**SECTION 4 - APPLICATION OF RATES AND CHARGES (Continued)****4.2 Description of Services (Continued)****4.2.36 Simple Connections Service****A. General**

Business Customers who generate \$0 - \$5,999 per year in long distance charges can enroll in this service. Service is available for switched voice service only and offers fixed rates for both inbound and 1+ dialed outbound domestic calls. Calls that utilize Carrier's dial-around method are not eligible for Simple Connections. All calling card calls will be rated on a fixed rate per-minute usage basis. This service is an add-on to Carrier's interstate offering found in Federal Rate Schedule 3 and posted to Carrier's website at [www.verizon.com/tariffs](http://www.verizon.com/tariffs).

Toll free features are the same as defined in Carrier's Enterprise Connections Service offering and located in Carrier's Federal Rate Schedule 3. (N)  
(N)

Customer must select a month-to-month, one, two or three-year term plan, and must commit to a minimum revenue amount of up to \$5,999 per year. Eligible commitment revenue consists of Customer's total 1+ domestic usage, international outbound usage, ITFS usage, domestic inbound usage, calling card usage and surcharges, and Monthly Recurring Charges (MRCs). VIN E800 and data usage is excluded.

Rates are found in Section 5.37.

**B. Conditions/Restrictions**

New business Customers and existing business Customers who have met all current contract requirements are eligible for this service. Service must be stand alone voice service. It cannot be combined with data services. Customers using this service will be eligible to participate in the PIC Fee Credit Promotion. No other promotions apply for this service.

Service provided over Wide Area Telephone Service (WATS) lines, payphones, residential lines, and lines with handicap discounts are not eligible for this plan.

Usage charges for Operator Assisted calls will be counted toward Customer's minimum annual commitment. Operator service charges (0-, 0+, Bill to Third Number, Collect calls and Directory Assistance calls) will not be discounted, but are included in Customer's commitment level.

**4.2 Description of Services (Continued)****4.2.36 Simple Connections Service (Continued)****B. Conditions/Restrictions (Continued)**

When a term commitment expires, Customer will have 30 days to select another Carrier service plan. If Customer fails to notify Carrier within this time frame, Carrier will place Customer on pricing that corresponds to a month-to-month term. The new rates will be effective on the first of the month following a 30-day grace period.

Customer can only choose month-to-month rates one time during their enrollment in Simple Connections and then upgrade to a term plan in a one-year period.

**C. Rating of Calls**

Calls will be sub-minute rated based on an initial period of 18 seconds, with the additional periods being billed in six-second increments thereafter.

**D. Minimum Revenue Commitment**

If Customer does not achieve the minimum annual commitment level selected, they will be assessed the incremental difference annually. For example, if Customer commits to \$3,000 annually and the actual long distance usage is \$2,000, Customer will be billed for the \$1,000 shortfall. In addition, the current rates will be re-negotiated based on the new adjusted commitment level. There will be no shortfall penalty imposed for Customers that sign up for the \$0 - \$2,999 level.

**E. Early Termination Charges**

If Customer terminates the contract prior to fulfillment of the term selected, an Early Termination Charge (ETC) of 40% of Customer's annual commitment will be billed to Customer for the number of years remaining under the customer-selected commitment.

Customer will not be liable for termination charges for a specified service if a new service of the same type and of greater value is ordered, and the order is received by Carrier during the same calendar year in which the original service is discontinued by Customer, provided the expiration date of the contract plan for the new service is on or after the expiration date of the terminated plan.

**4.2 Description of Services (Continued)****4.2.37 Frame Relay IV Service****A. General Description**

Frame Relay IV Service is a high-performance, cost effective data offering for connectivity of multiple Local Area Networks (LANs) or Systems Network Architecture (SNA) locations. Frame Relay IV Service uses shared facilities and statistical multiplexing to transport data communications. Frame Relay IV Service delivers bandwidth-on-demand internetworking connections, providing port speeds to DS-3 with PVCs up to 22 Mbps. The service is ideal for intensive, bursty data transmission applications.

Dedicated access facilities provide access to the Frame Relay network through ports. Connectivity to the Frame Relay network is provided through Permanent Virtual Circuits (PVCs) that provide logical software connections for communications between ports on the network. Multiple PVCs can be defined on any given port providing a single access line the capability to transmit data to multiple destinations.

