re-connected and qualified for this promotion.
3. If a customer discontinues a Digital Plus arrangement prior to the contract expiration, they are liable for a termination payment. The payment associated with Digital Loop Service is equal to the lesser of:
 - a. All credits issued and charges waived in association with a new connection plus the number of months the customer had Digital Loop Service times the difference between the tariff rate for the highest completed Term and the Digital Plus rate, or
 - b. The remaining contract obligation.

MO. PUBLIC SERVICE COMMISSION

- F. For a period of 89 days beginning with the effective date of this tariff, business customers participating in the 1+ Saver 10-Hour Optional Calling Plan promotion, as described in section 1.12.4(B) of the Long Distance Message Telecommunications Service Tariff (P.S.C. Mo.-No. 26), are eligible to receive a waiver of the applicable Installation Charges for the installation of one Digital Transmission Loop Arrangement and/or up to 24 Line Terminations.

(AT) 38.2.3 Promotions

A. Digital Plus Promotion

- 1. Customers purchasing Digital Loop Service with Local Plus between June 11, 1999 and December 31, 1999, and commit to a three or five year contract for this service combination, will receive discounted Local Plus rates (see Section 48, Sheet 6 for a detailed explanation). This arrangement will be referred to as a Digital Plus arrangement.
- 2. A customer who connects a new Digital Transmission Loop Arrangement, as part of this arrangement is also eligible for a waiver of installation charges associated with the Digital Transmission Loop Arrangement and a credit payable in the third month of their contract. The credit will be equal to the number of new Digital Transmission Loop Arrangements (associated with a Digital Plus arrangement) times \$225 for three-year contracts or times \$500 for five-year contracts. Existing Digital Transmission Loop Arrangements are not eligible for credits. Existing Digital Transmission Loop Arrangements must have been disconnected for a period of nine months before they may be re-connected and qualified for this promotion.

(AT) 38.3 SuperTrunk

JUN 11 1999
By 2nd RS #10
Public Service Commission
MISSOURI

38.3.1. Description

SuperTrunk offers a direct T1 connection from the Company's digital switch to the customer's premises as an option of Digital Loop Service. Each SuperTrunk provides 24 exchange channels and will allow all channels to receive and generate calls. It will be available in digital offices where facilities permit and requires Touch-tone on all stations. Line side features are not available with SuperTrunk; therefore, if a customer wants vertical features (e.g., EasyOptions® Services) on their PBX outdials and combo trunks, they cannot subscribe to SuperTrunk. Direct Inward Dial (DID) numbers may or may not be assigned to these trunk groups. See the General Exchange Tariff, Miscellaneous Service Offerings, Section 13 for applicable DID rates. This service consists of three service components described herein. Service components are not offered separately or independent of one another.

38.3.2 Standard Service Components

- A. SuperTrunk Port - A direct T1 termination on the digital switch that provides 24 exchange channels. The port will provide incoming and outgoing digital connectivity to the switch network.
- B. Transport Element - A Digital Transmission Loop will connect the SuperTrunk termination to the customer's premise. Each arrangement provides two-way transmission with a maximum capacity of twenty-four Line Termination. Refer to the Application of Rates and Charges section of this tariff for regulations that apply to the Digital Transmission Loop.
- C. Switch Use - Includes the use of the public switched telephone network.

(CT) 38.2 RATES AND CHARGES (cont'd)

(CT) 38.2.3 Promotions (cont'd)

(AT) B. Digital Loop Service/SuperTrunk III

1. A promotional period will begin on September 9, 2003 and end on December 8, 2003 for eligible business customers who order Digital Loop service and who commit to a 36-, 48-, or 60-month service term. This promotion is available to customers who are ordering new Digital Loop circuits, and/or who are renewing existing Digital Loop service term agreements which expire during the promotional period. Business customers will receive a waiver of all associated installation charges on the Digital Transmission Loop Arrangement (DTLA), Direct Inward Dialing (DID) 100 number calling block, and DID Trunk Termination. Monthly recurring charges will be discounted as follow:

Product Name	Service Term		
	<u>36 Months</u>	<u>48 Months</u>	<u>60 Months</u>
Digital Transmission Loop Arrangement (DTLA)	\$171.00	\$162.00	\$153.00
DID 100 Number Calling Block	10.00	10.00	10.00
DID Trunk Termination	10.00	10.00	10.00

2. To be eligible for this promotion, the business customer must not currently have any past due bills for regulated service owed to the Company, except in those cases where the customer and the Company have established mutually acceptable payment arrangements for collection of past due amounts. Termination liability charges as specified in this Tariff Section will apply in the event of early termination of contract.

