This Tariff applies to Private Line Services furnished or made available by the Southwestern Bell Telephone Company, hereinafter referred to as the Telephone Company, and for Private Line Services furnished jointly with a connecting company, to the portion of such Private Line Services furnished by the Telephone Company to the point of connection with the facilities of another company for which that company's rates and regulations apply, over facilities wholly within or partly within and partly without the State of Missouri, between two or more points, all of said points being within the State of Missouri.

(CP) In the event that a connecting company, jointly furnishing Private Line Services with the Telephone Company, does not have the requisite terminal equipment in stock or available, the Telephone Company may negotiate a contract with the connecting company whereby the connecting company will install and maintain the Telephone Company's terminal equipment, or if such contractual arrangement cannot be agreed upon with the connecting company, the Telephone Company may, with the consent of the connecting company, elect to directly install and maintain said terminal equipment itself, or contract said installation and maintenance with a third party. In either case, the schedule of rates and specific regulations as set forth in this Tariff shall be applicable to the provision of terminal equipment by the Telephone Company in the connecting carrier's certificated area when the connecting carrier is unable to do so.

The schedules of rates and specific regulations are set forth in this Tariff.

This Tariff supersedes Southwestern Bell Telephone Company's General Private Line Services and Channels Tariff in its entirety.

REGULATIONS

1.1 UNDERTAKING OF THE TELEPHONE COMPANY

1.1.1 Scope

- A. This Tariff section contains the general regulations and definitions governing Private Line Services furnished by the Telephone Company except as otherwise specified, or unless the terms and conditions of an individual customer agreement provided pursuant to the Customer Specific Pricing Plan Tariff, P.S.C. Mo.-No.37 apply.
- B. Private Line Service is the furnishing of Telephone Company service components for communication between specified locations all within Local Access and Transport Area's (LATA's) of the State of Missouri, 24 hours daily, seven days per week. Service components may be those of the Telephone Company only or those of the Telephone Company and other telephone companies.
- C. The Telephone Company does not undertake to transmit messages, but offers the use of its service components, where available, to customers for such purposes.
- D. Services provided under this Tariff shall be used by private line customers for use in obtaining end-to-end Private Line Services. Interexchange Customers may use services found in this Tariff that will meet their administrative needs; however, an Interexchange Customer is restricted from utilizing services found in this Tariff to furnish a portion of their authorized service offerings.

(AT) E. These services are competitively classified

1.1.2 Limitations

- A. The furnishing of service under this Tariff will require certain physical arrangements of the service components of the Telephone Company and is, therefore, subject to the availability of such service components.
- B. The use and restoration of service shall be in accordance with P.S.C. Mo.-No. 38, Digital Link Services Tariff, Section 7, which specifies the priority system for such activities.
- C. Subject to compliance with Paragraph 1.1.2, B., preceding, where a shortage of channels or equipment exists at any time, either for temporary or protracted periods, the establishment of Long Distance Message Telecommunications Service and/or regular Exchange Telephone Service shall take precedence over all other services.

1.1 UNDERTAKING OF THE TELEPHONE COMPANY

1.1.1 Scope

- A. This Tariff section contains the general regulations and definitions governing Private Line Services furnished by the Telephone Company. The regulations of the connecting company apply to the portion of Private Line Services which it furnishes at "other line" charges.
- B. Private Line Service is the furnishing of Telephone Company service components for communication between specified locations all within Local Access and Transport Area's (LATA's) of the State of Missouri, 24 hours daily, seven days per week. Service components may be those of the Telephone Company only or those of the Telephone Company and other telephone companies.
- C. The Telephone Company does not undertake to transmit messages, but offers the use of its service components, where available, to customers for such purposes.
- D. Services provided under this Tariff shall be used by private line customers for use in obtaining end-to-end Private Line Services. Interexchange Customers may use services found in this Tariff that will meet their administrative needs; however, an Interexchange Customer is restricted from utilizing services found in this Tariff to furnish a portion of their authorized service offerings.

1.1.4 Provision of Service Components-(Continued)

- (AT) B. Maintenance and Repairs--All ordinary expense of maintenance and repair associated with network facilities and equipment, unless otherwise specified in this Tariff, is borne by the Telephone Company. The customer agrees to take good care of the network equipment and facilities provided. In case of damage to or destruction of any of the Company's network equipment or facilities not due to ordinary wear and tear, the customer is held responsible for the cost of replacing the Company's network equipment destroyed or for the cost of restoring the Company's network equipment to its original condition, except where such damage is not occasioned by the negligence of the customer.
- (FC) C. The charges specified in this Tariff do not contemplate installation, maintenance or repair work being performed by the Telephone Company employees involved at a time when overtime wages apply as a result of customer requests, nor do they contemplate work once begun being interrupted by the customer.

