OF THE STATE OF MISSOURI**

In the Matter of the Application of Grain Belt Express            )  
Clean Line LLC for a Certificate of Convenience and                )  
Necessity Authorizing it to Construct, Own, Operate,            )  
Control, Manage, and Maintain a High Voltage, Direct            )  
Current Transmission Line and an Associated Converter            )  
Station Providing an Interconnection on the Maywood –            )  
Montgomery 345 kV Transmission Line.                                )  
Case No. EA-2014-0207

**NOTICE OF COMMUNICATION**

Issue Date:     June 19, 2014

Attached is a letter from Daryl Caswell and Virginia Caswell sent to Commissioner Kenney regarding EA-2014-0207 in the matter of the application of Grain Belt Express Clean Line LLC for a certificate of convenience and necessity authorizing it to construct, own, operate, control, manage and maintain a high voltage, direct current transmission line and an associated converter station providing an interconnection on the Maywood-Montgomery 345 kV transmission line.

These filings are made in compliance with this Commissioner’s interpretation of the “standards of conduct” in 4 CSR 240-4.010 and 4.020 relating to ex parte and extra record communications and does not otherwise imply or reflect the position of the Missouri Public Service Commission or any other Commissioner.

Respectfully submitted,

William P. Kenney, Commissioner

Rachel M. Lewis  
Advisor to Commissioner William P. Kenney

Dated at Jefferson City, Missouri,  
on this 19<sup>th</sup> day June, 2014.

Daryl & Virginia Caswell

Dear Mr. Commissioner,

We are writing to you again to plead with you to vote NO on Grain Belt Express Clean Line, Case # EA-2014-0207.

We can't see how this is going to benefit Missouri. It's just another big corporation with lots of money trying to impose something on us that we don't want.

The proposed route is coming 600 feet from our front door. We worked all our lives to be able to live here and if this goes through, we will be looking at those big ugly towers the rest of our lives. It is beautiful here, it won't be if this happens.

It is also going to ruin our most productive hay field. We have asked them to relocate to the rear of our house, but never really got a strait answer. If they get Eminent Domain, they will be able to do what they please. Also, there are no studies to prove to us this line won't harm us and our livestock.

We just hope you will have several hearings on this matter in the different counties that are going to be effected by this. We also would like to be informed when and where these meetings will be held.

Thank you,

Daryl Caswell
