## SECTION 5 - RATES – CENTURYTEL OF MISSOURI, LLC. SERVICE AREAS

### 5.1 General

The rates for Local Exchange Service are subject to the conditions as set forth herein and the Rules and Regulations governing provision of such service covered in this tariff.

The Company concurs in the rules and regulations applying to and governing Basic Local Exchange telephone service (hereinafter referred to as Exchange Access Lines service) as set forth in the CenturyTel Local Exchange and General Exchange tariffs on file with and approved by the Missouri Public Service Commission, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company concurs with CenturyTel's regulations, descriptions and scopes of the following Exchange Access Line Telephone Services, but not the rates. Rates and specific footnotes for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any such time as it appears that such cancellation is in the best interest of the Company and/or its Customers. The following rates are exclusive of Relay MO E911 where applicable and subscriber line charges and taxes.

All residential pricing shown in Section 5 are subject to a 5% discount with the exception of the residential price package offerings shown in Section 5.19. All business pricing shown in Section 5 are subject to a 5% discount *with the exception of customer owned pay telephone service.* (T)

**SECTION 5 - RATES – CENTURYTEL OF MISSOURI, LLC. SERVICE AREAS, CONT.**

**5.3 Taxes**

Applicable taxes levied by Federal, State, County, and local taxing authorities are in addition to the rates set forth in this tariff.

**5.4 Rate Grouping**

**5.4.1 Schedule “A”**

A. Exchanges are placed in rate groups according to specific central office access line parameters on the basis of the number of lines accessible in the exchange area. The number of central office access lines to which the exchange area has extended area service is not taken into consideration for rate grouping.

5.4.2 The number of central office access lines in an exchange service area will include all classes and grades of service listed in the Local Exchange Service tariffs and also all access lines associated with the following:

Public Telephone Service  
*Centrex Service*  
Customer Owned Pay Telephone Service  
Employee Telephone Service  
FX (Dial Tone End) Service  
Mobile Telephone Units

(T)

5.4.3 When the number of central office access lines in an exchange service area increases or decreases by growth or loss of central office access lines so that the number of central office access lines in the local calling area exceeds the maximum central office access line number or falls below the minimum central office access line number by as many as 10 stations, the Rate Group in which the exchange is placed and such central office access line count position continues for four (4) consecutive months, then the exchange thus affected will be moved to the appropriate Rate Group after compliance with the procedure set forth in Section 5.4.4 below.

**5.6 Extended Area Service (EAS)**

5.6.1 In exchanges which have Extended Area Service, additive rates are applicable. EAS additive rates are in addition to the Local Exchange Monthly Rate Group Rates and are quoted on the Exchange Listings sheets, where applicable.

5.6.2 Discontinuance of EAS

A. The Company will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:

1. Company has received petition or petitions representing at least 20% of the customers from one of the affected exchanges or at least 10% of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchanges, at least two years shall have elapsed since the last survey before an additional survey is initiated.

2. A minimum of 50% of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must voted to discontinue such service.
3. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Missouri Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service, together with the appropriate EAS Rate Component, as soon as is practicable.

**5.4 Rate Grouping, cont.**

REC'D JAN 27 2003

5.4.4 When an exchange area is to be moved from one Rate Group to another in another in accordance with the circumstances stated in Section 5.4.3 above, the change will be affected by:

- A. Notice by personal or written notice to city officials and to officers of Chambers of Commerce or other similar organizations of the communities involved. Existing Customers will be notified by Bill Inserts.
- B. Notice of the change by letter to the Missouri Public Service Commission, explaining the changes to be made, together with an attachment showing complete information as to the exchange or exchanges affected and revised tariff sheets.
- C. The new local service rates as set forth in the revised tariff sheets referred to in Section 5.4.4.B above will be made effective when this tariff becomes effective by the Missouri Public Service Commission.