Frame Relay IV Service is offered to domestic locations where facilities are available, where operating conditions permit and where technically feasible. The service is available for use 24 hours a day, seven days a week. Service applications for locations exceeding 500 miles from existing domestic carrier facilities shall be addressed and priced on an Individual Case Basis (ICB).

**B. Rate Elements**

The complete service is provided through six service elements:

- Local Access Facility
- National Frame Relay UNI Port
- National Frame Relay NNI - NNI PVC  
(NNI refers to a Network-to-Network Interface)
- National Frame Relay NNI - UNI PVC  
(UNI refers to a User-to-Network Interface)
- National Frame Relay UNI - UNI PVC
- National Frame Relay NNI Port

**1. Local Access Facility**

Customers may access the Frame Relay network through 56 Kbps (DS-0), 1.536 Mbps (DS-1), or 44.736 Mbps (DS-3) digital facilities.

(T)

**5.4.1 Enhanced Routing**

(N)

Enhanced Routing features for any toll free number are ordered as part of an Enhanced Routing Plan. All features require a minimum of one routing plan per toll free number. Non-recurring Charges (NRCs) are billed per toll free number, per feature installed. Monthly Recurring Charges (MRCs) are billed per toll free number.

The Enhanced Routing features that may be combined in any routing plan are Area Code Routing, Time of Day Routing, Day of Week Routing, Day of the Year Routing, and Call Allocation. Command Routing is available to Enhanced Routing Customers with more than one routing plan for any Enhanced Routing toll free number.

**SECTION 5 - RATES AND CHARGES (Continued)****5.8 Digital Private Line Service**

(T)

This service is no longer available to new Customers.

Rates for Digital Private Line Service are based on mileage between Carrier's POPs and on bandwidth. (Mileage calculation follows the formula in Section 2 above.) A complete private line circuit includes the following elements.

Inter-Office Channel - POP to POP transport.

Local Access Facilities - access line on both the originating and terminating ends of the circuit.

Central Office Connection - on both the originating and terminating ends of the circuit.

Access Coordination Fee - on both the originating and terminating ends of the circuit.

**5.8.1 Inter-Office Channel**

Charges include a non-recurring charge, a monthly recurring charge, and a monthly per mile rate.

**5.8.2 Local Access Facilities**

Carrier will coordinate access arrangements for Customer. Access facilities arranged by Carrier will be billed to Customer at the rates found by referring to Carrier's Federal Rate Schedule 3. Any special construction or non-standard charges assessed by the company supplying the local access will also be the responsibility of Customer. (T)

**5.8.3 Central Office Connection**

Central office connection charges apply on both the originating and terminating ends of a circuit, and are determined based on the type of access interconnected. The central office connection charge includes both a non-recurring charge and a monthly recurring charge. (T)

**5.8.5 Discount Plans**

Carrier offers discounts based on the term of Customer's commitment to Carrier's service and based on Customer's total monthly recurring charge volume of services ordered. To determine the applicable discount, add the monthly recurring charges (both fixed and mileage sensitive) for all four elements of all circuits ordered by Customer. Then, see the following tables to determine the minimum monthly revenue commitment level for Customer. Depending on the length of the term Customer has selected, the percentage discount will be applied to the inter-office channel charges, by circuit type. For example, if Customer orders a DS-1 and a DS-3, totaling \$19,000 in monthly recurring charges, for a one-year term, the discount on the inter-office channel portion of the DS-1 circuit will be 34%, and the discount on the inter-office channel portion of the DS-3 will be 13%.

**THIS SERVICE IS NO LONGER AVAILABLE TO NEW CUSTOMERS AS OF  
SEPTEMBER 1, 2006.**

(N)  
(N)

**A. Charges for Service and Options**

Customer agrees to purchase the Service during the applicable Service Period at the rates set forth below. The Rates to be applied each month will be based on the Customer's total combined Minutes of Use (MOUs) for Access Now and Event Meet Services during the month (Total Combined Monthly MOUs) for each separately billed account. Conferencing minutes of use will be determined and rated per conference per participant rounded up to the nearest full minute. The Total Monthly Minutes of Use shall be determined based solely on minutes of use of audio conferencing and will not include any minutes applicable to web conferencing, separately rated conferencing features or surcharges.

**1) Access Now Service Charges:**

**A. Charges for Service and Options (Continued)**

- 10) **International Dial-In Access** – The Service offers two methods for international participants to connect to Carrier's U.S. based conferencing services: International Toll-Free Numbers (ITFN) and Direct Dial Access.

