B. Obligation and Liability of the Company

MISSOURI
Public Service Commission

1. Availability of Facilities and Equipment

- a. The Company's obligation to furnish exchange and toll service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary pole lines, circuits, and equipment.
- b. The installation and restoration of services shall be subject to the regulations set forth in this Tariff.

2. Interruptions of Service

- a. In the event of an interruption to the service not due to the negligence or willful act of the customer or customer premises equipment, an allowance will be made if the interruption continues for more than 24 hours from the time it is reported to or detected by the Company.
- b. The allowance will be limited to the prorated portion of the monthly rate for the service or portion thereof made inoperative. No other liability shall in any case attach to the Company in consideration of such interruptions.

3. Liability

- a. In view of the possibility of errors and difficulties occurring in the transmission of messages by telephone, and the impossibility of fixing the cause thereof, the customer assumes all risks connected with the service except as follows:
 - 1) If the initial installation is defective or if service is interrupted otherwise than by the negligence or willful act of the customer or due to customer premises equipment, an allowance at the minimum rate for the telephone facilities and class of service at the time of the installation or interruption shall be made for the time such outage continues after notice and demand to the Company unless such outage is due to the inside wiring or customer provided equipment. No other liability shall in any case attach to the Company.

3. Liability (Cont'd)

- b. In the case of interruption to any interexchange service (Private Lines, WATS, etc.), allowance for message toll service used by the customer during the period of interruption, will be made at the regular message toll rates.

4. Directory Errors and Omissions

- a. The Company's liability for damages on account of interruptions to service due to errors or omissions in directory listings will be limited to a pro rata abatement of the charge for such of the customer's service as is affected, the maximum abatement not to exceed one-half the service charges for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.
- b. In the cases of extra listings in the alphabetical section of the directory for which a charge is made, the Company's liability shall be limited to an amount not to exceed the established rate for such listing during the period which the error or omission continues.

5. Transmitting Messages

- a. The Company does not transmit messages but offers the use of its facilities for communications between patrons. If because of transmission difficulties the operator, in order to accommodate the customer, repeats messages she is deemed to be acting as the agent of the persons involved and no liability shall attach to the Company because of any errors made by the operator or misunderstandings that may arise between customers because of the errors.

6. Use of Connecting Company Lines

- a. When suitable arrangements can be made, lines of other telephone companies may be used in establishing wire connections to points not reached by this Company's lines. In establishing connections with the lines of other companies, the Company is not responsible or liable for any action of the Connecting Company.

7. Defacement of Premises

- a. The Company shall exercise due care in connection with all work done on customer's premises. No liability shall attach to the Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Company's facilities and associated wiring on such premises, or by the installation or removal thereof, unless such defacement or damage is the result of the sole negligence of the Company.

8. The Company will make reasonable effort to cure any material failure to provide service caused solely by year 2000 defects in the Company's hardware, software, or systems. Due to the interdependence among telecommunications providers and the interrelationship with non-Company service processes, equipment and systems, the Company is not responsible for failures caused by circumstances beyond its control including, but not limited to, failures caused by: (1) the Customer; (2) other telecommunications companies as defined by Missouri statute; or (3) customer premises equipment. In addition, the Company does not ensure compatibility between the Company and non-Company services used by the Customer.

C. Use of Service and Facilities

1. Ownership and Use of Regulated Services

- a. Coin-operated, public, semi-public or pay telephone equipment, and wiring and facilities furnished by the Company to provide transmission service on the premises of a customer are the property of the Company. The agents and employees of the Company shall have the right to enter said premises at any reasonable hours for the purpose of installing, inspecting, maintaining or repairing the equipment, instruments and lines, or for the purpose of making collections from coin boxes or upon termination of the service, for the purpose of removing such equipment, instruments and lines. Such equipment, instruments and lines are not to be used for performing any part of the work of transmitting, delivering or collecting any message where any toll or consideration has been or is to be paid any party other than the Company, without the written consent of the Company.
- b. If the installation and maintenance of service are requested at locations which are or may become hazardous or dangerous to the Company's employees or to the public or to property, the Company may refuse to install and maintain such service, and, if such service is furnished may require the customer to install and maintain such services and may also require the customer to indemnify and hold the Company harmless from any claims, loss or damage by reason of the installation and maintenance of such service.

