## 3. Maintenance Visit Charges

Maintenance Visit Charges apply when the Company dispatches personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities.

Maintenance Visit Charges will be credited to the Customer's account in the event trouble is not found in the Company facilities, but the trouble is later determined to be in those facilities. The time period for which the Maintenance Visit Charges is applied will commence when Company personnel are dispatched at the Customer premises and end when work is completed. The rates for Maintenance of Service, therefore, vary by time per Customer request.

F. Telebranch<sup>SM</sup> Service (3)

## 1. General

TeleBranch<sup>SM</sup> Service is a service whereby a call placed from the originator to a customer's (the TeleBranch<sup>SM</sup> customer) telephone number (the call-forwarding location) is automatically forwarded by central office equipment to the subscriber's (1) Local Exchange Service, (2) Inward Wide Area Telecommunications Service (800 Service) and Long Distance Message Telecommunications Service or (3) Foreign Exchange Service (FX). Terminating stations must have incoming-call capacity.

## 2. Regulations

- (a) TeleBranch<sup>SM</sup> Service is offered subject to availability of suitable facilities and provided no unusual expense is involved.
- (b) TeleBranch<sup>SM</sup> Service is not offered where the terminating station is a coin telephone.
- (c) The Company will not provide identification of the originating telephone number to the TeleBranch<sup>SM</sup> customer.
- (d) Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call.
- (e) TeleBranch<sup>SM</sup> Service is not represented as suitable for satisfactory transmission of data.
- (f) TeleBranch<sup>SM</sup> Service is available when used in connection with interstate or intrastate Long Distance Message Telecommunications Service and interstate or intrastate Inward WATS (800 Service) lines.
- (g) TeleBranch<sup>SM</sup> Service is offered for Local Exchange Service only in those locations where Measured Service is available.
- (h) TeleBranch<sup>SM</sup> Service is provided on the condition that the customer subscribe to sufficient TeleBranch<sup>SM</sup> features and facilities to adequately handle calls to the TeleBranch<sup>SM</sup> customer without interfering with or impairing any services offered by the Company.

**Footnotes:**

- (1) Some former Navigator customers may have special pricing arrangements that deviate from the rates in this section.
- (2) Former Navigator Customers using this product will now be billed under the product name BirchNet Value Line.
- (3) Effective November 18, 2008, this service is no longer offered.
- (4) Former Navigator Customers using this product will now be billed under the product name Home Connection.
- (5) Former Navigator Customers using this product will now be billed under the product name Home Essentials.
- (6) Former Navigator Customers using this product will now be billed under the product name BirchNet Essentials.
- (7) Former Navigator Customers will be billed a bundled flat line rate effective November 18, 2008. Any metered or measured usage, along with certain fees, will be combined into a single bundled flat line rate. The new bundled local rate has been calculated by adding together the main line rate, the monthly average, over the last six months, of local usage charges for any measured or metered use, any local or extended area calling plan charges, any business or residential package charges, the End User Common Line Charge, the Pre-subscription Charge and the Access Recovery Surcharge fees. In summary, the new bundled rate reflects the customer's previous Navigator rates for the same services and fees.

A. Prepaid Services

Prepaid Service is a prepaid, switched, intrastate, telecommunications service which permits Customers to establish communications between two locations within the State of Missouri. Prepaid Service is available only within those exchanges and local calling areas listed in this tariff.

1. Prepaid Service provides a Customer with a single, voice-grade communications channel, including a telephone number and a Directory Listing. The Company's Prepaid Service permits a Customer to: (i) place calls within the Local Calling Area; (ii) access 911 Service if available in the Customer's Local Calling Area; (iii) place call to toll-free "800" or "888" telephone numbers. The Company's Prepaid Service does not permit a Customer to originate calls to caller-paid information services (e.g., "900", "976", "711") or to local or long distance operator services (1+, 0-, 0+); the Company blocks all such calls.

2. Standard Features. Each Prepaid Service Customer is provided with only local exchange service.

3. Optional Features. Prepaid Service Customers may select from the following optional features: (i) Call Waiting, (ii) Call Forwarding, (iii) Three Way Calling, (iv) Unpublished Number, (v) Speed Dial, (vi) Call Return, (vii) Caller ID, and (viii) Call Trace.

B. Recurring Charges

Monthly Prepaid Service \$49.95

All other taxes, fees and surcharges applicable to local services in this Tariff apply.

