Service Connections - Link Up Missouri Service Connection Program

NOV 19 1997

A. General Regulations

MO. PUBLIC SERVICE COMMISSION

The Link up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.

1. Service Connection Charges, as set forth in this tariff\*, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent, or \$30.00, whichever is less. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence. +
2. The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period. +
3. A qualifying low-income customer may choose with 1 or 2, or both 1 and 2 as described above.
4. Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
5. The premises at which the residence service is requested must be the applicant's principal place of residence.
6. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
7. Link Up will not be furnished on a Foreign Exchange service.

\* The discount established herein does not apply to other charges that may be required at the initiation of service such as security deposit, contributions in aid of construction, customer advances, etc.

A. General Regulations

MISSOURI  
Public Service Commission

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

A. General Regulations (Cont'd)

**MISSOURI  
Public Service Commission**

10. Installation Charges and the appropriate NID material charge apply when a premises visit is made for the sole purpose of installing a customer requested NID.
11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions are not permitted.
13. Local messages from Payphones are charged at no higher than twenty-five (25) cents for each call. Upon implementation of the FCC rules preempting state regulations of payphone rates, this subsection will not apply.
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible for complying with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

B. Responsibility of the Customer (Cont'd)

- 3. The customer shall be responsible for the payment of charges for all local ~~service~~ messages originating from or accepted at this type of service, including any Directory Assistance Calls.
- 4. The customer shall be responsible for obtaining a Certificate of Service Authority (CSA) to provide Payphone Service and for providing proof of said authority prior to installation of service.
- 5. Customers who elect not to subscribe to Selective Class of Call Screening will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
- 6. Any federal, state, or local taxes on the Customer Owned Pay Telephone or calls made from that phone are the responsibility of the customer.
- 7. The customer shall not program or cause to be programmed any such telephone used in connection with this service to limit the duration of a local message.

MISSOURI  
Public Service Commission

C. Violation of Regulations

- 1. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm. Failure to make such change will result in the disconnection of service until such change is completed to the satisfaction of the Company.

D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the public service called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

The Company does not concur in the rates for access services of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions has been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Access Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

DISTANCE LEARNING COMMUNICATIONS SERVICES CONCURRENCE

MISSOURI  
Public Service Commission

The Company concurs in the rules and regulations governing intrastate interexchange Distance Learning Communications Service as set forth in Oregon Farmers Mutual Telephone Company's Tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Distance Learning Communications Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

PROVISION OF SERVICES

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to customers, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

CANCELLATION RIGHTS

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

B. DESCRIPTION OF FEATURES

MISSOURI  
Public Service Commission

1. CALL FORWARDING

A. Call forwarding permits a customer to transfer all incoming calls to another dialable telephone number. The customer pre-selects a second telephone number to which he wants all incoming calls to be automatically transferred. Calls may be transferred to a long distance message telecommunications point subject to the availability of the necessary facilities in the Central Office from which the calls are to be transferred. Customers utilizing call forwarding services are responsible for the payment of charges for each toll call between the telephone to which the call was transferred.

B. The grade of transmission of calls which are forwarded may vary depending on the distance and routine necessary to complete the call. Therefore, the normal grade of transmission is not guaranteed on any forwarded call.

2. CALL WAITING

A. Call waiting permits a customer to receive a audible signal indicating that a second party wishes to talk to him. The customer may elect to terminate the call with the first party and answer the second calling party, or hold the original call to answer the incoming call.

OPTIONAL SERVICES AND FEATURES

6. Optional Services and Features

6.1 CLASS Service

Custom Local Area Signaling Services (CLASS): Provide end-user services that allow the customer more control over incoming and outgoing calls based on Signalling System 7 (SS7) Hardware and Software. Services are offered where technically feasible and may be available on both an intra- or inter-exchange basis.

A. Feature Descriptions:

i. Caller ID: allows the called party to view the number calling through customer premises equipment designed to receive and thus display the calling party's number. Special station equipment is required for this feature.

The calling telephone number is only available in those areas where appropriate signalling network connections exist to forward the calling party's number. This may exclude calls made from most cellular phones or units, calls made through interexchange carriers, and calls originated from other local exchange carriers. The calling number is also not available when incoming calls have been handled by an operator or charged to credit cards. Number delivery for calls originated from a PBX will display the main PBX number only. If the caller's number is a multi-party line, or is blocked, the number will not be displayed.

Telephone numbers transmitted via Caller ID may not be sold or given to another party without the caller's consent. Caller ID information may only be used for: a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to the call or transaction, e) verification of calling party identity and f) marketing products or services that are directly related to those previously acquired by the customer from the number delivery services subscriber. Caller ID customers failing to comply with any of these conditions will have their service terminated.

A. Feature Descriptions: (Cont'd)

2. Customer-Originated Trace: allows the customer to initiate a trace on the last incoming call by dialing an activation code. The call will be traced automatically, and the telephone number that originated the call and the time the call was made will be recorded either in the Company office or in the offices of a law enforcement agency. Information recorded will be released by the Company only to an authorized representative of a law enforcement agency and, in no event, other than as provided by applicable state and federal law. Customer-Originated Trace will be made available to all customers where technically feasible. Charge for the service will be made on a per call basis when the customer uses the activation code.