**5.5 Schedules of Local Exchange Monthly Rates**

5.5.1 The schedules of Local Exchange Rate Components, by class and grade of service shown later in this section are described herein:

A. Schedule "A" includes exchanges in which the minimum classes and grades of service offered are:

- business and residential individual line service

B. Schedule "M" (Metro-I) includes exchanges in which the minimum classes and grades of service offered are:

- business and residential individual line service

1. Local Calling Scopes (LCS) for Schedule "M" exchanges include all inter-exchange calling between exchanges.
2. Toll calling points for intrastate/interLATA will remain the individual exchange entity.

REC'D JAN 27 2003

A. Service Charges are nonrecurring charges shown in this section and apply when the following activities are performed at the request of the customer:

1. Service Connections - New installations or subsequent additions of telephone service and/or semi-public telephone equipment. A move of an existing service to a different premise.
2. Inside Moves - Transfer of telephone service and/or semi-public telephone equipment from one location to another location within the same building or that portion of the same building occupied by the same customer, where there is no interruption of the service other than is incident to the work involved.
3. Changes - Substitution of semi-public telephone equipment, or rearrangement of such equipment and/or wiring which does not involve changes in location of the equipment or wiring. Also includes directory listing changes and other modifications or rearrangements that do not involve equipment or wiring.
4. Restoral Charge - Applicable for work associated with reconnecting service which has been temporarily disconnected for nonpayment.

B. Service Charges apply in addition to all other rates and charges.

C. The charges specified herein do not contemplate work being performed by Company employees at a time when overtime wages apply. If the customer requests that overtime labor be performed, a charge in addition to the specified charges will be made equal to the additional cost involved.

D. Payment of Service Charges

1. Payment of Service Charges for the establishment of service may be required prior to the establishment of service.
2. Residence Service Charges may be billed in equal amounts over periods not exceeding four (4) months. Only one such arrangement at any one time will be provided.

REC'D JAN 27 2003

**A. Service Ordering Charges**

1. The Service Ordering Charge is classified as either Initial or Subsequent. The charges are applicable for work done in receiving, recording, and processing information necessary to execute each customer request for connections of service (Initial Order Charge applies), to each order for a move, change, addition to existing service or records change (Subsequent Order Charge applies).
2. A service order will usually be issued for all work or service ordered to be performed or provided at the same time on the same account and for the same premises. Service Ordering Charges apply separately where business and residence service are located on the same premises.
3. Service Ordering Charges do not apply to the recovery by Company employees of semi-public telephone stations from a customer's premises.

**B. Line Connection Charge**

1. The charge for work associated with provision of service from the central office including, but not limited to, central office connections, cable cross connections and/or outside plant connections up to and including the protector and/or the point of demarcation.
2. This charge does not apply when service is assumed by a customer prior to discontinuance by another customer (supersedure) and there is no change of telephone number.
3. This charge applies to each change in telephone number made at the request of the customer.

REC'D JAN 27 2003

**A. General**

1. Customer-provided equipment and/or inside wire may be connected at the customer's premises to facilities of the Company for use with exchange access service in compliance with FCC regulations.
2. Customers may connect equipment, systems, and/or inside wire registered or grandfathered by the FCC directly to the Company network.
3. The Rules and Regulations contained in this tariff apply when the customer elects to provide his own equipment and/or inside wire. In any instance where the tariff of the Company conflicts with an effective order of the FCC, the FCC order will have precedence.
4. Responsibility of the Customer (New Installations)
  - a. A customer desiring to connect customer-provided equipment to the exchange and message toll network must make application to the Company. Such application may be made orally and followed by written application prior to the desired in-service date and shall include the following:
    - (1) The type and manufacture of each item of the grandfathered equipment or the registration number and ringer equivalence of the registered equipment.
    - (2) The number of main terminals to be connected.
  - b. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm.

