The Termination Liability Charge is determined as described in the applicable tariff section for the specific service, service package and/or Term Plan.

The tariff provisions concerning termination liability for recurring charges only shall not be applicable to any state, county, or municipal governmental entity when there is in effect as a result of action by such entity and through a duly constituted legislative, administrative, or executive body: a statute; an ordinance; a policy directive; or a constitutional provision which restricts or prohibits an additional contractual payment for early termination of a contract by any such entity, or agency thereof, due to an unavailability of funding. All amounts for Services billed under a Term Plan agreement or Customized Pricing Arrangement agreement and stated in each monthly invoice will be due and payable by the Customer in accordance with Section 2.7 of this tariff. The cost of Services is exclusive of any applicable sales, use, excise and like taxes, which will be separately stated and included on each monthly invoice.

If the Customer fails to pay for services in accordance with this section, the Customer will not receive any discounts, concessions, waivers or credits stated in the applicable agreement. SECTION 100.0 - OBSOLETE SERVICE OFFERINGS

(N)

100.1 General

Obsolete services are those services no longer offered to new Customers following the date specified for each service in this section of the tariff. For existing Customers, the effect of obsoleting a service will depend on the form or type of obsolescence stated for each obsolete service offering. Obsolete services as listed in this section of the tariff are classified as obsolete according to the following types.

- Type 1:** Customers may continue to use the obsolete service arrangement and may add to, change, move or transfer the service as required.
- Type 2:** Customers may continue to use the obsoleted service arrangement and may make changes to the arrangement as long as service continues to be provided at the same Customer Premises. However, no additions to the arrangement or transfers/moves of service to new locations are permitted.
- Type 3:** Customers may continue to use the obsoleted service arrangement and may move or transfer the service as required. However, no additions or changes to the service configuration is permitted.
- Type 4:** Customers may continue to use the obsolete service arrangement. However, no additions, changes, moves or transfer of service are permitted.
- Type 5:** Used to indicate that the terms and conditions associated with obsoleting the service are service-specific and stated in the tariff pages obsoleting the offering.

Obsolete services are furnished subject to all rules and regulations of this tariff the same as would be applicable if the service offering were not obsolete. In addition, the Company reserves the right to revise rates, terms, conditions, rules and regulations associated with obsolete services from time to time.
