

GENERAL EXCHANGE SERVICE

E. MISCELLANEOUS AND SPECIAL EQUIPMENT

18. Joint User rate is to be applied where a telephone is installed as an extension from an existing main station telephone and serves a different identity. The same telephone number will be used for both parties and a directory listing will be furnished each party.

The monthly rate will equal three-fourths of the main station rate plus extension station line mileage where applicable. Regular installation of telephone charge will apply.

The subscriber with the existing main station line to which the joint user is added will be responsible for payment of all charges accruing to the joint user subscriber in the event the joint user subscriber fails or refuses to pay for such services as provided for elsewhere in this schedule.

19. Seasonal and Vacation Rate¹ service is provided to residence customers whose requirements for telephone service are less than that which might normally be provided in any 12 month period. Customer's line will be placed on intercept for the period of such service and no changes will be made in the customer's listing in the local directory or in the equipment on the customer's premises. No service either to or from the customer is contemplated during the interval this rate applies.

¹Effective January 1, 2014, Seasonal and Vacation Rate will no longer be available to new customers. Existing customers will be allowed to complete or continue any prearranged suspended service until May 1, 2014 when the service shall sunset and no longer be available.