C. Use of Service and Facilities (Cont'd)

MISSOURI
Public Service Commission

2. Use of Customer Service

- a. Customer telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the customer, the customer's family, employees or business associates, or persons residing in the customer's household, except as the use of the service may be extended to persons temporarily subleasing a customer's residential premises. The Company has the right to refuse to install customer transmission service or to permit such service to remain on premises of public or semi-public character when the instrument is so located that the public in general or patrons of the customer may make use of the service. At such locations, however, transmission service may be installed, provided the instrument is so located that it is not accessible for public use.

3. Use of Party Line Service

- a. Applications for party line service are accepted by the Company with the understanding that each customer will so use the service as not to interfere with an equitable proportionate use of the service by the other customers on the same line. When the duration or number of local messages sent or received by a party line customer is so great as to prevent an equitable proportionate use of the line by other customers on the line, the Company shall have the right to require the customer to contract for a higher grade of service, or to discontinue the service of the customer in question. The Company reserves the right to limit the continuous use of a party line for a local message to five minutes.

4. Tampering with Equipment

- a. The Company may refuse to furnish or may deny transmission service to any person, firm or corporation on whose premises is located any telephone equipment owned by the Company which shows any evidence of tampering, manipulation, or operation, or use of any device whatsoever, for the purpose of obtaining telephone service without payment of the charges applicable to the service rendered.

5. Use of Profane Language or Impersonation of Another Public Service Commission

- a. The Company may refuse to furnish or may deny transmission service to any persons, firm or corporation who, over the facilities furnished by the Company, uses or permits to be used foul, abusive, obscene or profane language; or impersonates or permits others to impersonate any other individual with fraudulent or malicious intent.

6. Governmental Objections to Service

- a. The Company may refuse to furnish or may discontinue transmission service to any person, firm, or corporation upon objection to the furnishing of such service made by or on behalf of any governmental authority on the grounds that such service is or is to be used for illegal purposes.

7. Unlawful Use of Transmission Service

- a. The Company may disconnect, without advance notice:
 - 1) Any transmission service used in such a manner as to interfere unreasonably with other services, constitute abuse, fraud or tend to injuriously affect the efficiency of the Company's plant, property or service.
 - 2) Any transmission service which is used with intent to terrify, intimidate, threaten, harass, annoy, or offend another telephone user.

8. Connection of Automatic Dialing-Announcing Devices

- a. The Company will not knowingly permit connection to or operation over the telephone network of an automated dialing-announcing device used for solicitation purposes where calls initiated by the device cannot be terminated at will by the called party and dial tone restored to the called party promptly upon termination of the call by the called party.

D. Establishment and Furnishing of Service

1. Application for Service

- a. Applications for initial or additional services made verbally or in writing become a contract upon the establishment of the service or facility.
- b. Any change in rates or regulations prescribed by public authority having jurisdiction modifies all terms and regulations of contracts to the extent of such changes.

2. Telephone Numbers

- a. The customer has no property right in the telephone number nor any right to continuance of service through any particular central office, and the Company may change the telephone number or the central office designation, or both, of a customer whenever it deems it advisable in the conduct of its business to do so.

3. Alterations

- a. The Company will be reimbursed for the costs associated with customer requests for relocation or rearrangement of facilities located on his premises.

4. Payment for Service

7. Furnishing Party Line Services

- a. Two- and four-party service within the established local base rate area, when offered, is furnished at any location where there is a vacancy on an existing line or, when there is no vacancy, a new line will be opened up when there is, in the opinion of the Company an opportunity to connect additional customers in nearby locations to that line within a reasonable time. In some exchanges this service is restricted to existing customers and will not be offered to other customers.
- b. Four-party service beyond the established local base rate area, when offered, will be furnished only when, in the opinion of the Company, there is sufficient demand for such service to assure a reasonable fill of the lines and where such demand is concentrated within a reasonable area.
- c. Two-party service beyond the established local base rate area is also furnished at certain exchanges and in those exchanges the same rules and regulations apply as set out for four-party service above.