3. Selective Distinctive Ringing: allows the customer to define a list of special Directory Numbers. Anytime the customer receives a call from one of these special numbers, a Distinctive Ring will be applied. Calls received from Directory Numbers not on the list or which cannot be identified will produce a standard ring. If the customer subscribes to the Call Waiting feature, a distinctive tone pattern will be applied to that feature if the call is also from the special list.

Any calling numbers not on that list will be routed to announcements and rejected. The calling party not on the acceptance list will receive an announcement statement that the call is not presently being accepted by the called party.
- 5. Selective Call Forwarding: will allow the subscriber to have certain terminating calls forwarded to a designated remote station. The activity will occur whenever a call is received from a Directory Number which has been indicated on a list of numbers referred to as the Selective Call Forwarding screening list. Calls from Directory Numbers which cannot be identified or have not been indicated on the list will be given standard terminating treatment.
- 6. Selective Call Rejection: allows the subscriber to define a list of Directory Numbers which, upon placing a call to the subscribers line, will be routed to an announcement and rejected. All other calls will be treated normally. The calling party on the rejection list will receive an announcement stating the call is not being accepted by the called party.

8. Automatic Callback: permits a subscriber encountering a busy connection to have call setup performed automatically when the called station becomes idle. This feature is designed to automatically set up a call to the last telephone number called by the subscriber, regardless of whether the called telephone number was busy or idle, answered or unanswered. If the call cannot be completed immediately because of a busy line, the call is queued and call completion is attempted when both lines are idle. As part of the completion attempt, the calling subscriber is given special ringing and when the called subscriber answers, the calling subscriber is given regular ringing.

9. Call Return: permits a subscriber to have a call automatically returned to the last party who called. If that line is busy when the recall attempt is made, the call is queued until both the subscriber and the last calling party are idle; then the subscriber is rung first. When the subscriber answers, the last calling party is rung to complete the call.

B. Nonchargeable CLASS Features:

1. Calling Number Delivery Blocking - Per Call: temporarily allows the subscriber, when placing outgoing calls, to label his or her telephone number as private, thus restricting its availability to the called party. This feature is accessed by dialing (\*67), or 1167 for rotary phones, before dialing the phone number of the called party.

**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911)
  - 1.1 General
    - A. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
    - B. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be related by Company operators.
    - C. 911 Trunking Service is offered subject to availability of facilities.
    - D. The 911 Trunking Service customer may be a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911) (Cont'd)

1.1 General (Cont'd)

- E. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provision of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
- F. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

1.2 Conditions

- A. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either express or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
- B. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.
- C. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
- D. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential.
- E. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished by a PSAP. Information will be provided only for the purpose of responding to emergency calls.

**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- F. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
- G. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data base(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- H. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
- I. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- J. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features, the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- K. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
- L. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
- M. The customer is required to furnish the Company its agreement to the following terms and conditions:
1. That all 911 calls will be answered in a 24-hour day, seven-day week basis.
  2. That that customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
  3. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
  4. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- N. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Services. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
- O. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
- P. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
- Q. The customer recognizes that the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. The customer shall make the correction within a reasonable time under the circumstances.

1.3 Rates

- A. The rates and charges for 911 Trunking Service set out below are for the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP, or between Central Offices. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Per Trunk</u>
Trunks between Central Offices	\$25.00
Trunks between Central Offices and PSAP	\$25.00

B. Database Records Charges

These charges are applicable to the work necessary for Company customer records to support E911 Service. Customer updates include new requests for service in the Company's serving area, orders that change a customer's name, telephone number and/or address, and will include verification to the MSAG. A record update(s) generated due to a Company error will not be assessed a Database record charge. If an error is due to inaccurate information provided by a 911 customer, a charge will be assessed.

**GENERAL EXCHANGE TARIFF**

**THREE-DIGIT DIALING SERVICE (811)**

1. Three-Digit Dialing Service (811)

1.1 General Regulations

- A. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the "811 Service").
- B. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
- C. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
- D. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
- E. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

**THREE-DIGIT DIALING SERVICE (811)**

1. Three-Digit Dialing Service (811) (cont'd)

1.2 Obligations of the SOCS

A. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:

- (1) The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
- (2) For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
- (3) Complete contact information.

B. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.

C. Local Calling for Company Subscribers

- (1) The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
- (2) The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
- (3) The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

**THREE-DIGIT DIALING SERVICE (811)**

1. Three-Digit Dialing Service (811) (cont'd)

1.3 Obligations of the Company

- A. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
- B. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
- C. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
- D. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

1.4 Liability

- A. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.
- B. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
- C. The Company is not liable for any losses or damages caused by the negligence of the SOCS.