If the customer requests that labor be performed at hours of the day or days of the week other than normal work hours or days, or on holidays, or interrupts work once begun, an additional charge based on the additional costs involved applies. Such charges do not apply if sufficient advance notice is given so that employees' work schedules can be changed. The additional charge does not apply to overtime or premium time worked at the Telephone Company's convenience.

In situations where the customer requests that "stand-by" Telephone Company personnel be provided for installation or maintenance irrespective of when such "stand-by" workmen are provided, the additional estimated cost of providing such "stand-by" personnel will be billed to the customer.

An authorized user may use Private Line services for one or more of the following purposes:

- A. For the transmission of communications to or from the customer and relating directly to the customer's business.
- B. For the transmission, to all stations simultaneously, of communications which relate directly to matters of common interest to the customer and the authorized users or joint users when those connected to the service are all in the same general line of business.
- C. For the transmission of communications relating directly to the business of subsidiary corporation over which the customer, authorized user, or joint user exercises control through the ownership of more than 50 percent of the voting stock.
- D. For the transmission of communication to or from any station on a service furnished to a department or agency of the United States Government when the head of the department or agency, or his duly authorized representative, notifies the Telephone Company in writing that the use is intended only for official United States Government business.
- E. For the transmission of communications to, from, within, and between air carriers where the customer is an aeronautical communications company licensed under the Aviation Services rules of the Federal Communications Commission to operate stations in the aeronautical mobile and fixed services.
- F. Where the customer is an organized stock or commodity exchange for the transmission of communications to or from an exchange member located on the floor of such exchange and relating directly to the business of the member.

Upon non-payment of any undisputed sum due the Telephone Company, or upon illegal use of any service or facility, or upon a violation of any of the conditions governing the furnishing of service or facilities, the Telephone Company may, after five days' written notice has been furnished to the customer, without incurring any liability, forthwith discontinue the furnishing of said service. Service shall not be discontinued on a day when the offices of the Telephone Company are not available to facilitate reconnection of service, or on a day immediately preceding such a day.

At least 24 hours preceding a discontinuance, the Telephone Company shall make reasonable efforts to contact the customer to advise them of the proposed discontinuance and what steps must be taken to avoid it.

The Telephone Company shall postpone a discontinuance for a time not in excess of twenty-one days if the Telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the service is provided and where such a person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Telephone Company with reasonable evidence of such necessity.

When the customer incurs charges not covered by a deposit or guaranty and evidences an intent not to pay such charges when due, services may be discontinued at any time after written notice has been sent, certified mail, to such customer at his last known address and at the address where the service to be discontinued is provided. 1.4 PAYMENT ARRANGEMENTS AND CREDIT ALLOWANCES-(Continued)

1.4.4 Special Construction

A. Rates and charges for special construction will be based on estimated costs incurred by the Telephone Company and may include: (1) nonrecurring type charges, (2) recurring type charges, (3) termination liabilities, (4) or combination thereof. Special construction rates and charges are in addition to rates and charges for Private Line Service in this Tariff.

B. Special construction is that construction undertaken:

- (CT) 1. Where service components are not presently available, and there is no other requirement for the service components so constructed.
- 2. Of a type other than that which the Telephone Company would normally utilize in the furnishing of its services.
- 3. Over a route other than that which the Telephone Company would normally utilize in the furnishing of its services.
- 4. In a quantity greater than that which the Telephone Company would normally construct to serve the customer's needs.
- (CT) 5. On a temporary basis until permanent service components are available.
- 6. Involving abnormal costs.
- 7. In advance of the normal construction on an expedited basis.

(CT) C. Where special construction of service components has been started prior to the cancellation and there is no other requirement for the specially constructed service components, a charge equal to the costs incurred in the special construction less net salvage applies, except that where one or more, but not all, of the services involved in the special construction are canceled, a charge equal to the cost less net salvage incurred for the discontinued services applies instead. Net salvage is determined based on the value of reusable material less cost of removal. In determining the charge, each canceled service is treated as discontinued as of the date on which it was to have been placed in service.