8. Furnishing of Announcement, Answering and Recording Services

- a. Use of Company facilities or service in connection with automatic announcement service, automatic answering and recording service, recorder-coupler service or miscellaneous devices for recorded public announcements are subject to the following conditions:
 - 1) For purposes of identification, customers to transmission service who transmit recorded public announcements over facilities provided by the Company must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided.
 - 2) Customers transmitting factual public announcements, such as time, stock market quotations, airline schedules, and similar information are excluded from the preceding condition.

a. The Company is no longer required to provide, lease, install, maintain or repair new inside station wiring or maintain or repair existing inside station wiring.

b. The Company is responsible for making all connections at the protector or providing a facility to permit customer connection with new inside station wiring at the demarcation point. Nothing contained herein shall require or necessitate changes or modifications to telephone utility connections with existing inside station wiring.

c. The Company will endeavor to answer any questions concerning the installation, repair, and maintenance of new inside station wiring and the maintenance of existing inside station wiring by telephone contact, personal contact or printed material, upon request.

10. Riser Cable Inside Building

a. Cable entering a building but serving more than one individual customer within that building shall not constitute existing inside station wiring. This cable shall constitute distribution cable.

b. Where the Company has existing cable between two or more buildings on the same premises, the cable shall constitute outside plant. An individual customer may, however, without limitation, provide cable between two or more buildings on the same premises.

MISSOURI
Public Service Commission

1. Distribution

- a. The Company will furnish to its customers, without charge, only such directories as it deems necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Company at a reasonable charge.

2. Ownership and Use

- a. Directories regularly furnished to customers are the property of the Company, are loaned to customers only as an aid to the use of the telephone service. Customers must not deface or mutilate directories. The Company shall have the right to make a charge for directories issued in replacement of directories destroyed, defaced, or mutilated while in possession of the customer.

F. Priority of Service

1. In case a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of network transmission service takes precedence in the furnishing of any service or facility.

G. Foreign Central Office Service

1. Foreign central office service is exchange service furnished to a customer in a multioffice exchange, from a central office other than the one which serves the area in which he is located.

The Company does not obligate itself to furnish this service, particularly when it involves undue expense or impairment of the service furnished the general public.
3. Mileage rates as quoted in this Tariff will be applied if Foreign Central Office Service is provided.

H. Customer Premises Equipment (CPE)

1. Customer premises equipment is all terminal equipment normally used on the customer's premises and owned by the customer; or owned by the Company or some other supplier and leased to the customer; including the terminal equipment located or held in inventory on the customer's premises. Coin and coinless-operated public, semi-public, or pay telephone equipment is excluded.
- a. CPE is no longer offered as a regulated part of this Company's tariffs; however, this does not give the customer the right to repair or maintain CPE owned by the Company without the Company's consent.
2. The Company shall allow customers to secure the provision, repair, and maintenance of CPE from any supplier provided that such equipment shall be in compliance with applicable registration standards promulgated by the Federal Communications Commission.
- a. The Company will endeavor to answer any questions concerning the installation, repair, and maintenance of CPE by telephone contact, personal contact, or printed material, upon request.
3. Service requirements for connection of CPE to multi-party central office access lines:
- a. Customers on multi-party central office access lines are required to contact the Company before connecting terminal equipment to their line to ascertain the correct ringer frequency and any other information necessary to insure that service to the other customer(s) on the line will not be interrupted.

