7. RATES AND CHARGES

There are two types of rates and charges for OPT-E-MAN Service: Nonrecurring Charges and Recurring Charges.

7.1 Nonrecurring Charges are one-time charges that apply for specific work activity related to the provisioning of OPT-E-MAN Service.

7.2 Recurring Charges are flat recurring rates that apply each month or fraction thereof that the service is provided. Recurring rates may be applied only over a 12, 24, 36, or 60^{/2/} month period under the terms and conditions of the Term Pricing Plan (TPP), described in 8. following. Upon completion of a TPP, a customer's service will automatically convert to the Monthly Extension rates unless the customer requests a new TPP. No customer shall purchase OPT-E-MAN Service on a month-to-month basis prior to the completion of a TPP. (CT)

8. TERM PRICING PLAN

- 8.1 The Term Pricing Plan provides the customer with rate stabilization and discounted tariff rates. The Term Pricing Plan provides for one, two, three or five^{/1/} year rate stabilization. Decreases in Term monthly recurring tariff rates will be passed on to customers who participate in a Term Pricing Plan. (CT)
- 8.2 Should the Company increase its rates during the Term Pricing Plan period, the customer would continue to pay the rates in effect at the time the customer elected to establish service under the Term Pricing Plan.
- 8.3 The customer may choose to terminate an existing TPP before the end of the 12-, 24-, 36-, or 60-^{/1/} month period and negotiate a new 12-, 24-, 36-, or 60-^{/1/} month TPP only when the new TPP period is longer than the remaining period currently in effect. The new TPP must be based upon the rates that are currently in effect and available to all customers. (CT)
- 8.4 The customer must provide the Company with a written notice of intent to renew a TPP no later than 90 days prior to its expiration. If the customer elects not to renew the TPP, or does not notify the Company of the customer's intent to renew the TPP, the service will automatically be billed under the tariffed monthly extension rates in effect at the time that TPP expires. Subsequently, customers under the tariffed monthly extension rates may convert their existing service to either a 12-, 24-, 36-, or 60-^{/1/} month TPP. Nonrecurring charges will be waived at the time of conversion. (CT)
- 8.5 Any special construction charges incurred for services billed under a TPP will be applicable as provided for in Section 1 of this tariff.
- 8.6 If the customer terminates the TPP agreement prior to the expiration of the 12-, 24-, 36-, or 60-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. In addition to any unpaid Special Construction or nonrecurring charges (excluding any waived charges), Termination Charges will be equal to:
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term

/1/ Effective November 15, 2013, customers may not establish new term plans greater than 36 months for OPT-E-MAN Service, and existing term plans greater than 36 months may not be renewed or extended for a term greater than 36 months. (AT)