**5.17.2 Selective Class of Call Screening Service**

REC'D JAN 27 2003

A. Selective Class of Call Screening is an optional service available to the Company's local exchange service customers and is offered on a per line basis. The service is offered to provide customers with a choice of originating screening options. The screening provides information that will allow the restriction of originating operator-handled toll calls to be billed outgoing to a credit card, a third number or to the called party.

1. The customer will specify, at the time of the order, the restriction or restrictions desired. The customer may specify any combination of the following to restrict the billing of outgoing toll calls to:
  - A Credit Card
  - A Third Number
  - Collect to the Called Number
2. This service provides for information designating the customer's line as having a requirement for special billing and defines these requirements for the CenturyTel operator.
3. The Company makes no guarantee and assumes no liability for the accuracy of Selective Class of Call Screening Service for calls outside the CENTURYTEL calling area. The customer agrees fully and completely to indemnify and save harmless the Company, its successors and assigns, from and against any and every claim, loss, damage, suit or liability arising out of the furnishing or failure to furnish Selective Class of Call Screening Service.
4. The minimum period for Selective Class of Call Screening Service is one month.
5. All local calls and calls to Company numbers, such as repair, Directory Assistance, and public emergency service numbers such as 9-1-1 will be permitted.
6. Selective Class of Call Screening Service is offered subject to the availability of suitable facilities.

- A. Toll Blocking Service is a central office service that restricts one plus (1+), International (011+), zero plus (0+) and/or zero minus (0-) calling. Calls to 800 Service will not be restricted (1+800+XXX-XXXX). Restricted calls are directed to a central office announcement.
- B. Four Toll Blocking Service options are available:
1. Option 1 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) call. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 1 also includes Originating Line Screening which allows outgoing intraLATA toll calls to be charged to the called telephone, a third number, or a credit card account.
  2. Option 2 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) calls. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 2 restricts any local or long distance zero plus (0+) or zero minus (0-) call. If 9-1-1 service is not available, zero minus (0-) calls will be restricted to local operator assisted emergency calls.
  3. Option 3 - Restricts direct dialed one plus (1+) or direct dialed International (011+) calls and includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Restricts local or long distance zero plus (0+) or zero minus (0-) calls and toll free 1+8XX. If 9-1-1 service is not available, zero minus (0-) calls will be restricted to local operator assisted emergency calls.
  4. Option 4 - Designed specifically for Customer Owned Pay Telephone Service (COPTS) subscribers, this option restricts direct dialed International (T) (011+) calls only.
- C. Toll Blocking Service will be provided to residence and business COPTS (T) individual line customers. This service will not be provided on party lines, trunks or Centrex lines.
- D. This service is offered subject to the availability of suitable facilities and is limited to central offices specifically equipped to provide this service.
- E. Navigator makes no guarantee and assumes no liability for the accuracy of this service. 1. The Company's obligation to furnish network facilities for 976 Blocking Service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested.
2. Service is available only for blocking access to all 976 prefix telephone numbers from a particular network access line, and not for blocking access to a specific 976 prefix telephone number.

**C. Rates and Charges**

1. The Subsequent Service Order Charge as stated in this tariff is applicable to the initial business line blocked (GSEC -- BLK 976). Each additional line is subject to an additional charge as follows:

	<u>GSEC</u>	<u>Nonrecurring Rate</u>
a. Business, per additional line	NBLK	\$4.00
b. Residence, per additional line	-	-

2. If 700, 900 and 976 Blocking Service are ordered at the same time only one Subsequent Service Order Charge or Nonrecurring Charge applies per line.

**7.3 Taxes**

Applicable taxes levied by Federal, State, County, and local taxing authorities are in addition to the rates set forth in this tariff.

**7.4 Rate Grouping**

**7.4.1 Schedule "A"**

A. Exchanges are placed in rate groups according to specific central office access line parameters on the basis of the number of lines accessible in the exchange area. The number of central office access lines to which the exchange area has extended area service is not taken into consideration for rate grouping.