ITFNs are available in selected countries. The participant dialing the ITFN will not be charged. The Customer will be charged a per-minute fee for the ITFN usage. This charge is in addition to the applicable per minute Toll Direct Dial rate specified in Section 5.10.A. above and varies by country. Customers and participants using the Direct Dial Access number may access the Service using a carrier of their choice and shall be responsible for any rates billed by their selected carrier in addition to the rates for use of the Service as set forth in this Schedule.

- 10) **International Dial-In Access** – The Service offers two methods for international participants to connect to Carrier's U.S. based conferencing services: International Toll-Free Numbers (ITFN) and Direct Dial Access.

ITFNs are available in more than 50 countries and are local toll-free numbers. The participant dialing into the conference from another country is making a free call (the equivalent of a 1-800 call in the US) and will not be charged. The Customer will be charged a per-minute fee to cover both the call within the foreign country and the international connection to the US as depicted below. This charge is in addition to the applicable per minute Toll Direct Dial rate specified in Section 5.10.A. above and varies by country. Customers and participants using the Direct Dial Access number may access the Service using a carrier of their choice and shall be responsible for any rates billed by their selected carrier in addition to the rates for use of the Service as set forth in this Schedule.

**SECTION 5 - RATES AND CHARGES (Continued)**
Missouri Public  
Service Commission**5.30 Frame Relay Service**

REC'D SEP 29 2000

This service is no longer available to new Customers.

**A. Local Access Facilities**

Carrier will setup access arrangements on behalf of Customer when full service Frame Relay Service is purchased.

Access facilities arranged by Carrier will be billed to Customer at the rates found in Sprint Tariff FCC No. 8, Section 3.1, Local Access Facilities\*. Any special construction or non-standard charges assessed by the company supplying the local access, or by the underlying provider connecting to the access provider, will also be the responsibility of Customer.

**B. Port**

Charges include a non-recurring charge and a monthly recurring charge, based on the speed of the port connection (i.e., 56 Kbps to 1.544 Mbps). Charges apply per port for each frame relay access facility to the network supporting Frame Relay Service. Each port can accommodate multiple PVCs. A port added to the network after initial installation will be considered a new element and the nonrecurring and monthly charges will both apply.

## F. Discount Plans

Carrier offers discounts based on the term of Customer's commitment to Carrier's service. Customers may subscribe to Frame Relay Service for term plans for one, two or three years. Discounts are calculated using, and apply to, Port and PVC monthly recurring charges only. Discounts do not apply to Local Access Facilities, Disaster Recovery PVCs, or non-recurring charges.

For any term plan, the rates and term plan discounts will be fixed for the term at the discounts listed in Rates, Section 5.30.F.1., applicable when Customer subscribes to the service. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the one year term plan rates and discounts, unless 30 days prior to the end of the term written notice is given to Carrier that Customer does not want an extension, or (b) Customer subscribes to another term plan and the rates of the new term apply.

If additional sites are added to Customer's Frame Relay Service after the initial subscription to a term plan, such sites will be incorporated in to Customer's term plan and will have the same termination date as Customer's original term plan.

**SECTION 5 - RATES AND CHARGES (Continued)****5.31 Digital Private Line II Service**

THIS SERVICE IS NO LONGER AVAILABLE TO NEW CUSTOMERS. EXISTING CUSTOMERS WILL BE GRANDFATHERED UNTIL TERMINATED BY EITHER CARRIER OR CUSTOMER, FOLLOWING EXPIRATION OF ANY SERVICE TERM. DURING GRANDFATHERING, CUSTOMERS MAY NOT MAKE ANY MOVES, ADDS, CHANGES, OR RENEWALS UNLESS THEIR AGREEMENT EXPRESSLY PERMITS IT. CARRIER MAY TERMINATE THE SERVICE WITH SIX MONTHS WRITTEN NOTICE. CUSTOMER MAY TERMINATE AT ANY TIME. (C)

Unless otherwise noted, the following rates and charges will remain in effect for the term of Customer's contract. (C)

Rates for Digital Private Line II Service are based on mileage between Carrier's Points-of-Presence (POPs) and bandwidth. Mileage calculations are in Section 2.16. A "full service" private line circuit includes the following elements:

Transport - Interexchange carrier POP to interexchange carrier POP.

Local Access Facilities - access line on both the originating and terminating ends of the circuit.

**A. Transport**

Charges include a Nonrecurring Charge (NRC), and a Monthly Recurring Charge (MRC) that is either a minimum charge or a per mile rate, whichever is greater. Rates for mileage bands are based on a per circuit basis.