(1) Effective November 11, 2009, this service is grandfathered and replaced by services in Section 4.5.31 of this tariff. (N)

4.5.34 Payphone Service Provider (PSP) Services  
4.5.34.1 Rules and Regulations

- A. Service for Payphone Service Provider ("PSP") Telephones is an exchange line service provided at the request of the subscriber for telecommunications use.
- B. Service is provided for use with PSP telephones.
- C. The carriage and completion of all local dialed calls including operator service functions are provided by the Company.
- D. Service is provided subject to the condition that telephone messages (local and long distance) placed from stations that are accessible to the public are completed over PSP lines (or other Public or Semipublic lines). Where service is furnished, any type or grade of residence or business service offered regularly at that location may be furnished in addition, provided such residence or business service is confined to locations solely for use by the particular establishment.
- E. Service may not be attached to other types of access lines. A subscriber must order a separate PSP Access line for each PSP telephone installed and will be billed the tariff rate for each line.
- F. Service may only be provided as Two-Way service, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
- G. For customers subscribing to Caller ID - Deluxe, if the incoming call originates from a customer provided public telephone, the name information transmitted will always be "Pay Phone".
- H. The PSP shall be responsible for the installation, operation and maintenance of any PSP instruments used in connection with this service.
- I. The PSP shall be responsible for payment of a nonrecurring charge as specified in this tariff for each visit by the Company or its agent to the customer's premises solely to determine that the service difficulty or trouble report results from the use of equipment or facilities provided by the customer.

4.5 General Exchange Services (continued)

4.5.34 Payphone Service Provider (PSP) Services (continued)

4.5.34.1 Rules and Regulations (continued)

J. PSP telephones must be connected to the telephone network in compliance with Part 68 of the FCC Rules and Regulations as well as regulatory requirements of the New York Public Service Commission. The telephones must have the following operational characteristics:

1. Must be lighted during the hours of darkness when light from other sources is not adequate to read instructions and use the payphone.
2. Must be able to access 911 Emergency Service, where available, at no charge to the calling party. Where 911 is not available, must be able to access the "Operator", at no charge to the calling party. The appropriate emergency number (Operator, 911) must be clearly posted at each PSP location.
3. Must be equipped to return the coins to the caller in the case of an incomplete call, except messages to a Feature Group A access number.
4. Must provide free access to dial-tone and toll free numbers (e.g., 800, 877, and 888).
5. Must complete calls to local and long distance directory assistance.
6. Must provide free access to the responsible party for repairs or refunds. The Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.
7. Must be equipped with a legible sign, card, or plate of reasonable permanence that shall identify the following:
  - a. The telephone number and location address of the payphone station, name and certificate number of the certificate holder, the party responsible for repairs and refunds, address of responsible party, free phone number of responsible party, clear dialing instructions (including notice of the lack of availability of local or toll services) and the local coin rate.
  - b. For those payphone stations that will terminate conversation after a minimum elapse of time, notice shall be included on the sign card as well as an audible announcement 30 seconds prior to termination of the phone call.
8. Each payphone station that provides access to any interexchange company must provide coin free access to all locally available interexchange companies (except for Feature Group A access). The payphone station shall provide such access through the forms of access purchased by locally available long distance carries such as 10XXX+0, 10XXXX+0, 101XXXX+0, toll free (e.g., 800, 877, and 888) access.
9. May have a maximum of one non-dialable extension per station access line. This extension must be within the same premises as the main station and may be a maximum of 35 feet from the main station or have a privacy feature to disable the extension when the main station is in use.
10. No sales solicitation shall be allowed during the interval between the last digit dialed by the end user and connection with the interexchange carrier.
11. All 0- calls shall be routed to a telecommunications company that is authorized by the Commission to handle 0- calls. All other calls, including operator service calls, may be routed to the PSP's carrier of choice, unless the end user dials the appropriate access code for their carrier of choice, i.e., 950, 10XXX, 10XXXX, 101XXXX, and toll free access (e.g., 800, 877, and 888).

4.5 General Exchange Services (continued)

4.5.34 Payphone Service Provider (PSP) Services (continued)

4.5.34.1 Rules and Regulations (continued)

K. Each payphone station:

1. Must allow incoming calls to be received at all times, with the exception of those locations at hospitals, schools and locations specifically exempted by the Commission. There shall be no charge for receiving incoming calls.
2. A PSP may petition the Commission for an exception from the incoming call requirement for a period that shall not exceed two years from the effective date of the Order granting the exemption. Where incoming calls are not received, central office based intercept shall be provided at no charge to the end user and a written notice shall be prominently displayed on the payphone directly above or below the telephone which states: "Incoming calls blocked at request of law enforcement."
3. Must be connected to an individual access line.
4. Must permit outgoing calls to be placed at all times. Each pay telephone service company shall make all reasonable efforts to minimize the extent and duration of interruptions of service. Service repair programs should have as their objective the restoration of service on the same day that the interruption is reported to the company (Sundays and holidays excluded).