7.4.2 The number of central office access lines in an exchange service area will include all classes and grades of service listed in the Local Exchange Service tariffs and also all access lines associated with the following:

Public Telephone Service  
Centrex Service  
Customer Owned Pay Telephone Service  
Employee Telephone Service  
FX (Dial Tone End) Service  
Mobile Telephone Units

7.4.3 When the number of central office access lines in an exchange service area increases or decreases by growth or loss of central office access lines so that the number of central office access lines in the local calling area exceeds the maximum central office access line number or falls below the minimum central office access line number by as many as 10 stations, the Rate Group in which the exchange is placed and such central office access line count position continues for four (4) consecutive months, then the exchange thus affected will be moved to the appropriate Rate Group after compliance with the procedure set forth in Section 7.4.4 below.

  - B. Notice of the change by letter to the Missouri Public Service Commission, explaining the changes to be made, together with an attachment showing complete information as to the exchange or exchanges affected and revised tariff sheets.
  - C. The new local service rates as set forth in the revised tariff sheets referred to in Section 5.4.4.B above will be made effective when this tariff becomes effective by the Missouri Public Service Commission.

**7.5 Schedules of Local Exchange Monthly Rates**

- 7.5.1 The schedules of Local Exchange Rate Components, by class and grade of service shown later in this section are described herein:
- A. Schedule "A" includes exchanges in which the minimum classes and grades of service offered are:
    - business and residential individual line service
  - B. Schedule "M" (Metro-I) includes exchanges in which the minimum classes and grades of service offered are:
    - business and residential individual line service
    - 1. Local Calling Scopes (LCS) for Schedule "M" exchanges include all inter-exchange calling between exchanges.

7.6.1 In exchanges which have Extended Area Service, additive rates are applicable. EAS additive rates are in addition to the Local Exchange Monthly Rate Group Rates and are quoted on the Exchange Listings sheets, where applicable.

7.6.2 Discontinuance of EAS

A. The Company will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:

1. Company has received petition or petitions representing at least 20% of the customers from one of the affected exchanges or at least 10% of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchanges, at least two years shall have elapsed since the last survey before an additional survey is initiated.

2. A minimum of 50% of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must voted to discontinue such service.
3. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Missouri Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service, together with the appropriate EAS Rate Component, as soon as is practicable.

**7.10 Service Charges**

REC'D JAN 27 2003

**7.10.1 General**

A. Service Charges are nonrecurring charges shown in this section and apply when the following activities are performed at the request of the customer:

1. Service Connections - New installations or subsequent additions of telephone service and/or semi-public telephone equipment. A move of an existing service to a different premise.
2. Inside Moves - Transfer of telephone service and/or semi-public telephone equipment from one location to another location within the same building or that portion of the same building occupied by the same customer, where there is no interruption of the service other than is incident to the work involved.
3. Changes - Substitution of semi-public telephone equipment, or rearrangement of such equipment and/or wiring which does not involve changes in location of the equipment or wiring. Also includes directory listing changes and other modifications or rearrangements that do not involve equipment or wiring.
4. Restoral Charge - Applicable for work associated with reconnecting service which has been temporarily disconnected for nonpayment.

B. Service Charges apply in addition to all other rates and charges.

C. The charges specified herein do not contemplate work being performed by Company employees at a time when overtime wages apply. If the customer requests that overtime labor be performed, a charge in addition to the specified charges will be made equal to the additional cost involved.

D. Payment of Service Charges

1. Payment of Service Charges for the establishment of service may be required prior to the establishment of service.
2. Residence Service Charges may be billed in equal amounts over periods not exceeding four (4) months. Only one such arrangement at any one time will be provided.