2. Terms of Deposits

- a. Deposits will not exceed the estimated charges for two (2) months service based on the average bill during the preceding twelve (12) months, or in the case of new applicants for service, the average monthly bill for all customers within a customer class, i.e., residence accounts.
- b. The deposit shall bear interest at a rate which is equal to one percent (1%) above the prime lending rate as published in the *Wall Street Journal*. This rate shall be adjusted annually on December 1 using the prime lending rate, as published in the *Wall Street Journal* on the last business day of September of each year, plus one percent (1%). The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.
- c. Upon discontinuance or termination of service, the deposit will be credited, with accrued interest, to the charges stated on the final bill and any balance will be returned to the customer within twenty-one (21) days of the rendition of the final bill.
- d. Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, guarantors will be released, or deposits with accrued interest will be refunded or credited against charges on subsequent bills. Payment of charges will be considered satisfactory if received prior to the date which the charge becomes delinquent provided it is not in dispute. The Company may withhold refund of a deposit pending the resolution of a dispute with respect to charges secured by the deposit.
- e. The Company will maintain records of all pertinent information with regard to each deposit held.
- f. Each customer posting a deposit shall receive in writing at the time of posting or within ten (10) days a receipt which contains information pertinent to that deposit. Any person entitled to a refund of a deposit will not be deprived of that refund even though they may not be able to produce the deposit receipt.
- g. A service deposit will not be required for lifeline service, if the qualifying low-income customer voluntarily elects toll blocking, where available. If toll blocking is unavailable a service deposit may be charged.

3. Responsibility for Payment

- a. The fact that a deposit has been made shall in no way relieve the customer or applicant from complying with the Company's regulation as to advance payments and the prompt payment of bills on presentation, nor constitute a waiver or modification of the Company's regulations pertaining to disconnection of service for nonpayment.

4. Discontinuance of Service to Residential Customers

- a. Service may be discontinued for any of the following reasons:
1. Non-payment of an undisputed delinquent charge for basic local telecommunications service.
 2. Failure to post a required deposit or guarantee.
 3. Unauthorized use of the Company's service in a manner which creates an unsafe condition or creates the possibility of damage or destruction to its facilities.
 4. Failure to comply with the terms of a settlement agreement.
 5. Refusal after reasonable notice to permit inspection, maintenance or replacement of Company's equipment.
 6. Material misrepresentation of identity in obtaining Company's service.
 7. As provided by state or federal law.
- b. A written notice shall be sent by first class mail ten (10) days prior to the date of the proposed discontinuance of service.
- c. Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Basic local telecommunications service will not be discontinued on a day when the offices of the Company are not open to facilitate reconnection of basic local telecommunications service or on a day immediately preceding such day.
- d. The Company will make reasonable efforts to contact the customer via telephone at least twenty-four (24) hours preceding a discontinuance of basic local telecommunications service. The Company will advise the customer of the proposed discontinuance and what action must be taken to avoid it.
- e. Discontinuance of service will be postponed for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Company with verifiable written evidence of such necessity.

2. Installation of Facilities Within Subdivisions Shall Be Installed Underground

- a. The following definitions are used with regard to facilities constructed and owned by the Company in subdivisions:

- 1) Applicant - The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.
- 2) Building - A single structure roofed and enclosed with exterior walls, built for permanent use, erected, frames of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (Definition excludes mobile homes).
- 3) Subdivision - A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

- b. The Company upon receipt of the applicant's proper application will install underground facilities with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground facilities will be at no charge except where a charge is permitted in this Section of the Tariff.

c. Rights-of-Way and Easements

- 1) Within the applicant's subdivision, the Company will construct, own, operate, and maintain underground facilities only along public streets, roads, and highways which the Company has the legal right to occupy, and on public land and private property across which rights-of-way and easements satisfactory to the Company may be obtained without cost or need for condemnation by the Company.

c. Rights-of-Way and Easements (Cont'd)

- 2) Rights-of-way and easements, within the subdivision, satisfactory to the Company, must be provided by the applicant in reasonable time to meet construction and service requirements before the Company shall be required to commence its installation. Such rights-of-way and easements must, by the applicant, at no charge to the Company, be cleared of trees, tree stumps, and other obstructions and be graded to within six inches of final grade. Such clearance and grading must be maintained by the applicant during construction by the Company.

d. Advances by the Applicant

- 1) Where, due to the manner in which a subdivision is developed, the Company is required to construct an underground distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Company may require a reasonable advancement for the construction from the applicant before construction is commenced, to guarantee performance.
- 2) Where the subdivision is developed in a uniform manner so that the Company may restrict the construction of its underground telephone distribution system to a section or sections in which buildings or multiple-occupancy buildings are being constructed, the Company may not require an advance.
- 3) If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.
- 4) Any portion of an advance remaining unrefunded ten years from the date the Company is first ready to render service with the extension will be retained by the Company and credited to the appropriate construction account.