Local Access Facilities

Carrier will set-up access arrangements on behalf of Customer when full-service Digital Private Line II Service is purchased. Access facilities arranged by Carrier will be billed to Customer at Carrier's costs. Any special construction or non-standard charges assessed by the company supplying the local access will also be the responsibility of Customer.

Carrier must also set up access arrangements on behalf of Customer as requested for services purchased. Any charges associated with provisioning of the access service, including but not limited to, local access charges, coordination charges, access service order charges, or any other charges associated with gaining access from Customer premise to the POP will be considered "access charges". This includes any non-recurring charges incurred in association with obtaining access regardless of contract term. Any such charges as described above will be passed through to Customer in accordance with this Tariff.

Term Discount Plan

Carrier will discount all monthly recurring charges for Digital Private Line II Service. This discount will be based on Customer's contract term. The following elements will apply to IOC only:

| <u>Term Commitment</u> | <u>Discount Applied</u> |
|------------------------|-------------------------|
| Two-Year               | 10%                     |
| Three-Year             | 15%                     |

Non-Recurring Charge Waiver

Carrier will waive all non-recurring charges for inter-office channel and local access rates. To qualify for the non-recurring charge waiver, Customer must agree to a minimum term of two years or greater.

Expedite Charge

If Customer requests that an order for DS-0 and DS-1 Service be expedited, a charge of \$750.00 will apply.

**SECTION 5 - RATES AND CHARGES (Continued)****5.33 One WAN Service - Rate Elements**

One WAN Service includes the following rate elements. The pricing elements for Options 1 and 2 (C)  
outlined in this Tariff are mutually exclusive. Customer must price their entire network via Option 1, I  
Option 2 or a combination of Options 3 and 4. (C)

**A. Option 1****1. Access (C)**

For UNI Ports, Carrier will set up access arrangements on behalf of Customer for the (C)  
One WAN Service purchased. Any charges associated with the provisioning of the  
access circuits, including but not limited to, local access charges, coordination  
charges, access service order charges, or any other charge associated with gaining  
access from Customer premise to the POP will be considered "Access Charges". This  
includes any (NRC) incurred in association with obtaining access regardless of  
contract term. Any special construction or non-standard charges assessed by the  
company supplying the local access will also be the responsibility of Customer. Any  
such access charge as described above will be billed directly to Customer. (C)

**2. UNI Port (C)**

UNI Port charges are subject to the speed of the port selected. A NRC and a MRC, (C)  
based on the speed of the port connection, apply per port for each access circuit  
connection to the network supporting this service. Each port can accommodate  
multiple PVCs. (C)

| <u>Rate Element</u> | <u>NRC</u><br>(\$/port) | <u>MRC</u><br>(\$/port) |     |
|---------------------|-------------------------|-------------------------|-----|
| DS-3                | \$ 3,000                | \$ 5,000                |     |
| OC-3c               | 4,000 (R)               | 14,000                  |     |
| OC-12c              | 5,000 (R)               | 42,000                  |     |

NRCs are waived for contract terms of one year or more. (N)

**3. Permanent Virtual Connections**

The PVCC and PVPC monthly charges are subject to the class of service parameters (C)  
and the transmission speed selected. The transmission speed selected for CBR,  
VBR-rt and UBR is defined by PCR. The transmission speed selected for VBR-nrt is (C)  
SCR. (C)

**5.33 One WAN Service - Rate Elements****REC'D SEP 29 2000**

One WAN Service includes the following rate elements. The pricing options outlined in this Tariff are mutually exclusive. Customer must price their entire network via Option 1 or Option 2.

**A. Option 1****1. Local Access**

Carrier will set up access arrangements on behalf of Customer as requested for One WAN Service purchased. Any charges associated with the provisioning of the access circuits, including but not limited to, local access charges, coordination charges, access service order charges, or any other charge associated with gaining access from Customer premise to the POP will be considered "Access Charges". This includes any non-recurring charges incurred in association with obtaining access regardless of contract term. Any special construction or non-standard charges assessed by the company supplying the local access will also be the responsibility of Customer. Any such access charge as described above will be passed through to Customer in accordance with this Tariff.