**7.10.5 Customer-Provided Equipment and Inside Wire**

**A. General**

1. Customer-provided equipment and/or inside wire may be connected at the customer's premises to facilities of the Company for use with exchange access service in compliance with FCC regulations.
2. Customers may connect equipment, systems, and/or inside wire registered or grandfathered by the FCC directly to the Company network.
3. The Rules and Regulations contained in this tariff apply when the customer elects to provide his own equipment and/or inside wire. In any instance where the tariff of the Company conflicts with an effective order of the FCC, the FCC order will have precedence.
4. Responsibility of the Customer (New Installations)
  - a. A customer desiring to connect customer-provided equipment to the exchange and message toll network must make application to the Company. Such application may be made orally and followed by written application prior to the desired in-service date and shall include the following:
    - (1) The type and manufacture of each item of the grandfathered equipment or the registration number and ringer equivalence of the registered equipment.
    - (2) The number of main terminals to be connected.
  - b. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm.

**7.16.2 Selective Class of Call Screening Service**

A. Selective Class of Call Screening is an optional service available to the Company's local exchange service customers and is offered on a per line basis. The service is offered to provide customers with a choice of originating screening options. The screening provides information that will allow the restriction of originating operator-handled toll calls to be billed outgoing to a credit card, a third number or to the called party.

1. The customer will specify, at the time of the order, the restriction or restrictions desired. The customer may specify any combination of the following to restrict the billing of outgoing toll calls to:
  - A Credit Card
  - A Third Number
  - Collect to the Called Number
2. This service provides for information designating the customer's line as having a requirement for special billing and defines these requirements for the Spectra operator.
3. The Company makes no guarantee and assumes no liability for the accuracy of Selective Class of Call Screening Service for calls outside the Spectra calling area. The customer agrees fully and completely to indemnify and save harmless the Company, its successors and assigns, from and against any and every claim, loss, damage, suit or liability arising out of the furnishing or failure to furnish Selective Class of Call Screening Service.
4. The minimum period for Selective Class of Call Screening Service is one month.
5. All local calls and calls to Company numbers, such as repair, Directory Assistance, and public emergency service numbers such as 9-1-1 will be permitted.
6. Selective Class of Call Screening Service is offered subject to the availability of suitable facilities.

**SECTION 7 - RATES – SPECTRA COMMUNICATIONS GROUP, LLC. SERVICE  
AREAS, CONT.**

**7.16 Call Restriction Services, cont.**

**7.16.3 Toll Blocking Service**

- A. Toll Blocking Service is a central office service that restricts one plus (1+), International (011+), zero plus (0+) and/or zero minus (0-) calling. Restricted calls are directed to a central office announcement.
- B. Four Toll Blocking Service options are available:
  - 1. Option 1 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) call. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Also includes Originating Line Screening which allows outgoing intraLATA toll calls to be charged to the called telephone, a third number, or a credit card account. Toll free 1+8XX calling will not be restricted.
  - 2. Option 2 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) calls. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 2 also restricts any local or long distance zero plus (0+) or zero minus (0-) call. If 9-1-1 service is not available in an exchange, zero minus (0-) calls will be restricted to local operator assisted emergency calls. Toll free 1+8XX calling will not be restricted.
  - 3. Option 3 - Restricts direct dialed one plus (1+) or direct dialed International (011+) calls and includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Restricts local or long distance zero plus (0+) or zero minus (0-) calls and toll free 1+8XX. If 9-1-1 service is not available, zero minus (0-) calls will be restricted to local operator assisted emergency calls.
  - 4. Option 4 - Designed specifically for Customer Owned Pay Telephone Service (COPTS) subscribers, this option restricts direct dialed International (T) (011+) calls only.
- C. Toll Blocking Service will be provided to residence and business COPTS (T) individual line customers. This service will not be provided on party lines, trunks or Centrex lines.
- D. This service is offered subject to the availability of suitable facilities and is limited to central offices specifically equipped to provide this service.
- E. Navigator makes no guarantee and assumes no liability for the accuracy of this service. The customer agrees fully and completely to indemnify and save harmless the Company, its successors and assigns, from and against any and every claim, loss, damage, suit or liability arising from the restriction of telephone calls made from the customer's access line.