**THREE-DIGIT DIALING SERVICE (811)**

1. Three-Digit Dialing Service (811) (cont'd)

1.4 Liability (cont'd)

- D. The Company shall not be liable to the SOCS for any damages the SOCS may incur that result from any changes, modifications or rulings made by the FCC.
- E. The Company will make every effort to route 811 calls to the SOCS call center, however, the Company will not be held responsible for routing mistakes or errors.
- F. The 811 Service is provided solely for the benefit of the SOCS. The provision of the 811 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity.

RULES AND REGULATIONS

JUL 11 1986

MISSOURI  
Public Service Commission

1. Application of Regulations

- A. The regulations set forth herein apply to intrastate services and facilities furnished within the State of Missouri by Farber Telephone Company hereinafter referred to as the Company, subject to the jurisdiction of the Missouri Public Service Commission. These tariffs cancel and supercede all other tariffs of the Telephone Company issued and effective prior to the effective dates of these tariffs.
- B. When services and facilities are provided in part by the Company and in part by other companies, the regulations of the Company apply to that portion of the service or facilities furnished by it.
- C. Failure on the part of customers to observe these rules and regulations of the Telephone Company, after due notice of such failure, automatically gives the Telephone Company the privilege to cancel the contract and discontinue the furnishing of service.

2. Undertaking of the Company

- A. The Company does not undertake to transmit message, but offers the use of its facilities, where available, for communication between parties subject to the terms and conditions specified in these tariffs.

3. Application for Services

- A. Applications for service may be made orally or in writing.
- B. Any change in rates or regulations prescribed by the Missouri Public Service Commission modifies the terms and regulations of contracts to the extent of such change.

changes in the Company's wiring or equipment; and the customer agrees to pay the Company's current charges for such changes.

5. Application of Business Rates

- A. Business rates apply in offices, stores, factories, and all other places of a strictly business nature.
- B. At residence locations when the customer has no regular business telephone and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising, either by business cards, newspapers, handbills, billboards, circulars, motion picture screens, or other advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over to residence telephones during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.

6. Application of Residence Rates

- A. Residence rates apply in private residences where business alphabetical or classified telephone directory listings are not provided.

7. Advance Payments

- A. At the time an application for service is made, an applicant may be required to pay an amount equal to at least one month's service and/or installation charges which may be applicable. The amount of the advance payment shall be credited to the customer's account on the first bill rendered.

8. Deposits and Guarantees of Payment for Residential Customers (+)

A. The Company may require a deposit or guarantee prior to providing new service or as a condition of continued service. The Company may require a deposit or guarantee as a condition of continued service if:

- 1. The customer has delinquent charges in two (2) out of the last twelve (12) billing periods; or
- 2. The customer has had service disconnected for nonpayment of a delinquent charge or failed to post a required deposit or guarantee.

B. In lieu of a deposit, Company may accept a written guarantee. The guarantee shall not exceed the amount of a cash deposit that the Company could request under this section.

C. No deposit, guarantee, additional deposit nor additional guarantee will be required by the Company because of race, sex, creed, national origin, marital status, age, number of dependents, source of income, disability or geographical area of residence.

D. Terms of Deposits:

- 1. Deposits shall not exceed the estimated charges for two (2) months' service based on the average bill during the preceding twelve (12) months, or, in the case of new applicants for service, the average monthly bill for new subscribers within a customer class.
- 2. The deposit shall bear interest at a rate which is equal to one percent (1%) above the prime lending rate as published in the *Wall Street Journal*. This rate shall be adjusted annually on December 1 using the prime lending rate, as published in the *Wall Street Journal* on the last business day of September of each year, plus one percent (1%). The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer. (+)

- A. The customer shall pay for services and facilities monthly in advance. Failure to receive a bill does not relieve the customer of the responsibility for payment in accordance with the provisions set forth herein. All customers shall have twenty-one (21) days from date bill is rendered to make payment.
- B. When the customer has had service discontinued within the last twelve (12) months or where the customer incurs toll or other charges at any time during the billing period which are equal to at least 400% of the amount of the deposit or guarantee previously required from the customer, payment may be demanded for toll charges by a telephone call to the customer followed by written notification of such demand sent by first class mail.
- C. If the toll charges billed under Rule 13-B remain unpaid for ten (10) days from rendition of written notification or a mutually established late payment arrangement date or twenty-one (21) days from rendition of the bill, such charges will be deemed delinquent.
- D. In the event of failure by the customer, or those responsible, to pay any regular bill or to promptly settle special toll bills, the Company may discontinue service upon proper notice to the customer. Service need not be restored unless or until all amounts due at the day of payment are paid in full including the restoration of service charges or satisfactory arrangements made therefor.
- E. The regular restoral of service charge will be made for reconnecting services which have been discontinued for non-payment of charges due. No allowance will be made for loss of service during the period service is disconnected for non-payment if payment is made and service reconnected before the completion of an order to terminate the service. Subsequent to the completion of an order to terminate service, it may at the option of the Telephone Company be re-established only on the basis of a new application

1. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.

2. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

**C. Advance Payments**

1. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgement of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.