**2. Port**

Port charges are subject to the speed of the port selected. A non-recurring charge and a monthly recurring charge, based on the speed of the port connection, apply per port for each access circuit connection to the network supporting this service. Each port can accommodate multiple PVCs. The non-recurring charges will be waived for two years or more contracts.

| <u>Rate Element</u> | <u>NRC</u><br>(\$/port) | <u>MRC</u><br>(\$/port) |

**3. Permanent Virtual Connections**

The PVCC and PVPC monthly charges are subject to the selected class of service parameters and the transmission speed selected. The transmission speed selected for CBR is defined by PCR. The transmission speed selected for VBR-rt and VBR-nrt is SCR. The monthly flat rate charge for UBR class of service parameters is the maximum charge; no transmission speed can be designated for UBR PVCs.

**3. Permanent Virtual Connections (Continued)**

The transmission speed charges as outlined in the Price Matrix are \$/Mbps for these classes of service: CBR, VBR-rt and VBR-nrt. UBR is a fixed flat rate regardless of the speed utilized. The virtual connection monthly recurring charge is a function of the class of service and transmission speed selected. The transmission speeds may range from 1-622Mbps, subject to the port speed. Non-recurring charges for PVCs will be waived for two years or more contracts.

Service Commission

The minimum period for One WAN Service is one year. Service contracts can be one, two, three, or five-year contracts.

**6. Expedite Fees**

Carrier will charge Customer an expedite fee on a per order basis as outlined below.

| <u>Port Speed</u> | <u>Expedite Fee</u> |
|-------------------|---------------------|
| DS-3              | \$1,500             |

| OC12c             | 3,000               |

The expedite fee for the order will reflect the highest port speed on the order.

**B. Option 2****1. Local Access**

Carrier will setup access arrangements on behalf of Customer when full service One WAN Service is purchased. Access facilities arranged by Carrier will be billed to Customer at the rates of the underlying carrier, (excluding any discounts and promotions run by carrier). Carrier will add a discount of 31% on DS-1 access only for monthly recurring charges. This discount will apply for each DS-1 access required. Any special construction or non-standard charges assessed by the company supplying the local access, or by the underlying provider connecting to the access provider, will also be the responsibility of Customer. Furthermore, if NxDS-1 access is required, Carrier will supply the necessary equipment at a charge to be determined on a case by case basis and subject to Customer's specific network configuration. **SECTION 5 - RATES AND CHARGES (Continued)****5.33 One WAN Service - Rate Elements (Continued)**Missouri Public  
Service Commission

REC'D SEP 29 2000

**A. Option 1 (Continued)****5. Contract Period**

The minimum period for One WAN Service is one year. Service contracts can be one, two, three, or five-year contracts.

**6. Expedite Fees**

Carrier will charge Customer an expedite fee on a per order basis as outlined below.

| <u>Port Speed</u> | <u>Expedite Fee</u> |
|-------------------|---------------------|
| DS-3              | \$1,500             |
| OC-3c             | 2,000               |
| OC12c             | 3,000               |

The expedite fee for the order will reflect the highest port speed on the order.

**B. Option 2****1. Local Access**

Carrier will setup access arrangements on behalf of Customer when full service One WAN Service is purchased. Access facilities arranged by Carrier will be billed to Customer at the rates found in Sprint Tariff FCC No. 8, Section 3.1, Local Access Facilities, (excluding any discounts and promotions run by Sprint). Carrier will add a discount of 31% on DS-1 access only for monthly recurring charges. This discount will apply for each DS-1 access required. Any special construction or non-standard charges assessed by the company supplying the local access, or by the underlying provider connecting to the access provider, will also be the responsibility of Customer. Furthermore, if NxDS-1 access is required, Carrier will supply the necessary equipment at a charge to be determined on a case by case basis and subject to Customer's specific network configuration.

### 5.34.6 Discount Plans

Carrier offers discounts based on the term of Customer's commitment to Carrier's service. Customers may subscribe to Frame Relay Service for term plans for one, two or three years. Discounts apply to and are calculated using monthly recurring charges for ports, UNI PVCs, NNI PVCs, management PVCs, disaster recovery PVCs and NNI connection rates. Discounts do not apply to local access facilities, or non-recurring charges.

For any term plan, the rates and term plan discounts will be fixed for the term at the discounts listed in Rates and Charges Section, applicable when Customer subscribes to the service. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the one year term plan rates and discounts, unless 30 days prior to the end of the term written notice is given to Carrier that Customer does not want an extension, or Customer subscribes to another term plan and the rates of the new term apply.

If additional sites are added to Customer's Frame Relay Service after the initial subscription to a term plan, such sites will be incorporated in to Customer's term plan and will have the same termination date as Customer's original term plan.