(AT) 3. Service must be installed on or before February 15, 2004.

Public Service Commission**

38.3.3 Application of Rates

- A. The customer shall select either a Month-to-Month or a service term (12, 24, 36, 48 or 60 consecutive months) for each SuperTrunk Port.
- B. If the customer selects a service term (other than month-to-month), the customer will be required to sign an agreement. The Service Term cannot be changed for the duration of this agreement. The monthly rate will not be subject to rate increases for the duration of the Service Term. If tariff changes are approved lowering the Service Term Rates, the Company will apply the new lowered rates prospectively to all unexpired service term agreements.
- C. If the customer terminates the SuperTrunk Service agreement prior to the expiration of the 12, 24, 36, 48 or 60 month service term, the customer shall pay a termination charge for each SuperTrunk Port and Switch Use Element disconnected. Payment of the termination charge does not release the customer from other previous amounts owed to Southwestern Bell. The termination charge shall be the lesser of:

- The difference between the total rates and charges of the original service term at the time of termination and the total rates and charges for the next lower service term (1) actually completed times the total number of completed months of the original service term, or interest charges based on approved costs of money in effect at the time of termination, or
- The monthly payments remaining on the service term for each Digital Transmission Loop Arrangement.

This charge will be waived if the customer converts the arrangement to another Southwestern Bell digital service for a service term that equals or exceeds the number of months remaining on the customer's SuperTrunk service agreement. This charge will also be waived for SuperTrunk customers who move their service to another Southwestern Bell served location within Missouri if the service terms are continued at the new location. In such cases, Installation Charges and Service and Equipment Charges are applicable. See paragraph 38.2.2.E2.

- D. If additional SuperTrunk Ports are ordered at a location where the customer has an existing SuperTrunk Port term pricing agreement, the additional service(s) may be added to that agreement, so that the monthly rate and expiration date specified in the original agreement apply. As an alternative, the customer may choose the month-to-month payment option or a different term option for the service additions. Note that additions to an agreement are subject to the provisions described in paragraph 38.3.2.2.

(MT) 38.3 SUPERTRUNK (cont'd)

38.3.3. Application of Rates (cont'd)

Service Commission

- (CT)
- C. If the customer terminates the SuperTrunk Service agreement prior to the expiration of the 12, 24, 36, 48 or 60 month service term, the customer shall pay a termination charge for each SuperTrunk Port and Switch Use Element disconnected. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. The termination charge shall be the lesser of:
- The difference between the total rates and charges of the original service term at the time of termination and the total rates and charges for the next lower service term (1) actually completed times the total number of completed months of the original service term plus interest charges based on approved costs of money in effect at the time of termination, or
 - The monthly payments remaining on the service term for each Digital Transmission Loop Arrangement.

This charge will be waived if the customer converts the arrangement to another Company digital service for a service term that equals or exceeds the number of months remaining on the customer's SuperTrunk service agreement. This charge will also be waived for SuperTrunk customers who move their service to another Company served location within Missouri if the service terms are continued at the new location. In such cases, Installation Charges and Service and Equipment Charges are applicable. See Paragraph 38.2.2.E2.

- D. If additional SuperTrunk Ports are ordered at a location where the customer has an existing SuperTrunk Port term pricing agreement, the additional service(s) may be added to that agreement, so that the monthly rate and expiration date specified in the original agreement apply. As an alternative, the customer may choose the Month-to-Month payment option or a different term option for the service additions. Note that additions to an agreement are subject to the provisions described in Paragraph 38.3.2.2.

- (MT)
- (1) If the SuperTrunk service is terminated anytime within the first twelve (12) months of service for any service term, the monthly and installation charges for the next lower service term will be those that are applicable to the Month-to-Month rate.