L. Telephone Directories (current white page directory for the local calling area and a reasonably current yellow page directory that is appropriate for the calling area of the payphone station) shall be maintained at each payphone station.

1. Where there is a single payphone station, a directory shall be maintained at each station.
2. Where there are two or more payphone stations located in a group, a directory for the entire local calling area shall be maintained at every other station. However, where telephone pay stations are fully enclosed, a directory shall be maintained at each payphone station.
3. Payphone stations that provide local directory assistance at no charge are exempt from the provision of this rule. A notice must appear on the placard if local directory assistance at no charge is being provided.

M. Normal maintenance and coin collection activity shall include a review of the cleanliness of each payphone station.

N. Each payphone station must comply with rules of the American National Standards Institute, Inc, relative to physical handicap accessibility.

O. Each pay telephone station shall permit end users to input unlimited digits for the duration of the call.

P. Toll Fraud Liability

1. A company providing interexchange telecommunications services or local exchange telecommunications services shall not collect from a PSP for:
  - a. Charges billed to a line for calls which originates from that line through the use of access codes such as 10XXX, 10XXXX, 101XXXX, 950, and toll free (e.g. 800, 877, 888) access codes, or when the call originating from that line otherwise reached an operator position, if the originating line is subscribed to outgoing call screening and the call was placed after the effective date (the date after the call screening order was placed and associated charges apply) of the outgoing screening order;

- b. Charges for collect or third number billed calls, if the line to which the call was billed was subscribed to incoming call screening and the call was placed after the effective date of the incoming call screening order. Any call billed through the provider of local exchange telecommunications services or directly by an interexchange company, or through a billing agent, which have been identified as not collectible as described above, must be removed from any PSP's bill after the PSP gives notice of the fraudulent charges to the billing party. Pay telephone providers shall give such notice to the provider of local exchange telecommunications services and the interexchange company in writing no later than the due date of the bill.
- c. The provider of local exchange telecommunications services is responsible for charges described in a. above that are associated with the failure of the provider of local exchange telecommunications services' screening services.
- d. The interexchange company is responsible for charges described in P.1.a. above that are associated with the failure to properly validate calls via the appropriate provider of local exchange telecommunications services' database.
- e. Any charges accrued to a line when the subscriber has subscribed to the provider of local exchange telecommunications services to screen calls described in P.1.a. above shall not be the basis for discontinuance of local and intrastate service.

- Q. Providers serving confinement facilities shall provide for completion of all inmate calls allowed by the confinement facility.
- R. Pay telephones stations located in confinement facilities shall be exempt from the preceding requirements except that outgoing local and long distance calls may not be terminated until after a minimum elapsed time of ten minutes. Audible and written disconnect notifications shall apply, and one access line shall not be connected to more than three pay telephone stations.

4.5.34.4 Rates

The monthly recurring charge for this service is \$54.30 (I)

- Miscellaneous Service Charges will apply – see Section 4.1.11.5 of this tariff.
- .
- Declining free features does not reduce the package rate. Additional features can be purchased at “a la carte” rates - see Section 4.5.34.2 of this tariff.
- The availability of certain features depends on ILEC feature availability.
- Early Termination Fees are calculated using the following formula: \$200 x Months Remaining. The termination penalty will apply per location on the original contract or any subsequent renewal of the contract.
- Product may not be available in all CLLIs.
- Local, IntraLata, Long Distance is available with this product and is rated at \$0.07/minute after the initial 250 included usage
  - Long Distance Rates apply to all domestic 1+ direct dialed minutes of use. While the plans include long distance, the customer may choose to use another carrier for their long distance purposes; however, declining the Birch long distance will not reduce the package monthly rate and eliminate half of the allowable usage.
  - Long distance is only applicable to standard outbound domestic long distance only, originating from Birch customer to the 50 US States, and US territories (Puerto Rico, Guam, USVI, No. Marianas). All other types of calls, (Operator Assisted Long Distance calls, OS/DA, International, Toll Free, Calling Card, etc.), will be rated at standard rate according to the rate tables established for the calls.

4.2.21.E PayPhone Paper Invoice Fee

All payphone customers that do not receive E-bill (Electronic Invoicing) will receive a paper invoice charge of \$9.95 per invoice. This charge represents the costs for printing, postage, mail handling and management of paper invoices. You may avoid this charge by registering for E-bill online or by contacting customer service.
